KOOTENAY INDIAN SCHOOL
CRANBROOK, B. C.

Jan. 10 /49.

Mr. B.F. Neary , Supt. of Welfare & Training, 14092
Indian Affairs Branch ,
Ottawa , Ontario.

Dear Mr. Neary :

I have had the good fortune of employing
a night - watchman for our school beginning the first of
January . If my memory serves me right it seems possible
that we can get not only assistance in paying his salary
but also that the Dept. will install time-clocks to insure
careful guardianship of the building during the night hours.
For our school I think two clocks would be sufficient ,one
in the engine -room and one on the main floor . If it is
possible to have these supplied I would be pleased to receive them.
Would you also inform ^{me} as to the proper procedure regarding the
salary and the amount allowed by the Dept.

Sincerely Yours ,

G.F. Kelly O.M.I.
Principal.

MEMORANDUM

Re: St. Joseph's Creek Pipeline -
Kootenay Indian Residential School,
Cranbrook, B.C.

Further to our memorandum of December 24th we have received the memorandum from the Director of Indian Affairs dated January 4, 1949 in which we are advised that a transfer of \$200.00 will be made to complete the work on the St. Joseph's Creek pipeline at Kootenay Residential School.

We have not, however, yet received approval from you to accept the offer of Messrs. Patmore Brothers of Cranbrook, B.C. to complete the pipework inside the school at a cost of \$560.00. This matter appears to be urgent as it will take this firm about two months to obtain the necessary material and we would like to have the installation completed during the present fiscal year.

Could we now please have approval to accept this tender.

J. O. Mills

Chief Engineer.

884-5 (E1)

Ottawa, January 14, 1949.

Memorandum:

DEPUTY MINISTER.

For some years past, we have provided an amount in our estimates in order to make an allowance towards the salary of night watchmen at certain of our Indian Residential Schools which we consider are not fireproof. The usual allowance is for a period of seven months at \$60. a month.

From time to time some officials have expressed the opinion that an allowance for night watchmen should be paid at all Government-owned Residential Schools.

We have just received a request for an allowance towards the salary of a night watchman at the Kootenay School at which school we have not previously made any allowance. We are aware that practically all our schools employ a special night watchman during the heating season and we feel that it would be in the best interest of all parties concerned for the Department to allow a grant towards the salary of the night watchman at these schools at which no allowance is made at the present time.

I would appreciate having your approval.

PP/HM.

AIR MAIL

29th January, 1949.

Mr. W.S. Arneil,
Indian Commissioner,
P.O. Box 70,
Vancouver, B.C.

We recently received a request from the Principal of the Kootenay Residential School for an allowance towards the salary of the night watchman, effective 1st January, 1949.

For several years past we have been allowing a grant towards the salary of a night watchman for the period October to the following April at those Schools where we considered a definite fire hazard existed. The schools at which this allowance is being paid were selected some years ago, and no recent additions have been made to the list. As a matter of fact, we are not making any allowance towards the salary of a night watchman at any of the Government-owned Residential Schools in the province of British Columbia.

When we received the Principal's request, we submitted a memorandum to the Deputy Minister asking his opinion regarding the payment of an allowance towards the salary of a night watchman. His reply was as follows:

- (1) Allowance must not be paid to a present member of the staff.
- (2) Allowance must be paid only to schools which are certified by an engineer as subject to special danger by fire.

In the case of the Kootenay Residential School, I note the following statement contained in the report submitted to us by Donald Inspection Limited in connection with their inspection of the Kootenay Residential School on 11th September, 1948:

.....2

Indian Affairs (RG 10 Volume 6454, file 884-5, part 8)

**PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA**

"In addition to this, there should also be an elevated water tank of not less than 20,000 gallons capacity. At present a small air pump pumps pressure to a tank which has been buried in the ground. So long as it is only used for domestic purposes there should be no trouble, but should you have a fire and any quantity of water is taken from this tank, the pressure is dropped and no water will be available for fire fighting purposes."

In view of this report which was made by an engineer, it would appear that the Kootenay Residential School might be considered as one at which an allowance could be made towards the salary of the night watchman during the months mentioned in the first part of my letter.

However, when we allow a grant for a night watchman at one school, we generally receive similar requests from other schools, and consequently before replying to the Principal of the Kootenay Residential School, we would like to have your comments and at the same time, you might state if you consider there are any other Government-owned schools in British Columbia at which any such allowance should be made, keeping in mind the conditions laid down by the Deputy Minister.

MEMORANDUM

Re: Water Supply,
St. Joseph's Creek Pipeline,
Kootenay I.R.S.,
Cranbrook, B.C.

24351

Further to our memorandum of February 15th with which were forwarded duplicate copies of a report by Mr. A.H. Perry of the Public Health Engineering Division of the Department of National Health and Welfare, Vancouver, B.C., we have received the following from Mr. Cornish which deals with this report of Mr. Perry and gives a little more information:

"The only proposed uses of unchlorinated creek water not covered in the report are for feeding stock in the barn and for cooling milk in the dairy. Untreated creek water is now used for these purposes. I understand that there is no objection from a public health point of view to use polluted water for feeding stock, that is, no pollution can be carried from the drinking water to the milk. However, such water should not be used for cleaning cows and precautions will need to be taken on that point. At present there are several exposed taps in the barn and these are to be eliminated if possible otherwise reduced to the essential minimum and marked. The troughs for cooling water should have covers with holes through which the milk cans are inserted so that there is no exposed water surface. It should be borne in mind that the installation to supply creek water to the barn and dairy are to be made by school authorities and that this Division will not be responsible for such work."

Indian Affairs are advised to see that the recommendations of Mr. Perry and Mr. Cornish are carried out in order that the contaminated water from St. Joseph's Creek shall not be used in its raw state in a manner which might affect the health of those using it.

Personal

P.O. Box 70,
Vancouver, B.C.,
March 1st, 1949.

Dear Bernard:

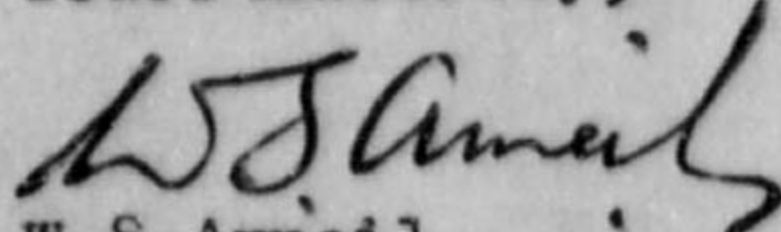

Since my visit to Ottawa I have been to the Kootenay Indian Residential school at Cranbrook and had quite a chat with the Sisters and Principal, Rev. Father Kelly. The main topic of conversation was, of course, the possibility of having this school connected with the East Kootenay Power line at the Wasa substation.

You will recall that in our Estimates we have the sum of \$8,100 for this purpose, together with an item for \$2,000 to effect the minor improvements to the school wiring, etc. I really feel it is imperative that the school get the benefit of East Kootenay Power. The present arrangements for ironing, which are really pathetic, should be replaced and other electrical services which are not possible under the present system provided. I am quite sure we can utilize the present diesel engine which generates power at present to good advantage elsewhere.

This letter is merely to remind you of this matter and in the hope that it will remain in the Estimates and enable us to go ahead with this much needed improvement at as early a date as possible.

With kindest personal regards,

Yours sincerely,

W.S. Arneil,
Indian Commissioner for B.C.

9th March, 1949.

Mr. W.S. Arneil,
Indian Commissioner,
P.O. Box 70,
Vancouver, B.C.

I have your letter of 1st March, 1949, with reference to electricity for the Kootenay Residential School.

For your personal information I may say that we included an amount of \$10,000.00 in the main appropriation for the fiscal year 1949-50 for the purpose mentioned. Our estimates have not yet been approved by Parliament, but I feel certain that the amount will be allowed.

However, on reviewing our file, I found your letter of 28th August, 1948, enclosing a copy of a letter addressed to Superintendent Dunn from the East Kootenay Power Company, Limited. In your letter you recommend a three phase line on which the power company quoted a price of \$10,893.20 and as a matter of fact, this amount was not a firm bid.

We note from your letter of 1st March, 1949, that you estimate the cost of the improvements to the school wiring to be \$2,000.00. On the prices quoted the total expenditure would be approximately \$13,000.00. It is our intention to make every effort to secure the additional amount over and above what has already been provided in the appropriation, but in the meantime, I think it would be to our mutual advantage if you could secure the following information:

.....2

Indian Affairs (RG 10 Volume 6454, file 884-5, part 8)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

- 2 -

1. Another quotation from the East Kootenay Power Company, giving a firm bid if possible on the cost of supplying a three phase line to the Kootenay School.
2. A quotation from two or more reliable electricians, tendering on the electrical work required to effect the necessary improvements to the school wiring.

It is possible that Mr. Webb of the Lands and Development Services Branch has already made some enquiries along the above lines, as following receipt of the Donald Inspection Company report on the Kootenay School, we wrote to the Lands and Development Services Branch. We are not certain if the Head Office here have written to Mr. Webb.

BRANCH

AIR MAIL

29288

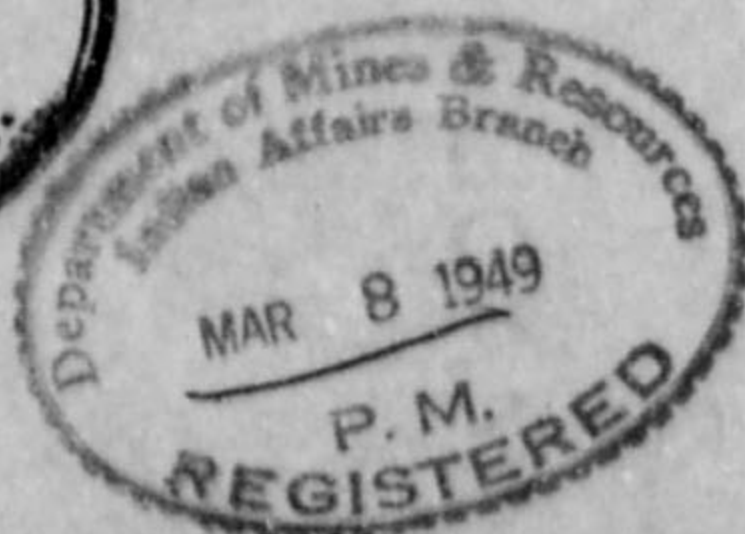

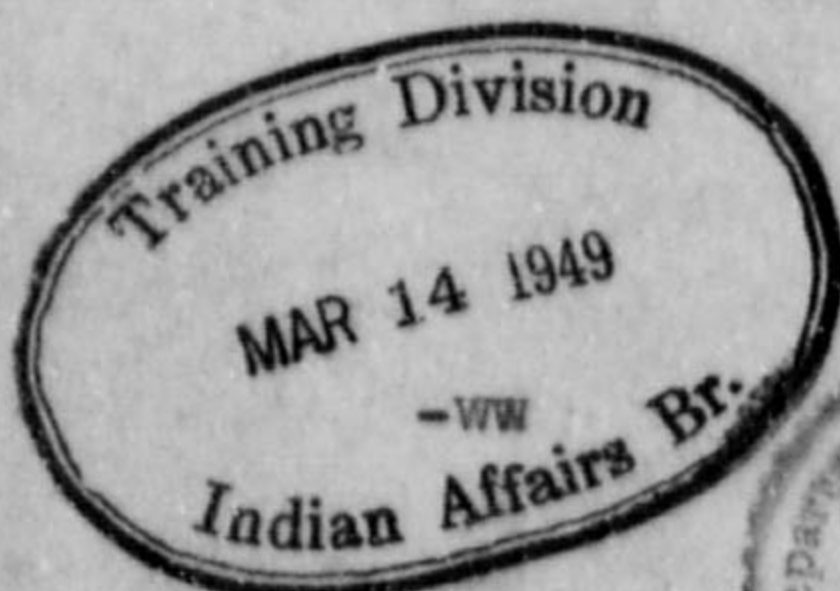

P.O. BOX 70
VANCOUVER, B.C. March 7th, 1949

Indian Affairs Branch, Dept. of Mines and Resources,
Ottawa

With reference to Mr. Neary's letter of January 29th, 1949, File 884-5 (E.1) regarding the proposed payment of an allowance towards the salary of a night watchman at the Kootenay Residential School, a review of our file indicates that this matter was the subject of previous correspondence, reference Mr. Phelan's letter of March 19th, 1946, at which time the Department approved payment of \$40.00 per month during the period November 1st, 1945, to April 30th, 1946.

It is felt that payment of the amount should be continued, at least until the conditions referred to by the Engineer which make the School subject to special danger by fire, are remedied.

District School Inspector Davey has reviewed all his reports on the various schools and Lejac Residential School would appear to be the only other school where there is a special danger by fire. I think, however, that in the case of the Lejac School we will let the matter stand, unless the matter of an allowance is raised by the Principal.

15th March, 1949.

Mr. W.S. Arneil,
Indian Commissioner,
P.O. Box 70,
Vancouver, B.C.

We have your letter of the 7th instant regarding the request for an allowance towards the salary of a night watchman at the Kootenay Residential School. In view of your recommendation, we are advising Superintendent Dunn that an allowance of \$60.00 a month towards the salary of a night watchman will be allowed for the period 1st January to 30th April, 1949.

POOR COPY

15th March, 1949.

Mr. J.S. Dunn,
Superintendent, Indian Agency,
Cranbrook, B.C.

We recently received a request from Rev. G.F. Kelly, O.M.I., Principal of the Kootenay Residential School, for an allowance towards the salary of a night watchman. In connection with the request, I may say that the Deputy Minister has ruled as follows:

- (1) Allowance for a night watchman must not be paid to a present member of the staff.
- (2) Allowance must be paid only to schools which are certified by an engineer as subject to special danger by fire.

We wrote to Indian Commissioner Arneil and he has recommended that we make an allowance towards the salary of a night watchman, due to the fact that one of the Departmental engineers recently reported that there is a fire hazard at the Kootenay School. We presume from the contents of Father Kelly's letter that the man employed is not one of the regular members of the staff.

In view of the above, it has been decided to allow \$60.00 a month towards the salary of a night watchman at the Kootenay School for the period 1st January to 30th April, 1949. For your information I may say that at schools where an allowance is made

....2

Indian Affairs (RG 10 Volume 6454, file 884-5, part 8)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

towards the salary of a night watchman, it is our usual practice to make this payment from 1st October to the following 30th April. However, as Father Kelly's letter stated that the night watchman only commenced duties on 1st January, 1949, we are only making allowance for four months.

Before the next heating season commences if you consider conditions warrant such assistance, you should apply in September for an allowance towards the salary of a night watchman for the period 1st October, 1949, to 30th April, 1950.

For your guidance I enclose a sample of the Voucher which should be forwarded.

PP/ST

Mr. W. S. Arneil,
Indian Commissioner for B. C.,
P. O. Box 70,
Vancouver, B. C.

The attached account from Patmore
Bros. to installation of new Heating Coils, Domestic
Hot Water supply at the Residential School.

When these coils first burnt out it
was impossible to shut the control valves to coil or
to hot water tank. The coil was only replaced last
week due to extreme cold weather prevailing and
uncertainty of sufficient heat while the boiler in
question was down. On examination the control valves
were found to be beyond repair and two new 2 inch
Brass Gate-control valves were installed in this
emergency.

I trust you can concur with the
action taken in this regard and recommend that this
account be paid in full.

Dear Bill:

Re some recent accounts forwarded from your office, the voucher shows higher expenditure than the application on the Purchase Order issued by you.

While the Treasury has not turned any of these back, they sometimes ask why the account is bigger than the Purchase Order. If it does not inconvenience you too much we would appreciate if the amount of the Purchase Order would coincide with the account.

With kindest regards,

Yours sincerely,

Philip Phelan,
Chief, Education Division.

MEMORANDUM

Re: Kootenay, Alert Bay and Sechelt
Indian Residential Schools,
British Columbia.

Further to our memorandum of February 24th, you are advised that we have had a discussion with officials of the Indian Affairs Branch in connection with proposed inspections of the above schools.

It was pointed out to the Indian Affairs officers, that our program of work includes commitments not only on Indian Affairs work, but Northwest Territories, and National Parks Service projects as well, which will require the services of our heating engineer here in the office, until such time as these items are well along the way to complete development.

It is difficult at this time to state when our officer can be assigned to carry out the mechanical inspections requested for British Columbia, but we will endeavour to arrange our program of work so that these inspections can be made at as early a date as possible.

R.A. Gibson, Esq.,
Director,
Lands and Development Services Branch,
Department of Mines and Resources,
Ottawa, Ontario.

Re: Electric Power
Kootenay Residential School

With reference to your letter of March 17th, 1949, your file 5-11-4, I am enclosing herewith, an estimate submitted by Modern Electric, Cranbrook, B.C. on cost of adapting the wiring system in the above noted school building to alternating current from direct current now employed.

I would respectfully suggest that consideration be given to installation of the shallow well master pumping system at an estimated extra cost of \$91.15. This unit is a direct motor driven turbo pump that will eliminate adjustments required in maintaining the belt driven piston pump of uncertain vintage now in use. Our fire hydrants are serviced by this system and any failure to maintain this old pump in first class condition may find it inadequate in an emergency.

It is uncertain at this time of other estimates being submitted. The Cranbrook Electric are interested in submitting an estimate but due to lack of specifications required will need additional time. If and when this Company submit an estimate I will forward same immediately.

J. S. Dunn,
Superintendent.

EAST KOOTENAY POWER COMPANY, LIMITED

FERNIE,
BRITISH COLUMBIA

March 28, 1949

Mr. J. S. Dunn,
Indian Superintendent,
Department of Mines & Resources,
CRANBROOK, B. C.

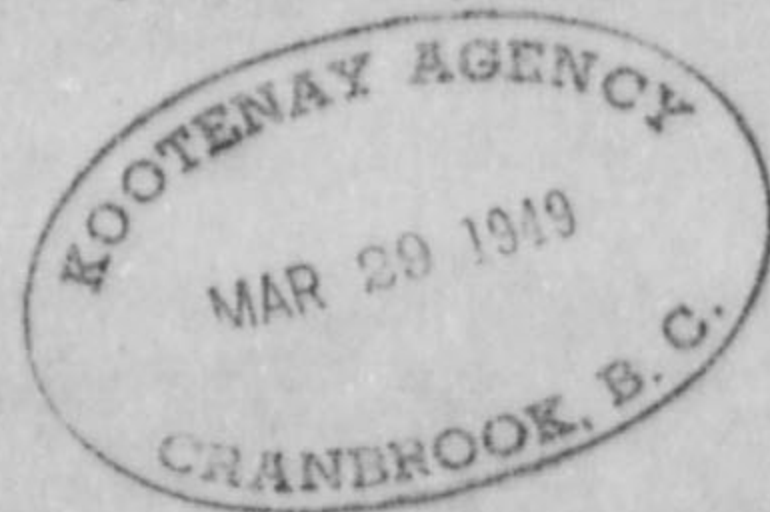

Dear Sir:

Further to our conversation of March 21st, we are enclosing three copies of our estimate of the cost of constructing approximately $3\frac{1}{2}$ miles of 3 phase, 2,300 volt transmission line from the Wasa substation of the Department of Transport to the Kootenay Indian school near Wasa, B. C. The estimate includes the necessary step down transformers to provide approximately 20 H.P., 230/115 volt, 60 cycle supply at the Mission together with lightning arrestors, cut-outs and metering equipment. The total amount of the estimate is \$ 10,893.20.

Our rate for power from this extension and the conditions of service would be the same as that in effect to the Department of Transport from the same substation, and is covered in detail in our standard contract, three copies of which are enclosed. The ownership of the line would rest with your Department, with our Company carrying out any necessary maintenance on a cost plus 10% basis, such maintenance to include a minimum of four patrols per year. In this connection you will notice that the contract is made out for 66,000 volt supply, being at the high tension side of the Wasa substation the point of delivery.

Also, kindly note that it will be necessary for your Department to obtain permission from the Department of Transport for this use of their substation.

Our ability to carry out this construction will depend on the delivery of material and on the prior requirements of our normal maintenance program.

Indian Affairs (RG 10 Volume 6454, file 884-5, part 9)

Re: Electric Power
Kootenay Residential School

With reference to your letter of March 17th, 1949, your file 5-11-4, I am enclosing herewith, in duplicate, a firm estimate by the East Kootenay Power Company Limited, Fernie, B. C., on the cost of building the proposed 3 phase power line, three and one half miles from Wasa substation to our school.

I am also enclosing, for your information, duplicate copies of the proposed contract on power metered on the secondary side of the main transformer situated at the point of delivery (Wasa substation) between the Rev. Principal of the School and the Power Company.

The question of obtaining a right-of-way through the St. Mary's I.R. No. 1 will have to be taken up with the Band. No difficulty is anticipated in this regard but I would respectfully suggest that any acceptance of the Power Company's estimate contain a note relative to employment preference to Indians in clearing the right-of-way.

The if, as and when power is available basis is not anticipated to interfere with delivery of power to the school due to the small amount of energy required.

The attached voucher covers account of Patmore Bros. to installation of toilet in the boys' new dormitory with an additional charge over \$50.00 estimate of \$28.60 for altering Fire water main.

Repairs to the former attic to make additional dormitory space left the water main and hose rack in the middle of the main exit and it became apparent that the fire main would have to be moved to a more suitable position.

I was aware of this situation some time ago but failed to remember to write you for authority to meet this additional expense.

I trust that you may find it possible to recommend that this account be met in full.

Re: Electric Power, Kootenay Residential
School

I am forwarding herewith Superintendent
Dunn's letter of March 31st and April 2nd, a firm
tender from the East Kootenay Power Company, Limited
covering installation of a 3 phase line from the Wasa
substation of the Department of Transport to the
Kootenay School, and a tender from Modern Electric on
the electrical work required at the School to adapt
the wiring system for 3 phase alternating current.

Mr. Dunn is being requested to secure
a competitive tender on the school wiring.

3rd May, 1949.

Mr. W.S. Arneil,
Indian Commissioner,
P.O. Box 70,
Vancouver, B.C.

We received your letter of April 5th enclosing tender from the East Kootenay Power Company regarding the installation of a 3 phase electric line to the Kootenay Residential School. We are writing to the Department of Transport in order to secure their consent.

You mention that the East Kootenay Power Company are submitting "a firm tender". On reviewing their letter dated March 28th, it reads "The total amount of the estimate is \$10,893.20". We presume that you feel that the cost of installing electricity will not exceed the amount estimated by the Company.

While your letter of April 5th stated that you were endeavouring to secure competitive tenders for the school wiring, at the present time we have only received the Modern Electric tender. We would like to have competitive tenders before submitting the matter to the Minister.

The attached form which was enclosed with your communication applies to the cost of the

DEPUTY MINISTER OF TRANSPORT

Ottawa, Canada

5164-210

May 13th, 1949.

Dear Mr. Keenleyside:-

In reply to yours of May 3rd, there would appear to be, subject to certain conditions, no objection to the connection of an extension power line to the line now serving our Radio Range in order to supply the Kootenay Indian Residential School.

Because of the importance associated with our Air Navigation Aid, it is necessary that, as in all similar cases, we reserve the right to request discontinuance of the connection at any time should it be found that the main supply has become overloaded as a result of the extension, or that unfavourable voltage fluctuations occur as a consequence of the additional load.

It is understood that establishment of the proposed connection or subsequent changes will not involve this Department in any expense.

Yours faithfully,

(Signed) C. P. Edwards,

With reference to Mr. Phelan's letter of May 21st (file 884-5 E.1), regarding the installation of electric power in the Kootenay Residential School, enclosed herewith is Supt. Dunn's letter of May 20th and quotations from Hoppy's Electric, covering the cost of re-wiring the building.

I am communicating with the East Kootenay Power Company with a view to ensuring that they are aware of the requirements of the Deputy Minister for Air Services.

Re: Kootenay Residential School

Extract from memorandum dated May 21st from Charles H. Buck, Lands & Development Services Branch, their file IA 1772-2. Original on file 881-5.

"In connection with this proposed Western trip, it is noted in Major Mackay's memorandum to you of December 4th last, that the electrical system at Kootenay Residential School is in need of attention and that the existing direct current battery charging generating system will be replaced by alternating current service, provided by the local power company. This will involve considerable work in rewiring and lighting improvements recommended by the Donald Inspection Company and, as indicated in Major Mackay's memorandum, an inspection and subsequent preparation of plans and specifications will be necessary."

Memorandum:DIRECTOR, LANDS & DEVELOPMENT SERVICES

Re: Kootenay Indian Residential
School - No. 884
Your File: IA 1772-2

With reference to the fourth paragraph of your memorandum of May 21st regarding the above school, the Department is at present in communication with the East Kootenay Power Company in order to secure power. When we complete arrangements with them, we will obtain the necessary Order-in-Council authorizing acceptance of their tender.

With regard to the wiring of the Kootenay Residential School, I enclose for your information the following tenders which we have received:

- (1) Modern Electric, Cranbrook, B.C.....\$2,309.52
(Tender dated April 1st, 1949)
- (2) Hoppy's Electric, Kimberley, B.C.....\$3,190.00
(Tender dated May 17th, 1949)

The above tenders were forwarded to us through the office of Indian Commissioner Arnall. We are advising him that the above tenders have been submitted for the consideration of your officials, and that one of your officials will visit the school about the end of July.

Re: Kootenay Residential School

With reference to your letter of May 26th and previous correspondence regarding the installation of electric power in the above school, we are forwarding the two quotations from Modern Electric and Hoppy's Electric for the wiring of the school, to the Lands & Development Services Branch.

They consider that before making a final decision on the wiring required in the building, the school should be inspected by their electrical engineer. He will visit the Kootenay School about the end of July. At that time he will decide what wiring should be installed.

As soon as we have a reply to our letter of May 21st, which you acknowledged on May 26th, we will arrange for the necessary Order-in-Council accepting the quotation of the East Kootenay Power Company.

The delay that may incur in connection with the wiring of the building will not hinder the East Kootenay Power Company proceeding with their work as soon as we obtain the necessary Order-in-Council. The power line can be brought to the transformer near the school, but the wiring should, of course, not be attached to the wiring of the school until new wiring is installed.

Re: Hydro Power - Kootenay Residential School
Your file 884-5 (E.1)

With reference to Mr. Phelan's letter of May 21st, I am enclosing a communication dated May 28th from the East Kootenay Power Company, Ltd., giving assurance that the additional load imposed by the requirements of the Kootenay School will not overload the Department of Transport's substation and that unfavourable voltage fluctuations will not occur as a consequence of this additional load.

You will note that the Power Company engineer is of the opinion that the Department of Transport will not have cause to discontinue the supply of electricity to the school from the substation by reason of the conditions mentioned in their letter of May 15th.

Your File: 5-11-4

May 28, 1949

Indian Affairs Branch,
Department of Mines & Resources,
Box 70,
VANCOUVER, B. C.

Att'n: Mr. W. S. Arneil,
Indian Commissioner for B. C.

Dear Sirs:

Re: Kootenay Indian Residential School

We have your letter of May 26th regarding the supply of power to the above school from the Wasa Substation of the Department of Transport. We wish to advise that the additional load required to supply the Indian school, from the figures which have been given to us by the Cranbrook Indian Agent and by Father Kelly of the school, will not overload the substation. We are also satisfied that unfavorable voltage fluctuations will not occur as a consequence of this additional load. The usual precautions against temporary interruptions will be protected against by the correct overload devices.

We are therefore of the opinion that the Department of Transport will not have cause to discontinue the supply from this substation as a result of the proposed extension.

Yours truly,

EAST KOOTENAY POWER COMPANY, LIMITED

E. W. King

POOR COPY

June 14th, 1949.

TO HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL.

The undersigned has the honour to report

THAT it is considered desirable to install electricity in the Kootenay Indian Residential School, Kootenay Indian Agency, Province of British Columbia;

THAT the East Kootenay Power Company, Limited, Fernie, British Columbia, is prepared to construct three and one-half (3½) miles of three phase, 2,300 volt transmission line from the Wasa Substation of the Department of Transport to the Kootenay Indian Residential School near Wasa, British Columbia. This includes the necessary step down transformers to provide 20 H.P. 230/115 volt, 60 cycle electric supply at the Kootenay Indian Residential School, together with lightning arresters, cut-outs and metering equipment, for an amount of Ten Thousand, Eight Hundred and Ninety-Three Dollars and Twenty Cents (\$10,893.20).

THAT funds for this purpose are provided in Vote 230, 1949-50, Indian Affairs Branch, Department of Mines and Resources.

The undersigned, therefore, recommends that the offer of the East Kootenay Power Company, Limited, to install this line at a cost of Ten Thousand, Eight Hundred and Ninety-Three Dollars and Twenty Cents (\$10,893.20) be accepted.

Respectfully submitted,

PP/ST

Minister of Mines and Resources.

Memorandum:

DEPUTY MINISTER

Re: Kootenay Indian Residential School

For several years past our officials in British Columbia have recommended the installation of electricity in the above mentioned school. This year we have received a quotation for the work from the East Kootenay Power Company, Limited, and I attach Memorandum to Council requesting authority to accept their offer.

May I refer you to your letter of May 3rd to the Deputy Minister of the Department of Transport, and the reply which you received dated May 13th from the Deputy Minister for Air Services. These letters were exchanged in connection with the intention of the East Kootenay Power Company to install the power line from the Wase Substation to the Kootenay Indian Residential School.

Following receipt of the letter from the Deputy Minister for Air Services, we requested Indian Commissioner Arneil to interview the East Kootenay Power Company, and we enclose for your information a copy of their reply. It is felt that this reply covers the point mentioned in the letter from Mr. C.P. Edwards.

QUOTE FILE

I.A. 1767-2

OTTAWA, June 8, 1949.

MEMORANDUM:

Re: St. Joseph Creek Pipe Line, Kootenay
Indian Residential School

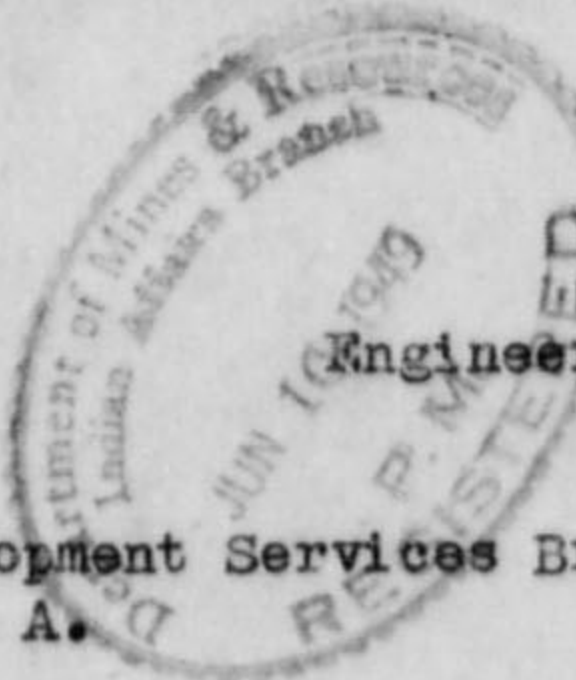

A report on the above project has been received from Mr. Mitchell under date of May 23rd, 1949, and we are advised that Mr. Snelson drove from Banff to this school on May 4th to inspect and adjust the hypo-chlorinator for correct operation.

Mr. Snelson found that inadvertently steam had been turned through the water meter. This ruined the hard rubber measuring disc of the meter so the adjustment and regulation of the hypo-chlorinator will have to be postponed until a new disc has been received from the Hypo-chlorinator manufacturers.

Mr. Snelson reports that all works in connection with this project have been completed satisfactorily, including drilling holes and placing 4" pipes through walls, installing injector feed to boiler and all piping in connection with the hypo-chlorinator.

The Indian Agent and the school authorities should be cautioned with regard to the use of raw water from St. Joseph's Creek. Care is especially necessary with regard to the use of water from the two outside standpipes where raw water is used for irrigation. This water from St. Joseph's Creek is contaminated.

Re: Kootenay Residential School

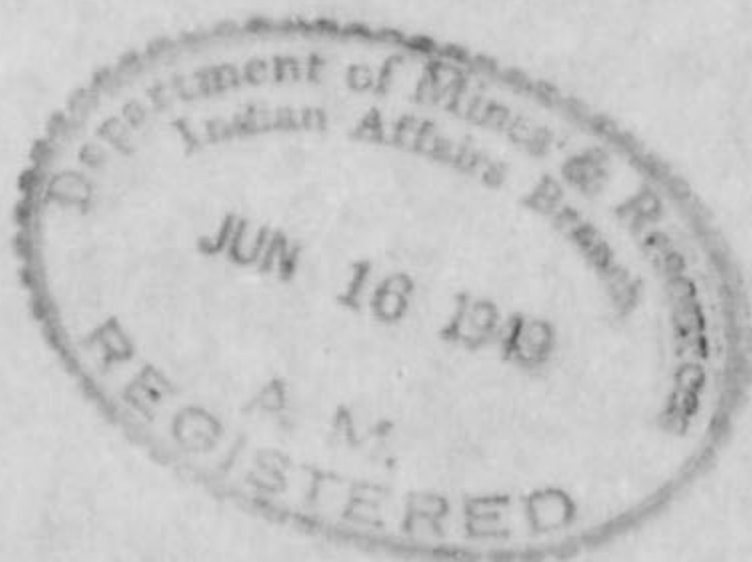

Supt. Dunn has brought to my attention an outstanding account in the amount of \$72.94 covering installation of a new hot water boiler in the Kootenay Residential School. The expenditure was incurred last October but the account was not vouchered.

In view of the proposed expenditures at this school for the installation of a powerline and changes to the wiring, can funds be made available for payment of this account or will it be necessary for the school to meet the cost from their own funds.

FOUR COPY

Public Building,
Victoria, B. C.

Date: June 11, 1949

Dist. Res. Architect,
Dept. Public Works, Canada.

Dear Sir:

I beg to report that I have inspected the Machinery owned by
the DEPARTMENT of Mines and Resources
and located at Indian Residential School Cranbrook, B.C.
on the 11 day of June

and have found it in the following condition:

Fire Pumps: none 34 Fire extinguishers charged June 1947. Tags should be put
on these, and initialled when recharged.
Condition: 8 new Fire Hydrants (each having one hundred feet of hose)
have been installed, but the water pressure is uncertain.

Condensate Pumps:
Condition: none

Boiler Feed Pumps: one
Condition: Poor. Should be reconditioned and used as an auxiliary boiler
feed.

Stokers:
Condition: --

Electric Lighting Plants: (1) Electric wiring is all obsolete. (2) One new Carbon
Tetra Chloride Type. fire extinguishers
Condition: good required for the Generator room.

Laundry Machinery:
Condition: old. but in good shape, with very poor safety guards.

Steam Engines: one.
Condition: Dismantled

Diesel Engines:
Condition:

REMARKS: (1) The present method of heating, flat irons, is a fire hazard.
(2) Cover all cold water pipe in Hall and Kitchen to prevent
sweating.
(3) Recondition, or renew the expansion tank.
(4) Main drive belt and extractor belt require higher and better
safety guards.
(5) Cover the new water heaters as soon as possible.

District Resident Architect,
Department of Public Works, Canada,
Victoria, B.C.

Date: June 11, 1949

Dear Sir:

I beg to report that I inspected Boiler No: 1869

on the 11 day of June, and have found it in the following condition:

Owned by the Department of: Mines and Resources

Located at: Indian Residential School Cranbrook, B.C.

Manufactured by: no record

Date: 1913	H.P.: 60	Size: 54"D x 120"L
Type: Horizontal Return Tube	Condition of Plates: fair	
Condition of Stays: fair	Condition of Rivets: fair	
Condition of Tubes: poor	Working Pressure Allowed: 30 lb	
Safety Valves Set at: New one required Condition:		

Hydrostatic Test:	Hammer Test: sound
Deflection Test:	Condition under Test: fair
Steam Valves:	Feed Valves & Checks: good
Steam Gauge:	Water Gauge:
Test Cocks:	Fusible Plug:
Blow-off Cock: good	Blow-down Pipe: good
Side Walls: should be checked by a	Bridges: Minor repairs required
Front Walls: should be checked by a bricklayer	Back Walls: Minor repairs required
Front Arches: should be checked by a bricklayer	Back Arches: Minor repairs required
Smoke Pipe & Breechings: good	Firebars:
Stokers:	
Amount of Coal Used:	
Quality:	

REMARKS: Blow-down drain is plugged. Provision should be made to retube this boiler and renew all defective brickwork. Install one 2" Relief valve, set 3 lb above static head, with no valves between the boiler and Relief valve. Boiler condition and cleanliness is very much improved.

J. H. Marshall

Boiler Inspector, D.P.W.

Ottawa.

I am enclosing copies of Reports by Mr. J. E. Halsall, Boiler Inspector of the Dominion Department of Public Works covering his inspection of boilers and machinery at the Kootenay Indian Residential School, together with copies of Boiler Inspection Certificates.

Boiler Inspection Certificates have been sent to the Principal of the School and copies of the enclosures above-mentioned have been forwarded to Superintendent Dunn who has been requested to take up with the Principal any remarks in the Reports which should be brought to his attention.

The matter of wiring for the school will be decided upon receipt of report from the Lands and Development Services Branch electrical engineer who will visit the Kootenay School about the end of July, as per your letter of May 31st, 1949, File 884-5- (E.1).

PRIVY COUNCIL

Certified to be a true copy of a Minute of a Meeting of the Committee
of the Privy Council, approved by His Excellency the Governor
General on the 6 JULY 1949

1082

The Committee of the Privy Council
have had before them a report, dated 14th June,
1949, from the Minister of Mines and Resources,
representing:

That it is considered desirable to
install electricity in the Kootenay Indian
Residential School, Kootenay Indian Agency,
Province of British Columbia;

That the East Kootenay Power
Company, Limited, Fernie, British Columbia, is
prepared to construct three and one-half (3½)
miles of three phase, 2,300 volt transmission
line from the Wasa Substation of the Department
of Transport to the Kootenay Indian Residential
School near Wasa, British Columbia. This includes
the necessary step down transformers to provide
20 H.P. 230/115 volt, 60 cycle electric supply
at the Kootenay Indian Residential School,
together with lightning arresters, cut-outs and
metering equipment for an amount of \$10,893.20.

That funds for this purpose are
provided in Vote 230, 1949-50, Indian Affairs
Branch, Department of Mines and Resources.

The Committee, therefore, on the
recommendation of the Minister of Mines and
Resources, advise that the offer of the East
Kootenay Power Company, Limited, to install this
line as above set out be accepted.

A. G. Robertson

Clerk of the Privy Council

Re: Heating Boilers - Kootenay
Residential School

Superintendent Dunn has requested authority for expenditure of \$170.00 for the purchase and installation of relief valves on boilers Nos. 1869 and 1870, as recommended by the Boiler Inspector in his reports, copies of which were forwarded to you under cover of my letter of June 30. Will you please advise if, in view of the large expenditures being incurred for the installation of electric power and changes in the wiring at this school, funds requested can be made available, or if it would be necessary for the school management to meet the cost from school funds.

Re: Kootenay Residential School

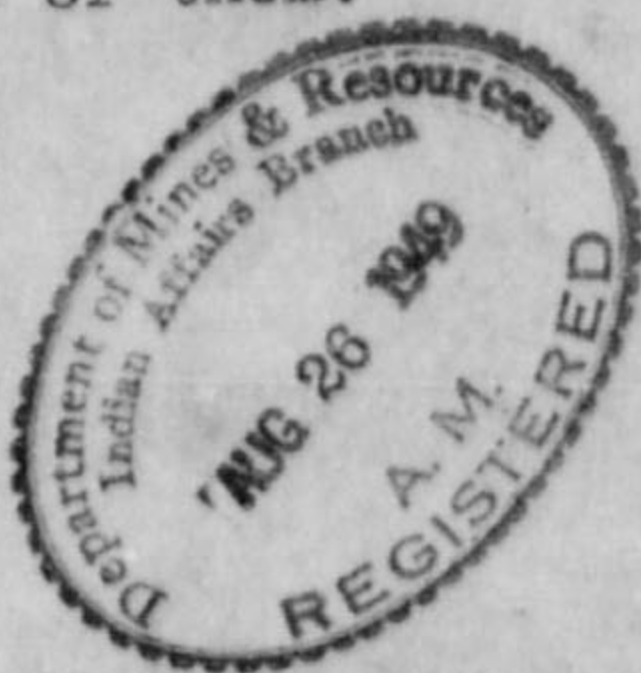

Further to my letter of August 18th regarding Supt. Dunn's request for authority for expenditures in connection with repairs to the boilers at the above-mentioned school, I am forwarding Mr. Dunn's letter dated August 18th regarding additional expenditures, details of which are as follows:

Labour and materials to connect soft water line to the high pressure steam boiler in the school \$25.25
(as recommended by Boiler Inspector Halsall)

Connection of high pressure boiler in the dairy to the water line, etc... Labour 18.83
Material 24.75 \$43.58

It would be appreciated if you would advise if funds are available to cover the above-mentioned expenditures or any part of them.

August 18, 1949.

Mr. W. S. Arneil,
Indian Commissioner for B.C.,
P. O. Box 70,
Vancouver, B. C.

The Rev. Principal has turned over an account from Patmore Bros. in the amount of \$68.83 for labour and materials to connect soft water line to the High Pressure steam boiler in the Residential School, and to connecting the High Pressure boiler in the dairy to the water line and installing steam mains to equipment, injector, etc.

The first part of this account in the amount \$25.25, material and labour, was requested by Mr. Halsall, Boiler Inspector, Department of Public Works in his report of June 11th, 1949, and should apparently be a proper charge to the Department.

The latter part of this account, \$18.83 labour and \$24.75 for material, may be considered a proper charge to the School as they did agree to doing the labour in connection with construction of the new dairy. However, the amount of free labour already expended by the School has been considerable. In addition to construction, two water lines were connected and a sewer line run out at considerable expense for digging and material.

Re: Telephone Communication
Kootenay Residential School

With reference to my letter of October 18th, 1947, in connection with the unsatisfactory condition of the above noted. The pole line, 4.5 miles, Highway No. 4, to the School is now beyond repair. Some thirty poles are down and unfit for resetting and of the remainder, Mr. D. Miller, local Manager, East Kootenay Telephone Company, is unwilling to allow any of his men to climb these poles due to their hazardous condition.

The Telephone Company, up until the present, has been unwilling to give any estimate or assurance of repairing this line. However, Mr. Miller informs me that No. 3 poles, butt-treated, are now available and that his men could now install this line if so desired.

Mr. Miller estimates cost of this line complete, providing Father Kelly provides his proposed low cost labour as follows:

130 butt-treated No. 3 poles, fixtures, and line restrung @ \$9.00 each	\$1,170.00
2 high lead poles to clear C.P.R.	
Right of Way @ \$30.00 each	60.00
	\$1,230.00

Memorandum:DIRECTOR, LANDS & DEVELOPMENT SERVICESRe: Kootenay Indian Residential School
Your File I.A. 1772-2

I desire to refer you to your memorandum of May 21st and our reply of May 31st, with reference to wiring the above school. In your memorandum of May 21st you pointed out that an inspection and subsequent preparation of plans and specifications would be necessary.

We secured an Order-in-Council accepting the offer of the East Kootenay Power Company, Limited, Fernie, B.C., to construct three and one-half miles of three phase, 2,300 volt transmission line to the school. This includes the necessary step down transformers to provide 20 H.P. 230/115 volt, 60 cycle electric supply.

We are now informed by Indian Commissioner Arneil that the construction of the power line is proceeding and that it is essential that a decision be reached as soon as possible with regard to the wiring in the building. If you still consider that an inspection of the Kootenay School will be necessary, it would be appreciated if you would let me know the approximate date on which this inspection can be carried out.

Re: Electrical Inspection, Kootenay
Indian Residential School

In reply to your marginal notation dated September 16th last appearing on Major MacKay's memorandum to you of the 14th instant in connection with the above, you are advised as follows.

In our memorandum to you of May 21st last we stated that our electrical engineer anticipated that he could make an inspection trip in Western Canada around the end of the month of July. The volume of work on hand demanding his presence in the office made it impossible to arrange this trip, however, you are advised that Mr. Kosnar will be leaving Ottawa within the next ten days to make his inspection.

He plans to visit several agencies in Manitoba and Saskatchewan en route to British Columbia. The exact date of arrival at Kootenay Indian Residential School can not be stated as it will depend on how much of his time is taken up on the other jobs which the Indian Affairs Branch have requested that he investigate.

On his trip our officer proposes to visit the following:-

- (a) Griswold Agency, Manitoba.
- (b) Duck Lake Agency, Saskatchewan.
- (c) Nut Lake Reserve, Touchwood Agency, Sask.
- (d) Gordon's Indian Residential School, Sask.
- (e) Kootenay Residential School, Cranbrook, B.C.
- (f) Kamloops Indian Residential School, B.C.
- (g) Lejac Indian Residential School, B.C.

As a rough estimate we would say that Mr. Kosnar will be in a position to carry out the inspection at the Kootenay Residential School on or about October 15th. The school principal will be advised of the exact date of arrival of our officer when the work in Manitoba and Saskatchewan has been completed.

October 1st, 1949.

Mr. W.S. Arneil,
Indian Commissioner,
P.O. Box 70,
Vancouver, B.C.

We have just been advised by the Lands
& Development Services Branch that their electrical
engineer will visit the following schools:

- (1) Kootenay Residential School.
- (2) Kamloops Residential School.
- (3) Lejac Residential School.

It is expected that the engineer will
reach Kootenay about October 15th and following his
inspection there, will visit the other two schools
mentioned above.

DEPUTY MINISTER OF TRANSPORT

Ottawa, Canada

51640210

May 13th, 1949.

Dear Mr. Keenleyside:

In reply to yours of May 3rd, there would appear to be, subject to certain conditions, no objection to the connection of an extension power line to the line now serving our Radio Range in order to supply the Kootenay Indian Residential School.

Because of the importance associated with our Air Navigation Aid, it is necessary that, as in all similar cases, we reserve the right to request discontinuance of the connection at any time should it be found that the main supply has become overloaded as a result of the extension, or that unfavourable voltage fluctuations occur as a consequence of the additional load.

It is understood that establishment of the proposed connection or subsequent changes will not involve this Department in any expense.

Yours faithfully,

(sgd.) C. P. Edwards.

Deputy Minister for Air Services.

H. L. Keenleyside, Esq.,

EAST KOOTENAY POWER COMPANY LIMITED

Fernie

Office

Fernie

Municipality

Subject to the following general conditions, and the schedule of rates endorsed on the back hereof, the EAST KOOTENAY POWER COMPANY, LIMITED, hereinafter called "The Company" is hereby authorized and requested by the undersigned, hereinafter called the "Consumer" to connect its electric system with the wiring of the Consumer at a point outside the latter's premises convenient to the Company's lines and to cause electric current to be there delivered during the period noted or any renewal or continuation thereof as provided and at the rate specified, which current, it is hereby agreed, shall be used by the Consumer for the purposes hereinafter specified only.

1. For service supplied or under contract to be paid for under this contract, the consumer agrees to pay the Company at its office at regular intervals as required by the Company, and at the rate and on the basis hereinafter stated within ~~xxx~~ 30 days from the date of its accounts; and in addition thereto all taxes, dues or fees or other charges of whatsoever kind or nature which may be charged or imposed in any way by any authority in respect of the service rendered hereunder. All payments shall be made without any deductions for any claim or counter claim which the Consumer may have or pretend to have against the Company under this contract or otherwise.

All claims or counterclaims which the Consumer may have or claim to have against the Company, arising under this contract, shall be notified in writing to the latter within one month, and, if not so notified within the said delay, the Consumer shall be deemed to have forfeited all rights for the recovery of such claims.

Accounts shall be subject to the ~~10%~~ 10% discount for prompt payment hereinafter stated if paid within ~~xxx~~ 30 days of accounts, and to interest at the rate of ~~10%~~ 10% per annum from the date of accounts if not paid within the discount period.

2. The Consumer will provide all lines and electrical equipment (except meters) on the premises for connecting same with the point of delivery, and maintain the same, at all times, to the exoneration of the Company in efficient condition with proper protective devices, the whole according to the requirements of the Canadian Fire Underwriters' Association, and the reasonable rules and regulations of the Company. The Consumer shall protect and indemnify the Company in respect to injuries or damage or both, to persons, and property of the Company, of the Consumer and of others, resulting in any way from defective electrical equipment in Consumer's premises or from any negligence on the part of the Consumer. Inspection of Consumer's premises by the Company's Inspectors does not mean that wiring has been accepted as being free from defects, even if electric connection be afterwards made.

For the purpose of utilizing the Company's electric service the Consumer shall install apparatus in accordance with good engineering practice and so operate the same as to avoid disturbances to the Company's system and undue fluctuations in requirements for power and so as to furnish a practically balanced load between phases.

When necessary to place transforming apparatus upon Consumer's premises, the latter will provide for same, fireproof accommodation complying with the requirements of the Canadian Fire Underwriters' Association, and the necessary cooling water free of charge to the Company. The Company shall have the right to feed other consumers from such transformers' house.

3. Metering equipment for measuring the electricity supplied shall be installed and provided by Company on connections provided by the Consumer at a convenient and safe location approved by the Company.

Should any meter fail to register accurately, the Company, may at its option, charge for the current supplied during the time over which such failure extends, either on the basis of the quantity of current registered during the corresponding term immediately succeeding the period of alleged inaccurate registration, or on the basis of the amount of current used during the corresponding term in the previous year or the value of the current supplied as established by evidence. The Consumer may at any time request that the meter be examined by a government inspector and if such inspection shows that the meter is working correctly, the cost of such inspection, disconnection and reconnection shall be paid by the Consumer who shall previously be required to make a deposit to cover such costs.

4. Any changes of location of connections or meters due to Consumer's requirements shall be at the expense of the Consumer. In the event of the Consumer moving to a location where the Company has not the necessary lines or equipment, this contract will be cancelled, and the Consumer's liability under clause 13 below established, otherwise this contract is transferable to the new location. COST OF NEW CONNECTION TO BE MADE AT THE EXPENSE OF THE CONSUMER.

5. All apparatus or other appliances of the Company in or on said premises shall be in the sole care and at the risk of the Consumer, and if destroyed or damaged by fire or any cause whatsoever, other than ordinary wear and tear, the Consumer shall pay to the Company the value of such meters or appliances, or the cost of repairing or replacing the same. The Company is to have the right of access to such meters or other appliances at all reasonable times for the purpose of reading, testing or removing same.

6. The Consumer agrees not to make any change in or addition to installation after the same has been connected with the Company's system and if, at any time, Consumer makes any changes or alterations without having first obtained such consent, the Company shall have the right to charge for such additional service from date of last previous re-inspection or test. During the continuance of this contract, no system of electricity other than that furnished by the Company shall be used in said premises, except with the written consent of the Company, and if at any time, during the term of this contract, the consumer requires additional service in or about the premises, it is hereby agreed that the Consumer shall take such additional service from the Company providing Company agrees to supply same.

7. The consumer is strictly forbidden to interfere with meters or other appliances of the Company. In case of defective service, notice of the fact should be sent to the Company's office immediately.

8. The Company does not guarantee a constant supply of electricity, and will not be liable for any damages to the Consumer in consequence of its failure to supply electricity at any time or times nor be considered in default.

9. The right is expressly reserved to the Company to supply current for City or Municipal lighting, traction or purposes affecting the general public before the Consumer.

10. In the event of the Company being compelled to place its wires underground or to adopt a more expensive system of distribution than at present employed in Consumer's district, it shall be optional with the Company to cancel this agreement.

11. The Company shall, in the supply of electric current, make use of, or when necessary, furnish to the Consumer, only recognized standard transformers, meters, wires and other appliances, and shall incur no liability for damage to persons or property caused in any manner whatsoever by high tension electric current, or because of its wires being connected to the Consumer's premises, whether through failure of any of the said appliances or otherwise.

12. The Company reserves the right to discontinue its current without notice, or to cancel this contract, at its option, in case the Consumer is in arrears in payment of any of the Company's accounts or prevents the Company from supplying current according to the provisions of this contract, or in case the Consumer violates any condition of this contract whatsoever or becomes insolvent.

13. In case the Company cancels this contract or discontinues its supply of current for any default of Consumer, or is through the fault of the latter prevented from supplying current according to the provisions of this contract, then there shall forthwith become due and payable to the Company, as stipulated damages, a sum of \$2.00 per month for each horse-power or the equivalent thereof, covered by this contract for each month or fraction of month of the unexpired term of same.

The Company cannot deliver power or energy, unless the Consumer will receive the same and if at any time the Consumer does not take the power or energy he is obligated to take hereunder, the readiness of the Company to deliver the said power or energy as evidenced by maintenance of normal voltage and frequency at the point of delivery shall constitute a valid tender of the same.

14. The benefits and obligations of this contract shall inure to and be binding upon the successors, survivors and executors or administrators, as the case may be, of the original parties hereto respectively for the full term of this contract, but this contract shall not be assignable by the Consumer except with the written consent of the Company.

15. NO REPRESENTATION, PROMISE OR AGREEMENT SHALL BE BINDING UPON THE COMPANY UNLESS THE SAME SHALL BE INCORPORATED IN THIS CONTRACT IN WRITING BEFORE THE SAME IS SIGNED AND ACCEPTED EXCEPT THOSE MADE IN WRITING BY AN EXECUTIVE OFFICER OF THE COMPANY.

16. When accepted, the foregoing shall constitute a contract between the Company and the Consumer to continue in force after period mentioned below for similar periods until terminated by notice in writing by either party given at least one month before the expiration of the period mentioned below or before the end of any similar period thereafter.

Location of premises **Kootenay Indian School, near Wasa, B. C.**

Duration of contract **From date of connection until March 31, 1950 and yearly thereafter.**

Point of delivery: **See reverse.**

Service required for **Lighting and small power.**

Kind of service **Alternating current** **3** Phase, 60 cycles. A.C. current at an approximate voltage of **66000** volts

The Consumer's initial installation will be as follows: **Lighting and small motors at above premises.**

Discount for prompt payment. **10%**

This contract is made for a minimum demand of **10** K.W. for which Consumer will pay from the date the Company make connections or notifies Consumer in writing of its readiness to do so, such amount shall only constitute the minimum billing basis until exceeded.

The foregoing is signed by the undersigned after reading and receiving copy of same and is subject to the company's acceptance by letter addressed to Consumer within thirty days; acceptance may also be made by making connection at the point of delivery.

November 7, 1949.

Mr. W. S. Arneil,
Indian Commissioner for B. C.,
P. O. Box 70,
Vancouver, B. C.

Re: Power - Kootenay Residential School

I am enclosing herewith, draft contract, in triplicate, as submitted by East Kootenay Power Co. Limited, Fernie, B.C., in connection with proposed purchase of power from their Company by the Rev. Father Kelly, Principal, Residential School. Also attached in triplicate, are copies of letter of approval to connect our power line to Wasa sub-station, by Mr. C.P. Edwards, Deputy Minister for Air Services.

A letter of approval by Indian Affairs Branch is required to be attached to this contract in connection with the clause obligating the Department to meet the expense of maintaining our power line at a minimum of four patrols per year. The Power Company intimates that this expense will be approximately \$25.00 per year computed on a similar patrol, Wasa sub-station to Wasa Air Field.

Mr. V.G. Kosnar, Electrical Engineer, Department of Mines and Resources, who is at present making a survey of required re-wiring of the Residential School, has approved this contract. He contacted the Power Company in connection with minimum demand of 10 K.W. on the contract and received the assurance of the Company that this clause does not apply on a set meter rate (2.5 cents per K.W.H.).

Mr. W. S. Arneil.

November 7, 1949.

If the clause in connection with maintenance of the power line by the Department meets with approval, I would be pleased to receive the contract, with required letters of approval, for completion by the Rev. Principal.

The power line, Wasa sub-station to Residential School, is practically complete pending connection to the School.

J. S. Dunn,
Superintendent.

Your file 5-11-4 (155)

With reference to your letter of the 12th instant, we are returning two copies of the Agreement between the Management of the Kootenay Residential School and the East Kootenay Power Company Limited.

Attached are duplicate copies of the letter of approval by the Indian Affairs Branch to be responsible for the cost of maintaining the power line which is estimated at approximately \$25. a year.

Philip Phelan,
Chief, Education Division.

The East Kootenay Power Company,
Ferne, B.C.,

Dear Sir:

In connection with the purchase of power from your company by the Management of the Kootenay Indian Residential School, the Indian Affairs Branch will be responsible for the expenditure of maintaining the power line at a minimum of four patrols per year. We understand that the expenditure involved will be approximately \$25. a year.

It is understood that the cost of the power used by the school will be paid by the School Management.

Yours sincerely,

Bernard F. Neary,
Supt. of Indian Education.

KOOTENAY INDIAN SCHOOL
UNDER THE DIRECTION OF THE OBLATE FATHERS
CRANBROOK, B. C.

Oct. 3 /49.

Mr. Philip Phalen , Chief ,
Education Division ,
Indian Affairs Branch ,
Ottawa , Ontario.

Dear Mr Phalen :

I am in receipt of two letters from you in the past week for which I wish to thank you very much. One informing me of the cheque as advance payment on the Quarter, which I subsequently received , and the second regarding the Roneo Duplicator. It has not yet arrived but when it does I will write you as requested. I was very pleased to hear that it was coming .

I am wondering if you can do anything to accelerate matters regarding our electric power. We have it within forty feet of the building but seem to have run into a stalemate from there on . With it so close it seems a shame to pass another winter with the present unsatisfactory plant.

Here are the details . In June we were informed that an Order in Council had granted ten thousand dollars for the construction of a power line from the East Kootenay Power Co's substation to the Residential School. Following that we were asked by Commissioner Arneil to obtain two estimates by local firms regarding the work to be done in the school building . After these had been sent to Ottawa a letter was received by our Superintendent , Mr J.S. Dunn, that an electrical engineer would be sent here from the Lands and Development Branch to inspect the school and pass on what was needed. He was to arrive here in July . To date we have not seen him nor have we any information as to what office he was to come from.

When the Power Company got the building of the line under way , Supt. Dunn again wrote requesting that the engineer come so that this work could be completed before winter. When the line was completed two weeks ago I contacted Commissioner Arneil by telephone to enquire what was to be done about the school. He said he had just written Mr. Neary about it and would follow it up from there. However we are still waiting for the desired electrical engineer . While we are very pleased to see the line built and the power so close we are most anxious to get it attached to the school so that we can have its benefit for the winter months .

If you can find out where the delay is and do anything to bring those responsible for it to see the inconvenience being caused we would be very grateful .

Assuring you of our continued cooperation in all matters , I remain ,

Sincerely Yours ,

G. F. Kelly

Re: Fire Protection
Kootenay Residential School

The correspondence attached, Supt. Dunn's letter of November 24th and communication dated November 19th from the Rev. Principal of the above school, is the result of a comment by Mr. Kosnar, Electrical Engineer of the Engineering and Construction Division, with regard to the inadequacy of fire escape facilities from the new dormitory recently arranged at the Kootenay school.

It is not entirely clear to us just what fire escape facilities should be provided but you will note in the correspondence the suggestion that a Provincial Fire Marshal visit the school. We favour this suggestion but anticipate that we will receive recommendations involving the expenditure of substantial amounts and it occurs to me that the Department might prefer to have an Engineer of the Engineering and Construction Division investigate and report. With your approval, however, we shall arrange to have a Provincial Fire Marshal visit the school.

Dear Sir:

Your File O-11-4

Herewith three copies of our invoice for \$9,954.67 covering construction of the Three Phase Line from Wasa Substation to Kootenay Indian Residential School. You will note the actual cost to be slightly under the estimate of March 28, 1949, which was accepted as per your July 18, 1949, letter, file O-11-4.

Burning and surveying will be completed as noted on the invoice.

We are prepared to make connections to the School immediately on advice that the rewiring of the school has been completed.

We presume you will take the necessary action to place the account in line for payment without undue delay.

Yours very truly,

EAST KOOTENAY POWER COMPANY, LIMITED

Mr. Philip Phalen,
Indian Affairs Branch,
Ottawa.

Dear Mr. Phalen:

On November 3rd last, Mr Kosnar, an electrical engineer, from the Ottawa office of Lands and Development, was here to make a survey of our school with a view to installing A.C. Current. He said he would have to recommend many changes in the present wiring and lighting arrangement. He promised to get the matter through as speedily as possible on his return to Ottawa. It is now ~~two~~ months since his survey and we have had no further word on developments. We are in the predicament of having adequate power forty feet from the building and still we are continuing on with this antiquated system. Would you be kind enough to trace up this matter and find out where the delay is. He told me not to expect any action for a month due to the various depts. through which his recommendations would have to pass. But since two months have now passed I fear that this matter has been ditched into somebody's file until next year. I would appreciate it very much if you could find out how soon we can expect action on this matter which grows more urgent every day and which we would like very much to have cleared up.

Sincerely Yours,

G. F. Kelly

Lands and Development Services Branch

2487

OTTAWA 9 January, 1950

MEMORANDUM TO THE DIRECTOR

Kootenay Indian Residential School,
Cranbrook, British Columbia.

Following a report submitted by the Donald Inspection Company at the above, in which they recommended that the existing lighting in all buildings be improved, Major MacKay indicated in his memorandum to you dated the 4th of December, 1948, that an inspection would probably be necessary in view of the fact that they were contemplating servicing the building with hydro power and a complete change in the wiring system would be required.

Our memorandum to you dated the 21st of May last, pointed out that the inspection would be carried out during a western inspection trip to be made in the fall in British Columbia. The inspection has been made and following is our report and recommendations for work which we consider should be carried out.

The present power supply consists of a 10 K.W. 110 volt direct current diesel electric generating unit which is located adjacent to the boiler room in the Residential School basement. Last year the Indian Affairs Branch entered into an agreement with the East Kootenay Power Company for the construction of approximately 3½ miles of 3 phase primary distribution lines from the Wasa sub-station. The line has been completed and transformers installed on a pole at the rear of the school for the provision of single phase 115/230 volt and 3 phase 230 volt 3 phase 60 cycle power supply. The reason for the inspection was to determine what work was necessary not only to convert the present electrical system so that it would be capable of receiving this new type of energy, but also to determine if any additional work is necessary.

The buildings located at the site consist of the following in addition to the Residential School Buildings:- Barn, Manual Training Building, Dairy, Hen Houses and Forge Building. The barn is at present wired but is in poor condition and it will be necessary to have this building re-wired. The out buildings, with the exception of the barn, have no electrical service and it is our opinion that this work should be undertaken at the same time the changes and alterations are being carried out in the Residential School. The percentage of total cost of all the electrical work at the site chargeable to the out buildings, would be small, probably in the order of 20%.

The wiring in the Residential School was installed in concealed rigid steel conduit at the time of construction in 1911. The lighting however, is very poor throughout, especially in areas such as classrooms and the sewing room where the seeing tasks are at a high level. It will be necessary to re-design the lighting by providing additional outlets and fixtures to

.....2

Indian Affairs (RG 10 Volume 6454, file 884-5, part 9)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

POOR COPY

bring it up to present day standards. In this building, as in the majority of buildings wired in the same time period, there are no plug receptacles provided in the original layout for portable equipment. As a result of the lack of sufficient lighting and plug receptacle outlets, considerable extensions have been made, many in a very amateurish manner, and it will be necessary to make alterations and additions to provide a reliable electrical system throughout the school.

Ironing facilities are very inadequate in that all ironing is done by hand by heating flat irons on the sides of a tapered vertical wood burning stove. This is a dangerous practice as the stove is left unattended during heating periods and presents a definite fire hazard. Apart from the danger of fire, the floor space necessary for the stove and wood fuel storage makes very inefficient use of the room in which this equipment is housed, and in our opinion a steam mangle for the larger pieces of laundry together with sufficient electric hand irons, should be provided.

In discussing the laundry operations with the Principal, our officer was informed that great difficulty was experienced with drying facilities. The school is equipped with a heated drying enclosure in which the laundry is hung from removable racks. The difficulty here is undoubtedly due to the lack of air circulation and we are of the opinion that an exhaust fan installation would provide the necessary circulation and removal of damp air from the enclosure, thus eliminating the present practice of removing the heated moisture laden laundry for drying in other areas.

The present direct current motors on the water system and laundry equipment will require replacing by alternating current motors.

The distribution system throughout the school will have to be changed from 2 wire 110 volts to 3 wire 115/230 volts and it is contemplated that the majority of existing conduit runs can be re-used, using thermo-plastic insulated conductors of the required capacities.

The fire escapes at the school, in our opinion, do not offer sufficient facilities for easy removal of the children in case of fire, especially from the dormitories that have recently been built in the attic space. The Indian Affairs Branch is aware of this situation; reference Major MacKay's memorandum dated the 15th of December with correspondence attached thereto and our reply of the 22nd ultimo.

Summarizing the foregoing, we recommend that the Indian Affairs Branch undertake the following work at the school in addition to revising the electrical distribution system to receive the East Kootenay Power supply.

1. Improve the existing lighting to bring it up to modern standards.
2. Wire the existing out-buildings.
3. Improve the ironing facilities by the provision of a steam mangle and electric hand irons.
4. Provide an exhaust fan for the laundry drier.

.....3

5. Make alterations and additions to the present fire escapes.

Drawings are in the process of preparation for the changeover to the new electrical service and an early reply regarding the above recommendations will enable us to complete our plans and specifications in the near future. Our proposal in connection with the fire escapes will be forwarded to the Indian Affairs Branch upon completion.

Last year the Indian Affairs Branch entered into an agreement with the East Kootenay Power Company for the construction of approximately 3½ miles of 3 phase primary distribution lines from the Wasa sub-station. The line has been completed and transformers installed on a pole at the rear of the school for the provision of single phase 115/230 volt and 3 phase 230 volt 3 phase 60 cycle power supply. The reason for the inspection was to determine what work was necessary not only to convert the present electrical system so that it would be capable of receiving this new type of energy, but also to determine if any additional work is necessary.

The buildings located at the site consist of the following in addition to the Residential School Buildings:- Barn, Manual Training Building, Dairy, Hen Houses and Forge Building. The barn is at present wired but is in poor condition and it will be necessary to have this building re-wired. The out buildings, with the exception of the barn, have no electrical service and it is our opinion that this work should be undertaken at the same time the changes and alterations are being carried out in the Residential School. The percentage of total cost of all the electrical work at the site chargeable to the out buildings, would be small, probably in the order of 20%.

The wiring in the Residential School was installed in concealed rigid steel conduit at the time of construction in 1911. The lighting however, is very poor throughout, especially in areas such as classrooms and the sewing room where the seeing tasks are at a high level. It will be necessary to re-design the lighting by providing additional outlets and fixtures to

.....2

Indian Affairs (RG 10 Volume 6454, file 884-5, part 9)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

POOR-COPY

bring it up to present day standards. In this building, as in the majority of buildings wired in the same time period, there are no plug receptacles provided in the original layout for portable equipment. As a result of the lack of sufficient lighting and plug receptacle outlets, considerable extensions have been made, many in a very amateurish manner, and it will be necessary to make alterations and additions to provide a reliable electrical system throughout the school.

Ironing facilities are very inadequate in that all ironing is done by hand by heating flat irons on the sides of a tapered vertical wood burning stove. This is a dangerous practice as the stove is left unattended during heating periods and presents a definite fire hazard. Apart from the danger of fire, the floor space necessary for the stove and wood fuel storage makes very inefficient use of the room in which this equipment is housed, and in our opinion a steam mangle for the larger pieces of laundry together with sufficient electric hand irons, should be provided.

In discussing the laundry operations with the Principal, our officer was informed that great difficulty was experienced with drying facilities. The school is equipped with a heated drying enclosure in which the laundry is hung from removable racks. The difficulty here is undoubtedly due to the lack of air circulation and we are of the opinion that an exhaust fan installation would provide the necessary circulation and removal of damp air from the enclosure, thus eliminating the present practice of removing the heated moisture laden laundry for drying in other areas.

The present direct current motors on the water system and laundry equipment will require replacing by alternating current motors.

The distribution system throughout the school will have to be changed from 2 wire 110 volts to 3 wire 115/230 volts and it is contemplated that the majority of existing conduit runs can be re-used, using thermo-plastic insulated conductors of the required capacities.

The fire escapes at the school, in our opinion, do not offer sufficient facilities for easy removal of the children in case of fire, especially from the dormitories that have recently been built in the attic space. The Indian Affairs Branch is aware of this situation; reference Major MacKay's memorandum dated the 15th of December with correspondence attached thereto and our reply of the 22nd ultimo.

Summarizing the foregoing, we recommend that the Indian Affairs Branch undertake the following work at the school in addition to revising the electrical distribution system to receive the East Kootenay Power supply.

1. Improve the existing lighting to bring it up to modern standards.
2. Wire the existing out-buildings.
3. Improve the ironing facilities by the provision of a steam mangle and electric hand irons.
4. Provide an exhaust fan for the laundry drier.

.....3

5. Make alterations and additions to the present fire escapes.

Drawings are in the process of preparation for the changeover to the new electrical service and an early reply regarding the above recommendations will enable us to complete our plans and specifications in the near future. Our proposal in connection with the fire escapes will be forwarded to the Indian Affairs Branch upon completion.

Re: Kootenay Indian Residential School
Cranbrook, B.C. Your File IA 1767-2

We are in receipt of your memorandum of the 9th instant with reference to the above school. It is noted that drawings are being prepared to improve the existing lighting to bring it up to modern standards, and also to wire the existing outbuildings.

Please let us know the estimated cost of this work, as we would like to have it completed at the earliest possible date, not only for the convenience of the management and pupils, but because we have the funds available in the current year's appropriation.

ms
We are also prepared to improve the ironing facilities by the provision of a steam mangle and electric hand irons, and an exhaust fan for the laundry drier. Please let us know if you have definite information regarding the type of equipment that should be supplied, and if so, you should forward it to us so that we can place a requisition with the Departmental Purchasing Agent.

h
It is also noted that you are preparing drawings outlining alterations and additions to the present fire escapes. We will be pleased to consider these, but it is doubtful if we can provide funds for these alterations during the current fiscal year.

Kootenay Indian Residential School,
Cranbrook, B.C.

Dear Father Kelly:

I received your letter of January 4th regarding the electric wiring at the Kootenay Residential School. I regret that the drawings for the improved wiring have not yet been completed, but we were recently informed that they were in preparation and would be completed shortly.

As soon as this is done we will obtain prices and arrange to have the work finished at the earliest possible date. I cannot give you any accurate date when this work will proceed, but you can be assured that it will go forward at the earliest date possible.

Kind personal regards.

Yours sincerely,

Re: Kootenay Res. School

A somewhat similar situation exists at the Kootenay Residential School, but as this school is easily accessible, Mr. Webb advises that the local Fire Marshal has visited the institution and while agreeing that the location of the proposed fire escapes is excellent, he recommends that exit indicating lights and outside illumination be installed. As a matter of fact this is being provided for in the general electrical repairs contract at this school.

Your file No. 25720-2

Dear Sir:

Re: Fire Escapes - Kootenay Indian
Residential School, Cranbrook, B.C.

We hereby quote you on Supply and Erection of Three
Fire Escapes as shown on plan No. 217-B.

These fire escapes will have chequer plate landings and
treads, flat iron stair stringers, and angle iron hand rails, to
be painted on shop coat of Zinc Chromate Red Lead, with one fini-
shed coat of selected colour after erection.

We will supply and install casement type windows including
hardware and finished painting, complete.

We will dismantle and completely remove from the building
and premises the wooden balcony and two old fire escapes.

We plan to make good the face of the building if necessary
after removal of the old structures to the extent of removing
existing flashings of the porch roof area and replacing all damaged
bricks; also any exposed bolt ends after removal of the fire escapes
will be cut back into the building and cemented over.

If we receive the order for this work, we could start in
ten days time and be completed in approximately six weeks.

Our price for this job, including 8% Dom. and 3% Prov.
sales taxes, is: Five thousand, nine hundred and ninety-two dollars
and seventy-nine cents (\$5,992.79).

If tax exempt, the following amounts are deductible;
for 8% tax -- 313.52
for 3% tax -- 156.27

KOOTENAY INDIAN SCHOOL

Cranbrook, B.C.

March 24, 1950.

Mr. W.S. Arneil, Commissioner,
Indian Affairs Branch, Vancouver, B.C.

Dear Mr. Arneil: Re; Fire Escapes on Above Building

Further to our telephone conversation of this morning I would like to add a few lines to clarify my suggestions regarding fire escapes.

Mr. J. McCormack of Blair Iron Works, Vancouver, arrived here yesterday bearing blue-prints of the school with instructions to take measurements for new fire-escapes. On looking at the plans I found certain things which I did not think quite advisable and so with all due respect to the engineer who drew them up I would offer these suggestions.

1. Re: The Rear Elevation. As you will see by the plans two escapes come from the third floor to a common landing and thence to the ground. This means that girls in one dormitory can go down the fire escape to the landing and up to the boys dormitory and vice versa. As this would be on the back of the building away from the Prefects it would be a very convenient passage. While at present we are free of any such trouble we don't want to set up an arrangement which would be so convenient. It may be suggested that an electric bell with a switch in the jam of the door leading into the fire escapes, which would operate when the door is opened, would remedy any possible danger. Anyone who has attended boarding school and who wanted to go out to a show knows that a pen knife inserted in the door-jam will silence the bell. Moreover the arrangement as suggested on the plan calls for the removal of a balcony from the rear of the school to be replaced by the fire escape landing. Whoever drew up the plan probably thinks this balcony is useless but to us it has its importance. It adjoins the Sister's living room and as we have screened in this balcony it is a very convenient place for the Sisters. The Sisters use it and would be very sorry to lose it. It would be replaced by a landing it is true but this landing would have no roof over it and could not be screened in so would be unsatisfactory for any other purpose except escaping from fire.

For these reasons I find the plan as outlined by Mr. McCormack quite unsatisfactory. I have suggested to him how the job can be done and the protection made adequate without removing the balcony or giving a free passage from one dormitory to the

Indian Affairs (RG 10 Volume 6454, file 884-5, part 9)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

POOR COPY

other. When this building was constructed individual fire escapes were on the back of this building but subsequently they were removed to the ends. We have followed quite closely the original course which these took.

11) The End Elevation. Four windows are shown on the end elevation. The two nearer the centre of the building have been chosen as exits for the fire escapes. I would suggest using the two nearer the corners. From the outside it looks as though either are feasible however on the inside there is a difference. The two windows nearer the centre have a heating coil more than half way across them. For the present sash which raise up and down this is satisfactory but the new plan calls for windows opening in and these heating coils rise four inches above the bottom of the sash. Therefore in order to operate windows opening in these heating coils ~~xxxxxxxxxxxx~~ will have to be removed. This entails changing the feed lines which come from the basement. Moreover the heating coils are properly placed where they now are and it will be difficult to find another place where they will be suitable. The expense of moving them would be considerable. Whereas if the windows nearer the corners of the building be used as exits there are no obstructions in front of them. By using them a more gentle slope would be maintained on the fire escape stairs as the distance from these windows to the centre platform as outlined in the drawing is greater. For these reasons I would suggest ouising the windows nearest the corners of the building. This applies to both the south and the north elevation. The heating arrangements are similar on both ends.

This letter may sound like the obstructionists point of view, however it is not meant in that light. An installation of this kind which is to be a permanent arrangement should I think call for considerable thought and planning. I trust that the above suggestions will be considered and the best possible arrangement from every point of view worked out.

Sincerely yours,

G.F. Kelly, O.M.I.
Principal

P.S. Whatever decision may be made please save the balcony. The accomodation for the Sisters is confined enough without removing this access to fresh air.

Thank you.

Dear Sir:

Re: Fire Escapes-Kootenay Indian
Residential School, Cranbrook, B.C.

We quote you as per our tender dated Feb. 14/50,
with the following addition:

The Fire Escape as shown for the rear elevation of the
building shall have two more additional stairs added
from the lower balcony to the roof of the boiler room.

Our new price including this addition is: Six
thousand, six hundred and thirty-six dollars and fifty-two
cents (\$6,636.52), including Dom. 8% sales tax but not
Prov. 3%.

Yours truly

BLAIR IRON WORKS

March 29, 1950.

Mr. C.V.F. Weir,
Chief, Engineering & Construction Service,
Dept. of Resources & Development,
Norlite Building,
Ottawa.

I am enclosing confirmation of my Army Signals message of today's date requesting that the submission to Council for acceptance of Blair Iron Works' tender for installation of fire escapes, Kootenay Residential School, be withheld.

The attached letter dated March 24th from the Reverend Principal of the school indicates why this action was requested. You will note that he objects to the installation of the structures as shown on the plan on the rear elevation of the building for two reasons:

- (1) The common fire escape landing from the girls' and boys' dormitories permits of access from one dormitory to another so readily that there is bound to be difficulty with the boys entering the girls' dormitory and vice versa.

I am of the opinion that Father Kelly's fears in this respect are well founded.

- (2) The installation as shown on the plan necessitates the removal of a balcony which has been screened for the use of the Sisters whose accommodation is already too confined, without losing this access to the fresh air.

Father Kelly also objects to the installation as shown on the plan of the end elevation, but the difficulties he

Indian Affairs (RG 10 Volume 6454, file 884-5, part 9)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

POOR-COPY

2.

suggests will be encountered can be easily overcome, and it is considered that the fire escapes on the end elevation should be proceeded with as planned.

To revert to the fire escape on the rear elevation, we have gone into this matter thoroughly with our engineering staff and Mr. Blair of the Blair Iron Works, and on the attached plan have indicated two proposals, No. 1 of which will obviate access from the boys' dormitory to the girls' dormitory, but still necessitates the removal of the balcony, and No. 2, which will obviate both the disadvantages mentioned by Father Kelly. Of these two proposals we of course favour No. 2 as shown in yellow on the plan on which Blair Iron Works, reference their letter of March 28th, quoted a price of \$7,923.52. On the alternative proposal as shown in red on the plan, the Company quotes a price of \$6,636.52.

Having in mind that these escapes are permanent installations and that the school will likely be in use for years to come I would strongly recommend approval of Proposal No. 2 and acceptance of Blair Iron Works tender of \$7,923.52. I might add that the Blair Iron Works are proceeding with the accepted contract by making the fire escapes for the ends of the building but will defer any work on the fire escapes under question pending further advice.

W.S. Arnell,
Indian Commissioner for B.C.

AIR MAIL

Indian Affairs Branch,
Dept. of Citizenship & Immigration,
Ottawa, Ontario.

You will note from copy of letter attached, dated March 29th., to Mr. C.V.F. Weir, relative to the recent contract awarded to the Blair Iron Works, Vancouver, to erect fire escapes at the Kootenay Indian Residential School, that some difficulty is being experienced as to the adequacy of the work involved in the contract.

It will be recalled we experienced somewhat similar difficulties in connection with the contract to install fire escapes at the Kuper Island Residential School. The difficulties that confront us with these contracts seem inevitable despite the most careful and accurate preparation of plans and specifications in Ottawa, when one has in mind that due to minor structural and other changes made in the past to buildings without, in all cases, the knowledge of the Department, and in others without changes made being duly noted on the original plans.

To correct this situation and thus avoid repetition, I feel that in future the required plan should be designed and drawn and specifications prepared by an Engineer on the ground. With our Engineering staff now attached to our branch here, such an arrangement can be readily accomplished. I would recommend in future reports indicating the necessity for such work be prepared locally and forwarded to Ottawa for consideration and decision.

MEMORANDUM TO THE DIRECTOR

Fire Escapes - Kootenay Residential School,
Cranbrook, British Columbia.

With reference to our memorandum of the 27th March, the application to Council on behalf of the Indian Affairs Branch has been withdrawn pending review of a letter from the Reverend Father G.F. Kelly, O.M.I. Principal of the school which was forwarded with comment by Commissioner Arneil in a covering letter dated the 29th March.

In explanation, the rear metal stair fire escapes were located by this Service to provide outside exits from the attic dormitories so that the passage of pupils in case of fire could reach the ground in the most expeditious manner and at the same time reduce the cost of installation to a minimum.

It appears that our design showing a landing located on a lower storey of the fire escapes for common use from both the boys and girls dormitories, causes concern to Father Kelly, inasmuch as it forms a convenient form of communication between the two dormitories, unless the exit doors were kept locked, and it must be admitted that Father Kelly's suggestion that fire escapes be separate, is worth consideration.

Also our plan called for the removal of a wooden balcony to facilitate erection of the fire escapes. In respect to this balcony, Father Kelly's letter concludes by saying, "whatever decision may be made, please save the balcony. The accommodation of the Sisters is confined enough without removing this access to fresh air."

Commissioner Arneil concurs in Father Kelly's suggestions and under the circumstances, it is felt that separate fire escapes giving exits from each of the dormitories and leaving the balcony for the Sisters, should be given consideration by Indian Affairs.

The original estimate of cost for fire escapes of \$5,992.79 from the Blair Iron Works which was approved, will be increased to \$7,923.52 if the Principal's recommendation is accepted.

In view of Father Kelly's concern, it is felt that the balcony may be left intact and that separate fire escapes for the boys and girls dormitories be erected at the revised lump sum price of \$7,923.52.

Should this proposal meet with the approval of Indian Affairs, a revised memorandum to Council will be implemented immediately.

TO HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL

The undersigned has the honour to report:-

That the provision of fire exits from the Dormitories in the attic storey of the Kootenay Indian Residential School, Cranbrook, B.C. is inadequate, and that the said condition creates a hazard to the pupils and staff domiciled therein.

That tenders for the supply and erection of exterior metal stair fire escapes, based on drawings prepared by the Engineering and Construction Service of the Department of Resources and Development, were invited from contractors in the area, and that only one contractor, the Blair Iron Works of New Westminster, B.C. was in a position to tender.

That the said Blair Iron Works submitted a quotation offering to carry out the work by contract for the lump sum price of Seven Thousand Nine Hundred, Twenty-three Dollars and Fifty-two Cents (\$7,923.52) which price is considered reasonable.

That when allowance is made for unforeseen contingencies, supervision etcetera, the total expenditure would be approximately Eight Thousand Five Hundred Dollars (\$8,500.00).

That the work is considered of an emergent character, and that delay occasioned by a further call for tenders would not be in the interest of public economy.

The undersigned therefore, has the honour to recommend that he be authorized to accept the tender of the said Blair Iron Works, and to enter into an Agreement with them for the supply and erection of exterior metal stair fire escapes hereinbefore mentioned, at the said contractor's lump sum tender price of Seven Thousand Nine Hundred, Twenty-three Dollars and Fifty-two Cents (\$7,923.52) and to make any further expenditures required for contingencies, engineering expenses and supervision, up to the total amount of Eight Thousand Five Hundred Dollars (\$8,500.00) which cost is to be met from funds provided in the appropriate vote of the Indian Affairs Branch of the Department of Citizenship and Immigration.

The undersigned further recommends that the security to be deposited by the contractor on the Agreement should be in the nominal amount of Three Hundred and Fifty Dollars (\$350.00).

Respectfully submitted,

Minister of Citizenship and Immigration.

M

...has the honour to report:

THAT the provision of fire exits from the Dormitories in the attic storey of the Kootenay Indian Residential School, Cranbrook, B.C., is inadequate, and that the said condition creates a hazard to the pupils and staff domiciled therein.

THAT tenders for the supply and erection of exterior metal fire escapes, based on drawings prepared by the Engineering and Construction Service of the Department of Resources and Development, were invited from contractors in the area, and that only one contractor, the Blair Iron Works of New Westminster, B.C., was in a position to tender.

THAT the said Blair Iron Works submitted a quotation offering to carry out the work by contract for the lump sum price of Seven Thousand Nine Hundred, Twenty-three Dollars and Fifty-Two Cents (\$7,923.52) which price is considered reasonable.

THAT when allowance is made for unforeseen contingencies, supervision, etcetera, the total expenditure would be approximately Eight Thousand, Five Hundred Dollars (\$8,500.00).

THAT the work is considered of an emergent character, and that delay occasioned by a further call for tenders would not be in the interest of public economy.

The undersigned, therefore, has the honour to recommend that he be authorized to accept the tender of the said Blair Iron Works, and to enter into an Agreement with them for the supply and erection of exterior metal stair fire escapes hereinbefore mentioned, at the said contractor's lump sum tender price of Seven Thousand, Nine Hundred, Twenty-three Dollars and Fifty-two Cents (\$7,923.52) and to make any further expenditures required for contingencies, engineering expenses and supervision, up to the total amount of Eight Thousand, Five Hundred Dollars (\$8,500.00). Funds for the above purpose are available in Vote 59, 1950-51, Department of Citizenship and Immigration (Indian Affairs Branch).

The undersigned further recommends that the security to be deposited by the contractor on the Agreement should be in the nominal amount of Three Hundred and Fifty Dollars (\$350.00).

Respectfully submitted,

PP/ST

Minister of Citizenship and Immigration.

TO HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL.

The undersigned has the honour to report:

THAT the existing fire exits from the dormitories in the attic storey of the Kootenay Indian Residential School, Cranbrook, B.C., are inadequate, and that this condition creates a hazard to the pupils and staff domiciled therein;

THAT tenders for the supply and erection of exterior metal fire escapes, based on drawings prepared by the Engineering and Construction Service of the Department of Resources and Development, were invited from contractors in the area and that only one contractor, the Blair Iron Works of New Westminster, B.C., was in a position to tender;

THAT the said Blair Iron Works submitted a quotation offering to carry out the work by contract for the lump sum price of Seven Thousand Nine Hundred and Twenty-three Dollars and Fifty-two Cents (\$7,923.52), which price is considered reasonable;

THAT when allowance is made for unforeseen contingencies, supervision, etc., the total expenditure may amount to approximately Eight Thousand Five Hundred Dollars (\$8,500.00);

THAT the work is considered of an emergent character, and that delay occasioned by a further call for tenders would not be in the public interest;

The undersigned, therefore, recommends that authority be granted to accept the tender of the Blair Iron Works of New Westminster, B.C., and to enter into an agreement with them for the supply and erection of exterior metal stair fire escapes at their tendered price of \$7,923.52, and to incur additional expenditures required for contingencies, engineering expenses and supervision, the total estimated cost being approximately \$8,500.00.

The undersigned further recommends that the security to be deposited by the contractor on the Agreement should be in the nominal amount of Three Hundred and Fifty Dollars (\$350.00).

Funds for the purpose are available in Vote 99, Indian Affairs Branch, Department of Citizenship and Immigration, Estimates 1950-51.

Respectfully submitted,

MW:AB

Minister of Citizenship and Immigration.

DEPUTY MINISTER

Re: Kootenay Indian Residential School,
Kootenay Indian Agency, Province of
British Columbia.

The necessity for providing fire escapes at the above school has been urged upon the Department for some time past. During the fall of 1949, an engineer of the Department of Resources and Development visited this school and prepared plans and specifications for the new fire escapes.

The Department of Resources and Development called for tenders, and I enclose Submission to Council requesting authority to accept the tender of Blair Iron Works, New Westminster, B.C., in an amount of \$8,500.00.

29 April, 1950.

MEMORANDUM FOR THE DIRECTOR

ELECTRICAL WORK - KOOTENAY INDIAN RESIDENTIAL SCHOOL, GRANBROOK, B.C.

You are advised that we delivered by hand to Col. Neary of the Indian Affairs Branch on the 28th of April, five (5) sets of blueprints E-1/5 to E-5/5 inclusive, Index No. 925 and five (5) copies of our specifications Index 925 for electrical revisions, alterations and additions to the Residential School and electrical work in the Outbuildings, together with necessary secondary distribution.

It is suggested that the Indian Affairs Branch forward copies to the Contractors, who originally tendered on the work necessary to change-over the electrical system from the existing direct current generator supply to the East Kootenay Power Company's alternating current service, for re-tender.

We estimate that the cost of the work included in the plans and specifications should not exceed \$6,000.00.

Dear Mr. Gibson:

Re: Kootenay Indian Residential
School. Your File LA 1767-2

We received the sets of blueprints E-1/5 to E-5/5 inclusive, Index No. 925, and five copies of your specifications Index 925 for electrical revisions, alterations and additions to the above school, and electrical work in the Outbuildings, together with necessary secondary distribution.

The plans and specifications were forwarded to Indian Superintendent Dunn on May 1st, and he was instructed to obtain tenders at the earliest possible date from the following firms:

Modern Electric, Cranbrook, B.C.
C.W. Perry, Creston, B.C.
West Kootenay Power Co., Trail, B.C.

On the same date we wrote Indian Commissioner Arneil and advised him of the instructions given to Mr. Dunn, and requested Mr. Arneil to have the tenders obtained at once.

Yours sincerely,

Re: Kootenay Residential School.

Following is a list of improvements which the
Rev. Principal of the Kootenay Residential School wishes to carry
out:

Renew floor - school kitchen.....	\$600.00
Retubing No. 2 heating boiler.....	2000.00
Manganese covering for hot water boiler, cold water pipes and general maintenance requested by Boiler Inspector.....	650.00
Renewal - 1000' concrete 4' sidewalk.....	1210.00
Repairs to front entrance steps.....	275.00
Renewal hardwood floor (boys' recreation).....	825.00
Construction of piggery.....	4694.00
General maintenance supplies.....	500.00

10,500

I wrote you today asking for information with
regard to the funds available for Residential Schools in British
Columbia this year but presume that in the case of the Kootenay
School the amount may be substantially reduced by the expenditure
made for installation of fire escapes.

I should appreciate being advised what funds,
in addition to the amount required for fire escapes, is available
this year.

Re: Kootenay Indian Residential
School. Your File 155/6-1-884

We are in receipt of your letter of May 19th forwarding a list of improvements which the Reverend Principal of the above school wishes to carry out.

The total of the Principal's request is in excess of \$10,000.00, and it would simply be impossible to consider all of them or even the major portion of them this year. This is due to the fact that not only do we have to provide funds for the fire escapes, but we will also have to provide funds for the wiring of the school.

Plans and specifications for the wiring were forwarded to you under cover of our letter of May 1st, but I presume that you have not yet been able to obtain the tenders from the firms mentioned in that letter.

You might review the expenditures requested in your letter of May 19th, and advise if there is anything really urgent among them.

Re: Kootenay Residential School

With reference to Mr. Neary's letter of May 1st (file 884-5), Mr. Dunn has intimated that only one firm, Modern Electric, Cranbrook, is interested in tendering on wiring the above-mentioned building.

The West Kootenay Power and Light Company no longer tender for contract wiring, and Mr. C.W. Perry, Creston, is unable to tender due to pressure of work. Under the circumstances would it be necessary for us to secure a competitive tender from an outside firm?

-EW

Should Mr. Pratt and he said that necessary to secure tender as suggested in last paragraph of this letter p.p.

LEGAL SECTION

18463

WMC:SW

Ottawa,
June 8, 1950.

MEMORANDUM FOR THE DEPUTY MINISTER:

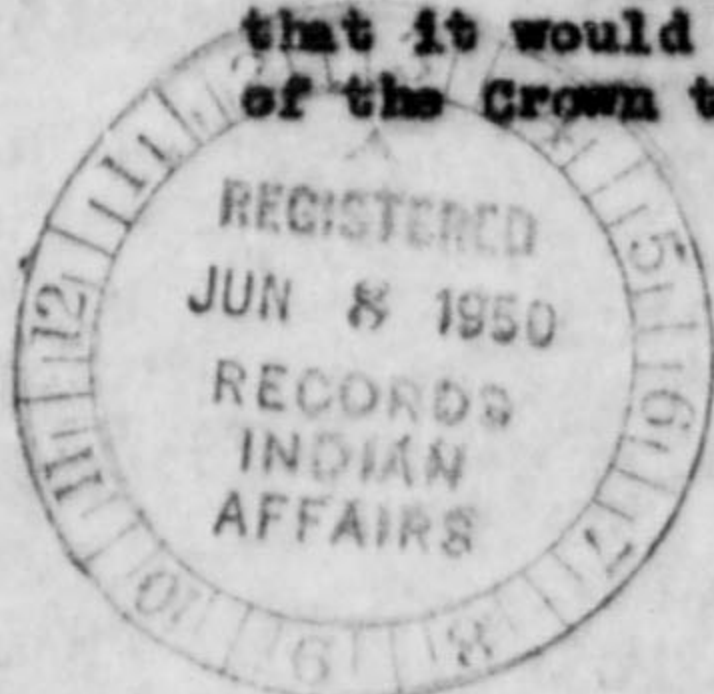

Kootenay Residential School

Please see Major MacKay's memorandum of the 31st ultimo, immediately hereunder, which encloses five copies of contract agreement with the Blair Iron Works of New Westminster, British Columbia, for execution.

It will be noted that this contract was signed by the company on the 22nd day of May last.

On the 18th idem a confidential Cabinet directive, Circular No. 16, was issued, which set forth a standard clause which was to be included in general conditions applicable to government contracts and specifications issued in the future. As this contract has been executed by the company and as, in fact, the work thereunder is practically completed, it would seem to be too late to comply with this Cabinet directive. As a matter of fact, the specifications require the work to be done with Canadian labour and materials, and, in fact, does comply with the Cabinet directive.

In view of the circumstances, it is suggested that it would be in order for you to execute on behalf of the Crown the attached contract in quintuplicate.

Legal Adviser.

Re: Kootenay School Fire Escapes

Enclosed herewith is Progress Payment No. 1 submitted by Blair Iron Works covering the value of work performed and materials supplied to date in connection with their contract for the above-mentioned fire escapes.

You will note that all materials have been fabricated and delivered to the site ready for erection and that the valuation for this part of the work is placed at \$5,600.00. Presumably the Company will be paid 90% of this amount.

June 13th, 1950.

Mr. W.S. Arneil,
Indian Commissioner,
P.O. Box 70,
Vancouver, B.C.

Re: Kootenay Indian Residential
School.

With reference to your letter of June 7th we are arranging to forward to Blair Iron Works an amount of \$5,040.00 (90% of \$5,600.00).

I also enclose Certificate of Completion form. This form should be properly filled out and forwarded to us when the fire escapes are erected, and either you or one of the engineers is satisfied that the firm has carried out the contract according to the plans and specifications, and that the job has been satisfactorily completed.

The security deposit cheque will not be returned until the enclosed form, properly completed, is received.

Major MacKay
E.
MEMORANDUM FOR THE DEPUTY MINISTER:

Kootenay Residential School

*see attached
future provisions
are made to carry
out the instructions*
10-4-50

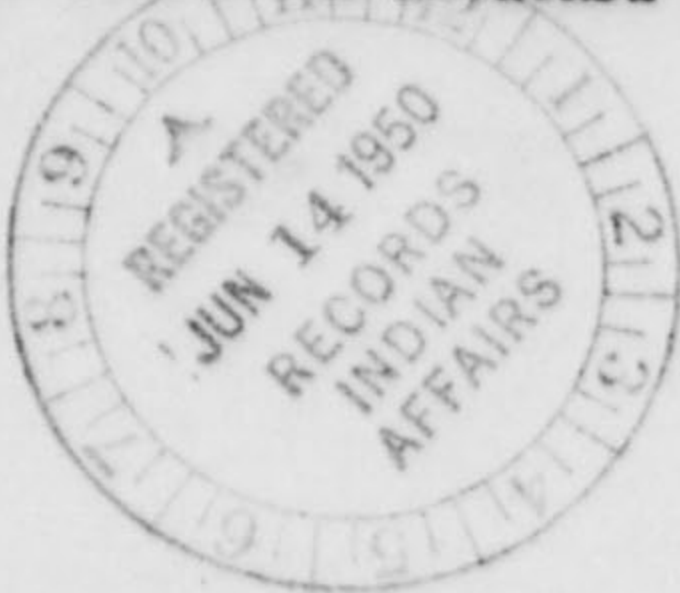

Please see Major MacKay's memorandum of the 31st ultimo, immediately hereunder, which encloses five copies of contract agreement with the Blair Iron Works of New Westminster, British Columbia, for execution.

It will be noted that this contract was signed by the company on the 22nd day of May last.

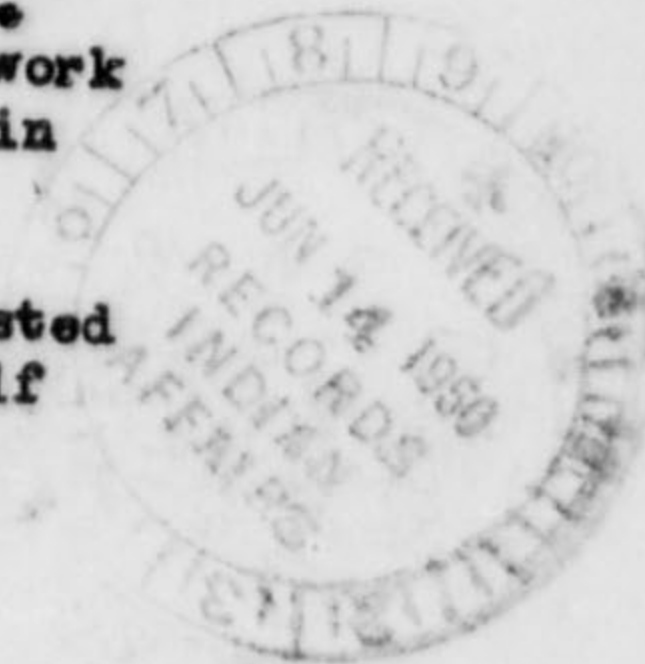

*This was
handled
on 10-4-50*

On the 18th idem a confidential Cabinet directive, Circular No. 16, was issued, which set forth a standard clause which was to be included in general conditions applicable to government contracts and specifications issued in the future. As this contract has been executed by the company and as, in fact, the work thereunder is practically completed, it would seem to be too late to comply with this Cabinet directive. As a matter of fact, the specifications require the work to be done with Canadian labour and materials, and, in fact, does comply with the Cabinet directive.

In view of the circumstances, it is suggested that it would be in order for you to execute on behalf of the Crown the attached contract in quintuplicate.

[Signature]
Legal Adviser.

CONTRACT AGREEMENT

THIS AGREEMENT made (in triplicate) the
day of in the year
Nineteen Hundred and A.D.

BETWEEN

**Blair Iron Works,
826 Royal Avenue,
New Westminster, B.C.**

hereinafter called the "Contractor", of the first part;

AND His Majesty the King, represented by the Minister of
Citizenship and Immigration of Canada, hereinafter called the "Min-
ster", of the second part.

WHEREAS the party of the first part, for the consideration
hereinafter mentioned, has agreed with the party of the second part,
to do, furnish and perform the work, materials, matters and things
required to be done, furnished and performed, in the manner herein-
after described, in connection with the work or works:

NOW THIS INDENTURE WITNESSETH that the said parties here-
to, hereby covenant, promise and agree, each with the other as
follows:

ARTICLE I: The covenants, clauses, provisos and conditions of the
Tender Form, General Instructions to Bidders, and Specifications,
(embracing the General Conditions, Labour Conditions, General Speci-
fications and Trade Specifications) together with the drawings and
such additional detail drawings, shop drawings and instructions, as
may from time to time be furnished, shall be as fully part of this
Agreement as if attached hereto, or herein repeated, and should the
Contractor or Minister fail to sign them, they shall nevertheless be
binding on both parties.

- 1 -

Indian Affairs (RG 10 Volume 6454, file 884-5, part 9)

**PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA**

ARTICLE II: The Contractor undertakes and agrees:-

- (a) to do, furnish and perform, the works, materials, matters and things required to be done, furnished and performed, in connection with the following work or works namely:-

The supply and erection of four metal stair fire escapes complete, as shown and located on plan Index No. 925, Sheets No. S1 and S2, prepared by the Engineering and Construction Service, Department of Resources and Development, Apply one shop coat and one finish coat approved metal paint. Replace six double hung windows with casement type including hardware and apply three coats approved paint. Remove existing metal fire escapes, make good brickwork, and remove all debris from the site.

- (b) To complete substantially, and to the satisfaction of the Minister, all the work, on or before the date or dates following, viz:-
the **thirtieth** day of **June**
Nineteen Hundred and **Fifty** A.D.
- (c) Time shall be deemed to be material and of the essence of this contract.

ARTICLE III: The Minister undertakes and agrees, in consideration of the premises, and subject to the performance and observation on the part of the Contractor, of all covenants, provisos and conditions in the Specifications contained:

- (a) To pay the Contractor in current funds, for the performance of the contract, **Seven Thousand Nine Hundred Twenty Three Dollars and Fifty-two Cents. (\$7,923.52)**

subject to additions and deductions as provided for in the Specifications governing the work.

POOR COPY

- (b) To make progress payments on account thereof, as provided for in the Specifications, equal to ninety per cent (90%) of the value, proportionate to the amount of the Contract, of labour and materials incorporated into the work, as estimated by the Engineer, less the aggregate of previous payments.
- (c) On completion of the entire work, and on full performance of the covenants and clauses of the Specifications, to make full payment of the balance due under the Contract, as set out in the Specifications.

ARTICLE IV: The Contractor and the Minister for themselves, their successors, executors, administrators and assigns, hereby undertake and agree, to the full performance of the covenants contained herein.

ARTICLE V: The security deposit furnished His Majesty by the Contractor shall be held and retained by His Majesty as security for the due and complete performance, observance and fulfilment by the Contractor of all the covenants and provisions of this Contract. Unless and until the security is forfeited to His Majesty as herein provided, His Majesty shall remit any revenues and income therefrom (provided that His Majesty shall in no event be obligated to invest monies at interest or otherwise) to the Contractor, and in the case of interest coupons or dividend coupons payable to bearer shall deliver the same to the Contractor as and when they mature. In the event of any default by the Contractor in fulfilment of any of the terms and conditions of this Contract, this security shall (without prejudice to any and all other rights and recourses accruing to His Majesty) be forfeited to and retained by His Majesty as liquidated damages and not as a penalty but if the Contractor shall have duly performed, observed and fulfilled all the covenants, terms and conditions of this Contract, the security shall be returned to the Contractor.

IN WITNESS WHEREOF these presents have been signed and sealed on behalf of His Majesty, by the Deputy Minister of the Department of Citizenship and Immigration, and the Contractor, the day and year first above written.

GENERAL CONDITIONS

Contract Documents

1. The covenants, clauses, provisos and conditions of the Tender Form and General Instructions to Bidders, together with these Specifications (embodying the General Conditions, Labour Conditions, General Specifications and Trade Specifications) and the Working Drawings and such additional detail or shop drawings special specifications and instructions as may from time to time be furnished, shall be as fully part of this contract as if attached hereto, or herein repeated, and should the Contractor or Minister fail to sign them they shall nevertheless be binding on both parties.

Interpretation of Terms

2. In this contract the following words shall, unless the context requires a different meaning, have the following meanings, respectively, that is to say:-

'Contractor' or other words relative thereto, or of like import, shall mean and include the party or parties of the first part as in the Agreement designated or described, jointly and severally, and their and each of their executors, administrators, successors or assigns.

'His Majesty', or other words relative thereto, or of like import, shall mean and include the reigning Sovereign or the successors or assigns of the Sovereign.

'Minister', or other words relative thereto, or of like import, shall mean and include the person holding the position or acting in the capacity of the Minister of Citizenship and Immigration for the time being, and shall include the person holding the position or acting in the capacity of the Deputy Minister of Citizenship and Immigration, for the time being.

'Chief', or other words relative thereto, or of like import shall mean and include the person holding the position or acting in the capacity of the Chief Engineer of the Indian Affairs Branch, Department of Citizenship and Immigration.

'Engineer', or other words relative thereto, or of like import shall mean and include the architect or engineer or any person having immediate charge of the work, and acting under the authority of the Chief.

'Department', or other words relative thereto, or of like import, shall mean that portion of the Department of Citizenship and Immigration of Canada, which the Chief is authorized to represent in the execution of the work.

'Work' or 'Works', or other words relative thereto, or of like import, shall mean the whole of the work and materials, matter and things required to be done, furnished and performed by the Contractor, as above described, under this contract.

Bonds of Contract

3. All the covenants and agreements in this contract binding on, and all the provisions in this contract inuring to the benefit of the Contractor shall, respectively, be binding on and inure to the benefit of the executors, administrators, successors and assigns of the Contractors, and all the covenants and agreements in this contract binding upon, and all the provisions in this contract inuring to the benefit of His Majesty, shall, respectively, be binding upon and inure to the benefit of the successors and assigns of His Majesty.

Final Approval of Instructions

4. This contract is made and entered into on the distinct understanding that all instructions, directions or certificates given, or decisions made by any one acting under the authority of the Chief, shall be subject to his approval and may be cancelled, altered, modified and changed as he may see fit:

PROVIDED always that any act on the part of the Chief in connection with and in virtue of the present contract, and any instructions, directions or certificates given, or decisions made by him, or by any one acting for him, shall be subject to the approval of, or modification or cancellation by the Minister.

Assignments

5. The Contractor shall not assign or sublet this contract without the written consent of the Minister first obtained: Provided, however, that (unless, in any case, the Minister objects thereto) the Contractor may sublet such portions of the work contracted for as is customary and usual in the construction of such works, but His Majesty shall not in any way be held liable for the payment of any moneys due to any sub-contractor, and the Contractor shall be held entirely and alone responsible for the proper performance of every portion of the work contracted for.

Contractor to investigate every condition of work before execution of contract

6. This contract is made and entered into by the Contractor and His Majesty on the distinct understanding that the Contractor has, before execution investigated and satisfied himself of everything and of every condition affecting the works to be executed and the labour and material to be provided, and that the execution of this contract by the Contractor is founded and based upon his own examination, knowledge, information and judgment, and not upon any statement, representation, or information made or given by, or upon any information derived from any quantities, dimensions, tests, specifications, plans, maps or profiles made, given or furnished by His Majesty or any of His officers, employees or agents; and that any such statements, representation or information, as so made, given or furnished, was made, given or furnished merely for the general information of bidders and is not in anywise warranted or guaranteed by or on behalf of His Majesty; and that no extra allowance will be made to the Contractor by, and the Contractor will make no claim against, His Majesty for any loss or damage sustained in consequence of, or by reason of any such statement, representation or information being incorrect or inaccurate, or on account of unforeseen difficulties of any kind.

Construction of Contract

7. The several parts of this contract and the specifications and plans shall be taken together to explain each other and to make the whole consistent; and if it is found that anything has been omitted or mis-stated which is necessary for the proper performance or completion of any part of the work the Contractor shall, at his own expense, execute the same as though it had been inserted and properly described, and the correction of any such omission or error shall not be deemed to be an addition to or deviation from the works hereby contracted for.

Changes in Work

8. The Engineer may, in writing, at any time before the final acceptance of the works, order any additional work, or materials or things to be done or provided, or the whole or any portion of the works to be dispensed with, or any changes to be made which he may deem expedient in, or in respect of the works hereby contracted for, or the plans, dimensions, character, quantity, quality, description, location or position of the works, or any portion or portions thereof, or in any materials or things connected therewith, or used or intended to be used therein, whether or not the effect of such orders is to increase or diminish the work to be done or the materials or things to be provided or the cost of doing or providing the same; and the Engineer may, in such order or from time to time as he may see fit, specify the time or times within which each order shall, in whole or in part, be complied with. The Contractor shall comply with every such order of the Engineer. The decision of the Engineer as to whether the compliance with such order increases or diminishes the work to be done, or the materials or things to be provided, or the cost of doing or providing the same, and as to the amount to be paid or deducted, as the case may be, in respect thereof, shall be final. As a condition precedent to the right of the Contractor to payment in respect of any such order of the Engineer, the Contractor shall obtain and produce the order, in writing, of the Engineer, and a certificate, in writing, of the Engineer, showing compliance with such order and fixing the amount to be paid or deducted in respect thereof.

Covenant herein applies to extra work

9. All the clauses of this contract shall apply to any changes, additions, deviations, or additional work, so ordered by the Engineer, in like manner and to the same extent as to the works contracted for.

No claim for anticipated profits

10. If any change or deviation in or omission from the works be made by which the amount of work to be done shall be decreased, or if the whole or any portion of the works be dispensed with, no compensation shall be claimable by the Contractor for any loss of anticipated profits in respect thereof.

Descriptions of work; what items include

11. The description, or descriptions of the work and materials or any portion or portions of the works, set out or referred to in or covered by any item or items for which a price or prices are given in this contract, include not only the particular kinds of materials mentioned in the said item or items, but also all and every kind of work, labour, tools, plant, materials, equipment, articles and things whatsoever necessary for the full execution, completion and delivery, ready for use, of such respective portions of the works in accordance with the plans, drawings and specifications, to the satisfaction of the Engineer. The said price or prices shall cover not only the particular descriptions of work and materials mentioned herein or shown on the plans, but also all and every kind of work, labour, tools, plant, materials, equipment, articles and things whatsoever necessary for the full execution, completion and delivery, ready for use, of the entire work as herein contracted for to the satisfaction of the Engineer. In case of dispute as to what work, labour, tools, plant, materials, equipment, articles and things are so included or covered, the decision of the Engineer shall be final and conclusive with respect thereto.

Temporary Buildings and Office

12. The Contractor shall erect and maintain at his own expense, any temporary buildings that may be required for the work, or workmen, and shall provide an office for the use of the Engineer.

The location of all buildings, plant and equipment must be approved by the Engineer before any erection work is begun.

Execution of work directed by Engineer

13. The work shall be commenced, carried on and prosecuted to completion by the Contractor in all its several parts in such manner and at such points and places as the Engineer shall from time to time, direct, and to his satisfaction, but always according to the provisions of this contract, and if no direction is given by the Engineer, then in a careful, prompt and workmanlike manner.

Work subject to control of Engineer

14. The work shall in every particular be under and subject to the control and supervision of the Engineer; and all orders, directions or instructions at any time given by the Engineer with respect thereto, or concerning the conduct thereof, shall by the Contractor promptly and efficiently be obeyed, performed and complied with to the satisfaction of the Engineer.

Engineer's stakes or other marks not to be removed

15. The Contractor shall protect, and shall not remove or destroy, or permit to be removed or destroyed, the stakes buoys or other marks placed on or about the said works by the Engineer or his assistants, and shall furnish the necessary assistance to correct or replace any stake, buoy or mark which through any cause may have been removed or destroyed.

Orders for Engineer's Agent

16. All orders, directions, instructions or notices to be given or issued by the Engineer, under and pursuant to any section in this contract, may be given or issued by a duly and expressly authorized agent or agents of the Engineer.

Notice; how given

17. Any notice, order, direction or other communication given to the Contractor under the provisions of this contract shall be sufficiently given if delivered to the Contractor personally or to his foreman, or left at the Contractor's office, or mailed at any post office to the Contractor or foreman, addressed to the address mentioned in this contract, or to the Contractor's last known place of business or residence. Every such notice, order, direction or communication shall be sufficient which expresses in general language and without detail the matters required or communicated, or which follows the general language of the section or sections of this contract under which it is given, and no objection shall be taken to the form thereof.

Foreman of the works

18. A competent foreman shall be kept on the ground by the Contractor during all the working hours, to receive the orders of the Engineer. Such foreman shall be considered as the lawful representative of the Contractor, and shall have full power to carry out all requisitions and instructions of the said Engineer, but this clause shall not relieve the Contractor from the duty of personally superintending the work.

POOR COPY

Engineer sole judge of work and material

19. The Engineer shall be the sole judge of the work and material, in respect of both quality and quantity, and his decision on all questions in dispute with regard thereto, or as to the meaning or intention of this contract and as to the meaning or interpretation of the plans, drawings and specification shall be final, and no work under this contract shall be deemed to have been performed, nor materials or things provided, so as to entitle the Contractor to payment therefor unless and until the Engineer is satisfied therewith, as evidenced by his certificate in writing, which certificate shall be a condition precedent to the right of the Contractor to be paid therefor.

Quality

20. The works shall be constructed by the Contractor and under his personal supervision, of new materials throughout; the best materials of their several kinds, and finished in the best and most workmanlike manner, and in the manner required by and in strict conformity with this contract, the said specifications and special plans and specifications, and the plans and drawings relating thereto, and the working or detail drawings which may from time to time be furnished, which said specifications and special plans and drawings are hereby declared to be part of this contract.

Defective work or material

21. Should the Contractor use or employ, or intend to use or employ, any material, plant, tools, equipment, articles or things which, in the opinion of the Engineer are not in accordance with the provisions of this contract or are in any way unsuitable for the works, or any part thereof, or should the Engineer consider that any work is for any reason, improperly, defectively or insufficiently executed or performed the Engineer may order the Contractor to remove the same, and to use and employ proper material, plant, tools, equipment, articles and things, or to properly re-execute and perform such work, as the case may be, and thereupon the Contractor shall immediately comply with such orders; and if the Contractor fails to comply with such orders within twenty-four hours, the Engineer may, at any time thereafter, execute or cause to be executed, the orders so given and the Contractor shall, on demand, pay to His Majesty all costs, damages and expenses incurred in respect thereof, or occasioned to His Majesty by reason of the non-compliance by the Contractor with any such orders, or His Majesty may, in the discretion of the Minister, retain and deduct such costs, damages and expenses from any amounts then or thereafter payable to the Contractor.

Insufficient workmen, plant, etc.

22. If the Engineer shall at any time consider the number of workmen, horses, quantity of machinery, tools, plant or equipment, or of proper materials articles or things, respectively, employed or provided by the Contractor on or for the said works to be insufficient for the advancement of such works or any part thereof towards completion within the time limited in respect thereof, or that the works or some parts thereof, are not being carried on with due diligence, then, and in every such case, the Engineer may, in writing, order the Contractor to employ, or provide such additional workmen, horses, machinery, tools, plant, equipment, materials, articles and things as the Engineer may think necessary, and in case the Contractor shall not within three days, or such other longer period as may be fixed by any such order, in all respects comply therewith, the Engineer may employ and provide such additional workmen, horses, machinery, tools, plant, equipment, materials, articles and things, respectively, as he may think proper, and

may pay such additional workmen such wages, and for such additional horses, machinery, tools, plant, equipment, materials, articles and things, respectively, any such prices as he may think proper and all such amounts so paid shall, on demand, be repaid to His Majesty by the Contractor, or the same may be retained or deducted from any sum that may then or thereafter be or become due from His Majesty to the Contractor. The Contractor shall employ the additional workmen, horses, machinery, tools, plant, equipment, materials, articles and things so provided and employed by the Engineer in the diligent advancement of the works; the workmen and horses so provided shall, however, be thereafter subject to discharge by the Contractor, but only with the consent and approval of the Engineer.

Contractor's machinery, plant, etc.

23. All machinery, tools, plant, materials, equipment, articles and things whatsoever provided by the Contractor or by the Engineer under the provisions of sections 21 and 22 for the works, and not rejected under the provisions of section 21 shall from the time of their being so provided, become and until the final completion of the said work, shall be the property of His Majesty for the purpose of the said works, and the same shall on no account be taken away, or used, or disposed of, except for the purposes of the said works, without the consent in writing of the Engineer. His Majesty shall not, however, be answerable for any loss or damage whatsoever which may at any time happen to such machinery, tools, plant, materials, equipment, articles or things. Upon the completion of the works and upon payment by the Contractor of all such moneys loss, cost and damages, if any, as shall be due from the Contractor to His Majesty, or chargeable against the Contractor under this contract, such of the said machinery, tools, plant, materials, equipment, articles and things as shall not have been used and converted in the works or disposed of by His Majesty under powers conferred in this contract, shall, upon demand, be delivered up to the Contractor in such condition as they may then be in.

Work not comprised in contract

24. His Majesty may, at any time, without payment therefor, send and employ on, in and about the works other contractors and workmen, with such horses, machinery, tools, plant, equipment, materials, articles and things as the Engineer may deem necessary to do any work not comprised in this contract, and the Contractor shall afford to them all reasonable facilities, to the satisfaction of the Engineer, for doing such work, the work of the Contractor being interfered with as little as the Engineer may deem practical.

The taking of possession of the whole or any part of the works of the Contractor for such purpose shall not be deemed an acceptance by or on behalf of His Majesty of the whole or any portion of the works comprised in this contract.

Co-operation with other Contractors

25. That whenever and so often as it may be necessary for the Contractor to co-operate with other contractors on this work, or any or either of them, the Contractor shall diligently and under the directions of the Engineer perform all such works as shall be requisite and proper on the part of the Contractor herein for such co-operation and for securing and placing in proper position the portion necessary herein and hereby contracted to be constructed and erected for the proposed work in a proper and secure mode, and to prevent the possibility of any accident therefrom without any extra charge therefor, and shall be bound in all things to conform to the direction of the Minister or the Engineer touching such co-operation and work.

POOR COPY

Default or delay by Contractor

26. In case the Contractor shall make default or delay in commencing, or in diligently executing any of the works or portions thereof to be performed, or that may be ordered under this contract, to the satisfaction of the Engineer, the Engineer may give a general notice to the Contractor requiring him to put an end to such default or delay, and should such default or delay continue for six days after such notice shall have been given by the Engineer to the Contractor, or should the Contractor make default in the completion of the works, or any portion thereof, within the time limited with respect thereto in or under this contract, or should the Contractor become insolvent, or abandon the work, or make an assignment of this contract without the consent required, or otherwise fail to observe and perform any of the provisions of this contract, then and in any of such cases the Minister, for and on behalf of His Majesty, and without any further authorization, may take all the work out of the Contractor's hands and may employ such means as he, on His Majesty's behalf, may see fit to complete the works, and in such case the Contractor shall have no claim for any further payment in respect of work performed, but shall be chargeable with and shall remain liable for all loss and damage which may be suffered by His Majesty by reason of such default or delay, or the non-completion by the Contractor of the works, and no objection or claim shall be raised or made by the Contractor by reason or on account of the ultimate cost of the work so taken over, for any reason proving greater than in the opinion of the Contractor it should have been; and all materials, articles and things whatsoever, and all horses, machinery, tools, plant and equipment, and all rights, proprietary or otherwise, licences, powers and privileges, whether relating to or affecting real estate or personal property, acquired, possessed or provided by the Contractor for the purposes of the work, or by the Engineer under the provisions of this contract shall remain and be the property of His Majesty for all purposes incidental to the completion of the works, and may be used, exercised and enjoyed by His Majesty as fully to all intents and purposes connected with the works as they might therefore have been used, exercised and enjoyed by the Contractor; and the Minister may also, at his option, on behalf of His Majesty, sell or otherwise dispose of, at forced sale prices, or at public auction or private sale or otherwise, the whole or any portion or number of such materials, articles, things, horses, machinery, tools, plant and equipment at such price or prices as he may see fit, and detain the proceeds of any such sale or disposition and all other amounts then or thereafter due by His Majesty to the Contractor on account of, or in part satisfaction of any loss or damage which His Majesty may sustain or have sustained by reason aforesaid.

Power to take action on default of Contractor

27. Whenever in this contract power or authority is given to His Majesty, the Minister, the Engineer, or any person on behalf of His Majesty, to take any action consequent upon the insolvency of the Contractor, or upon the acts, defaults, neglects, delays, breaches, non-observance or non-performance by the Contractor in respect of the works or any portion or details thereof, such power or authorities may be exercised from time to time, and not only in the event of the happening of such contingencies before the time limited in this contract for the completion of the works but also in the event of the same happening after the time so limited in the case of the Contractor being permitted to further proceed with the execution of the works.

POOR COPY

Delays

28. The Contractor shall not have nor make any claim or demand, nor bring any action or suit or petition against His Majesty for any damage which he may sustain by reason of any delay or delays from whatever cause arising in the progress of the work.

No Implied Contracts

29. It is distinctly declared that no implied contract of any kind whatsoever by or on behalf of His Majesty shall arise or be implied from anything, in the contract documents contained or from any position or situation of the parties at any time, it being clearly understood and agreed that the express contract covenants and agreements therein contained and made by His Majesty are and shall be the only contracts, covenants and agreements upon which any rights against His Majesty are founded.

Parliamentary appropriations exhausted

30. Should the amount voted by Parliament and applicable towards payment for the work hereby contracted for be at any time expended previous to the completion of the works, the Minister or the Engineer may give the Contractor written notice to that effect. Upon receiving such notice the Contractor may, if he thinks fit, stop the work, but shall not be entitled to any payment for work done beyond the amount voted and applicable as aforesaid, until the necessary funds shall have been voted by Parliament in that behalf. And in no event shall the Contractor have or make any claim on His Majesty for any damages or compensation by reason of the suspension of payment, or by reason of any delay or loss caused by the stoppage of the work. And in the event of the Contractor electing to proceed, or proceeding with such work after such notice, and before such additional funds are voted, no action of the Engineer, or of any other person on behalf of His Majesty, in giving orders, instructions or directions, or otherwise acting with respect to such work, shall be taken or considered as in any manner improving the rights of the Contractor or as waiving in any particular any of the provisions of this section.

Minister may suspend work

31. The Minister may, from time to time and for such period as he may deem expedient, delay or suspend, in whole or in part, operations under this contract, either upon the whole of the works, or at any particular point or points. Should any such delay or suspension, or the stoppage of the works under the provisions of Section 30, or should any delay caused by any circumstance which, in the opinion of the Engineer, is beyond the control of or not the fault of the Contractor, in the opinion of the Minister unreasonably limit the time for the completion of the works, within the time specified by this contract, the Minister as often as the case occurs shall allow such additional time as to him may seem sufficient in the extension of such time for completion; but no such delay, suspension or stoppage shall vitiate or avoid this contract, or any part thereof, or any security or obligations for the performance thereof, nor shall the Contractor be entitled to make any claim for damages by reason thereof. Upon the termination of such delay, suspension or stoppage, or upon the removal of the cause thereof, or upon the Contractor receiving notice from the Minister or Engineer requiring him to resume the work, he shall at once resume operations and diligently carry on the same.

POOR COPY

Waiver negatived

32. No condoning, excusing or overlooking by His Majesty, or any person acting on his behalf, on previous occasions, or breaches, or defaults similar to that for which any action is taken or power exercised, or forfeiture is claimed or enforced against the Contractor, shall be taken to operate as a waiver of any provision of this contract, nor to defeat or prejudice in any way the right of His Majesty thereunder.

Members of H. of C. not to benefit

33. Pursuant to the provision of the Statute in such case made and provided, no member of the House of Commons of Canada shall be admitted to any share or part of this contract, or to any benefit to arise therefrom.

No Public Ceremony

34. The Contractor shall not allow any public ceremony in connection with the work without having previously obtained the written permission of the Minister.

Liquors

35. The Contractor shall not bring nor permit to be brought anywhere on or, as far as the Contractor can prevent the same, near the works any spirituous or intoxicating liquor; and if any person employed on the works be, in the opinion of the Engineer, intemperate, disorderly, incompetent, wilfully negligent or dishonest in the performance of his duties, he shall, on the direction of the Engineer, be forthwith discharged and the Contractor shall not employ or permit to remain on the work any person who shall have been discharged for any or all of said causes.

Sanitation

36. The Contractor shall comply with, and the works shall be carried on subject to, all regulations made by any lawful authority and applicable to said works, and all orders given by the Engineer with respect to sanitation or preservation of health on the works. The Contractor shall, at his own expense, provide suitable privies and make adequate arrangements, to the satisfaction of the Engineer, for the medical and sanitary supervision of all his employees.

Contractor to clean premises on completion

37. The Contractor shall upon the completion of the works, remove all temporary structures and clear away all rubbish and surplus and waste materials remaining on or about the works, and place the premises in a neat and tidy condition, satisfactory to the Engineer.

Damages to persons or property

38. The Contractor, his agents and all workmen and persons employed by him, or under his control, shall use due care that no person or property is injured and that no rights are infringed in the prosecution of the work, and the Contractor shall be solely responsible for all damages, by whomsoever claimable, in respect of any injury to persons or to lands, buildings, structures, fences, trees, crops, roads, ways, ships, or property of whatever description, and in respect of any infringement of any right, privilege or easement whatsoever, occasioned in the carrying on of the works or any part thereof, or by any neglect, misfeasance or nonfeasance on the Contractor's part or on the part of any of his agents,

workmen or persons employed by him or under his control, and shall at his own expense, make such temporary provisions as may be necessary to ensure the avoidance of any such damage, injury or infringement, and to prevent the interruption of or danger or menace to the traffic on any public or private road, and to secure to all persons and corporations the uninterrupted enjoyment of all their rights in and during the performance of the said works; and the Contractor shall indemnify and save harmless His Majesty from and against all claims and demands, loss, costs, damages, actions, suits or other proceedings by whomsoever made, brought or prosecuted in any manner based upon, occasioned by or attributable to any such damage, injury or infringement.

Damages to work in progress. Contractor assumes risk

39. The Contractor shall be at the risk of, and shall bear all loss or damage whatsoever, from whatsoever cause arising, which may occur to the work, or any part thereof, until the same be finally accepted by the Minister, and if any such loss or damage occur before such final acceptance, the Contractor shall immediately, at his own expense, repair, restore and re-execute the work so damaged, so that the whole works, or their respective portions thereof, shall be completed within the time limited for completion thereof, and any delay occasioned by the Contractor to the other contractors on the work or any interference by the Contractor with the operations which may be a cause of delay or damage shall be rectified at the cost of, and the claim for damage or delay (if any) shall be at the charge of the Contractor.

Precautions as to fire

40. The Contractor shall, at his own expense, take special precautions to prevent fire occurring in or about the works and employ his own workmen, to the satisfaction and under the direction of the Engineer, in extinguishing all such fires which may occur; and shall observe and comply with all laws and regulations in force respecting fires, and with all regulations and instructions made and given, from time to time during construction, by the Engineer with respect to fires and the prevention and extinguishing of fires, and shall pay all wages and other outlay occasioned by reason of the observance or compliance with such regulations and instructions.

Fire Insurance

41. The Contractor shall, at his own expense, at all times during construction and until the final acceptance of the work, keep all buildings and structures insured against loss by fire, in such insurance company or companies and in such amount or amounts equal to at least Eighty (80) per cent of the value of work done and materials accepted by the Engineer, as may be approved by the Chief, and the policies of such insurance shall be made payable as the interests of the Contractor and His Majesty may respectively appear, and shall be deposited with the Chief.

Protection of Workmen

42. The Contractor shall protect the Department from all claims that may arise from injury to, or sickness of, any workmen employed by him on the work.

Workmen's Compensation

43. The Contractor will be required to comply with the provisions of the Workmen's Compensation Act for the province in which the work is being carried on.

Payment by Contractor for Labour, etc.

44. The Contractor shall promptly pay for all labour, service and materials in or about the construction of the works, and all payments for such purposes shall be made by the Contractor, at least as often as payments are made to the Contractor by His Majesty under this contract, and in the event of failure by the Contractor at any time so to do, or if any sum due for labour of any foreman or workman, or for hire of horses, teams or carts upon or in respect of the works, or any part thereof, remains in arrears or unpaid, or if there be at any time found to exist any claims against the Contractor, or any sub-contractor, for labour, teams, tools, plant, equipment, materials, articles or things employed, hired or supplied upon or for the works or any part thereof, or if the Minister has reason to believe that any such payments, sums or claims will not be promptly made or paid, the Minister may, in addition to or in lieu of exercising any powers conferred by the Labour Conditions, at his option, retain out of any moneys due or become due to the Contractor from His Majesty such amount or amounts as the Minister may deem sufficient to satisfy the same, or pay the Contractor the moneys due him in instalments, giving him from time to time such sums as the Minister or the Engineer deems sufficient to meet such payments, sums or claims or any of them, and with-holding the balance due him after deducting the payments so made. The Contractor shall be estopped from denying the accuracy and correctness of any and all payments so made by the Minister.

Books, etc., of Contractor open for inspection

45. The Contractor's pay-rolls, time-books, books of account, invoices and statements shall be at all times open for inspection and extract by the Engineer and any authorized representative of the Minister, or either of them who shall be assisted in every possible way by the Contractor, to enable the Engineer and such representative to ascertain, as far as possible, the exact payment, sums or claims so due and remaining unpaid by the Contractor.

Work to be free from all encumbrances

46. Before making any payment on any progress estimate the Minister may require the Contractor to satisfy the Engineer, or other authorized representative of His Majesty, that all work performed and materials supplied and all structures built for which payment is being made are free and clear from all lawful claims or liens under any law for labour, workmanship, materials or otherwise; the Contractor shall indemnify and hold harmless His Majesty from and against any and all kind of claims or liens accruing from labour and services performed and material furnished, or otherwise, and any of the same in or about the works.

Statutory Declaration

47. Upon completion of the work, and before payment is made on any final estimate, certificate, or statement the Contractor shall submit to the Engineer, a statement attested by Statutory Declaration showing that all works performed and materials supplied are free of all lawful liens or claims.

POOR COPY

Proofs required for default of Contractor

48. The Minister or the Engineer may, in their discretion, at any time require proof, with such formalities or to such extent as they may deem requisite, of any claim under the said Fair Wage Clauses or Schedules, or for wages or hire of teams in arrears or of accounts for materials, or other things unpaid.

Schedule of Unit Prices

49. The Contractor shall submit with his tender a detailed schedule of unit prices of all materials worked or in place, which shall, upon approval of the Engineer, be used as a basis of payments for all work under the contract.

Classification of Costs

50. There shall also be submitted at the same time, a classification of costs at the schedule of unit prices submitted, aggregating the total contract price. This schedule shall be so computed that all incidental charges shall be distributed over the various trade items as shown on the Departmental Progress Estimate form or as approved by the Chief Engineer, and shall be used as a basis for the Engineer's Monthly Progress Estimates.

Prices to be accepted as full compensation

51. The said price or prices shall be accepted by the Contractor as full compensation for everything furnished and done by the Contractor under this contract, including all work required but not included in the items hereinabove mentioned, and also for all loss or damage arising out of the nature of the works or the action of the weather, tides, elements, or any unforeseen obstruction or difficulty encountered in the prosecution of the work, and for all risks of every description connected with the works, and for all expenses incurred by or in connection with the works, and for all works, and for all expenses incurred by or in consequence of any delay or suspension or discontinuance of the work as herein specified, and for well and faithfully completing the works as in this contract provided.

Progress payments

52. Payments equal to about ninety per cent of the value of the work done, approximately estimated from progress measurements and computed at the price or prices agreed upon or determined under the provisions of this contract, will be made to the Contractor monthly if practicable, on the written certificate of the Engineer, stating that the work for or on account of which the certificate is granted has been done, and stating the value of work computed as above mentioned; and the said certificate shall be a condition precedent to the right of the Contractor to be paid the said ninety per cent or any part thereof. The remaining ten per cent shall be retained till the final completion of the whole work to the satisfaction of the Engineer, and will be paid within two months after such completion. The written certificate of the said Engineer certifying to the final completion of the said works to his satisfaction, shall be a condition precedent to the right of the Contractor to receive or to be paid the remaining ten per cent or any part thereof.

Engineer in certifying values for progress payments may disregard price list

53. Provided always that, where in the opinion of the Engineer the work done is not sufficiently finished, or is not of sufficient value to justify payment at the price or prices agreed upon or determined under the provisions of this contract, the Engineer may, for the purpose of such payment, disregard the price or prices agreed upon or determined, and may estimate the proportionate value payable in respect of such work and issue a certificate accordingly; in which case the Contractor shall only be entitled to receive ninety per cent of such estimated proportionate value as stated in such certificate, and shall not be paid the ninety per cent of the price or prices agreed upon or determined under the provisions of this contract, until such time as the Engineer, by reason of the performance of additional work, shall certify that the Contractor is entitled thereto.

Claims under progress certificate

54. It is intended that every allowance to which the Contractor is fairly entitled will be embraced in the Engineer's monthly certificate, but should the Contractor at any time have claims of any description which he considers are not included in the progress certificates, such claims must be made in writing to the Engineer within thirty days after the date of the delivery to him of the certificate from which he considers the items of such claims to have been omitted, but in no case beyond the period of sixty days from the date of the practical completion of that portion of the work to which such claims apply. And in default of the presentation of such claims within the times so limited the Minister may treat such claims as absolutely barred.

Claims, evidence of accuracy

55. The Contractor in presenting claims of the kind referred to in the last preceding clause must accompany them with satisfactory evidence of their accuracy and the reason why he thinks they should be allowed.

Payment for additional or extra work

56. Payment for any work or additional work done, or materials or things provided, under the written orders of the Engineer, for which no price or prices are named, and which is not covered by the contract, His Majesty, in consideration and subject, as aforesaid, will pay to the Contractor the actual and reasonable cost, as determined by the Engineer, of such work, materials and things, with an additional ten per cent thereon for the use of tools, Contractor's plant, superintendence and profits.

Approximate quantities

57. The quantities (if any) given are approximate only and no claim shall be made by the Contractor against His Majesty on account of any excess or deficiency, absolute or relative, in the same.

Progress measurements and certificates not binding

58. The progress measurements and progress certificates shall not in any respect be taken as binding upon the Engineer, or as final measurements or as fixing final amounts; they are to be subject to the revision of the Engineer in making up his final certificate, and they shall not in any respect be taken as an acceptance of the work as a release of the Contractor from responsibility in respect thereof.

Rectification

59. Should it subsequently be found that inferior materials or workmanship have been incorporated into the works, or that the contract has been departed from in any way, the Contractor shall be responsible for making good; without expense to the Department, any defects together with any and all damages that may have resulted from such defects.

PROVIDED, notice shall be given the Contractor regarding such defects within a period of one (1) year after date of the final certificate of the completion of the work.

PROVIDED, the period stipulated in any guarantee given by the Contractor has not expired.

Extension of time

60. Any extension of time requested by the Contractor due to circumstances beyond his control delaying the work, shall be made in writing, to the Chief Engineer, at least 10 days before expiration of the contract; Any extension of time that may be granted to the Contractor shall be so granted and accepted without prejudice to any rights of His Majesty whatsoever, under this contract, and no assent thereto on the part of the Contractor shall be necessary.

Minister sole judge of reasonableness of extension of time for completion

61. Provided always that after the expiration of the time limited for the completion of the works the Minister shall be sole judge as to what additional time, if any, may be allowed to the Contractor for such completion, and his decision as to the reasonableness or sufficiency thereof for the purpose of completion shall be final and binding upon the Contractor.

LABOUR CONDITIONS

The following labour conditions are applicable to the work of erection of exterior iron stair fire escapes and alteration of double hung window sash to casement type at Kootenay Residential School at Cranbrook, B.C. to be undertaken for the Department of Resources and Development

(1) No workman employed upon the said work shall at any time be paid less than the minimum rates of wages, or shall work more than the number of hours, set forth in the following schedule:—

SCHEDULE OF WAGES AND WORKING DAY HOURS

TRADE OR CLASS OF LABOUR	RATE OF WAGES NOT LESS THAN	HOURS OF LABOUR NOT MORE THAN	
		Per Day	Per Week
	Per Hour		
Brick and hollow tile layers.	\$ 1.50	8	44
Brick and hollow tile layers' helpers (mixing and tempering mortar)	1.00	"	"
Carpenters and joiners	1.45	"	"
Labourers	.95	"	"
Motor truck drivers	1.00	"	"
Motor truck driver and truck	2.00	"	"
Ornamental iron workers	1.70	"	"
Painters and glaziers	1.10	"	"
Watchmen	.75	"	"
Welders and burners (acetylene or elec.)	1.10	"	"

N.B.—The wage rates specified above are those deemed to be current at the time this schedule was prepared. They are minimum rates only and nothing herein contained shall be considered as exempting contractors and sub-contractors from the payment of higher rates in any instance where, during the continuance of the work, such higher rates are fixed by provincial legislation, by agreements between employers and employees in the district or by changes in prevailing rates.

Where, by provincial legislation, or by agreement or current practice, the working hours of any class of workers are less than 44 per week, such lesser hours shall not be exceeded on this work, except in cases of emergency as may be approved by the Minister of Labour and then only subject to the payment of overtime rates as specified by the Minister of Labour.

A. 1. (See next page)

POOR-COPY

(2) Where there are special circumstances which in the judgment of the Minister of Labour make it expedient that he should do so, he may decide what are the current or fair and reasonable rates of wages for overtime, and what is the proper classification of any work for the purposes of wages and hours. Immediately upon receipt of notice of any decision of the Minister of Labour hereunder the Contractor shall adjust the wages and hours and classification of work so as to give effect to such decision. In case the Contractor shall fail so to do, or fail at any time to pay to any employee or employees for any services performed or for any hours of labour wages according to the rates set forth in the schedule or fixed therefor by the Minister of Labour hereunder regarding overtime and classification, the Minister of Labour may authorize and direct the Minister to pay any such wages at the rates so fixed and to deduct the amount thereof from any moneys owing by the Government to the Contractor and any such payment shall for all purposes as between the Contractor and the Government be deemed and taken to be payment to the Contractor, and the Contractor shall be bound in every particular by any such authority, direction and payment as aforesaid.

Minister of Labour to determine disputes.

(3) For the protection of the workmen employed, the Contractor shall post and keep posted in a conspicuous place on the premises where the contract is being executed, occupied or frequented by the workmen, the Schedule inserted in this contract, also the preceding paragraph (2) and any decision of the Minister of Labour made thereunder.

Schedule to be posted.

(4) The Contractor shall keep proper books and records showing the names, trades, and addresses of all workmen in his employ and the wages paid to and time worked by such workmen, and the books or documents containing such record shall be open for inspection by the Fair Wages Officers of the Government at any time it may be expedient to the Minister of Labour to have the same inspected.

Books, etc., of contractor open for inspection.

(5) The Contractor shall not be entitled to payment of any money which would otherwise be payable under the terms of the contract in respect of work and labour performed in the execution of the contract unless and until he shall have filed with the Minister in support of his claim for payment a statement attested by statutory declaration, showing: (1) the rates of wages and hours of labour of the various classes of workmen employed in the execution of the contract; (2) whether any wages in respect of the said work and labour remain in arrears; and (3) that all the labour conditions of the contract have been duly complied with; nor in the event of notice from the Minister of Labour of claims for wages, until the same are adjusted. The Contractor shall also from time to time furnish the Minister such further detailed information and evidence as the Minister may deem necessary in order to satisfy him that the conditions herein contained to secure the payment of fair wages have been complied with, and that the workmen so employed as aforesaid upon the portion of the work in respect of which payment is demanded have been paid in full.

Payment by contractor for labour etc.

(6) In the event of default being made in payment of any money owing in respect of wages of any workmen employed on the said work and if a claim therefor is filed in the office of the Minister and proof thereof satisfactory to the Minister is furnished, the said Minister may pay such claim out of the moneys at any time payable by His Majesty under said contract and the amounts so paid shall be deemed payments to the Contractor.

Power to pay wages in default of payment by contractor.

(7) These conditions shall extend and apply to moneys payable for the use or hire of horses or teams, and the persons entitled to payments for the use or hire of horses or teams shall have the like rights in respect of moneys so owing them as if such moneys were payable to them in respect of wages.

(8) With a view to the avoidance of any abuses which might arise from the subletting of contracts it shall be understood that subletting, other than such as may be customary in the trades concerned, is prohibited unless the approval of the Minister is obtained; subcontractors shall be bound in all cases to conform to the conditions of the main contract, and the main contractor shall be held responsible for strict adherence to all contract conditions on the part of subcontractor; the contract shall not, nor shall any portion thereof be transferred without the written permission of the Minister; no portion of the work to be performed shall be done at the homes of the workmen.

Subletting, etc.

(9) All workmen employed upon the work comprehended in and to be executed pursuant to the said contract shall be residents of Canada, unless the Minister is of opinion that Canadian labour is not available or that other special circumstances exist which render it contrary to the public interest to enforce this provision.

Workmen to be residents of Canada.

MODERN ELECTRIC

Cranbrook, B.C.

JUNE NINE 1950

MR. J.S. DUNN
SUPERINTENDENT INDIAN AGENCY
DEPT. INDIAN AFFAIRS
CRANBROOK BC

Dear Sir:

In connection with your request for tenders on the proposed electrical work to be carried out at the KOOTENAY RESIDENTIAL SCHOOL and outbuildings we wish to report as follows:

Plans and specifications have been thoroughly checked and the site at which work is to be performed has been visited.

We wish to advise that all materials and labor necessary to carry out this work in accordance with the plans and specifications submitted would cost the sum of eleven thousand six hundred and fifty seven dollars (\$11657.00). Our certified cheque for ten per cent of the above amount is included herewith.

Trusting the above is to your satisfaction we remain,

Yours truly,

(sgd) John A. Ward

Re: Kootenay Indian Residential School
Your File 884-5 (E1)

With reference to your letter of May 1st, 1950,
I am enclosing herewith, tender by Modern Electric,
Cranbrook, B.C., with certified cheque attached covering
10% of tender price, in connection with proposed rewiring
of the above noted school buildings.

I am also enclosing herewith, copies of letters
received from C.W. Perry, Creston, B.C. and West Kootenay
Power Co., Trail, B.C., who are unable to submit tenders.

I am unable to determine whether or not the tender
submitted by Modern Electric is fair and just but this
firm has a long standing record throughout this district
for their ability as electrical contractors on large
installations at reasonable rates.

It is imperative that this work be completed
during the coming summer holiday period and the Modern
Electric have indicated that rewiring of the main school
building can be completed prior to opening of the fall
school term providing awarding of contract is made in the
near future.

Dear Mr. Gibson:

Re: Kootenay Indian Residential
School. Your File IA 1767-2

With reference to my letter of May 12th regarding the electrical work at the above school, we have now received the attached tender from Modern Electric Company and also Superintendent Dunn's letter of June 10th. The copies of the letters from the West Kootenay Power Company and C.W. Perry show that they do not wish to tender on this business.

The security cheque from the Modern Electric Company is now in our Treasury Office.

As the plans and specifications were prepared in your office, I would appreciate it if you would advise me if you consider the quotation of the Modern Electric Company is reasonable and if you recommend its acceptance.

Yours sincerely,

RE: Kootenay Indian Residential School

With reference to Mr. Phelan's letter of May 25th and list of improvements which the principal of the above mentioned school wishes to carry out, in spite of the large expenditure being made at the school this year, it is felt that repairs to the kitchen floor and front entrance steps at a cost of \$875.00, should not be further delayed. I would recommend that the Department endeavour to make additional funds available for these two items.

The Boiler Inspector will be visiting the Kootenay School shortly and we may expect further advice from him with regard to the urgency of the work which he previously recommended, involving retubing of No. 2 Heating Boiler, covering of the Hot Water Boiler, and other general maintenance.

KOOTENAY INDIAN SCHOOL
UNDER THE DIRECTION OF THE OBLATE FATHERS
CRANBROOK, B. C.

3404

July 5 /50.

Mr. B.F. Neary, Supt.,
Indian Education Division,
Indian Affairs Branch,
Ottawa.

Dear Mr. Neary:

I have been anxiously awaiting news regarding the re-wiring of our school so that we can utilize the power available but unusable since last Sept. I understand from our Agent, Mr. Dunn, that the only available estimate for the re-wiring was sent in by Modern Electric of Cranbrook, early in June. I trust it has not met with the same fate as Bill 267 and shelved for some future date.

I am sure you are aware of our eagerness to get this work done so that we can have an adequate and satisfactory supply of power. With the passing of the summer months and the size of this project I fear that we will be going into another school year with the same old system.

We would certainly appreciate anything you can do to get the necessary authorization on this matter. We would be pleased to have a few lines from you as to progress and the possibilities for a speedy instalment.

Sincerely Yours

G.F. Kelly
G.F. Kelly O.M.I. Principal.

I am also enclosing herewith, copies of letters received from C.W. Perry, Creston, B.C., and West Kootenay Power Co., Trail, B.C., who are unable to submit tenders.

I am unable to determine whether or not the tender submitted by Modern Electric is fair and just but this firm has a long standing record throughout this district for their ability as electrical contractors on large installations at reasonable rates.

It is imperative that this work be completed during the coming summer holiday period and the Modern Electric have indicated that rewiring of the main school building can be completed prior to opening of the fall school term providing awarding of contract is made in the near future.

J. S. Dunn

MR. J.S. DUNN
SUPERINTENDENT INDIAN AGENCY
DEPT. INDIAN AFFAIRS
CRANBROOK B.C.

Dear Sir;

In connection with your request for tenders on the proposed electrical work to be carried out at the KOOTENAY RESIDENTIAL SCHOOL and outbuildings we wish to report as follows;

Plans and specifications have been thoroughly checked and the site at which work is to be performed has been visited.

We wish to advise that all materials and labor necessary to carry out this work in accordance with the plans and specifications submitted would cost the sum of eleven thousand six hundred and fifty seven dollars (\$ 11657.00). Our certified cheque for ten per cent of the above amount is included herewith.

Trusting the above is to your satisfaction we remain,

Yours Truly

John A. Ward

¹
ELECTRICAL ALTERATIONS AND ADDITIONS,
KOOTENAY INDIAN RESIDENTIAL SCHOOL,
CRANBROOK, B. C.

With reference to your request by memorandum dated the 16th of June relative to calling of tenders for the above, you are advised that tenders were invited from the firms listed below:

- | | |
|--|-------------|
| (a) West Kootenay Power Company,
Trail, B. C. | No bid |
| (b) C.W. Perry,
Creston, B.C. | No bid |
| (c) Modern Electric,
Cranbrook, B.C. | \$11,657.00 |

In any alteration and addition project, it is difficult to accurately estimate the costs involved in doing the outlined work as it is hard to foresee the amount of labour required in running new conduits and extending from existing outlets. However, we are of the opinion that the bid submitted in the amount of \$11,657.00 is a reasonable price for the electrical work shown on our electrical drawings Index No. 925, Sheets E-1/5 to E-5/5 inclusive and accompanying specifications, and we recommend that the tender of Modern Electric, Cranbrook, B.C. be accepted.

Major D.M. MacKay,
Director,
Indian Affairs Branch,
Department of Citizenship and Immigration,
Booth Building, 165 Sparks St.,
O t t a w a, Ontario.

TO HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL

The undersigned has the honour to report:

THAT it is necessary to make extensive alterations to the wiring in the Kootenay Indian Residential School, Kootenay Indian Agency, Province of British Columbia.

THAT the only tender that could be obtained was received from Modern Electric, Cranbrook, British Columbia, in an amount of \$11,657.00. The Departmental Engineers state that this quotation is a reasonable price for the electric wiring required for the electrical work shown on our electrical drawings Index No. 925, Sheets E-1/5 to E-5/5 inclusive and accompanying specifications.

THAT funds for the purpose are available in Vote 59, 1950-51 Indian Affairs Branch, Department of Citizenship and Immigration.

The undersigned, therefore, recommends the acceptance of the tender of Modern Electric, Cranbrook, British Columbia, in an amount of \$11,657.00.

Respectfully submitted,

ADA.

MEMORANDUM TO THE DEPUTY MINISTER

Re: Kootenay Indian Residential School,
Kootenay Indian Agency,
Province of British Columbia,
Electoral District of Kootenay W.

An official of the Department of Resources and Development visited this school last fall and prepared plans and specifications for the rewiring of the building.

Tenders were invited from the following firms:

Modern Electric, Cranbrook, B.C.,
C.W. Perry, Creston, B.C.,
West Kootenay Power Co., Trail, B.C.,

In a letter dated June 10, Indian Superintendent Dunn forwarded a tender that he had received from Modern Electric, Cranbrook, British Columbia.

The West Kootenay Power Company advised him that they no longer tendered for construction work. C.W. Perry wrote Mr. Dunn that he was unable to tender as it would not be convenient to leave his business in Creston if his tender was accepted.

Indian Affairs (RG 10 Volume 6454, file 884-5, part 9)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

We submitted the tender of Modern Electric to the Department of Resources and Development and I enclose a copy of their reply. P.C. No. 3401 dated July 6, 1949 authorized the acceptance of the tender of the East Kootenay Power Company Limited of Fernie, British Columbia, to bring the electric line to the school. This firm has completed their work but before the power can be made available to us, it is necessary to rewire the whole building according to the plans and specifications prepared by the Department of Resources and Development.

I, therefore, attach a Memorandum to Council authorizing the acceptance of the tender of Modern Electric so that the firm may begin work at an early date and have the wiring completed as soon as possible.

KOOTENAY INDIAN SCHOOL
UNDER THE DIRECTION OF THE OBLATE FATHERS
CRANBROOK, B. C.

8201 July 25 /50.

Mr. B.F. Neary , Superintendent ,
Indian Education Division ,
Indian Affairs Branch ,
Ottawa .

Dear Mr. Neary :

As the weeks go by and no news of our re-wiring contract I become more and more fearful of another winter in semi-darkness. Was speaking to the manager of the East Kootenay Power Co recently and he was enquiring what the hurry was in having the line completed by last September when ten months have gone by without utilizing it . I know the delay is not occasioned by your office but I am at a loss to know where it is being stalemated . I made a trip to Vancouver last week to see the Commissioner and he could through little light on the matter except to say that he still hoped it would come through .

If you can do anything to trace this matter down and speed it up we would certainly appreciate it .

Sincerely Yours ,

G.F. Kelly O.M.I. Principal.

Dear Father Kelly:

We are in receipt of your letter of the 25th instant with reference to re-wiring the Kootenay School.

It is regretted that there has been so much delay but this was due to circumstances beyond the control of officials of the Education Division.

We have recently obtained a quotation for the work but before awarding the contract it will be necessary for us to secure an Order-in-Council. It is hoped that this will be passed in the near future and the order will then be placed for wiring.

Yours sincerely,

Bernard F. Neary,
Supt. of Indian Education.

Re: Fire Escapes - Kootenay Residential School

Considerable difficulty has been encountered in connection with the above installation, due to the fact that the plans and specifications called for the installation of casement windows opening inward to give access to the fire escape platforms. Apart from the fact that the inward opening of the casements is contrary to fire regulations, their installation in this manner was not possible without extensive changes to the heating system for the reason that the radiators placed in front of the windows projected above the bottom of the proposed casements effectively preventing them from opening.

Father Kelly communicated with us by telephone and explained this difficulty in some detail and, as the contractors, Blair Iron Works, were on the job and completion of the work could not be delayed, we authorized completion of the installation less the installation of the casement windows. Father Kelly has since written us in connection with the matter and a copy of his letter of June 16th is enclosed for your information. You will note in the second paragraph of page two of his letter he suggests two solutions to the difficulty. This office favours the installation of doors as proposed by Father Kelly and, if it is considered necessary, we will have one of our engineers visit the school and report with regard to the work involved and the expense.

In the meantime, Blair Iron Works have submitted their final progress payment, which covers the full amount of the contract less a credit of \$67.00 for the casement sash, which were not installed. Work additional to the contract, involving the installation of an extra stair from the boiler house roof to the ground, was performed, however,

C O P Y O N L Y

June 16/50

W.S. Arneil, Commissioner,
Indian Affairs Branch,
Vancouver, B.C.

Dear Mr. Arneil:

It always delights the heart of a Principal to see new installations and improvements around the school. This is particularly true when these tend to a greater measure of safety for the children under his care. I was very pleased when informed that new fire escapes were to be installed here to insure a speedy and safe exit from the building in the event of a fire. However, I didn't expect to find an obstacle included in the plans which would render the exit unnecessarily difficult. I refer to the plan calling for two windows (or doors as they may be called) hinged at the sides, closing in the centre, and opening in. These are prescribed for the six main exits from the dormitories.

When I saw the plans calling for this installation I contacted our Agency Superintendent, Mr. Dunn, who came down here and we discussed the matter together. We suggested leaving the present casements as is and hinging the windows to open out. Our reasons were: the facility of exit when they open out; and to avoid removal of the heating radiators which rise four inches above the window sill and at present would obstruct windows designed to open in. This second reason was evidently not considered by the engineer who drew up the plans and it is quite a serious matter. Not only will it involve a considerable expense, (each radiator is ten feet long and eight inches wide and there are four of them), but also the pipe lines leading to them from the mains in the basement will have to be relocated. This will involve cutting through floors and ceilings from the basement to the second floor.

This morning I was again speaking to Mr. Dunn and he said he had a reply from you to the effect that the work should proceed according to the plans given to the Blair Iron Works. The reason for this is, as I understand it, that if they opened out they would obstruct the landing. Quite true if they are hinged on the outer edge of the casement but the casements are 19" in width and the windows suggested are 22½" in width and if they are hinged on the inner edge of the casement they will only protrude 3½". The landing

Indian Affairs (RG 10 Volume 6454, file 884-5, part 9)

**PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA**

C O P Y O N L Y

/ 2 /

platform which is being installed is 3' 3" in width so there would be no obstruction on it. To my mind they present a much more serious hazard opening in than they would by protruding 3½" beyond the edge of the building. As I understand it when and if a fire occurs the responsibility of evacuating the children falls upon the Principal and his staff. I think it is unfair to expect anyone to guarantee the evacuation of children when the exit windows open in. Even if a special permission is granted from the proper authorities for this type of construction it doesn't alter the fact that the actual responsibility at the time of the fire, should such occur, falls on those in immediate charge. Why should plans call for making an exit difficult when it is possible and quite reasonable to make it convenient?

I would like to suggest one of two things. Firstly, if we are bound to follow the plans submitted, then hinge the windows on the inner edge of the present casement. Or, secondly, and I feel this is the answer, hinge one door as shown in the attached sketch, to open out. This door to be provided with a panel window as shown. It will hinge on one side of the casement, the side farthest from the stairs descending, and when opened will swing back to the railing on the back of the landing platform entirely clear of the stairs. When closed it will have a catch on the opposite side of the casement and if recommended can be equipped with a fire-bar. This installation is very simple. The present casements can be left undisturbed. Only the doors of the size required equipped with a glass panel as shown need to be provided.

door OK

Moreover, it should be remembered that these exits are being put in places where formerly there were windows equipped with double windows for the winter months. If the suggested windows as called for on the plans given to Blair Iron Works are installed they are ninety-five per cent glass and will give considerable exposure. In the colder months they will be a mass of frost. Some provision will then have to be made for doubling them. This will entail a new problem which the use of a door will eliminate. The dormitories at present during the winter months are not too warm and this added exposure of single windows as suggested by the plans will augment the heating problem. This trouble can be obviated very easily if doors are used with a panel window of reasonable size the exposure of which would be negligible.

I know that all this is hard to follow and visualize from a letter. I am going to Penticton on June 23rd with the children who are returning home for the summer vacation and I would be pleased to continue on to Vancouver and explain the matter in person if you

so advise. I feel quite sure that if you could visit here and see the actual set-up you would agree that an alteration in the plans as given to Blair Iron Works is quite reasonable.

Sincerely yours,

Dear Mr. Gibson:

Re: Kootenay Indian Residential School
Your File IA 1767-2

I desire to refer to your letter of April 5th and previous correspondence with regard to the plans and specifications for new fire escapes at the above school. As you are aware, the contract was awarded to Blair Iron Works, 826 Royal Avenue, New Westminster, B.C., and most of the work has been completed.

I enclose for your information a copy of a letter just received from Indian Commissioner Arneil. I also enclose copy of a letter received by Mr. Arneil from the Principal of the Kootenay School.

It would be appreciated if you would let us have your comments on the attached communications as soon as possible, as it is evident that the firm will have to be requested to do work that was not included in the plans and specifications, and we wish to have the work completed before the school reopens after the summer holidays.

Yours sincerely,

[Signature]
Acting Director.

re/ Boilers - Kootenay Indian
Residential School

In previous correspondence regarding repairs and the purchase of equipment for Kootenay Indian Residential School, I referred to the need for repairs to the boilers. You will note from Mr. Dunn's letter of August 1st and enclosures attached that Boiler No. 1870 requires certain repairs which the Cranbrook Foundry & Machine Shop is prepared to carry out for the sum of \$350, plus sales tax on materials. We are aware that the Department has been called upon to make substantial expenditures on this School during the past two or three years, and that a large expenditure for rewiring the building is contemplated this year, in addition to the work already carried out for the fire escapes. If funds can be made available, I would recommend that the Department meet the cost of repairs to the boiler, but if not, the repairs should be carried out immediately at the expense of the School.

Re: Heating Boiler No. 1870
Kootenay Residential School

I am enclosing herewith, a quotation by
Cranbrook Foundry \$350.00 to repair fire box of above
noted boiler.

Referring to Boiler Inspector J.E. Halsall's
report of June 11, 1949, the fire box on this boiler
was in need of attention at that time. It is now appar-
ent the repairs will have to be made before again firing
this boiler and I wish to recommend that authority be
given to have the Cranbrook Foundry complete this work
as soon as possible.

There are no other local firms in a
position to do this type of work.

J. S. Dunn,
Superintendent.

Re: Kootenay Residential School

With reference to your letter of June 27th, I am enclosing herewith, quotations in triplicate, by A.E. Jones and Company, to lay asphalt tile floor in kitchen of above mentioned School.

Due to pressure of work and uncertainty in amount of labour involved this Company was unwilling to quote on repairs to front entrance steps at this time. However, given reasonable notice to proceed with installing the kitchen floor, they have agreed to complete this project prior to opening of the fall term.

I wish, therefore, to recommend that the repairs to entrance steps be deferred and the more important installation of new floor be authorized if at all possible.

Further to the above, the Boiler Inspector has not yet made his annual inspection but it is imperative that the side walls, front walls and front arches of furnace in No. 1870 heating boiler be repaired and an estimate of expense involved will be submitted as soon as quotations are obtained.

J. S. Dunn,
Superintendent.

Your File 884-5 (E1)

With reference to Mr. Neary's letter of June 19th, regarding repairs to kitchen floor and front entrance steps of the Kootenay Residential School, you will note from Superintendent Dunn's letter of July 17th and enclosures attached that he has secured a tender in the amount of \$600.00 for the floor repairs.

Due to other commitments, A.E. Jones and Company and other contractors were not prepared to quote at this time on the repairs to the front entrance steps but this could be conveniently looked after at a later date, whereas the kitchen floor repairs should be attended to while the School is not in session.

The tender submitted is recommended for acceptance.

MEMORANDUM TO THE DEPUTY MINISTER

Re: Kootenay Indian Residential School,
Kootenay Indian Agency,
Province of British Columbia,
Electoral District of Kootenay W.

An official of the Department of Resources and Development visited this school last fall and prepared plans and specifications for the rewiring of the building.

Tenders were invited from the following firms:

Modern Electric, Cranbrook, B.C.,
C.W. Perry, Creston, B.C.,
West Kootenay Power Co., Trail, B.C.,

In a letter dated June 10, Indian Superintendent Dunn forwarded a tender that he had received from Modern Electric, Cranbrook, British Columbia.

The West Kootenay Power Company advised him that they no longer tendered for construction work. C.W. Perry wrote Mr. Dunn that he was unable to tender as it would not be convenient to leave his business in Creston if his tender was accepted.

Indian Affairs (RG 10 Volume 6454, file 884-5, part 9)

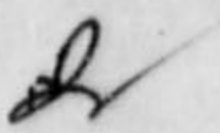

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

We submitted the tender of Modern Electric to the Department of Resources and Development and I enclose a copy of their reply. P.C. No. 3401 dated July 6, 1949 authorized the acceptance of the tender of the East Kootenay Power Company Limited of Fernie, British Columbia, to bring the electric line to the school. This firm has completed their work but before the power can be made available to us, it is necessary to rewire the whole building according to the plans and specifications prepared by the Department of Resources and Development.

I, therefore, attach a Memorandum to Council authorizing the acceptance of the tender of Modern Electric so that the firm may begin work at an early date and have the wiring completed as soon as possible.

Acting Director.

TO HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL

The undersigned has the honour to report:

THAT it is necessary to make extensive alterations to the wiring in the Kootenay Indian Residential School, Kootenay Indian Agency, Province of British Columbia;

THAT plans and specifications were prepared for the work required by engineers of the Department of Resources and Development and tenders invited for the work from the following firms:-

Modern Electric, Cranbrook, B.C.
C.W. Perry, Creston, B.C.
West Kootenay Power Company, Trail, B.C.

THAT the only tender received was from the Modern Electric, Cranbrook, B.C., in an amount of \$11,657.00;

THAT this tender was examined by engineers of the Department of Resources and Development, who state that the Modern Electric have quoted on the work required to be done, that the tender is fair and reasonable, and have recommended its acceptance;

THAT the rewiring of the Kootenay Indian Residential School is work that is of an emergent nature, which cannot be delayed as the condition of the existing wiring is creating a fire hazard;

THAT Section 36 of the Public Works Act, Chapter 166, R.S.C. 1927, provides in part as follows:

"Whenever any works are to be executed under the direction of any Department of the Government, the Minister having charge of such department shall invite tenders by public advertisement for the execution of such works except in cases (a) of pressing emergency in which delay would be injurious to the public interest....."

THAT funds for the purpose are available in Vote 59, 1950-51, Indian Affairs Branch, Department of Citizenship and Immigration.

The undersigned, therefore, recommends the acceptance of the tender of Modern Electric, Cranbrook, B.C., in an amount of \$11,657.00.

Respectfully submitted,

W.E.H.
Minister of Citizenship and Immigration.

7 August, 1950

11016

Dear Major MacKay:

We have your memorandum of the 1st of August referring to plans and specifications for the installation of fire escapes at the above school.

Unexpected difficulty in design was encountered due to certain unknowns at the time, later involving the location of radiators and the hinging of windows.

Further check has been made and it appears that in view of objections raised concerning structural difficulties and the fact that quite frequently the normal window arrangement is sufficient, it is suggested that the present windows would be adequate as exits to the fire escapes.

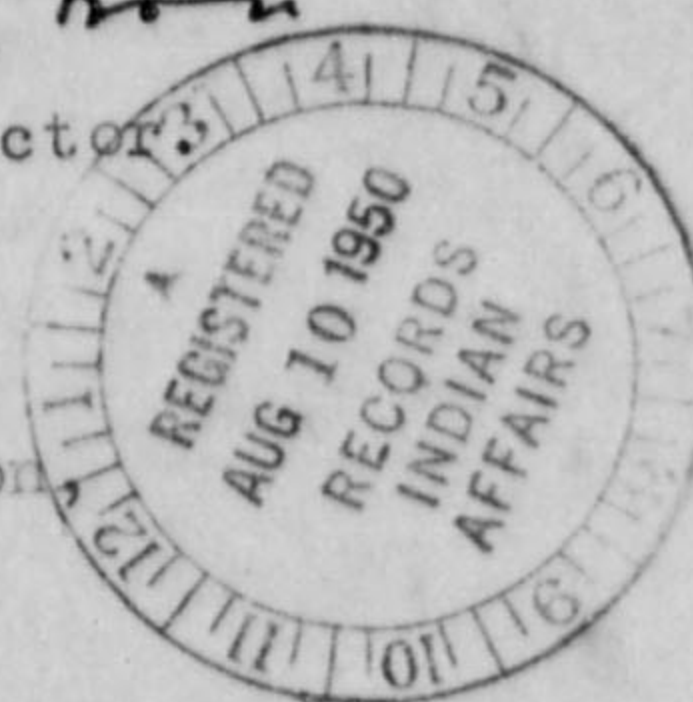

In view of the fact that your own Chief Engineer had actual direction of this project when connected with our Engineering and Construction Service, the above suggestion should be referred to him for review and further routing.

I am,

Very truly yours,

Director

Major D.M. MacKay,
Director,

CONTRACT AGREEMENT

THIS AGREEMENT made (in triplicate) the
..... day of in the
year Nineteen Hundred and A.D.

BETWEEN:

MODERN ELECTRIC, GRANBROOK, British Columbia,
.....

hereinafter called "The Contractor", of the First Part;

AND His Majesty the King, represented by the Minister of
Citizenship and Immigration, hereinafter called "The Minister", of
the Second Part,

WHEREAS the party of the first part, for the consider-
ation hereinafter mentioned, has agreed with the party of the second
part, to do, furnish and perform the work, materials, matters and
things required to be done, furnished and performed, in the manner
hereinafter described, in connection with the work or works;

NOW THIS INDENTURE WITNESSETH that the said parties
hereto, hereby covenant, promise and agree, each with the other
as follows:

ARTICLE I: The covenants, clauses, provisos and conditions of
the Tender Form, General Instructions to Bidders, and Specifications,
(embracing the General Conditions, Labour Conditions, General
Specifications and Trade Specifications) together with the drawings
and such additional detail drawings, shop drawings and instructions,
as may from time to time be furnished, shall be as fully part of this
Agreement as if attached hereto, or herein repeated, and should the
Contractor or Minister fail to sign them, they shall nevertheless
be binding on both parties.

100-1007

ARTICLE II: The Contractor undertakes and agrees:-

- (a) to do, furnish and perform, the works, materials, matters and things required to be done, furnished and performed, in connection with the following work or works namely:-

Repairs and replacements to electrical wiring at Kootenay Indian Residential School, in accordance with tender submitted, and plans and specifications already submitted to you,

- (b) to complete substantially, and to the satisfaction of the Minister, all the work, on or before the date or dates following, Viz:-
the **Fifteenth** day of **NOVEMBER,**
Nineteen Hundred and **FIFTY,** A.D.
- (c) Time shall be deemed to be material and of the essence of this contract.

ARTICLE III: The Minister undertakes and agrees, in consideration of the premises, and subject to the performance and observation on the part of the Contractor, of all covenants, provisos and conditions in the specifications contained:

- (a) To pay the Contractor in current funds, for the performance of the contract
Eleven Thousand Six Hundred and Fifty Seven
Dollars (\$11,657.00) subject to additions and deductions as provided for in the Specifications governing the work.
- (b) To make progress payments on account thereof, as provided for in the Specifications, equal to ninety per cent (90%) of the value, proportionate to the amount of the Contract, of labour and materials incorporated into the work, as estimated by the Engineer, less the aggregate of previous payments.
- (c) On completion of the entire work, and on full performance of the covenants and clauses of the Specifications, to make full payment of the balance due under the Contract, as set out in the Specifications.

ARTICLE IV: The Contractor and the Minister for themselves, their successors, executors, administrators and assigns, hereby undertake and agree, to the full performance of the covenants contained herein.

Certified to be a true copy of a Minute of a Meeting of the Committee
of the Privy Council, approved by His Excellency the Governor
General on the 9 MAY 1950

Dept. of Citizenship & Immigration
OTTAWA
MAY 11 1950
MINISTER'S OFFICE

12336

The Committee of the Privy Council
have had before them a report dated 2nd May, 1950,
from the Minister of Citizenship and Immigration,
representing:

That the existing fire exits from the
dormitories in the attic storey of the Kootenay
Indian Residential School, Cranbrook, B.C., are in-
adequate, and that this condition creates a hazard
to the pupils and staff domiciled therein;

That tenders for the supply and erection
of exterior metal fire escapes, based on drawings
prepared by the Engineering and Construction Service
of the Department of Resources and Development, were
invited from contractors in the area and that only
one contractor, the Blair Iron Works of New Westminster,
B.C., was in a position to tender;

That the said Blair Iron Works submitted
a quotation offering to carry out the work by contract
for the lump sum price of \$7,923.52, which price is
considered reasonable;

That when allowance is made for unfore-
seen contingencies, supervision, etc., the total
expenditure may amount to approximately \$8,500.00;

That the work is considered of an
emergent character, and that delay occasioned by a
further call for tenders would not be in the public
interest;

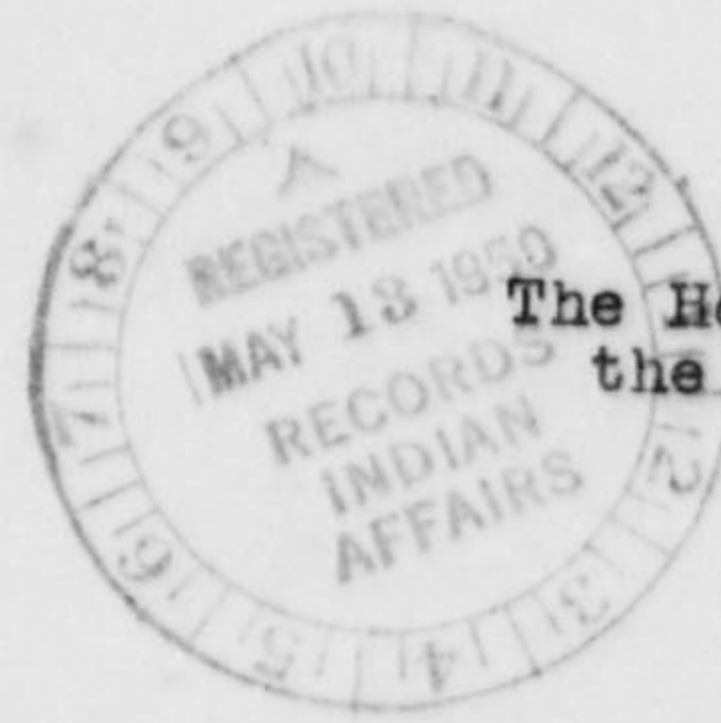

The Committee, therefore, on the re-
commendation of the Minister of Citizenship and
Immigration, advise that authority be granted to accept
the tender of the Blair Iron Works of New Westminster,
B.C., for the supply and erection of exterior metal
stair fire escapes as above set out, at a total cost
not to exceed \$8,500.00, the security to be deposited
by the contractor to be in the amount of \$350.00 only;
funds for which are available in Vote 59, Indian
Affairs Branch, Department of Citizenship and Immigra-
tion, Estimates 1950-51.

Re: Kootenay Indian Residential
School.

With reference to your letter of June 10th regarding the proposed rewiring of the above school, Order-in-Council has now been obtained approving acceptance of the tender of Modern Electric, Cranbrook, B.C., in the amount of \$11,657.00.

You can arrange to have this firm start work immediately.

I enclose Contract Agreement in triplicate which should be signed by the company and returned here for the signature of our Deputy Minister. We will then return two copies of the Agreement to you, one for your office and the other for the firm.

KOOTENAY INDIAN SCHOOL
UNDER THE DIRECTION OF THE OBLATE FATHERS
CRANBROOK, B. C.

Aug. 25 /50.

Mr. B.F. Neary, Supt.,
Education Division,
Indian Affairs Branch,
Ottawa, Canada.

Dear Mr. Neary:

The sight of electricians around here is like manna in the desert. As you know the good news came through a week ago and work is well under way. The exterior lines between the school and out-buildings are complete and the service distribution is installed. Work in the interior is proceeding nicely.

After all the difficulties, delays, and correspondence it hardly seems possible that we are soon ~~to~~ to have lights. I would like to take this opportunity to thank you for your continued and untiring efforts in our behalf. If you had the opportunity of visiting here and seeing the out-moded set-up we are graduating from you would realize how much this means to us.

May I extend to you and the members of the Dept. who have assisted in the realization of this great project the sincere appreciation of our Staff for this great forward step in the modernizing of our school. We are indeed grateful for your interest on our behalf.

With heartfelt appreciation,

I remain,

Sincerely Yours,

G.F. Kelly O.M.I. Principal

Re: Kootenay Residential School

As you were informed in official letter of August 24th, an Order-in-Council was secured in the name of Modern Electric, Cranbrook, B.C. for rewiring the above school.

When we received the Contract Agreement it was signed "John A. Ward", and we typed under his name "Modern Electric, Cranbrook, B.C."

Our Departmental Solicitor wishes to know if Modern Electric is an incorporated company, and if so, its seal should be attached. If not, a statement should be attached to the Contract Agreement explaining the authority of John A. Ward for signing the contract.

CONTRACT AGREEMENT

THIS AGREEMENT made (in triplicate) the

.....^{2nd}..... day of September..... in the
year Nineteen Hundred and fifty..... A.D.

BETWEEN:

.....MODERN ELECTRIC, CRANBROOK, British Columbia,.....

hereinafter called "The Contractor", of the First Part;

AND His Majesty the King, represented by the Minister of
Citizenship and Immigration, hereinafter called "The Minister", of
the Second Part,

WHEREAS the party of the first part, for the consider-
ation hereinafter mentioned, has agreed with the party of the second
part, to do, furnish and perform the work, materials, matters and
things required to be done, furnished and performed, in the manner
hereinafter described, in connection with the work or works;

NOW THIS INDENTURE WITNESSETH that the said parties
hereto, hereby covenant, promise and agree, each with the other
as follows:

ARTICLE I: The covenants, clauses, provisos and conditions of
the Tender Form, General Instructions to Bidders, and Specifications,
(embracing the General Conditions, Labour Conditions, General
Specifications and Trade Specifications) together with the drawings
and such additional detail drawings, shop drawings and instructions,
as may from time to time be furnished, shall be as fully part of this
Agreement as if attached hereto, or herein repeated, and should the
Contractor or Minister fail to sign them, they shall nevertheless
be binding on both parties.

Kootenay Indian Residential School,
Cranbrook, B.C. April 2nd, 1932

Mr F.S. Ryckman,
Indian Agent,
Cranbrook, B.C.

Dear Sir;

I enclose herewith applications for admission to the school
for the following pupils;

Nos. 204 Paul Whitehead
205 Isidore Williams
206 Napoleon Joseph
207 Leo Ignatius
208 Joseph Whitehead
209 Andrew Baptist
210 Moses Pierre
211 Pierre Pierre

INDIAN AGENT

Cranbrook, B.C.,
April 2, 1932

11/1443.

Sir:

I beg to enclose herewith the quarterly return submitted by the Reverend J. M. Patterson, Principal of Kootenay Indian Residential School, for the quarter ended March 31st, 1932, applications for the admission of seventeen pupils, and his letter with reference to the same. I trust these will be found in order.

I beg to submit that No. 211, Stephen Isaac, and 212, Fabyan John, were formerly discharged from the school, but they begged the Reverend Principal to take them back again. This, I beg to submit, is a fairly good indication of the feeling of the Indians generally towards the school at present.

Respectfully submitted.

I have the honour to be,
Sir,
Your obedient servant,

F. S. Ryckman,
Indian Agent.

The Secretary,
Department of Indian Affairs,
Ottawa.

Kootenay Indian Residential School,
Cranbrook, B.C. May 19th, 1932

Mr F.S. Ryckman,
Indian Agent,
Cranbrook, B.C.

Dear Sir:

I would be glad if you would request the Department to grant our school two months' holidays, for the months of July and August as has been done for the two preceding years.

The value of this extension has been very evident in former years due to the improvement in the health of the children, and also the educational advantage, as the children return to school all together in September satisfied and willingly.

The climate of the Kootenay district is very hot during the summer months and favors the outdoor camp life enjoyed by the Indians during this season.

Trusting that you will give this matter your favorable attention, I remain,

Yours faithfully,

J. M. Patterson O.M.I.
Principal.

OFFICE OF
INDIAN AGENT

155-0-10
Cranbrook, B.C.,
August 10, 1932.

11/1769.

Sir:

I beg to report that the Indians of Columbia Lake, Shuswap and Tobacco Plains Reserves have all agreed to bring their children back to Kootenay Indian Residential School at the beginning of the fall term on September 1st next, and have requested that I again apply for permission to supply them with gasoline and oil for their cars in order to make the trips.

As pointed out in my letter of August 11, 1931, fyle 11/732, there was formerly a good deal of expense to the Department in having the children brought back to school, and the supplying of gasoline and oil only will effect a considerable saving. Authority was granted last year in Departmental letter of August 17, fyle No. 155-0-10.

I beg to submit that if authority be granted to supply the Indians with gasoline and oil as requested the cost will be kept as low as possible.

The above is respectfully submitted.

I have the honour to be,
Sir,
Your obedient servant,

F. S. Ryckman

Kootenay Indian Residential School,
Cranbrook, B.C. October 4th, 1932

Mr F.S. Ryckman,
Indian Agent,
Cranbrook, B.C.

Dear Sir:

I wish to apply for the discharge of the following pupils from
our school roll:

No. 0168 Martha McCoy over age
0188 Mary Lucy Baptist over age
0219 Catherine Jim sick at home
0230 Christine Abel Sick at home
164 Zachary Birdstone over age.

In the case of Nos. 0168 and 164, these two pupils have completed
their course and have done very well in their training. If they apply
for special assistance from the Department I would recommend that
they be given favorable consideration.

Yours faithfully,

Rev. J.M. Patterson, O.M.I.

Kootenay Indian Residential School,
Cranbrook, B.C. June 1st, 1933.

Mr F.S. Ryckman,
Indian Agent,
Cranbrook, B.C.

Dear Sir:

I wish to request the Department to grant us the two months' vacation this year as has been granted during the last three years.

This extension of holidays has been so beneficial to the Kootenay Indian children that I would like to have it made permanent if it is possible for the Department to do so. We have found that for the last three years the children have returned readily to school without any necessity at all of compulsion as formerly. Also these children for the most part live in their tepees during the vacations, and we find that their health resistance improves considerably. As they are continually moving about there is not the usual danger of tubercular contagion, and freedom from school restraint for two months makes them eager for studies again. During the two months of July and August the weather is very hot in the Kootenays and is not conducive to studies of any kind, for Indian children.

Trusting you will forward this request to the Department at your earliest opportunity, I remain,

Yours faithfully,

J. M. Patterson, O.M.I.
Principal.

Ottawa, August 11th, 1933.

Sir,-

I beg to acknowledge the receipt of your letter of the 4th instant, with reference to returning children to the Kootenay Indian Residential School after the summer holidays.

If the Indians of the reserves mentioned in your letter are in a position to own cars, it is considered that they should have sufficient interest in their children's education to return them to the school without cost either to the Department or the school management.

I am aware that you submitted accounts last year to the amount of, approximately, \$43.00, for gas and oil supplied Indians returning their children to the Kootenay School. Our funds this year have been considerably reduced and you should endeavour to have the Indians return their children without cost. If, however, you find it absolutely necessary to supply some gas and oil, the Department will be prepared to consider payment of an expenditure not exceeding \$25.00.

Your obedient servant,

J. D. Sutherland
J. D. Sutherland.

Kootenay Indian Residential School,
Cranbrook, B.C. May 13th, 1934

Mr F.S. Ryckman,
Indian Agent,
Cranbrook, B.C.

Dear Sir:

I wish to request the Indian Department to grant us the usual summer holidays from July 1st to September 1st, as has been done during the last four years.

We have always credited this extension of holidays as the source of great improvement in the health of our children as well as giving general satisfaction to our Indians. During these two months the weather in the Kootenays is as a rule too hot to carry on satisfactory school work. Our pupils generally spend the summer vacations in their tepees and the majority are well cared for at this time of the year. Many of our children live long distances from the school and spend considerable time travelling to their homes.

I would be glad therefore if the Department will give favorable consideration to this request as they have already done in the past.

Yours faithfully,

Rev. J.M. Patterson, O.M.I.

J. M. Patterson, O.M.I.
Principal.

155-0-10
Kootenay Indian Residential School,
Cranbrook, B.C. June 22nd, 1934:

Dr H.W. McGill,
Deputy Sup't, General Indian Affairs,
Ottawa, Ont.

R

Dear Sir:

Answering your letter #1-1-10, of June 15th, I beg to submit the following list of pupils who will be 16 years or over at the end of the present June quarter:

No. 172 Frederick Birdstone.
184 Zacharia White
0177 Angelique Gonzaga

Before making application for the discharge of pupils from school it has been our custom to confer with the agent and the chiefs of the reserve as well as the parents of the children. By so doing we have been able to give the Indians a sense of responsibility for these children which they would not have otherwise. We have been trying out a method of post-school supervision which appears to be giving very good results.

The above named children have been retained in school at the expressed request of their parents or guardians. Consequently I would like to have your permission to keep their names on the roll till the end of the vacation during which I shall have time to visit the reserves and discuss with them how best to make a place for them, as well as a few others who will have reached sixteen years of age during the summer months.

Assuring you of my earnest cooperation in the development of character and education amongst the Kootenays, I remain,

Yours faithfully,

Rev. J.M. Patterson, O.M.I.

J. M. Patterson, O.M.I.
Principal.

POOR COPY

Ottawa, June 28, 1934.

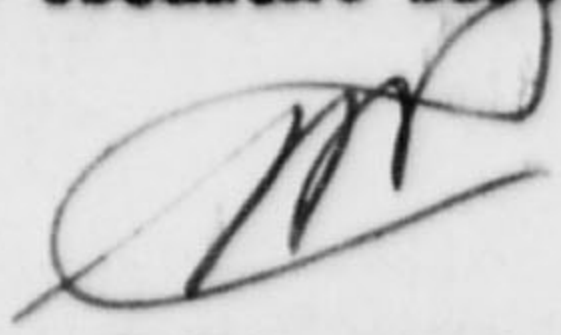

Reverend Sir:

With reference to your letter of the 22nd instant, it is noted that there are only three children sixteen years of age or over, at present in the Kootenay Indian Residential School. It is noted, also, that you will write, later, with reference to whether you consider they should be discharged or retained in the school.

In writing the circular letter of the 15th instant, it was the Department's intention to bring to the attention of Principals of Indian Residential Schools the necessity for their asking the Department for permission to allow children who are 16 years of age or over to remain for a further period.

In future, requests should be forwarded whenever children reach 16 years of age, and the correspondence should be directed through the Indian Agent's office, in order that he may make any recommendation that he considers necessary.

Your obedient servant,

Philip Phelan,
for Supt. of Indian Education.

Kootenay Indian Residential School,
Cranbrook, B.C. January 4th, 1935.

Mr F.S. Ryckman,
Indian Agent,
Cranbrook, B.C.

Dear Sir:
I herewith enclose applications for school admission for the
following pupils:

0253 Agnes Abraham
0254 Rosalie Capilo
0255 Ann Mary White
233 Frank Toby
234 Edward Morigeau
235 Frank Baptist

I am also applying for the discharge of the following pupils:

0190 Madeline Toby
182 Leo Williams

both of whom are over school age and have finished a creditable course
of studies.

I am requesting retention on the list for the remainder of
this term of 0189 Mary Theresa Francis, ^{16 years of age} whose parents are both dead
and whose relatives have asked that she remain in school for awhile
longer as they have no home suitable for her.

Yours faithfully,

J. M. Patterson, O.M.I.

January 8, 1935.

Sir:

I beg to enclose herewith a letter received from the Reverend J. M. Patterson, Principal of Kootenay Residential School, in which he requests authority to admit to the school the following pupils:

Agnes Abraham
Rosalie Capilo
Ann Mary White
Frank Toby
Edward Morigeau
Frank Baptiste.

Authority is also requested to discharge two pupils, Madeline Toby and Leo Williams.

I trust that these requests will meet with approval, and also that the retention of Mary Theresa Francis, orphan girl of St. Mary's Reserve, be approved.

I beg to enclose herewith applications for admission for the six pupils mentioned above.

Respectfully submitted.

I have the honour to be,
Sir,
Your obedient servant,

F. S. Ryckman

APPLICATION FOR ADMISSION

To the

Deputy Superintendent General
of Indian Affairs,
Ottawa, Canada

September 1 1935

Sir,—

I hereby make application for admission of the undermentioned child into the Montenay Indian Residential School; to remain therein under the guardianship of the Principal for such term as the Department of Indian Affairs may deem proper:

Indian name of child.....
English name..... Anastasia Moses
Age..... Nine years
Name of Band..... Columbia Lake
No. of ticket under which child's annuity is paid.....
Father's full name and No. Moses Michel
Mother's full name and No. Margaret - Agnes
Parents living or dead..... Living
State of child's health..... Good
Religion..... Roman Catholic - ✓
Does applicant speak English?..... no
Previously attended school for years

Moses Michel
(Signature of Father)

NOTE—If mother or guardian signs, agent must forward full explanatory note.

I hereby certify that the above application for admission has been read over and interpreted to the parent or guardian and that the contents were understood by him or her and that I witnessed his or her signature to this document.

I recommend the admission of the above child, who is of good moral character and is eligible to be admitted as a grant-earning pupil.

[Signature]
Signature of Missionary or other Witness

F. S. Ryckman
Agent

*Principal or other official of the school must not sign as witness.

NOTE—All the above particulars must be fully given, especially the "Name of Band," "No. of ticket under which child's annuity is paid" and "Religion." The minimum age for admission is seven (7) years, except in the case of an orphan, destitute or neglected child. When application is made for the admission of such cases, full particulars should accompany the application.

Ottawa, January 9, 1936.

Dear Sir:

On the December quarter return of the Kootenay Residential School there is shown the name of Andrew Basil, No. 228. On July 2nd, last, the Principal wrote the former Agent, Mr. Ryckman, requesting the discharge of this boy, and his discharge was approved by official letter of July 10th. No application has been received for his re-admission to the school. Please let me know when the boy was re-admitted and on whose authority.

The names of Agnes David, No. 0197, and Susan Thomas, No. 0238, were shown on the September return but do not appear on the December return, although no application has been received for their discharge. Please advise regarding these pupils.

The usual application forms and certificates of health should be forwarded as soon as possible for the following:

#239 - Geo. Phillips
240 - Stanley White
0259 - Mary Ann Michel
0261 - Rosalie Nicholas.

Yours truly,

J. D. Sutherland,
Acting Supt. of Indian Education.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

II/4121

Cranbrook B.C.
February 5th 1936.

Dear Sir:-

As directed in your letter of January 9th file No. 155-0-10., I am enclosing herewith applications and certificates of health for admission to the Kootenay Indian Residential School for the following:

No. 239 - George Philips
240 - Stanislaw White 6 yrs.
0259 - Mary Ann Michell
0261 - Rosalie Nicholas. 6 yrs.
228 - Andrew Basil.

You will note that Stanislaw White and Rosalie Nicholas are under the minimum ages of 7 yrs, in this regard I wish to advise they have been badly neglected at home and it will be to their advantage to be admitted. With reference to the last named, Andrew Basil No. 228, this boy was discharged for reasons of ill health. Dr. Green now certifies that he is fit to return to school and his parents are also anxious for Andrew to complete his education. I beg to advise Andrew has not yet been re-admitted to school and it was an error showing his name on the last quarterly returns.

I also enclose applications from the Rev. Principal for the discharge of No. 0238, Susan Thomas, No. 0197, Agnes David, and No. 0189, Mary Theresa Francis, the last named to take effect as at March 1st 1936.

Yours faithfully,

Robert Howe
Acting Indian Agent.

APPLICATION FOR ADMISSION

To the
Deputy Superintendent General
of Indian Affairs,
Ottawa, Canada

January 15 1936

Sir,—

I hereby make application for admission of the undermentioned child into the Kootenay Indian Residential School; to remain therein under the guardianship of the Principal for such term as the Department of Indian Affairs may deem proper:

Indian name of child Zachary Basil
English name Zachary Basil
Age 7 (born April 14, 1929)
Name of Band L. Kootenay
No. of ticket under which child's annuity is paid
Father's full name and No. Neas Basil
Mother's full name and No. Nancy
Parents living or dead living
State of child's health fairly good
Religion Catholic
Does applicant speak English? No
Previously attended No school for years

+ Neas Basil
(Signature of Father)

NOTE—If mother or guardian signs, agent must forward full explanatory note.

I hereby certify that the above application for admission has been read over and interpreted to the parent or guardian and that the contents were understood by him or her and that I witnessed his or her signature to this document.

I recommend the admission of the above child, who is of good moral character and is eligible to be admitted as a grant-earning pupil.

* [Signature]
Signature of Missionary or other Witness

[Signature]
Agent

*Principal or other official of the school must not sign as witness.

NOTE—All the above particulars must be fully given, especially the "Name of Band," "No. of ticket under which child's annuity is paid" and "Religion." The minimum age for admission is seven (7) years, except in the case of an orphan, destitute or neglected child. When application is made for the admission of such cases, full particulars should accompany the application.

Form No 406.

15-9-36.

1. This a.m. I received a long distance telephone call from the N.C.O.I/C., Cranbrook Section., Cranbrook, B.C., to the effect that the above mentioned girls, all aged about sixteen years, had escaped from the school on the night of Sunday, Sept 13th, and were thought to be heading for the Tobacco Plain Indian Reserve, where their parents reside.

2. On receipt of the above I at once left per Police Car Code 1066 for the reserve, on my arrival at the reserve I interviewed Ambrose GRAVELLE (father) of Mary and Elizabeth, and guardian of Lucy BAPTISTE, and he told me that the girls had not as yet returned home, he further stated that he was at a loss to understand why the girls had left the school.

3. In company with Ambrose I visited the home of John PHILLIPS (father) of Elizabeth PHILLIPS, on our arrival there we were informed by (Mrs) John Phillips that the girls had arrived at their place on Monday evening of the 14th instant in an exhausted and starving condition, having walked all the way from Cranbrook. On me telling them that the girls would have to be taken back to Cranbrook, they asked to be allowed to keep them home for a few days, until they got rested up after their long walk, saying that they would take the girls back to Cranbrook themselves not later than Saturday Sept. 19th, to which I consented. I telephoned the Indian Agent at Cranbrook informing him of the present whereabouts of the girls, and that the parents would be bringing them up to the school not later than Saturday. Sept. 19th.

Cranbrook.
FIRST.

1. Reference report of Fernie Detachment, dated 15:9:36
Fernie, B.C. re the above mentioned Indian Girls, and act-
ing upon the instructions of the N.W.O. i/c Cranbrook Det-
achment, and at the request of the Indian Agent a patrol
was made to the Tobacco Plains Indian Reserve, the St.
Eugene Indian School and return to Cranbrook, B.C., by
Cst: Inglis accompanied by the Indian Agent, per Police Car
Code 3208.

2. Prior to the start of the patrol forms had been made
out with reference to Para 4 of the Indian Act, to be hand-
ed to the parents or guardians of the above mentioned girls
in the event of a refusal when asked to send the girls back
to the St. Eugene School.

3. The parents when interviewed by the Indian Agent were
perfectly willing to let the girls return to the school in
the Police Car on the return trip. The only reason, they
explained, that the girls had not been returned to the
school sooner was the lack of transport facilities at the
Tobacco Plains Reserve.

4. Separate report covering Elizabeth PHILLIPS, the
fourth member of the quartette, forwarded.

5. Copy to the Indian Agent concerned.

6. F 93 covering expenses incurred, period Sep:18/30th.

Re:

Elizabeth PHILLIPS, run-away girl from
the St. Eugene Indian School.

Headquarters

1. The abovementioned girl, a former pupil at the St. Eugene Indian School, had accompanied the Indian girls, Mary GRAVELLE, Elizabeth GRAVELLE, & Lucy BAPTISTE, when they ran-away from the school.

Sub-Division

2. Enquiries at the Tobacco Plains Indian Reserve re the girls mentioned in para 1, revealed the fact that the captionally mentioned girl to be neither a member of the Band nor an Indian. Her Mother it appears is a $\frac{1}{2}$ Breed, and her Father is a $\frac{1}{2}$ Breed. This being the case no steps were taken to have her sent back to the school.

OFFICE OF
INDIAN AGENT

Cranbrook, B. C.,
October 5th, 1936.

Dear Sir:

Further to my report for the month of September I beg to advise that there were six desertions from the Kootenay Indian Residential School during the month. On or about the 20th instant four young girls of the Tobacco Plains Reserve left the school some time during the night and returned to their homes on the reserve two days later - distance of sixty-five miles. I am told that the girls were picked up by some friends the second day of their journey and taken to their homes, where, in the company of Constable Ingles of the R.C.M.P. I called and brought them back to the school.

A week later two other girls of about fourteen years of age left the school very early in the morning and started for their homes on the Shuswap Reserve, almost a hundred miles away and were intercepted two days later by Mr. Sinclair, who is Game Warden at Canal Flats and kept at his home until the Principal of the school, Rev. Father Murphy, O.M.I., was able to call for them and bring them back. Canal Flats is between 55 and 60 miles from the school.

I am at a loss to know why there should have been so many desertions in so short a time as the Sisters in charge appear to be very capable teachers and very considerate.

Your obedient servant,

Andrew Irwin,
Indian Agent.

Ottawa, October 16, 1936.

Dear Sir,-

The Department is in receipt of your letter of the 5th instant, with reference to the truancy of a number of the girls from the Kootenay Indian Residential School.

If you have not already done so, you should discuss this matter with the Principal with a view to ascertaining the reason for the girls truancy. Following this interview, you might again write the Department.

You may inform the Principal of the Kootenay Residential School that the admission of Raymond Adrian (Dennis) is approved.

The usual application forms and certificates of health should be forwarded as soon as possible for the following pupils:-

No. 243 - Mattheis David No. 0265 - Clara Sam
" 245 - Andrew Phillips " 0266 - Edna Auld
" 246 - Thos. Antoine " 0267 - Marg. Auld

OFFICE OF
INDIAN AGENT

Cranbrook, B. C.,
October 29th, 1936.

Dear Sir:

With reference to your letter No.155-0-10 of October 16th I may say that I have had several discussions with the Principal regarding the action of the girls in running away from the school and the more we think of it the more we are convinced that their action was due to a certain nervousness in meeting the Sisters. They were not accustomed to their garbs and, at the beginning, were uncomfortable in their presence. Since they have returned to the school, however, and become better acquainted they appear to be getting along very nicely, and in so far as truancy is concerned, I do not anticipate any further trouble.

Yours very truly,

Andrew Irwin,
Indian Agent.

Re: Mary A. JUSTIN & Anasthesia MOSES - Indian Girls
Runaways from St Eugene Indian School, Mission, B.C.

Headquarters

Sub-Division

Detachment

37C.14-8.

P. C. R.

First

1. On the morning of 22nd instant I was informed by Mr. A. Irwin, Indian Agent for this district, that he had been notified that the two Indian girls named above, had run away from the St. Eugene School, near Cranbrook, during the late evening of Monday, 21st instant. Their ages were about fifteen and ten, respectively. Mary JUSTIN was the daughter of the Chief of the St. Mary's Reserve, on which the school is situated. The other girl's home is at Columbia Lake.
2. Acting on Mr. Irwin's suggestion, I understand, the principal, Rev. Father Murphy, got in touch with the Chief and the latter instituted search of the Reserve. In late a.m. of 22nd inst. Reg. No. 11256 Cst. McLeod, and myself, patrolled the vicinity of the Reserve per Police Car Code No. 3208, with a view to locating the missing girls. On calling at the School in early p.m. to maintain contact, it was learned that the Chief had located the girls and had just returned them to the school and handed them over to the Principal. Our patrol then returned to detachment.
3. Expenses chargeable on F.93 for period 16/30 Sept.
4. Case Concluded. Copy Report to I/Agent, Cranbrook.

Sgd.

Sgt.
(A.H. Brien) Reg. No. 5431.

Kootenay Indian Residential School

Cranbrook, B.C.

October 19, 1937.

Philip Phelan, Esq.

Chief Training Division, *Ottawa*

Dear Sir:

We shall have the Admission Forms and Certificates of Health for no. 248 Alban White; no. 249 Basil White; no. 0269 Catherine Phillips and 0270 Mary Alexander handed to the Agent as soon as possible.

What delays us, in this regard, is the difficulty, in many cases, to obtain the signature of the father or guardian. The child is brought in by the Missionary or by friends and the one to sign, may be hundreds of miles away from the school, maybe in unknown parts.

We were sorry we did not comply with the regulations of the Circular Letter of May 15, 1937. We have now given "Follow-up Reports" to the Agent concerning the Graduates of 1937 and we shall notify him immediately with regard to those who will finish in June 1938.

Yours truly

Michael Murphy

School
Your File 155-0-10.

Sir,-

With reference to your letter of the 14th ultimo in which you advised that the admission of Edna Parker to the Kootenay Indian Residential School was approved, I would advise that the Reverend Principal advises me that the "Application for Admission" was forwarded direct to the Department with his Quarterly Report ending December 31, 1937.

As the above-mentioned form did not contain the signature of either parent, I now am enclosing one signed by the mother, Mrs. Edith Parker, to replace the previous Form, if the Department considers this advisable owing to the objections raised by the father, Christie Parker.

Your obedient servant,

Enclosure:-

/HM.

APPLICATION FOR ADMISSION

To the

Director of Indian Affairs,
Ottawa, Canada

15 September 1938

Sir,—

I hereby make application for admission of the undermentioned child into the Kootenay Residential School; to remain therein under the guardianship of the Principal for such term as the Minister of Mines and Resources may deem proper:

Indian name of child
English name Elizabeth Dominic
Age Seven years 30/4/31
Name of Band Columbia Lake
No. of ticket under which child's annuity is paid
Father's full name and No. Dominic Nicholas
Mother's full name and No. Sophie
Parents living or dead Both living
State of child's health Good
Religion Roman Catholic
Does applicant speak English? Very little
Previously attended no school for years

D. Nicholas
(Signature of father)

NOTE—If mother or guardian signs, agent must forward full explanatory note.

I hereby certify that the above application for admission has been read over and interpreted to the parent or guardian and that the contents were understood by him or her and that I witnessed his or her signature to this document.

I recommend the admission of the above child, who is of good moral character and is eligible to be admitted as a grant-earning pupil.

* [Signature]
Signature of Missionary or other Witness

[Signature]
Agent

*Principal or other official of the school must not sign as witness.

NOTE—All the above particulars must be fully given, especially the "Name of Band," "No. of ticket under which child's annuity is paid" and "Religion." The minimum age for admission is seven (7) years, except in the case of an orphan, destitute or neglected child. When application is made for the admission of such cases, full particulars should accompany the application.

Form No. I.A. 406.

APPLICATION FOR ADMISSION

To the

Director of Indian Affairs,
Ottawa, Canada

15 September 1938

Sir,—

I hereby make application for admission of the undermentioned child into the Kootenay Residential School; to remain therein under the guardianship of the Principal for such term as the Minister of Mines and Resources may deem proper:

Indian name of child.....
English name..... Raymond Terbasket
Age..... Fourteen years
Name of Band..... Similkameen
No. of ticket under which child's annuity is paid.....
Father's full name and No..... William Terbasket
Mother's full name and No..... Maggie Allison
Parents living or dead..... Both living
State of child's health..... Good
Religion..... Roman Catholic
Does applicant speak English?..... Yes
Previously attended..... Hamloops Residential school for 1 years

Billie Terbasket
(Signature of father)

NOTE—If mother or guardian signs, agent must forward full explanatory note.

I hereby certify that the above application for admission has been read over and interpreted to the parent or guardian and that the contents were understood by him or her and that I witnessed his or her signature to this document.

I recommend the admission of the above child, who is of good moral character and is eligible to be admitted as a grant-earning pupil.

G. R. Rogers O.D.D.
Signature of Missionary or other Witness

James Cole
Agent

*Principal or other official of the school must not sign as witness.

NOTE—All the above particulars must be fully given, especially the "Name of Band," "No. of ticket under which child's annuity is paid" and "Religion." The minimum age for admission is seven (7) years, except in the case of an orphan, destitute or neglected child. When application is made for the admission of such cases, full particulars should accompany the application.

Form No. I.A. 406.

Dear Sir:

In reviewing the September quarter return of the Kootenay Residential School it is noted that in a number of cases the Principal did not state the class in which the pupil is enrolled. In future it would be appreciated if the class of each pupil is stated in order that the total under these headings may equal the total number of children in residence.

The names of pupils discharged should be removed from the quarterly return.

Yours truly,

Philip Phelan,
Chief, Training Division.

FILE 1-10

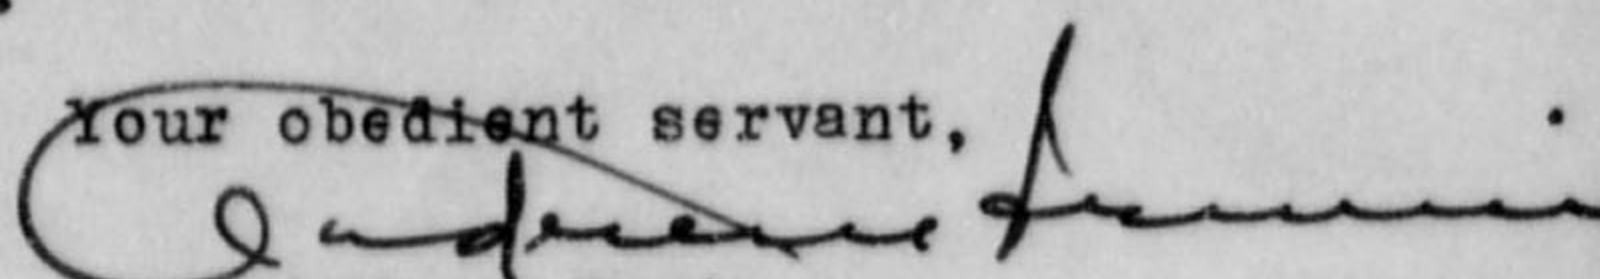

Cranbrook, B. C.,
Jan. 4, 1939.

Dear Sir:

I beg to enclose herewith a letter received from the Reverend Principal of the Kootenay Indian Residential School which explains itself.

Due to an epidemic of Measles on St. Mary's Reserve during the end of August and early September, the School was closed by direction of the Medical Officer for St. Mary's pupils until October 1st. Despite this precaution, however, as stated by Reverend Principal Collins an epidemic of Measles broke out in October when the St. Mary's children returned to school. It is, therefore, true that every known precaution was employed to spare the pupils the risk of coming down with the disease and to keep the ~~class~~ out of the school. When all efforts failed and 38 were taken down with Measles one cannot speak too highly of the untiring efforts of the Principal and staff to nurse the children back to health and strength and their splendid success in dealing with the pneumonia cases.

If, under such unforeseen and trying circumstances, the Department can see its way to meet the wishes of the Principal with respect to some sort of financial adjustment for September, such action is possibly necessary to enable the School to continue their wholesome and healthful standard of living conditions for the pupils which has been so appreciated by each and all who have visited the School during the last 2 years.

The Secretary,
Indian Affairs Branch,
Department of Mines and Resources,
Ottawa, Ontario,

Yours faithfully,

Andrew Irwin,
Indian Agent.

Kootenay Residential School,
Cranbrook, B.C.
16th December 1938.

Mr. Andrew Irwin,
Indian Agent,
Cranbrook, B.C.

Dear Mr. Irwin:

I should like you to give your usual careful attention to this letter, and would ask you to place it before the proper authorities.

As you are well aware, the Measles epidemic closed our school for a considerable length of time, and in consequence, we received no grant for that period. It has been a very serious loss to this institution, for although we did not have the usual high food bill, yet the many other overhead expenses were just the same.

During the month of September, the salaries of the entire staff had to be paid, as well as their board. The usual overhead was present in fuel, light, water, etc. The clothing item was no smaller.

From past experience, it has been found that it requires the full quota of children to make ends meet. From 1929 until 1935 the Principal was unable to draw any salary; and during that time, and even at present, practically the entire produce of the Oblate Fathers' farm went for school upkeep without any remuneration to the Oblate Fathers.

The school was closed through no fault of ours; but in spite of the quarantine, the epidemic of measles broke out when the children returned. Some thirty eight of the children went down with it and although several severe cases of Pneumonia resulted, we were very fortunate in having no deaths.

As the medical advisor of the Department authorized the closing of the school, would not the Department look on the closing

Indian Affairs (RG 10 Volume 6454, file 884-10, part 4)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

POOR-COPY

as an extension of the Summer holidays and give us the grant as for July and August.

Owing to the quarantine, our average attendance of pupils for the September quarter was but fifty five, (55). Had there been no epidemic, our average attendance would have been seventy three, (73). We received grant for fifty five only.

I feel that I have a very strong case, and I trust that the Department will see their way to making a financial adjustment

Thanking you in anticipation,

I remain,
Yours very truly,

P. J. Ballin, O.M.I.
Principal

Ottawa,
January 14, 1939.

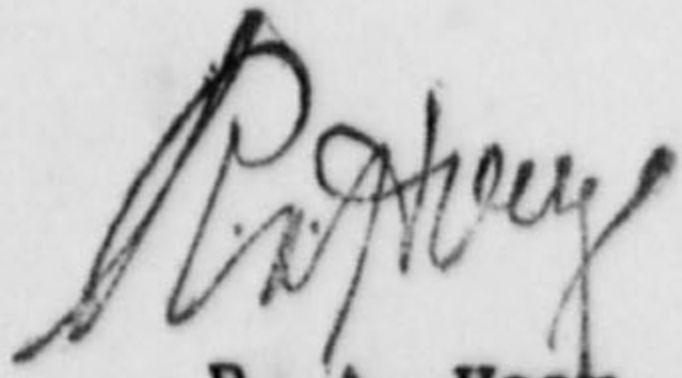

Dear Sir:

I am in receipt of your letter of the 4th instant enclosing letter received from the Principal of the Kootenay residential school with reference to the loss of grant occasioned the school as a result of an outbreak of measles on certain reserves which prevented the pupils from these reserves returning to the Kootenay school when the school re-opened after the holidays. The Principal's request has been given very careful consideration but present regulations do not permit our paying grant when pupils are absent from a residential school for any reason. The only exception is in the case of the two months' holiday leave for which grant is allowed.

 I note that in spite of the fact that the children were kept out of school for some weeks measles broke out in the school following their return. This emphasizes the statement made by our Medical Superintendent in the third paragraph of his letter to you dated August 30 last. As the pupils were not allowed to return to the school on the first of September it is apparent that there were no results from the meeting attended by Dr. Green, the Principal and yourself. However, as pointed out above while the Department sympathizes with the Principal in the financial loss that he has suffered there is nothing can be done about the matter at the present time.

Yours truly,

A. Irwin, Esq.,
Indian Agent,
Cranbrook, B. C.

R. A. Hoey,

APPLICATION FOR ADMISSION

To the

Director of Indian Affairs,
Ottawa, Canada

27th December 1938

Sir,—

I hereby make application for admission of the undermentioned child into the Kootenay Residential School; to remain therein under the guardianship of the Principal for such term as the Minister of Mines and Resources may deem proper:

Indian name of child.....
English name..... Zachary White.....
Age..... Eight years..... 24/4/30
Name of Band..... St. Mary's Reserve.....
No. of ticket under which child's annuity is paid.....
Father's full name and No..... Patrick White.....
Mother's full name and No..... Batherine Paul.....
Parents living or dead..... Both living.....
State of child's health..... Good.....
Religion..... Roman Catholic.....
Does applicant speak English?..... No.....
Previously attended..... No..... school for..... years

Patrick White

(Signature of father)

NOTE—If mother or guardian signs, agent must forward full explanatory note.

I hereby certify that the above application for admission has been read over and interpreted to the parent or guardian and that the contents were understood by him or her and that I witnessed his or her signature to this document.

I recommend the admission of the above child, who is of good moral character and is eligible to be admitted as a grant-earning pupil.

* R. G. Rogers
Signature of Missionary or other Witness

Agent

*Principal or other official of the school must not sign as witness.

NOTE—All the above particulars must be fully given, especially the "Name of Band," "No. of ticket under which child's annuity is paid" and "Religion." The minimum age for admission is seven (7) years, except in the case of an orphan, destitute or neglected child. When application is made for the admission of such cases, full particulars should accompany the application.

Kootenay Residential School

Cranbrook, B.C.

31st January 1939

Mr. Andrew Irwin,
Indian Agent,
Cranbrook, B.C.

Dear Mr. Irwin:

At present in the Kootenay Indian Residential School, we are able to maintain an average attendance of ninety five children. In June, there are only two eligible for discharge; while in September we can expect up to ten new pupils. That means we will be housing at least one hundred children in our school. This we can do comfortably, and in now way will the school be overcrowded. The class-rooms can accomodate 180 children; the dining-room can seat 120 children. We have four dormitories, 34' x 26', each; and two others, 30 x16', each.

Parliament provides a grant for only ninety pupils. In its Estimates for this coming fiscal year, could not the Department arrange for a larger appropriation for our school, say, for one hundred children.

Yours very truly,

P. J. Collins, P.M.S.
Principal

FILE 5-10

Cranbrook, B. C.,
Aug. 16, 1939.

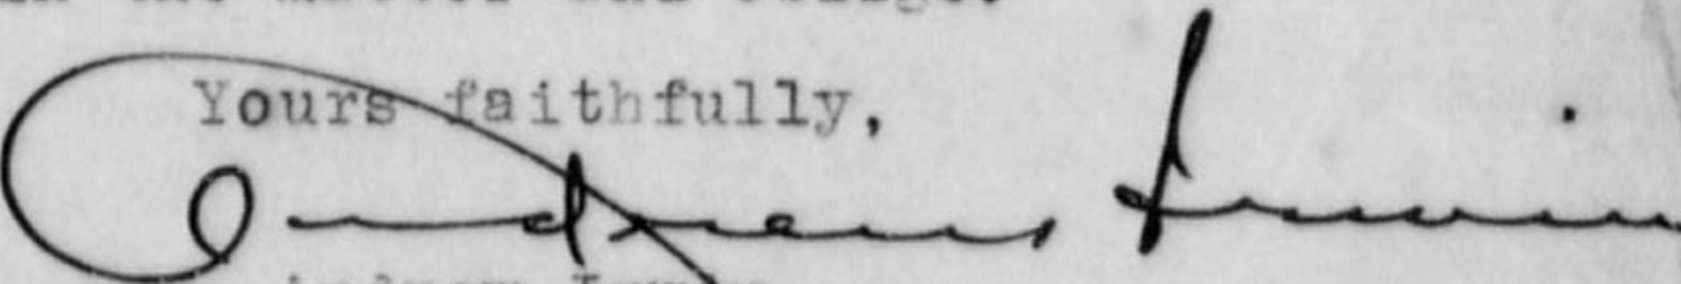

Dear Mr. Hoey:

In this Agency we have an Indian Residential School with an excellent teaching staff and accomodation for at least 100 pupils. The present quota is only 90. In the Okanagan Agency there are more children than can be accomodated in their Schools. Twelve from Westbank and Similkameen deisre to come to Cranbrook. There is no other place that they can go; Kamloops is overcrowded. My understanding is that those children will have to remain on their Reserves until arrangements can be made for their admission to some Residential School with its quota raised from 90 to 100. Our School could take care of them.

It would be a wonderful thing for those children, as well as for our School, if each might benefit by provision being made for their admission by increasing our quota from 90 to 100. I agree with the Reverend Principal Collins that if, at all possible, this should be done. May I, therefore, stress the urgent necessity for an increase of grant for this purpose?

Kindly advise in the matter and oblige.

Yours faithfully,

Andrew Irwin,
Indian Agent.

PLEASE QUOTE
FILE 49-10

Cranbrook, B. C.,
Aug. 17, 1939.

Dear Sir:

Re your File No. 155-0-10.

In reply to your letter of July 25th, and return of voucher covering an item of \$20.00 for transportation of School children from the Kootenay Indian Residential School at Cranbrook, B. C., to the Lower Kootenay Reserve at Creston, B. C., a return trip of 140 miles, kindly be advised that this account has not been paid.

Reverend Father Collins, Principal of the School paid the Railway Company \$86.75 for tickets to transport 14 persons from Cranbrook to Penticton as shown on the attached receipts. The item of \$20.00 is for transporting the children from the School to the above Reserve with his own car and a second car owned and driven by the Reverend G. Rogers, an Indian missionary located at the School. If the Department will kindly forward cheque to the School, including the \$20.00 earned by the Reverend Principal and Father Rogers, the Principal will be glad to acknowledge the same on receipt. Kindly advise if this will be satisfactory and oblige.

Yours faithfully,

Andrew Irwin

Dear Sir:

In reply to your letter of the 17th instant the Department will forward a cheque covering railway transportation as quoted on voucher 3721.

With reference to the item of \$20.00 for car transportation it will be necessary to forward separate accounts of \$10.00 each, giving full details, one in favour of the Principal and the other in favour of Rev. C. Rogers. This procedure is necessary in order to meet the requirements of the Treasury Board.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

APPLICATION FOR ADMISSION

To the

Director of Indian Affairs,
Ottawa, Canada

1st September 1937

Sir,—

I hereby make application for admission of the undermentioned child into the KOOTENAY INDIAN RESIDENTIAL SCHOOL Residential School; to remain therein under the guardianship of the Principal for such term as the Minister of Mines and Resources may deem proper:

Indian name of child.....
English name..... Maurice Ignatius
Age..... August 28th, 1933
Name of Band..... Tobasco Plains
No. of ticket under which child's annuity is paid.....
Father's full name and No..... Jack Ignatius (No. 21)
Mother's full name and No..... Helen 50
Parents living or dead..... Both living
State of child's health..... Fair
Religion..... Roman Catholic
Does applicant speak English?..... No
Previously attended..... none school for — years

Jack Ignatius
(Signature of father)

NOTE—If mother or guardian signs, agent must forward full explanatory note.

I hereby certify that the above application for admission has been read over and interpreted to the parent or guardian and that the contents were understood by him or her and that I witnessed his or her signature to this document.

Rev. G. Roger M.D.
Signature of Missionary or other Witness

I recommend the admission of the above child, who is of good moral character and is eligible to be admitted as a grant-earning pupil.

Agent

*Principal or other official of the school must not sign as witness.

NOTE—All the above particulars must be fully given, especially the "Name of Band," "No. of ticket under which child's annuity is paid" and "Religion." The minimum age for admission is seven (7) years, except in the case of an orphan, destitute or neglected child. When application is made for the admission of such cases, full particulars should accompany the application.

● APPLICATION FOR ADMISSION

To the

Director of Indian Affairs,
Ottawa, Canada

1st September 1939

Sir,—

I hereby make application for admission of the undermentioned child into
the KOOTENAY INDIAN RESIDENTIAL SCHOOL Residential School; to remain
therein under the guardianship of the Principal for such term as the Minister of Mines
and Resources may deem proper:

Indian name of child.....
English name..... Herbert Abel
Age..... July 13th, 1932
Name of Band..... Okanagan
No. of ticket under which child's annuity is paid.....
Father's full name and No..... Donald Abel
Mother's full name and No..... Becilia Mc Dougal
Parents living or dead..... Both living
State of child's health..... Good
Religion..... Roman Catholic
Does applicant speak English?..... No
Previously attended..... school for..... years

Donald Abel
(Signature of father)

NOTE—If mother or guardian signs, agent
must forward full explanatory note.

I hereby certify that the above application for
admission has been read over and interpreted to
the parent or guardian and that the contents were
understood by him or her and that I witnessed his
or her signature to this document.

I recommend the admission of the above child,
who is of good moral character and is eligible to be
admitted as a grant-earning pupil.

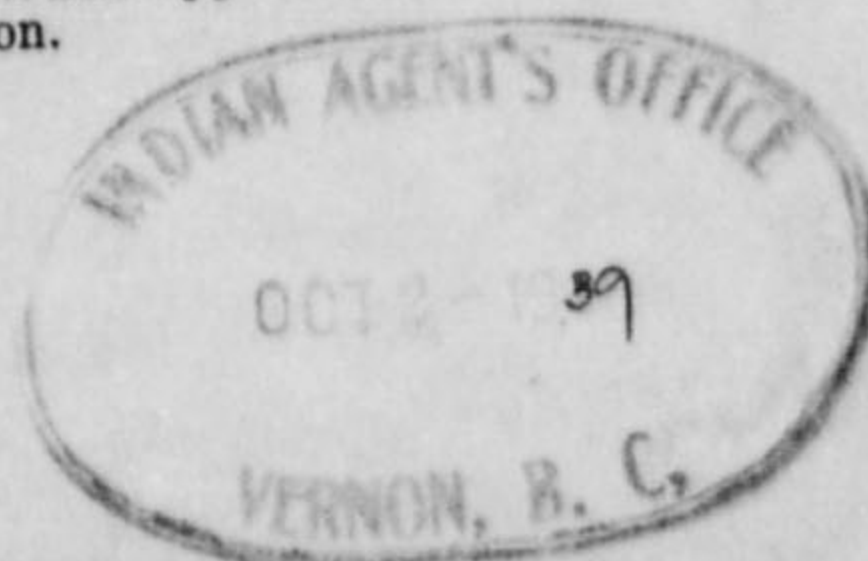

Joseph Murray
Signature of Missionary or other Witness

W. H. Barker
Agent

*Principal or other official of the school must not sign as witness.

NOTE—All the above particulars must be fully given, especially the "Name of Band," "No. of ticket
under which child's annuity is paid" and "Religion." The minimum age for admission is seven (7) years,
except in the case of an orphan, destitute or neglected child. When application is made for the admission
of such cases, full particulars should accompany the application.

Dear Sir:

As you are aware an amount of \$180.25 was allowed last year for the transportation of children to and from the Kootenay Indian Residential School. Due to a decrease in our appropriation it will only be possible to allow an amount not exceeding \$90.00 this year. You should so inform the Principal and co-operate with him in having the Indians take their children to and from the school during the coming summer.

Yours truly,

Philip Phelan,
Chief, Training Division.

Dear Sir:-

Re File No. 155-0-10.

I wish to acknowledge receipt of your letter of the 13th inst., and to advise that the same has been discussed with Rev. Father Collins, Principal of the Kootenay Indian Residential School.

I need hardly say that we shall be pleased to cooperate in any and every way we can regarding the transportation of Indian Children to and from the school.

Yours faithfully,

Andrew Irwin,
Indian Agent.

APPLICATION FOR ADMISSION

To the

Director of Indian Affairs,
Ottawa, Canada

1st September 1940

Sir,—

I hereby make application for admission of the undermentioned child into the Kootenay Indian Residential School; to remain therein under the guardianship of the Principal for such term as the Minister of Mines and Resources may deem proper:

Indian name of child.....
English name..... Blara White
Age.....
Name of Band..... St. Mary's
No. of ticket under which child's annuity is paid.....
Father's full name and No..... Patrick White
Mother's full name and No..... Batherine Paul
Parents living or dead..... Both living
State of child's health..... Good
Religion..... Roman Catholic
Does applicant speak English?..... No
Previously attended..... none school for..... years

Patrick White.
(Signature of father)

NOTE—If mother or guardian signs, agent must forward full explanatory note.

I hereby certify that the above application for admission has been read over and interpreted to the parent or guardian and that the contents were understood by him or her and that I witnessed his or her signature to this document.

I recommend the admission of the above child, who is of good moral character and is eligible to be admitted as a grant-earning pupil.

* Res. B. Roger Dr. I. Anderson
Signature of Missionary or other Witness Agent

*Principal or other official of the school must not sign as witness.

NOTE—All the above particulars must be fully given, especially the "Name of Band," "No. of ticket under which child's annuity is paid" and "Religion." The minimum age for admission is seven (7) years, except in the case of an orphan, destitute or neglected child. When application is made for the admission of such cases, full particulars should accompany the application.

Ottawa,
January 15, 1941.

Dear Sir:

In checking the December quarter return of the Kootenay Residential School it is noted that Josephine Dominic, No. 0252, was shown as 16 years of age on the September return but appears as 15 years of age on the December return. The original application form submitted for this girl shows that she was 16 years of age in 1934 at the time of her entrance to the school which would make her 16 years of age last September.

There may be special reasons for wishing to retain her in the Kootenay School for a further period but I would point out that in that event formal application should be made to the Department and our permission obtained. Please discuss this matter with the Principal and let me have the reasons for wishing to keep the girl after the age of 16 years.

Yours truly,

Philip Phelan,
Chief, Training Division.

Dear Sir:-

Re your file 155-O-10 and letter of January 15th.,
concerning Josephine Dominic #0252 of the Kootenay Indian
Residential School.

Our records show that this Indian Girl was born
on Octr. 8th, 1924 and was therefore sixteen years of age on
Octr. 8th, 1940- She did not get started to school until she
was nine years old, as a result of which she is only in Grade
5. It is felt therefore, that she would be greatly helped, if
permitted to continue at the School throughout the present
School year. Her Parents are very anxious that she should
have this concession. If it is satisfactory to the Department
kindly advise, and oblige,

I/L

Philip Phelan Esqr.,

Re #0292 Millie Paul; as this girl did not return, and
was not to return (she did not want to) I applied for her discharge. Since
then the Mother has asked twice, and the girl once, that she return. She is
now here-she should not be discharged.

Signed..G.Forbes.C.M.I.....

Mr. Andrew Irwin.
Indian Agent.
CRANBROOK. B.C.

Dear Mr Phelan;

Would you please have \$1500.00 of the December grant advanced to me towards the end of the month as I have only about \$300.00 on hand and have some debts to pay. Thanks to the \$3500.00 obtained from the Oblates, all the old bills have been paid. It is financially difficult to run this school as we are buying our meat and vegetables - although it looks as if the Oblates will have to pay for the latter.

Through the letters of the Vernon Indian Agent, you are acquainted with the case of the three Steele girls. They did not return this year but I suggested that it would be better for them to return on account of home conditions even though they were said to be attending a day school. The mother is dead, the father is in the army and, I am told, their Aunt is not fit to look after them. The Agent submitted the case to the Department and, recently, told me that the Department had ordered them to be returned to this School. The Agent promised to have them taken to Penticton and asked me to provide an escort from Penticton to Cranbrook. (This is always done especially as the train gets into Nelson at about 7 or 8 p.m. and stays there for about 6 hours). I wrote to our Agent saying that, while I was really anxious, for the good of the girls (whose guardian aunt I am informed was recently arrested for her part in a drunken brawl), to have them return, I could neither send an escort nor pay for their transportation particularly as they would not be grant-earning pupils as we now have our ~~matriculated~~ pupilage of 83.

The Department grants us only \$90.00 for the transportation of all pupils during the entire year. As the Indian fare for children over 12 is \$17.00 per child per year to and from Penticton, the grant does not pay for transportation of the Okanagan pupils one way. Then, the return fare of the escort has to be paid. I had Father Murray go twice to Penticton, Vernon, etc for children since Sept. 1st. The natural reply is that the parents should be made to pay at least something towards transportation. I have seriously tried here and elsewhere to have this done but have failed. So have others.

In my letter to the local Indian Agent, I requested that, in view of the serious danger in which I am told these three girls are, the Department pay their fares and also allow a grant for them. I submitted also that, in view of the unfortunate financial condition of this school and the small pupilage, the Department is asking too much when it expects us, with a transportation grant of only \$90.00, to pay the fares of the Okanagan pupils. I would greatly prefer to receive no transportation grant and to have the Department handle the transportation problem.

Yours Truly,
C. J. Jones Q.M.

P.S. So far, we have had no illness. The Provincial Police have just called & rung the fire alarm. They appeared satisfied with the fire alarm system, recently installed, & with the way the pupils responded.

Dear Sir:

With reference to your letter of the 10th instant you may inform the Principal of the Kootenay Residential School that the Department approves the discharge of the pupils whose names are shown on the attached list.

The re-admission of Millie Paul, No. 0292, is also approved.

Yours truly,

Philip Phelan,
Chief, Training Division.

APPLICATION FOR ADMISSION

To the

Director of Indian Affairs,
Ottawa, Canada

Feb. 4th

1942

Sir,—

I hereby make application for admission of the undermentioned child into the Lootenay Indian Residential School; to remain therein under the guardianship of the Principal for such term as the Minister of Mines and Resources may deem proper:

Indian name of child Joachim
English name Joachim
Age 7 (May 7th 1934)
Name of Band St. Mary's
No. of ticket under which child's annuity is paid 293
Father's full name and No. Joe Shookum
Mother's full name and No. Ann Basimie
Parents living or dead Mother is dead
State of child's health Good
Religion Catholic
Does applicant speak English? a little
Previously attended no school for no years

X Joe Shookum
(Signature of father)

NOTE—If mother or guardian signs, agent must forward full explanatory note.

I hereby certify that the above application for admission has been read over and interpreted to the parent or guardian and that the contents were understood by him or her and that I witnessed his or her signature to this document.

I recommend the admission of the above child, who is of good moral character and is eligible to be admitted as a grant-earning pupil.

X Mrs Conrad Williams Agent
Signature of Missionary or other Witness

*Principal or other official of the school must not sign as witness.

NOTE—All the above particulars must be fully given, especially the "Name of Band," "No. of ticket under which child's annuity is paid" and "Religion." The minimum age for admission is seven (7) years, except in the case of an orphan, destitute or neglected child. When application is made for the admission of such cases, full particulars should accompany the application.

Ottawa,
April 16, 1942.

Dear Sir:

you

For the past two or three years the Department has been allowing an amount of \$90.00 a month for travelling expenses of pupils to and from the Kootenay Residential School for holidays. The Principal has written to us on different occasions and stated that this amount is not sufficient. The amount provided for travelling expenses in our appropriation is limited. However, we do not wish to do an injustice to any particular school. I should, therefore, appreciate your discussing the matter fully with the Principal and advising me the amount that you think should be allowed. I cannot promise you that this sum can be granted but very careful consideration will be given to your recommendation in this particular regard.

C

The Department has always felt that the parents should show sufficient interest in their children's education to take them home for holidays and return them on the expiry of their leave. Certainly there should be no difficulty in having the parents take the children home and, if they do not call for them, the children should remain in the school. There may be more difficulty in having them returned and, in that event, it may be necessary to pay transportation costs.

As pointed out above, the matter will receive further consideration when you reply.

Yours truly,

Mr. A. Irwin,
Indian Agent,
Cranbrook, B.C.

Philip Phelan,
Chief, Training Division.

KOOTENAY INDIAN SCHOOL

CRANBROOK, B. C.

Mr. A. W. Irwin,
Indian Agent,
Cranbrook, B.C.

Dear Sir:

In his letter of April 16th (I55-O-10), Mr. Philip Phelan, Chief, Training Division, asked us to discuss my contention that \$90.00 a year (and not per month as the copy of the letter states) is not sufficient to pay for the pupils' transportation. I presume that, as in other schools this amount is half of what was formerly granted.

We are agreed that the parents should pay at least transportation costs, at least as a rule, especially as the Department and the School authorities not only furnish education free of charge but also clothe and feed the pupils. This was done during and before my time in the Cariboo School and I have sincerely tried to introduce this both in the Christie School and here. I have succeeded only in creating serious ill-feeling on the part of the Creston and some other Indians towards the School and the Department. For reasons to be given later, I have not even suggested that the Okanagans pay for their children's transportation. My experience is that it is neither advisable nor economical to try to force certain Indians to do their duty in this matter.

Let us take each reserve starting with the Kootenays.

St. Mary's reserve is adjacent to the School. Naturally, these people need no assistance from the Department.

Windemere reserve (Columbia Lake). With the exception of a few poor people, the parents bring their children to school and take them home. The one exception, last September, was Mrs. Martin Sam who receives a soldier's wife's allowance and could easily pay. She and her children traveled a great deal and she finally sent her son by bus C.O.D. to Penticton from Vernon. We could not leave him ~~xxxx~~ stranded there and, so, Father Murray brought him with the ~~xx~~ Okanagan children. I need not say that it was useless to try to collect from her. I expect the same of her next year as she is still traveling and, I am told, carrying on while her husband is overseas.

Shuswap reserve—about 90 miles away. These people appear to expect us to bring their children to school. Some are poor and cannot visit their children during the year but I think that, if you take action, some at least could bring their children.

Tobacco Plains—about 65 miles away. In general, these people come for their children and bring them back but action should be taken against those who use as an excuse their having to bring their children to school in order to keep them home and out of school.

Creston—(Lower Kootenay)—about 65 miles distant. You will, I think agree, that these people, lazy, shiftless, apparently sitting around and doing nothing but waiting for their rental to be paid, are just about hopeless. There was very bitter feeling when I tried to insist that they come for their children last June. They did not come. While I do not like to give in to them, I do not see how we can get the children home or bring them back unless we do it ourselves. Their children do not seem to be taken care of at home during the holidays and, were it not for reasons given below, I would suggest that some be kept here during the holidays. They are taken to the orgy at Toppenish where there is drinking, immor-

ARCHIVES PUBLIQUES
CANADA

OR-COPY

ality and disease. Two of our pupils (one has not returned but recently asked to return to school), girls of 14 or 15, contracted gonorrhea during the last holidays. Other women are said to be in the same case. In spite of this, the parents would much prefer to keep their children out of school and on the reserve. They consider that they are doing us a favor by allowing us to take the children and, as a part payment for this, one man told me that the least we could do would be to pay the parents' fare from Creston whenever they wished to see their children here. You know the attitude. The best thing to do would be to use measures that would put sense into the Creston Indians' heads but what can be done? Leave the children at Creston where they will be undernourished and exposed to immorality and disease? I understand that they have a new Chief. I do not know him. When you see him, could you explain matters to him in such a way as to make him see things as they really are?

The Okanagans. While there are some rather tough customers amongst these people, I think that they are much more sensible, advanced and well off than the Kootenays. However, I am very much in favour of not asking them to pay for their children's transportation even if they could do it. In the first place, we need these children both to get our pupilage, without which the school could not be financed, and also to raise the level of the school. It would be impossible to get them if we insisted that the parents pay \$17.00 per child (and there are two to four of school age in these families) for the return fare exclusive of incidentals and at Indian rate. -For children under twelve, the expense is half the above. This amount includes only the fare from Penticton and not from Inkamieep, Westbank, Vernon, etc to Penticton. Another factor is the attractions and the proximity of the Kamloops school to which many Okanagans have gone and go. With its very large pupilage and consequent comparatively smaller overhead, this very efficient school can offer attractions which we cannot. But the main thing is its proximity to the Okanagan. Were I to state that Kamloops is ten or twenty times nearer than we are, a map would be brought out to show that, apparently, I was exaggerating. In reality, I am not. We have to consider the roads, the mountains, the ferries, the distance and the cost. What I mean will be understood ~~that~~, perhaps, if I state that more than twenty times the parents visit Kamloops than they do this School. Why? When several parents from Vernon wish to see their children (and these Indians do want to see their children in school especially as rumors come of the children's being ill, dead, maltreated, etc), to cut down expenses, several get into an automobile and drive there, over good roads, in less than three hours. It takes an hour or two more from other reserves. When they get to Kamloops, they can get hospitality from the Shuswap Indians whom they know (probably as former schoolmates or as relatives) and spend little money. If parents wish to come here, each one has to get to Penticton and each has to pay about \$17.00 for railway fare alone at Indian rate. Then, there is food for the journey and no hospitality from or friends among the Kootenay Indians. The best proof of this is that, since my coming here, only one Okanagan has come to visit her child. There is another point. Being so close to the Okanagan, the Kamloops School sends a bus or truck and picks up the children or puts them off at their houses and not at the Penticton station as we do. It would not be practical or, I understand, lawful for us to send a truck to the Okanagan as the trip would take a couple of days at least and the children would have to sleep somewhere at night. Even if no one else did, the parents would rightly object to this. It is bad enough when they come by train as they leave Penticton at 7 a.m. and arrive here about 25 hours later.

Indian Affairs (RG 10 Volume 6454, file 884-10, part 5)

3

KOOTENAY INDIAN SCHOOL
CRANBROOK, B. C.

It is hardly worth while mentioning a suggested solution: make the parent bring their children to school and take them home whether they attend the Kamloops or the Kootenay School. The cost of taking them to Kamloops, especially as many would be crowded into an auto, would be negligible as compared with the cost of taking them to Penticton and then paying the railway fare to Cranbrook.

(There is no friction between the Schools or the Principals. In fact unable to accept all applications for admission, the Principal at Kamloops would willingly let all Okanagan come here and he would have done so, last September, had he not been wrongly assured that we were filled up and could not accept the Okanagan).

Even if we paid the transportation costs and Kamloops did not, it would be to the advantage of the Okanagan parents to send their children to Kamloops as they could easily visit them whenever they so wanted and as Kamloops can afford more attractions than can we. However, in order to be able to finance this School, we need the Okanagan and we shall need them especially as there have been about 25 deaths out of about 400 Kootenay Indians during the year ending last March and as more than 20 young men have joined the army from this Agency. The number of deaths and the number of births during the last year tell their story. We need the Okanagan and we shall not get them if we try to make them pay their railway fare. With a reduced pupilage of 83, this school cannot pay this amount.

Is the grant of \$90.00 sufficient or fair? Exclusive of all other costs, I paid the C.P.R. \$98.40, last June, for the transportation of the Okanagan children alone. In September, it cost me \$81.15 plus \$20.00 to bring back those who came at that time. Later, five others came from the Okanagan at an additional cost. In the above expenses is included about \$17.00 for the transportation of an escort at clergy rate. An escort is necessary not only because they children spend 25 hours en route from Penticton or because there are young children but also because the train waits over in Nelson from about 7 in the evening until 1 or 2 in the morning. Although it takes only from about 4.30 a.m. until 10.15 at night to get back to Penticton, it is advisable to send an escort with so many young children.

I think that we could manage if the fares of the Okanagan children were paid but would appreciate an extra \$20.00 to cover other cases such as those of poor families.

By the way, no word has come so far from Ottawa about the \$20.00 per month salary grant for the nurse who attends to Indians on the Reserves. This has not been paid since April 1st, 1941, over a year ago. I sent her report in faithfully every month.

Yours truly,

G. Forbes, O.M.I.

KOOTENAY INDIAN SCHOOL
CRANBROOK, B. C.

Mr. ~~Andrew~~ ^{Erwin},
Indian Agent,
Cranbrook, B.C. *Copy*

Dear Sir:

In the letter I wrote earlier in the day, I forgot the following. It was suggested in the copy of the letter which you passed on to me that we might keep those pupils here whose parents did not take them home for the holidays. I do not like the idea. First, it is punishing the children for the faults of their parents. Secondly, it would make us lose all the ground we have gained in dispelling the idea that this is not a jail or a detention home to which children MUST come ^{instead of} a place where they have the opportunity of improving their status in life. The third reason is the strongest. I believe that, quite naturally, the children kept here would run away and this idea of running away would occur to them and to others during the school term. We have had no runaways for some years now and, I hope, the idea has died. Knowing what I do of what happened here, at Mission, at Lejacq (where runaways froze to death), I cannot agree to the suggestion that we punish the children, whose parents do not come for them, by keeping them during the holidays. Attempts have been made, in the past, by dissatisfied Indians to burn down this School. That is another idea I do not wish to revive. Fourthly, if we kept the children here as a punishment, we should have even greater difficulty than we now have to get them back on time or at all in September. Unless I am mistaken, the Agent is ex officio a truant officer. His expenses and the expenses of the Police and the School would far exceed the original cost of transportation if we kept children here as a punishment. The same thing holds true in the case of the Creston lot and, for other reasons, of the Okanagans if we insist on them paying transportation costs. As facts prove, in both cases, the parents simply will not return their children. They will keep them at home without schooling and we shall find it as hard or harder than we did this year to get even our reduced pupilage. There are, as you are aware, perhaps twenty children at home who should be here in school now.

What specific amount would I suggest as a grant? It is impossible to set a fixed amount as the expenses vary with the number of Okanagan pupils and it is impossible to know exactly how many will be returning for each new term because some stay home without a real reason. This year, three sisters were kept by a relative (whose drinking and other alleged habits made her an unfit guardian) so that she might get an allowance for their keep because their father is in the army if, as I believe the story given me is true. Three brothers stayed at home (where I am told they do not attend school) because they wished to do so and, in order to stay at home, they told their father that one of our employees, no longer here, was "mean". In so far as I could find out, this was not true. - I is hard to say how many will return as the parents seem to have a free hand in sending them to school or keeping them at school. The average cost, however, is about \$200.00 for the Okanagans.

Yours truly,

G. Forbes, O.M.I.

Re File. 155-0-10

Dear Sir:-

I wish to acknowledge receipt of your letter of April.16th.,with reference to a Departmental Allowance of \$90.00 per year,for Travelling Expenses of Pupils to and from the Kootenay Indian Residential School,for holidays.

The Principal explains in his letter herewith enclosed, the difficulties so often encountered in getting the Children back to school. There is no doubt that many are not in a position to furnish transportation for their children,and others will not.

Principal Forbes is now in Ottawa,and in all likelihood will be for some days. It is possible however,that you^{will} have an opportunity to discuss the matter with him.

I/L

Yours faithfully,

Philip Phelan, Esqr.,
Chief Training Division,
Indian Affairs Branch,
Dept. Mines & Resources.
Ottawa, Canada.

Ottawa,
June 19, 1942.

Dear Sir:

Following your letter of May 30, in connection with the allowance for travelling expenses of pupils at the Kootenay School, the Rev. Principal visited the Department and discussed the matter with the officials of the Training Branch. The situation at Kootenay is a little obscure, due to the fact that there is a slight possibility that the building may be taken over by the British Columbia Security Commission. However, it has been decided to allow an amount of \$175.00 for travelling expenses at this school this year, on the understanding that this is the total amount that can be allowed both for pupils going home and returning from holidays. In the event of the school being taken over it will not be necessary to incur any expenditure in bringing the children back.

Yours truly,

Philip Phelan,
Chief, Training Division.

KOOTENAY INDIAN SCHOOL
CRANBROOK, B. C.

July 17/42

Mr Philip Phelan,
Chief, Training Division,
Ottawa, Ont.

Dear Mr Phelan:

I have received a request from Millie Paul, pupil 0292, of Westbank, asking that she be allowed to return to this School for one more year although she is 16. She writes: "Father, I want to go back to school for one more year because its safer there". Last September, an Aunt tried hard to keep the girl at home but the latter insisted & finally returned to school. I would recommend that her request be granted for the reason given. It is quite likely that we shall have more than the pupilage for which we are ~~now~~ paid and that, in reality, the girl will cost the Department nothing.

I have mentioned the matter to Mr Indian Agent Barker and expect no objection from him. The girl has also requested that her 6-year-old cousin be allowed to come with her. The reason suggested is that Cranbrook is far from Westbank (near Vernon) and that the young boy's mother would be less anxious if Millie were here during his first year.

The following from the girl's letter is typical of what I have heard from others - (Before the

"I did all that you told me to do and mother
is very pleased & proud of me. I do all the cooking
and housework. Mother is working out devos but
I help her there a bit too - I tell Sister Cephas that I
tried out her recipe (cooking) and it worked out
pretty well for a start." -

The fact that a 16. year-old girl asks to re-
turn seems to indicate that they are not treated
too harshly here and that, for the reason she gave,
they are trying to do what is right -

With kind personal regards,

Yours truly,

G. Jones Ouel

Dear Sir:-

There is a little Indian boy about ten years of age, known as Sam Pierre, staying with Indians Mr. and Mrs. Pat Abel on St. Marys Reserve. His mother died some months ago and his ^{step-}father, an American Indian abandoned him.

This boy and his mother belonged to the Lower Kootenay Band as did his deceased father. The mother later married an American Indian who thus became responsible for the care of the boy. After his mother's death his step-father left him with the above mentioned Indian family and returned to the states. He makes no effort to sustain his step-son. In fact he was in gaol when his wife died.

The above family would adopt the boy if his step-father would consent, which he has not done. The boy is therefore stranded, and without a home. Under the circumstances, may he, whose mother and father were both Canadian Indians, be granted permission to attend the Kootenay Indian Residential School this year, until some arrangement for his future can be made?

Kindly advise and oblige,

I/L

The Secretary,
Indian Affairs Branch,
Dept. Mines & Resources.
Ottawa, Canada.

Your obedient servant,

Andrew Irwin.
Indian Agent.

Dear Sir: Re: Sam Pierre

I desire to acknowledge receipt of your letter of the 10th instant, written by you on behalf of the above-noted pupil.

In view of the circumstances in which this Indian boy finds himself at this date, you are authorized to take the steps necessary to have him enrolled at the Kootenay Indian Residential School. It would be appreciated if, at the end of the year, you brought the case of this boy to the attention of the Department for review and consideration.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

Dear Sir:-

Kindly advise if Pupil.0245, Agnes Stanley may be granted permission to remain in the Kootenay Indian Residential School until next June. She will be sixteen years of age shortly before Christmas. She is very anxious to continue at school for another year. Her Mother is a widow with a large family, including one mental case to care for. She is not a strong woman, and entirely destitute of all means of earning a living.

Under these circumstances it would be appreciated if her daughter could remain in school for another year.

I/L

The Secretary,

KOOTENAY INDIAN SCHOOL

CRANBROOK, B. C.

Sept. 12th, 1942

Mr. A. Irwin,
Indian Agent,
Cranbrook, B.C.

Dear Sir:

Would you please ask the Department to advance me \$1500.00 on the September Quarter of the per capita grant?

The local missionary and some of the Tobacco Plains Indians have asked that we admit to this school a girl of about 9 who is running around the reserve and is not in school because of what I think is, in the case, a mere technicality. For the following reasons, I would suggest that, while this case be not considered a precedent, the girl be admitted.

She is the daughter of ~~Pete~~ ^{Sam} Pierre and his wife. The father, an American Indian I believe, resided on the Tobacco Plains reserve for several years but, on account of bad conduct was not only not admitted to the band but was expelled from the reserve several years ago. While he has made short and infrequent visits to the reserve, I think that it can be said that he has abandoned his wife and family and that he in no way contributes to their support. The family is very poor and is supported by the mother's work and the charity of a few Indians. The mother is a Tobacco Plains Indian whose parents, as well as she and the young children, reside on the reserve. I might add that, several years ago, Father Patterson, then Principal here, went into the question very thoroughly and found that the mother was in no way to blame for the breaking up of the marriage. Two or three of the older children were admitted to this School.

While, technically, the mother, and, through her, the children, have ^{Through her marriage} lost their rights as Canadian Indians, they have been abandoned by the father and have no choice but to live on a Canadian reserve. The Department might be able to have the American authorities force the father to support the family and see that the young children receive an education. It seems to me that it would be far simpler to judge the case on its merits, relieve the mother of a burden and educate the children who, through the father's action, are practically abandoned children. I think that, including the girl mentioned, there is only one other child who may later wish to come here. The others are over school age.

Yours truly,

S. J. Miles

Dear Sir:-

I beg to enclose herewith copy of a letter received from Rev. Principal Forbes, of the Kootenay Indian Residential School, which explains itself.

The Indian woman referred to, is a daughter of Indian Tom Michel a Canadian Indian of the Tobacco Plains Reserve. She is married to an American Indian known as Sam Pierre of the Flat Head Reserve, in the State of Montana., who deserted her several years ago and is living with another woman. His own wife is destitute, and receives no assistance from her husband.

It will be appreciated therefore, if you will kindly advise if any exception can be made in a case like this.

Ottawa,
September 22, 1942.

Dear Sir:

I desire to acknowledge receipt of your letter of the 17th instant and also a letter received by you from the Principal of the Kootenay Residential School attached thereto.

In view of the Principal's recommendation, we are prepared to admit the daughter of Sam Pierre to the Kootenay Residential School. An application form together with health certificate should be sent forward in due course. In order to avoid any misunderstanding that may arise later, you should inform the Principal that this case must not be looked upon as a precedent and that the admission is authorized only on charitable grounds.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

Dear Sir:-

I am requested by the Reverend Principal Forbes, of the Kootenay Indian Residential School to make application for the discharge of the following Pupils:-

#209 Andrew Baptiste almost sixteen.

#228 Andrew Basil age Sixteen.

Both of these boys are well behaved but rather dull, so the Principal informs me. They could stand more Schooling, but under the circumstances he states that no practical use could be served by keeping them any longer.

✓ #0244 Genevieve Tennessee age sixteen

✓ #0308 Ieresa Jack of Penticton.

A letter from the Principal concerning the splendid qualities of this little Indian girl is herewith enclosed.

I/L

Yours faithfully

The Secretary,

Dear Sir:

I understand from the Principal of the Kootenay School that 7 children in your agency, who were allowed home on holidays, have not yet returned to school. I am requesting the Reverend Principal to advise you of their names and the reserves from which they come. Please arrange to have these children returned to the Kootenay School at the earliest possible date. If the parents are unable to pay their transportation, the Department will be responsible for its cost. An itemized account, in duplicate, should be forwarded for payment

Yours truly,

Philip Phelan,
Chief, Training Division.

EXTRACT FROM LETTER FROM REV. G. FORBES, O.M.I.,
PRINCIPAL, Kootenay Residential School, Cranbrook, B.C.,
dated October 22, 1942.

Original on File 155-0-1

XX

Mr. Indian Agent Irwin has likely submitted the case of Teresa Pierre to you. Technically, this girl is not a Canadian Indian because her Canadian mother married an American Indian. He abandoned his family who have always lived in Canada (Tobacco Plains Reserve) The mother works hard and one or two Indians help her a little to feed and clothe her children but she is poor. Technically, she may have no rights but to all practical purposes she is a Canadian Indian.

And what can be done in this case? Mr. Irwin would quite naturally refuse to consider it on account of the very definite rulings of the Department. He has no right to disobey the Department. Has the Department the right to stretch a point? Two sisters were admitted to this school several years ago and they are still here. In the meantime, their Indian parents appear to have left the Tobacco Plains Reserve and have, I believe, thereby forfeited their Indian rights. They have sent me two younger children, who are now here and whom they do not wish to have separated from the other two who were admitted some years ago. Those admitted by the Department are Edna and Margaret Auld. The other two, whose names do not appear on the returns, are Rose and Lillian Auld. They are Canadian Indians but technically they are not. While I would like to have Teresa Pierre and the two Aulds admitted to the school by the Department, I do not wish to exaggerate - although they would find it difficult, I think that the Aulds could feed and clothe their children. I do not think that Teresa Pierre's mother could look after her daughter as she should. The little girl was thin when she came here and I think that

Indian Affairs (RG 10 Volume 6454, file 884-10, part 5)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

- 2 -

it will be found that she will soon be a T. B. case unless we look after her. I would very strongly recommend that Teresa be admitted. There are good reasons for keeping the Aulds but the case is not so urgent.

In reply to your letter of Octr, 30th., I wish to advise that the seven children referred to in the letter you received from the Rev. Principal Forbes, as not having returned to School have, with the following exceptions since returned:-

241 Zachary Basil Lower Kootenay Reserve.	(In U.S.A)
289 Felix Capilo Columbia Lake	" " "
0254 Rosalie Capilo	" " "

The Capilo family left the above Reserve for Dixon Montana early in August and have not returned.

There ^{were} ~~are~~ also seven children of the Okanagan Agency in attendance here last year, who, for various reasons have not returned.

Andrew Irwin.
Indian Agent.

Dear Sir:-

Re File. 155-O-10

*From
Mr. Phelan
Ottawa*

I wish to acknowledge receipt of your letter of Octr. 31st., with reference to a request you had received from the Principal of the Kootenay Indian Residential School, for admission to the school of Teresa Pierre and two daughters of Mrs. Sam Auld, an Indian woman long since separated from her husband, and struggling along as best she can, to earn a living for herself and family. This woman resides with her father, a half breed known as M. Phillips, about four miles off the Tobacco Plains Indian Reserve line. She has four daughters, two of whom are still of school age; they are not within reach of any Public school, and if not permitted to attend at ~~Saint Eugene~~ ^{the Kootenay}, there is not another school anywhere in the district, that they can attend.

The two eldest girls, Edna and Margaret, 0266 and 0267 attended here in 1936. *These are their numbers on the register*

Yours faithfully,

Andrew Irwin.
Indian Agent.

Ottawa,
December 14, 1942.

Mr. A. Irwin, Indian Agent, Cranbrook, B.C.

In view of the information contained in your letter of the 9th instant, the Department is favourably disposed to admitting the two children of Mrs. Sam Auld to the Kootenay Residential School, provided they are in good health. You should forward the usual application forms and certificates of health for our consideration.

From your second letter of the same date I note that pupils 241, 289 and 0254 are now residing in the United States. Under these circumstances I feel that application should be made for their discharge at the end of December. This will permit their names being removed from the return after that date. If the family returns to Canada, application can be made for their re-admission, if so desired.

With reference to your third letter of the 9th instant, you may inform the Principal that the discharge of pupils 0291 and 0317 is approved. If the condition of their health improves, application for their re-admission can be made at some future date.

Philip Phelan,
Chief, Training Division.

Dear Father Forbes:

I have your letter of the 27th ultimo, and in view of the fact that Louis has deserted his family, the Department approves the admission of Vincent and Lilian Louis to the Kootenay Residential School.

With regard to the Auld children, Indian Agent Irwin was written on December 14 and advised that provided they were in good health we would approve their admission to the Kootenay School. In that letter he was requested to forward the usual application forms and certificates of health, but these have not yet been received.

I desire to take this opportunity of extending to you, to the other members of the staff and the children my very best wishes for the New Year.

Yours sincerely,

Philip Phelan,
Chief, Training Division.

Mr Philip Phelan,
Indian Affairs Branch,
Ottawa Ont.

#10

Dear Mr Phelan:

I have entered #299, Michael Staley
on the Quarterly report although I have not yet
sent his application for admission from the local Indian
Agent. This form will be sent in as soon as possible.

As I have explained to the local Indian Agent,
this boy was brought here after his father had run
away from home & the police. (The father had previously
told me that he was going to send the boy to school) - After
consulting the Agent, I have finally found the mother
& had her sign the application form - As soon as I can
have the doctor examine the boy, I will send in
the forms.

To prevent the pupils from getting the mumps, I
had the school quarantined - The quarantine was
lifted on Dec. 24th and, a few days later, our first
only case (so far) appeared - I notified the Agent right away.
With best wishes for the New Year,
S. J. Jones Esq.

Secretary. Indian Affairs Branch, Dept.Mines&Resources.Ottawa.

I beg to apply for the discharge of the following pupils who have not returned to the Kootenay Indian Residential School.:-

No. 269 Clarence Macdougald. Penticton. B.C. Did not return to School.

" 0291 Edna Pierre-A patient in the Coqualeetza Indian Hospital at Sardis.

" 0311 Lena Lindley This girl should be at School,however,she is a big girl,and owing to not having had any schooling at home, is only in Grade 1- It is humiliating for her,and so she remains at home,at Westbank, in the Okanagan Agency.

No.0315 Hazel Simla,Vernon. B.C. This girl and her sister Violet did very well at the Kootenay Ind.School last year; their father states that he wishes his girls to be sent to the Kamloops Indian School.

No.0316 Violet Simla. same as above.

" 0317 Celine Capilo patient at the Coqualeetza Ind. Hospital.^{at} Sardis.BC.

With the exception of this girl,all other Pupils mentioned, are from the Okanagan Agency.

Andrew Irwin.

Indian Agent.

Cranbrook, B. C.
August 10, 1943

Mr. Philip Phelan, Chief Training Division, Indian
Affairs Branch, Ottawa, Canada.

I wish to acknowledge receipt of your letter of
August 3 and April 19 with reference to pupils at the
Kootenay Indian Residential School.

Regarding Agnes Stanley, No. 0245 and Millie Paul,
No. 0292, the principal has not discharged these girls
although it is doubtful if either of them will return
to school. Agnes will soon be 17, really past school
age. The condition of her home, however, is such that
if she will agree to return to school, which is at
present doubtful, it would be doing her a great kindness
to grant her the privilege for another year. Agnes is
quite a bright girl, and would possibly stand to benefit
a great deal by one more year at school.

Millie Paul, No. 0292 is a member of the Okanogan
Agency still under 16 years of age. Rev. Father Collins,
Missionary Priest for the Indians there advises that he
is hopeful but not at all sure he will be able to per-
suade the parents of this girl to allow their daughter
to return to school. According to Principal Forbes,
she will be very welcome if arrangements can be made for
her return.

Andrew Irwin,
Indian Agent.

In view of the information contained in your letter of the 10th instant, the Department approves pupils No. 0245 and 0292 remaining in the Kootenay Indian Residential School for another year. If however, these pupils do not return to the school before September 30th, I feel that you should apply for their discharge in order that their names may be removed from the Quarterly Returns.

To the
Director of Indian Affairs,
Ottawa, Canada

Sept 1 1945

Sir,—

I hereby make application for admission of the undermentioned child into the Lookanay Indian Residential School; to remain therein under the guardianship of the Principal for such term as the Minister of Mines and Resources may deem proper:

Indian name of child
English name Donald Lawrence
Age 7
Name of Band Tobacco Plain
No. of ticket under which child's annuity is paid
Father's full name and No. Sam Auld
Mother's full name and No. Cecilia Phillips
Parents living or dead Living (wife deserted by husband)
State of child's health
Religion Catholic
Does applicant speak English? yes
Previously attended school for _____ years

Mrs C Auld
(Signature of father) Mother

NOTE—If mother or guardian signs, agent must forward full explanatory note.

I hereby certify that the above application for admission has been read over and interpreted to the parent or guardian and that the contents were understood by him or her and that I witnessed his or her signature to this document.

Rev L. Siney
Signature of Missionary or other Witness

I recommend the admission of the above child, who is of good moral character and is eligible to be admitted as a grant-earning pupil.

[Signature]
Agent

*Principal or other official of the school must not sign as witness.

NOTE—All the above particulars must be fully given, especially the "Name of Band," "No. of ticket under which child's annuity is paid" and "Religion." The minimum age for admission is seven (7) years, except in the case of an orphan, destitute or neglected child. When application is made for the admission of such cases, full particulars should accompany the application.

REPORT ON KOOTENAY INDIAN AGENCY FOR THE MONTH SEPTEMBER, 1943

X

X

X

School;

Although our school is functioning as efficiently as ever, a little trouble was experienced during the opening week. Three small boys aged eight, eleven and twelve apparently homesick decided to run away under cover of darkness, after an absence of two days there were met at Ta Ta Creek by an Indian on his way to Cranbrook and brought back to the School, after travelling more than fifty miles in the general direction of their home. Then again at the end of the month three of the older girls aged fourteen, fifteen and fifteen belonging to three different Reserves, The Lower Kootenay, Tobacco Plains and Columbia Lake, like the three young boys moved out under cover of darkness and have not so far been located although all roads leading in the direction of their homes are being carefully watched by the Indians and the Police. One of the run aways worked with her parents in the State of Montana for about three months in 1942, and it is thought that they may be heading in that direction, for this reason the emigration authorities at Roosevelt have been requested to be in readiness to receive them if they pass that way.

EXTRACT
ORIGINAL ON

REPORT ON KOOTENAY INDIAN AGENCY FOR THE MONTH OCTOBER, 1943.

School:

The Kootenay Indian Residential School has again settled down to its regular routine. On the occasion of my recent visit the Dormitories, Preventorium, Class rooms, dining room, kitchen, pantry etc. were all spotlessly clean and the excellent spreads on the Dining room tables was proof conclusive that the children are not being stinted for food, on the contrary they are being well supplied with the necessary varieties of healful, nourishing and appetizing things to eat.

The three run-away girls mentioned in my last report have since returned to school. They were picked up at McLeod, Alta. by a R.C.M. Police, and escorted back to Cranbrook by a priest.

The three young boys who were mentioned in my last report as having run away from school tried it again this month. The weather, however, was uncomfortably cold so much so that one little lad returned to the school of his own accord before completing his first night out. The other two were located and brought back the following day.

Main Roof repair work undertaken at the School by the Firm of Patmore Bros., in which only Tremco products were used has been in as far as one can tell at the present time satisfactorily completed. The job appears to have been well done, and it is not thought possible that further trouble in this connection will be experienced for many years to come.

Andrew Irwin,
Indian Agent.

Granbrook, B.C.,
November 23rd, 1943.

The Rev. Father Forbes,
The Mission,
City.

Dear Father Forbes:-

Concerning the Swite children - as you know Leonard was reported "Negative" - Lucy and Raymond as "suspects" for tuberculosis by The Travelling Clinic.

Together with my physical examination, I am of the opinion that it would be quite in order to keep these children at the Industrial School, treating the "suspects" as you do the other children that have been placed in this category.

Yours very truly,

(Sgd.) F.W.Green.

Kootenay Indian School,
Cranbrook, B.C.,
Nov. 25, 1943.

Mr. Alfred H. Barber,
Indian Agent,
Vernon, B.C.

Dear Mr. Barber:-

You will recall that the Doctor who examined the four Swite children of the one family (Violet Swite belongs to another family) recommended that they be X-rayed for T.B. as their mother died of that disease. This was reported to the Department and the Department asked that it be given the results of the examination so that it might decide whether these children might be admitted to this school.

The children were given the "patch" test and then, a little later, x-rayed by the Travelling Clinic. The results of these examinations have just been received in a copy of a letter written to Dr. Green by Dr. J. Douglas Galbraith of the Coqualeetza Indian Hospital. The results are:

"Lucy Swite: small infiltration just above right costopbronic angle, tuberculosis suspect, refilm March, 1944.

"(Swite, Violet - negative - She is a cousin).

"Swite, Kathleen, negative",

"Swite, Raymond, increased lung markings. This child is being classified as a tuberculosis suspect. Refilm March, 1944",

"Swite, Leonard: The film which we have allocated to Leonard Swite is negative",

I asked Dr. Green whether he believed that these children are medically fit to attend this school. He replied in the affirmative. I am enclosing his letter on this subject. You may wish to send it or a copy of it to Ottawa. I would like to have the original back when it can be conveniently returned. Dr. Green mentioned only 3 of the Swite children. The other, Kathleen was found to be negative.

Would you please advise the Dept. that Dr. Green considers these children medically fit to be here and that he

wishes.....

Indian Affairs (RG 10 Volume 6454, file 884-10, part 5)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

wishes the two "suspects" to be given the special care
given to similar cases here?

It may interest you to hear that Alice Jack, who
was a "suspect" and treated as such, is now "negative"

Agnes Eneas, Lavinia Squakim and Raymund Eneas
are also negative. The tuberculin test was negative in the
case of Susan but the X-ray caused doubt in the Dr's. mind.

Yours sincerely,

(Sgd.) G. Forbes, O.M.I.

Mr. Philip Phelan, Chief Training Division, Indian
Affairs Branch, Ottawa, Canada.

I wish to acknowledge receipt of your letter of
December 29th, 1943, with reference to the following
pupils discharged from the Kootenay Indian Residen-
tial School in June of 1943.

- No. c245 - Agnes Stanley employed as a maid in the
St. Eugene Hospital at Cranbrook. *Dis. Sept. 43*
- No. 0284 - Phyllis Dominic employed as a maid at the
Coqualeetza Indian Hospital at Sardis, B.C. *Dis. Sept. 43*
- No. 224 - Sam Nicholas *Dis. Sept. 43*
232 - Frank Phillips
and 247 - Roy Eugene are all at home on their Reserves *Dis. Sept. 43*
- No. 288 - Alex Jack, Penticton, age 12. A Doctor found
him medically unfit to return to school, *Dis. Sept. 43*
should be discharged.
- No. 296 - Thomas White, age 9, is going to school at *Dis. Sept. 43*
Bonners Ferry U. S. A. and should be dis-
charged.
- No. 0271 - Julia Pierre, Lower Kootenay, age almost 16 *Dis. Sept. 43*
has not returned to school. Is not an asset
and should be discharged.
- No. 0292 - Millie Paul (Okanagon) almost 16, a bright *Dis. Sept. 43*
girl, but did not return and should be dis-
charged.
- No. 0324 - Bertha Baptiste 13, delicate Okanogan, said *Dis. Sept. 43*
to be at a U. S. A. School, will not return
and should be discharged.

Yours faithfully,

Andrew Irwin,
Indian Agent.

FILE 49-10

Belmont

Cranbrook, B. C.
April 12th, 1944.

Mr. Philip Phelan, Chief Training Division, Indian
Affairs Branch, Dept. of Mines and Resources, Ottawa.

Reverend Principal Forbes of the Kootenay
Indian Residential School has requested me to make
application for the discharge of the following pupils.

No. 238 Charlie Aloysius (Eugene)
No. 292 Paul Eugene
No. 268 Margaret Aloysius (Eugene)

These pupils are attending a Day School at
Bull River where their father, a member of the Shus-
wap Band has had steady employment for several months.
Under these conditions it seems unnecessary to con-
tinue their names on the roll.

Andrew Irwin,
Indian Agent.

Ottawa, April 17, 1944.

Mr. Andrew Irwin, Indian Agent, Cranbrook, B.C.

With reference to the March Quarterly Return of the Kootenay Residential School, we note that the following pupils are over sixteen years of age and should be discharged at the end of June:

No. 252 and No. 0266

The discharge of the following is approved:

No. 238 No. 292 No. 0268

Kindly inform the Principal.

Philip Phelan,
Chief, Training Division.

EXTRACT
ORIGINAL OF

20755-2

Dear Sir:

As the enclosed form left Ottawa during the evening of April 18th, it is impossible for me to have it back in Ottawa by the 20th.

I presume that it was the Department which instructed the local Indian Agent to inform me that Edna Auld is now 16 (and not 15 as I stated on the latest report) and that she should be discharged in June. I have gone to considerable trouble to get the real ages of all pupils and I beg to inform you that I forgot to advise you of my findings in Edna's case. I knew that her younger sister was born in 1929 and presumed by my predecessor was wrong in giving 1929 as the year of Edna's birth. I felt that it should be 1928. I found that Edna Auld was born on Jan. 3rd, 1929 and that Margaret Ault was born on Nov. 22nd, 1929. Edna is, therefore, 15 and not 16.

Edward Morigean should have been listed as being 16. He & a few others will be of age to leave in June.

x

x

x

Yours very truly.

(Sgd.) G. Forbes, O.M.I.

P.S. Re Father Murphy & Transportation. We are 6 miles from town & have to take pupils to Docks & Hospital to bring freight, mail, bread etc from Cranbrook.

G.F.

Mr Philip Phelan,
Chief Training Division,
Ottawa, Ont.

Re-I55-O-II (August 9th).

August 16th, 1944

Dear Mr Phelan:

Thank you for your letter of the 9th and for the enclosures about which I knew nothing as the writer had not mentioned the matter to me. While I did not suggest the change, it will, I think, meet with the approval of several employed by the Department as, after they had seen Father Anthony's work, these gentlemen suggested that Father Anthony be employed as Manual Training Instructor. Several Indians have suggested a change.

It is true that Father Anthony has a profession but, owing to his gifts as a cabinet maker and a carpenter, he has always had work where a church, a school or a rectory needed building or repairing with the result that, were he not stationed here as Manual Trainer, he would likely be sent elsewhere in the same capacity.

I have not asked that the 16-year old pupils be discharged as several asked to be given permission to return in September. As I felt that they would change their minds during the holidays, I told them to write to me during the holidays to let me know whether they still wished to return for another term.

(Vernon, B.C.) I shall likely submit the following case to Mr Indian Agent Barber, although I do not know whether he will be able to do anything about it even though the "facts" given to me are as stated. At the request of the missionary, Father Collins, I allowed Eva Alec to come here. There seems to be no doubt that she is really an Indian but technically she is not. The story told me is that her mother was a bona fide Indian, with Indian rights, but lost her status by marrying a non-Indian. After she was deserted by this man, she lived with a bona fide member of the Penticton band and Eva was the result. If what I am told is true "Her father is a full-blooded Indian of the Penticton Indian reserve" but Eva is not considered an Indian by the Department although she is so considered by the Indians. I am not sure but I think that I was told that her parents were ordered off the Penticton reserve because of their co-habiting. Mrs Edna Jack, who has children here, is a half sister of Eva and she wishes to have the girl given Indian rights. I am not asking that you do anything in the case unless and until Mr Barber, who knows the case, brings the matter to your attention. I mention the matter because I intend to ask Mr Barber to consider my request that, as an exception if necessary, the girl be admitted as a grant-earning pupil. He may have reasons not to request this favour of the Department.

Yours very truly,

G. Forbes O.M.I.

Cranbrook, B.C. Oct-4, 1944

The Secretary, Indian Affairs Branch
Dept. of Mines & Resources
Ottawa, Canada

Dear Sir;

The girl referred to
in the principal's note, Marietta Stanley,
is subnormal, very much so. Her
mother, Mrs. Frank Stanley is the
mother of six children three of whom
are of school age and in school
provided Marietta is accepted. The
others are Mrs. Stanley's special
care her husband having died
two years ago.

Mrs. Stanley is one of
the most-industrious and conscientious
women on the Reserve deserving
of all the assistance that can be given.

The school or a home
for mental deficient would seem
to be the only alternatives for this girl.

Yours faithfully

Andrews, J. J.

Dear Mr Irwin:

Would you please ask the Department to allow Marietta Stanley to be admitted in spite of her age? You know as well as I do what a struggle her ~~widow~~ mother has had since Frank Stanley's death - To save the Department money & to keep her self respect Mrs Stanley is working hard to support the rest of the family which includes a very subnormal child of about 13 — G. Dorles Dorl

APPLICATION FOR ADMISSION

To the

Director of Indian Affairs,
Ottawa, Canada

Sept 1

1944

Sir,—

I hereby make application for admission of the undermentioned child into the Kootenay Indian Residential School; to remain therein under the guardianship of the Principal for such term as the Minister of Mines and Resources may deem proper:

Indian name of child
English name Marietta
Age 5 (July 11/1939)
Name of Band St Marys
No. of ticket under which child's annuity is paid
Father's full name and No. Frank Stanley
Mother's full name and No. Marianne Palmer
Parents living or dead Father dead
State of child's health
Religion Catholic
Does applicant speak English? no
Previously attended no school for years

Mrs Frank Stanley
(Signature of father)
Father dead

NOTE—If mother or guardian signs, agent must forward full explanatory note.

I hereby certify that the above application for admission has been read over and interpreted to the parent or guardian and that the contents were understood by him or her and that I witnessed his or her signature to this document.

I recommend the admission of the above child, who is of good moral character and is eligible to be admitted as a grant-earning pupil.

Rev. L. J. J. J.
Signature of Missionary or other Witness

Agent

*Principal or other official of the school must not sign as witness.

NOTE—All the above particulars must be fully given, especially the "Name of Band," "No. of ticket under which child's annuity is paid" and "Religion." The minimum age for admission is seven (7) years, except in the case of an orphan, destitute or neglected child. When application is made for the admission of such cases, full particulars should accompany the application.

The Secretary, Indian Affairs Branch
Dept. of Mines & Resources, Ottawa, Canada
Dear Sir,

The attached note from the Principal of
the Dostumay Indian Residential School regarding
the little nine year old Sabina David
explains itself.

Mrs David a Lower Dostumay
Indian died two years ago. Her Father Alex
David an American Indian is not
in a position to maintain his child who
is being cared for by Louie Ernest of
the Lower Dostumay Reserve. Your kindly
approval of her admission to the school
would mean a great deal to Sabina.
There is no other way in which she may
hope to acquire any education.

Yours faithfully

KOOTENAY RESIDENTIAL SCHOOL
CRANBROOK, B. C.

Dear Mr Irwin:

I request that, if it is possible, the Department admit Sobina David to School. Her mother (a bona fide Canadian Indian, - you know the Goodman) is dead & her father, an American Indian, has no one in the U.S.A. to look after Sobina. Our friend, Louis Ernest, of Lower Kootenay, a close relation, is looking after the girl & she will spend her holidays with him. He has not legally adopted her but appears to have done so "Indian fashion" - Her name on her card, on book is given as Sobina Ernest (Ernest J. & Mrs. J. J. Louis)

Mr Andrew Irwin,
Indian Agent,
Cranbrook, B.C.

October 4th, 1944

Dear Sir:

In connection with the September report, I believe that I should give you the following information.

The application for admission forms concerning the Okanagan pupils have been sent to their Agent, Mr Barber, of Vernon. I am sending the others to you with the exception of that of Isaac McKie. The boy's father told me that he had sent it directly to you but you have not received it. I have written to the father and spoken to the missionary and expect to have the form soon. The father has a daughter here and wishes the boy to be here.

Would you please ask that the following pupils be discharged? 233-Frank Toby, 16 years old; 234 Edward Morigeau, 16 years old; 244 Raymond Teneese, 16 years old; 252 Matthias Martin, 16 years old; 268, Zachary White who is ill and whom the Doctor would like to send to the Coqualeetza Indian Hospital; 0258, Ann Mary White and 0309, Clara Mack both of whom are 16 years of age.

261 Leonard Louie and 0282 Louise Qualtier were here some years ago and their parents wish them to be re-admitted. They have been given their former numbers. The boy's sister, Annabel, was here for a short time, about 4 years ago, but does not appear to have been placed on the register as she was a supernumerary pupil, -i.e. one for whom no grant was received because she was one of those above the approved pupilage. (It may interest you to learn or recall that she was then as bald as a billiard ball. Now, she has a good crop of natural hair).

A few are not yet 7. I request that they be admitted. One, who was 6 on Sept. 30th, is now 7. The mother did not wish to separate two sisters and, so, sent Clementine Jack (6) with Margaret (8). You know the rather sad case of Marietta Stanley (5). She is the daughter of the deceased Frank Stanley and of the valiantly struggling Mrs Frank Stanley. The mother is working for a living and has to look after her half-witted daughter Susan. Marietta is better off here with her sister Henrietta.

If it can be done, I suggest that, as an exception, 0346 Sabina David be admitted. Her deceased mother was a bona fide Indian, -you likely remember her (nee Christine Goodman) of the Lower Kootenay Band of this Agency. The father, an American Indian, had a woman look after her in the U.S.A. but this woman died and he could find no one else. Finally, Louie Ernest, of the Lower Kootenay Band, adopted the girl Indian fashion. Her ration book lists her as Sabina Ernest (showing that Louie Ernest has adopted her). She appears to have no home.

Please get permission for 0345 Eva Alec to stay here at least until June. She will be 16 in December but has just come. She is an orphan and her guardian, who has children here, wishes her to be here. She is an Okanagan and I believe that Mr Barber may write to Ottawa about her. She is not here because she was misconducting herself.

As I mentioned to you, five should have their tonsils removed and about 13 (what a drop!) require dental attention. Please get the required authorization.

For a change, very few were late returning this year. Of those absent some are ill (Felix Capilo broke leg at home - now in hospital; Elizabeth Don ~~Mc~~ also was thrown from a horse - broken arm - at home; Lucy Swite ill at home - her cousin is at home waiting to accompany Lucy to school - they live near Vernon -; Zachary White is the sole truant.

I am up to my neck in work and, so, close abruptly.

Yours ~~truly~~, truly,

G. Forbes.

P.S. Mr. Irwin, I have just learned, has written very strong letters to Zachary Bandy & Z. White's parent -

Copy sent to Father Forbes

Ottawa,
October 16, 1944.

Mr. A. Irwin, Indian Agent, Cranbrook, B.C.

I am in receipt of the September quarter return of the Kootenay Residential School. The Department approves the discharge of the pupils numbered as follows:

No. 233	No. 268
" 234	" 0255
" 244	" 0309
" 252	

The admission of the following children is also approved:

Elizabeth Joseph
Sabina Teneese
Noel John
Adrian Birdstone

Harry Morigeau
Johnnie Sam
Justin Francis

nm

With reference to Marietta Stanley, I note your statement that this girl is subnormal. We have just received a letter from the Principal with reference to this girl and he does not make any mention of her condition being such as you describe. The Principal states that there is an imbecile girl in the family, but he does not intimate that Marietta is the one. As a matter of face we inferred from the Principal's letter that Marietta is in good health and this appears to be borne out by the Medical Officer's report. The

only possible exception, as far as we know from the Principal, is that the girl is only five years of age and, in view of the special circumstances of this family, we feel that an exception should be made in her case and she should be accepted as a pupil, even though she is under age.

The case of Sabina David is considerably different. The information from both yourself and the Principal indicates that this girl's father is an American Indian. Her mother presumably was a Canadian Indian, but died two years ago. When all is said and done the responsibility for the maintenance of this girl rests with the father and as he is an American Indian he should be able to make arrangements for the education of his daughter. At the moment I cannot see how we would be justified in accepting her as a grant-earning pupil in the Kootenay School. There is some reference to the fact that the girl has been living with a relative, Louis Ernest of the Lower Kootenay Band. You might let me know the year in which Ernest first assumed responsibility for her maintenance. Has the girl lived with Ernest since that time and has the father contributed any amount toward her maintenance?

I understand that Eva Alee, who is a pupil of the school and is now fifteen years of age, will reach the age of sixteen in December. It has always been our practice to retain such pupils in the school until the following June 30. Consequently Eva Alee should remain in the Kootenay School until June 30, 1945.

The usual application forms and certificates of health should be forwarded for the following:

EXTRACT FROM LETTER DATED MARCH 19th,
1945. FROM THE PRINCIPAL OF THE
KOOTENAY INDIAN RESIDENTIAL SCHOOL.

Original on File # 150-60B

In looking over Mr. Hoey's letter
(155-0-10, Oct. 16, 1944), Marietta Stanley,
was classed as subnormal. This is not so.
Evidently, either Mr. Hoey or Mr. Irwin
confused Marietta who is perfectly normal
with an elder sister, Susan, who, according
to the School Doctor, "has the mentality of
a child of three". Susan is not in School.

Ottawa,
October 16, 1944.

Dear Father Forbes:

With reference to your letter of the 4th instant, I enclose, for your information, a copy of a letter which has been sent today to Indian Agent Irwin. You will note our decision regarding Sabina David. We are willing to consider further representations in her regard, but at first glance it would appear that she is not eligible for admission.

I have requested the Treasury Branch to send you by air mail the cheque for the earnings for the September quarter. The regular earnings are \$3624.40 and in addition we are paying the special grant of \$3.75 for each pupil on the average attendance for the September quarter amounting to \$319.80. As you have previously been advised, there is a special grant of \$15 per pupil for the current calendar year. We have already paid you the amount due at this rate for the March and June quarters and we are including the payment for the September quarter with your September cheque. The payment for the December quarter will be handled in the same manner.

Yours truly,

Rev. G. Forbes,
Principal,
Kootenay Indian Residential School,
Cranbrook, B.C.

R.A. Hoey,
Supt. of Welfare & Training.

Re: File No. 155-0-10

I wish to acknowledge receipt of your letter of the 16th ultimo, approving the discharge of seven pupils and the admission of seven to the Kootenay Indian Residential School.

With reference to the Stanley girl, the Rev. Principal writes as follows: You know the rather sad case of Marietta Stanley (5), she is the daughter of the deceased Frank Stanley and of the valiantly struggling Mrs. Frank Stanley. The mother is working for a living and has to look after her half witted daughter Susan.

The Principal was eager to have Marietta admitted although she is only five years of age. Susan, the imbecile, is fifteen years of age, a harmless, useless individual who cannot be left alone, thus causing her mother a great deal of worry and trouble. The Principal feels that he would like to relieve Mrs. Stanley of the responsibility of caring for this girl if the Department would approve of her admission to the school.

Regarding Sabina David, as soon as her relative Louie Ernest can be located will learn from him the date from which he accepted responsibility for her maintenance and whether or not her father has made any contributions.

With reference to application forms and certificates of health for the pupils mentioned, these will be forwarded with the School's monthly report.

[Handwritten signature of Andrew Irwin]

DOCTOR MOORE

Re: Lucy Swite, No. 0331, Kootenay
Indian Residential School.

This girl was admitted to the Kootenay School on September 1, 1943. She is 14 years of age and comes from the Okanagan Agency.

In a letter dated December 31, 1944, just received from the Principal, Reverend G. Forbes, O.M.I., he writes as follows:

Dr

"I asked the Missionary, the girl's father and others not to let her return after the summer holidays in 1944, unless a doctor certified that she was physically fit to attend school. The local doctor had ordered her to remain in bed during her entire holidays. She returned to the school November 15 and we soon had to send her to the hospital. She left for home yesterday (December 30, 1944) but I was unable, as was the doctor at the school, to have her father take her to the Coqualeetza Indian Hospital. I fear that it may soon be too late to send her there. The mother died of T.B. within the last two years. There is serious danger of others contracting the disease if she remains at home. What can one do in such cases? There is a similar case on the local reserve."

Philip Phelan,
Chief, Training Division.

Dec 31/44
KOOTENAY INDIAN SCHOOL
CRANBROOK, B. C.

Mr Philip Chelan,
Chief, Training Division,
Ottawa, Ont.

Dear Mr Chelan: I am very short of money
and would greatly appreciate an advance of
\$1500.00, on the December Quarter for Capital grant.

I have been holding some Stationery
Branch "Delivery Receipts" for some time as the
Sister Superior informs me that several items
have not yet arrived. ^{14 Jan} 0331
Kamayan ^{authd} 1/43

I had asked the Missionary, the girls' father
and others not to let Lucy Swite return unless
a Doctor certified that she was physically fit
to attend school. The local M.D. had ordered her
to remain in bed during the entire holiday. She
arrived, Nov. 15th, and we soon had to send her to
the Hospital - She left for home yesterday but I
was unable (as was the Doctor) to have her father
take her to the Coqualeetza Indian Hospital. I fear

The following is an extract from a letter from the Rev. G. Forbes, Principal of the Kootenay Indian Residential School which has been handed to me re Lucy Swite:

"I asked the Missionary, the girl's father and others not to let her return after the summer holidays in 1944, unless a doctor certified that she was physically fit to attend school. The local doctor had ordered her to remain in bed during her entire holidays. She returned to the school November 15 and we soon had to send her to the hospital. She left for home yesterday (December 30, 1944) but I was unable, as was the doctor at the school, to have her father take her to the Coqualeetza Indian Hospital. I fear that it may soon be too late to send her there. The mother died of T.B. within the last two years. There is serious danger of others contracting the disease if she remains at home. What can one do in such cases? There is a similar case on the local reserve."

Please initiate any necessary action that should be taken.

P. E. Moore, M.D., D.P.H.

Mr. Andrew Irwin, Indian Agent, Cranbrook, B.C.

With reference to the December quarter return of the Kootenay Residential School, the name of Sabina David, No. 0346, appeared on the September quarter return but is not shown on the December quarter return, although no application appears to have been received for her discharge. Please advise regarding this girl.

The discharge of pupil No. 0331 is approved.

OFFICE OF THE
INDIAN AGENT

CANADA

DEPARTMENT
OF
MINES AND RESOURCES
INDIAN AFFAIRS BRANCH

PLEASE QUOTE
FILE _____

Crambrook, B.C.
April 3rd.1945.

MS 1

The Secretary, Indian Affairs Branch,
Dept. Mines & Resources,
Ottawa, Ontario.

I beg to enclose return of the Kootenay
Indian Residential School for quarter ending March 31st.1945.

With reference to pupils # 241, Zachary Basil
~~it~~ is noted this pupil is truant from the school and that it
has been requested that he be brought back to the school or
be discharged. Having been in the Agency only since the 16th.
of March, the matter only came to my attention on receipt of
this return. The question of having the pupil returned to
the school has been discussed with the Rev. Father and as the
boy will be 16 in a month or two, the Father thinks it would
be advisable to discharge him. I would recommend his dis-
charge.

Pupils N^o.231- Moses Patrick and #0266 Edna
Auld are now 16, and I would recommend the Rev. Principal be
authorized to retain them until the end of the term.

Pupil # 289, Felix Capilo suffered a severe
fracture during the Summer holidays and owing to complications
a steel plate was required. I am not in a position to say just
what this boy's condition is to-day. The school year having
so far advanced, I would recommend that Felix be allowed to
remain at home until the next school term.

J.D. Caldwell
(J.D. Caldwell).
Acting Indian Agent.

Ottawa, April 13, 1945.

Mr. J. D. Caldwell, Acting Indian Agent,
Cranbrook, B.C.

With reference to your letter of the 3rd instant, enclosing the March quarter return of the Kootenay Indian Residential School, the Department approves the discharge of Zachary Basil, #241.

The Department also approves the discharge of Moses Patrick, No. 231, and Edna Auld, No. 0266, at the end of June, 1945.

It is noted that Felix Capilo, #289, has suffered a severe injury. This boy should be allowed to remain at home until the next school term.

aff

Philip Phelan,
Chief, Training Division.

Ottawa, January 16, 1946.

Dear Father Kelly:

The Department finds it necessary to send back the December quarter return of the Kootenay Indian Residential School. In the first place, we have only received a copy. The original return should be forwarded to this office.

In the preparation of the quarterly return I would direct your attention to circular letter of December 29, 1944, a copy of which I enclose, and also the notes on the preparation of the return which appear on the back of the form. It is extremely essential that the names of the pupils should be entered consecutively according to number. If you review page 3 of the attached return, you will note that the numbers are mixed up in such a manner that is extremely difficult to check the return. Please have the names of the pupils entered consecutively according to number. There is a special note regarding this matter on the back page of the return.

Form IA 411 should accompany all quarterly returns, giving the information requested on that form. This information should be the same as the information on the return.

No grant is requested for pupils No. 261 and 0262 and possibly some others, and no explanation is given for their absence.

The quarterly returns are being carefully scrutinized by the Auditor General and it is absolutely essential that they be correct. Besides, you will

appreciate the fact that it is in your own best interests to have this form properly and carefully prepared, as the per capita allowance due the school is paid on receipt of the quarterly return and the amount of this is computed from the information given on the return.

In order to assist you in your financing we are sending a cheque for part of the December quarter per capita allowance, and the balance will be sent to you when you send back this return, properly prepared.

Yours sincerely,

Philip Phelan,
Chief, Training Division.

KOOTENAY INDIAN SCHOOL
CRANBROOK, B. C.
Jan 25 /45 .

Mr. Phil Phalen ,
Chief , Training Division ,
Indian Affairs Branch ,

Dear Mr. Phalen :

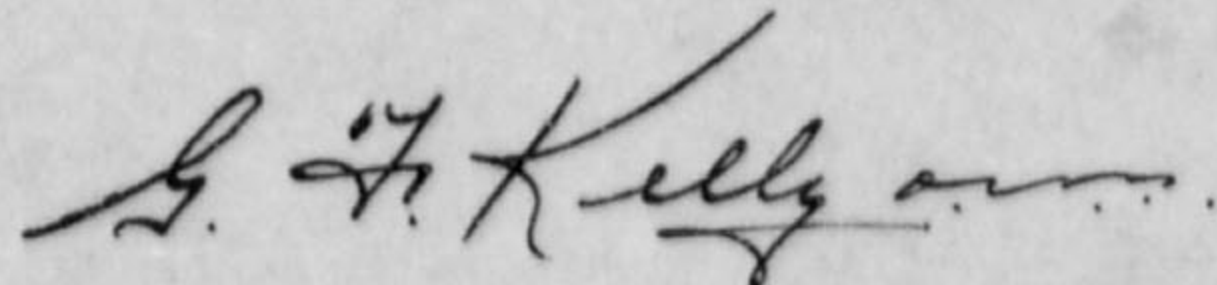

Please find enclosed corrected original copy of our quarterly report for the Oct. --Dec. quarter of 1945 . I appreciate the direction you gave me when returning the report for correction and completion as it aided me greatly in making the report according to the desired method. As you know I have not been familiar with the compiling of these reports and there were certain points over which I was puzzled but your letter and the copy of the circular have cleared them up . I hope you find the enclosed in order but if there are still corrections to be made I will gladly accept its return and any further suggested adjustments.

Your letter mentioned that with each quarterly return there should be a copy of Form IA 4II . I mentioned this to our Agent but he said that as far as he understood that form only had to be sent when there was an admission or dismissal during the quarter reported . Since we have not had either admissions or dismissals during this quarter I am at a loss to know what should be entered . You will notice on the returns certain pupils who as far as I know are reported as attending day school in the Okanagan Agency and others of our own Agency who have failed to return . Since neither have been officially discharged by the Dept. I am still retaining their names on the quarterly sheets. At your convenience I would be pleased to have the matter of Form IA4II cleared up so that in future I will know precisely what to enter thereon .

No doubt you will recall my report of Sept. last on some of the difficulties with which we were confronted here . Since then we have had some very trying times with our light , heat, and water equipment . We have had a series of breakdowns and at one time we were for three days without light , heat , or water . That, in this climate, and with several children in bed with Measles at the time , is no small matter. I would like to write you further on these and relevant matters .

I am in receipt of a cheque from the dept for \$ 3200. 00 as an advance on this quarter. If this report is found in order I trust the balance will be forthcoming .

Sincerely yours ,

Principal .

POOR-COPY

Ottawa, January 31, 1946.

Dear Father Kelly:

I have your letter of January 25, sending back your December quarter return. This is now accepted and shows an average attendance of 94.32. This number is 4.32 over the authorized pupilage of the Kootenay School, but I am arranging to allow supernumerary grant for these pupils and the balance of the per capita allowance will go forward shortly.

Form IA 411 should accompany each quarterly return. In the event of there being any admissions or discharges during the quarter, the names and register numbers, etc., of the pupils should be entered on this form and the information contained on this form should correspond with the information given on the quarterly return.

If there are no admissions or discharges during the quarter the form should still be forwarded but marked "Nil". I am sending back, for your guidance, a copy of your December quarter return. If you consider that pupils 236, 261, 310, 311, 0282, 0318, 0340 and 0341 should be discharged, you should make formal application for their discharge through the office of your local Indian agent. Approval will be granted on your joint recommendation and these names can then be dropped from the March quarter return. If at any time they wish to return to the school, application can be made for their re-admission. Incidentally, if a pupil is re-admitted he or she should be given the same number as they had during their previous period of residence.

Yours very truly,

Rev. G. Kelly, O.M.I.,
Principal,
Kootenay Indian Residential School,
Cranbrook, B.C.

Philip Phelan,
Chief, Training Division.

AGENT'S REPORT FOR THE QUARTER ENDING DECEMBER 31st, 1945.

XX

XX

XX

Welfare and Training:

The Kootenay Indian School under the efficient leadership of Reverend Gerald Kelly, O.M.I., has made very steady progress during this quarter. The pupils are making rapid progress in their class room studies, domestic science, and manual training. The tubercular patients have shown very satisfactory improvements. There has been little or no sickness in school during this quarter except for five cases of measles, one reported on December 17th and four on December 29th. Antimeasles serum was used on the contacts and it is hoped that this epidemic will reach no great proportions. The pupils are well nourished and their health is carefully looked after by Sister Marion Clare. The pupils were vaccinated against small pox, and will be vaccinated against typhoid as soon as the measles is over. The school is well supplied with milk, eggs, vegetables and fruit.

This school carries eight pupils in excess of its quota. Three Auld children, who do not belong to the reserves, will be returned home as soon as the quarantine on measles permits, however, this still leaves us short of space for twelve pupils from the Columbia lake and Shuswap Reserves who should be returned to school, not only for their own good but as a matter of discipline. This matter has been referred to the Department and I am awaiting a reply before taking any action.

The fire extinguishers requisitioned for the school were finally received, and fire drills are held as per regulations. One unscheduled rehearsal was held at 3:00 o'clock one morning when the new fireman and night watchman inadvertently pulled the fire alarm. This proved to be a good and successful fire drill. In addition to the night watchman and fireman, Rev. Father Kelly has hired a new farm manager, who has good recommendations.

On my last inspection it was noted that good work had been done in redecorating the girls play room, several chairs having successfully been re-upholstered with bright materials. Kindergarten tables and temporary chairs as well as other objects have been fashioned in the Manual Training department. The domestic science department does excellent work in cooking under the direction of Sister John Anthony and Sister Catherine Mary's sewing class produced very good work. The pantry and hallway near the father's dining room has also been redecorated.

The situation with reference to the plumbing at the school is still bad, even though some of the toilets were temporarily repaired, flush actions, etc. are so far unobtainable. One urinal near the boys dormitory was put in working order and all taps were replaced.

POOR COPY

The situation with regard to power is worse, the Lister engine has not been in operation since it was repaired, having run only for two weeks; the Petters engine, which is used to pump water, recently broke down, the fuel jets being gone. It is now undergoing emergency repairs. This leaves us entirely dependent on the old Otto engine which through Father Kelly's ingenuity was "rigged up" to pump water. This engine consumes gasoline at the rate of nearly a gallon an hour! So that between pumping water and charging batteries which will not hold their charge, it is pounding away from morn till dark. The Petters engine should be repaired in two or three days but the present situation emphasizes the gravity of the situation with reference to the electric generating plant at this school. At my request, Mr. John Ward of the Modern Electric recently submitted a report on this situation and copies of it were forwarded to the Commissioner's office. The water pump has recently caused quite a bit of anxiety, it was leaking so badly that it had to be primed before each pumping. It is a very ancient and heavy contraption and it is feared that the base is so corroded that it may give out altogether for the time being it has been packed with oakum, but it may become necessary to call in a welder to weld on a new base.

As a result of Commissioner MacKay's visit, authority was granted to install a new sink unit near the childrens dining room. This will prove to be more sanitary and a great improvement for which we feel very grateful.

Rev. Father Kelly has given sporting activities more meaning in this school and he has recently purchased skates and toboggans which the children are enjoying.

Ottawa, April 26th, 1946.

Mr. J. V. Boys, Indian Agent,
Cranbrook, B.C.

With reference to form #411, which accompanied the March quarter return for the Kootenay Indian Residential School, you may inform the Principal the Department approves the discharge of pupils numbered as follows:

236	310	0282	0340
261	311	0318	0341

You are also requested to direct the Principal's attention to the fact that pupil #0293, who entered hospital on March 19th, was allowed full grant, while pupil #267 is shown as having entered a Preventorium on February 1st, and for whom 31 days grant was requested. Allowing grant up to 30 days for a pupil in hospital, as in the case of pupil #0293, was correct and pupil #267 should have been allowed 61 days instead of the 31 days shown.

Pupil #278 was allowed home on March 15th, and as the quarter ends March 31st, only 16 days should have been deducted instead of 30 as shown on return. On the June quarter return, this pupil should be shown as having returned to school on April 15th, and if he attends school regularly in the June quarter, he should be shown in residence 91 days, or the full quarter, as the full 30 days absence was deducted on the March return. At the same time, make a notation in the remark's column to the effect that the boy returned to school on April 15th.

Philip Phelan,
Chief, Training Division.

Cranbrook, B.C.

With reference to your report respecting the Kootenay Indian Residential School, for the month of April, 1946, I wish to inform you that the names of Sabina David and Lizzie Cole do not appear on the Kootenay Quarterly Return. Our records show, that Sabina David was shown on the September quarter return, 1944 under school number 0346, but her name was omitted on the December quarter return, and school number 0346 was not used until September 1945, and was given to Gertrude Batiste.

Please advise if the above mentioned children are now attending Kootenay Indian Residential School, and if so, what school numbers have been allotted them.

Re: Sabina David and Lizzie Cole,
Kootenay Residential School.

In reply to your letter of May 13th, your file 155-0-10, concerning the above-named pupils at the Kootenay Indian Residential School, I wish to advise as follows:-

Sabina David: This child, aged 10, was born in the USA but has been living with Louis Ernest at Lower Kootenay Reserve, Creston, B. C. Louis Ernest and wife wish to adopt Sabina, and it is hoped that this legal process will be completed in the near future. I do not know why this child was at one time shown on the attendance roll and given a number, only to be dropped later, for she has been in constant attendance at the school so far as I can ascertain.

Elizabeth Alec: This child, for some reason referred to in our office records as Lizzie Cole, comes from Penticton, B. C. I do not know why she has never been shown on the records or given a number. She is 16 years of age and will conclude her schooling at the end of the current school year.

I have consulted the Principal, Father Kelly, as to the above two pupils and he informs me that he has continued to carry them as extra pupils in exactly the same manner as his predecessor, without being enlightened as to the necessity for the procedure.

Ottawa, June 14th, 1946.

Mr. J. V. Boys, Indian Agent,
Cranbrook, British Columbia.

With reference to your letter of the 28th ultimo we have further checked our file, and wish to advise you that (a) the original application of Sabina David was forwarded in October 1944, and the Department approved her admission to the Kootenay Indian Residential School, in a letter to Mr. A. Irwin, at that time Indian Agent for Kootenay, British Columbia. The number given this pupil was #0346.

(b) It is believed that an application for Elizabeth Alec was submitted in October 1944, but her name given on the form was Eva Alex, and was shown on the Quarterly Return as #0345. Incidentally, this is the only child on the return shown as over 16 years of age. Formal approval of admission was sent to Mr. A. H. Barber, Indian Agent at Vernon, British Columbia, in a letter dated the 17th of October, 1944.

Kindly check with the Principal, to determine that these are the two children referred to in your letter of the 28th of May, 1946.

Philip Phelan,
Chief, Training Division.

DEPARTMENT

PLEASE QUOTE
FILE **0-11-1**

155-0-10
Cranbrook, B. C.
June 19th, 1946.

Schools
Indian Affairs Branch, Dept. of Mines & Resources, Ottawa,
Ontario.

Further to my letter of May 28th and your
reply of June 14th, file 155-0-10, I wish to report fur-
ther in the matter of the undernoted pupils at Kootenay
Indian Residential School, after discussion with the
Principal.

Sabina David At one time shown on school attendance sheet
under #0346 but dropped from return of December 1944. We
have a letter from you on file in this office requesting
the reason for this discharge, but our files contain no
reply to your letter. It was shortly after this date that
my predecessor, Mr. Irwin, left this Agency. #0346 is now
Gertrude Baptiste. I would suggest that Sabina David be
reinstated under a new number.

Elizabeth Alec This girl, formerly referred to as Lizzie
Cole, is not to be confused with Eva Alex, #0345, though
they both come from the Lower Okanagan. Coming from the
Okanagan Agency we have no family records in this office
and I now find that when he told me Elizabeth was 16,
Father Kelly, School Principal, was in error. The child's
correct age is 14, so she may be expected to continue in
school for another two years. I have made an intensive
but unavailing search of the files at this office seeking
some clue as to why this pupil has been carried at the
school but not shown on the roll. It has been an unfor-
tunate practice of both my predecessor and the former
Principal to discuss several topics in a single letter
thereby making accurate filing impossible.

Perhaps you may see fit to accept
Elizabeth Alec, assigning her a school number.

1. With reference to the above I beg to report that on the night of the 26th.inst,James DUNNE,Indian Agent, Cranbrook, called at this office and complained that the two above mentioned girls had run away from the above school on the 26th.in the a.m.further stating that he had checked the C.P.R.yards,also China twon in Cranbrook but could not locate them,nor did he receive any definite information as to their whereabouts,but had been told by other girls that their parents resided at Creston,but were at present employed at Omak, Wash.U.S.A.and that the girls might attempt to cross the Line to the United States,or return to the Reserve at Creston.

2. The Agent advised the Canadian Immigration at Kingsgate,B.C.of the incident requesting that if located trying to gain admission to the States that they be held and his office notified,the writer notified Cpl.Whittaker,1/C.Creston detachment,who is making a check in the Creston area,also advising the Customs Port of Rykerts.

3. The writer accompanied by Const.McRae made a check of Chinatown,also the C.P.R.yards,and adjoining jungles without result,certain Indians were interviewed but could not offer any information as to their whereabouts,B.C.Police were notified who in turn checked outgoing trains throughout the night,without result.

4. A further check was made in Chinatown early this a.m.also rooming houses and hotels but no trace was found of these girls,the Agent stated that these girls were 14 years of age,both wearing blue gingham dresses and jackets, no other description was available,further checks are being made this date,and a sharp watch will be kept while on patrol in the district,in view of the above I would respectfully request that a D.D.D.be set for the 15-10-46 for a further report from this detachment,every effort will be made to locate the girls,and if located will be handed over to the Indian Agent, and report submitted.

5. Copy of this report direct to the N.C.O.1/C. Creston Detachment.
No expense incurred.
Still Under Investigation.

APPLICATION FOR ADMISSION

To the

Director of Indian Affairs,
Ottawa, Canada

Sept. 3 1946

Sir,—

I hereby make application for admission of the undermentioned child into the Kootenay Residential School; to remain therein under the guardianship of the Principal for such term as the Minister of Mines and Resources may deem proper:

Indian name of child.....
English name Dorena Auld
Age seven
Name of Band Kootenay (Tehasse Plains)
No. of ticket under which child's annuity is paid.....
Father's full name and No. Larn Auld
Mother's full name and No. Cecile Philips
Parents living or dead Living but separated
State of child's health.....
Religion Catholic
Does applicant speak English? yes
Previously attended no school for..... years

Mrs. Cecilia Auld
(Signature of father)

NOTE—If mother or guardian signs, agent must forward full explanatory note.

I hereby certify that the above application for admission has been read over and interpreted to the parent or guardian and that the contents were understood by him or her and that I witnessed his or her signature to this document.

I recommend the admission of the above child, who is of good moral character and is eligible to be admitted as a grant-earning pupil.

W. G. Murphy
Signature of Missionary or other Witness

J. M. Dunn
Agent

*Principal or other official of the school must not sign as witness.

NOTE—All the above particulars must be fully given, especially the "Name of Band," "No. of ticket under which child's annuity is paid" and "Religion." The minimum age for admission is seven (7) years, except in the case of an orphan, destitute or neglected child. When application is made for the admission of such cases, full particulars should accompany the application.

Mr. A. Barber, Indian Agent.
Vernon, B. C.

Dear Mr. Barber:

As you probably know, Bertram Alec is in this school this year. While it is true he is not a full-blooded Indian, I would like to try to have him accepted. If you think it advisable would you consider signing the enclosed application forms and forwarding them to Ottawa. I doubt if he would have been accepted a few years ago but my present experience is that the Department is somewhat more lenient in such cases now. During the past year I was able to take in two 'aliens', Elizabeth Alec from Penticton, and one who was half American from Creston.

If they will accept Bertram I feel it would give him a chance as he is a rather backward child. If you would be good enough to explain the circumstances of his case to the Department, I would appreciate it very much.

With sincere thanks,

I remain,

Truly yours,

G. F. Kelly, O.M.I.
Principal.

Okanagan Indian Agency
Vernon, B. C.
October 31, 1946.

Department of Mines and Resources, Indian Affairs Branch, Ottawa.

Herewith for consideration of the Department is an application for admittance to the Kootenay Indian Residential School of Bertram Alex, age 10, together with a letter received from Father Kelly, the Principal.

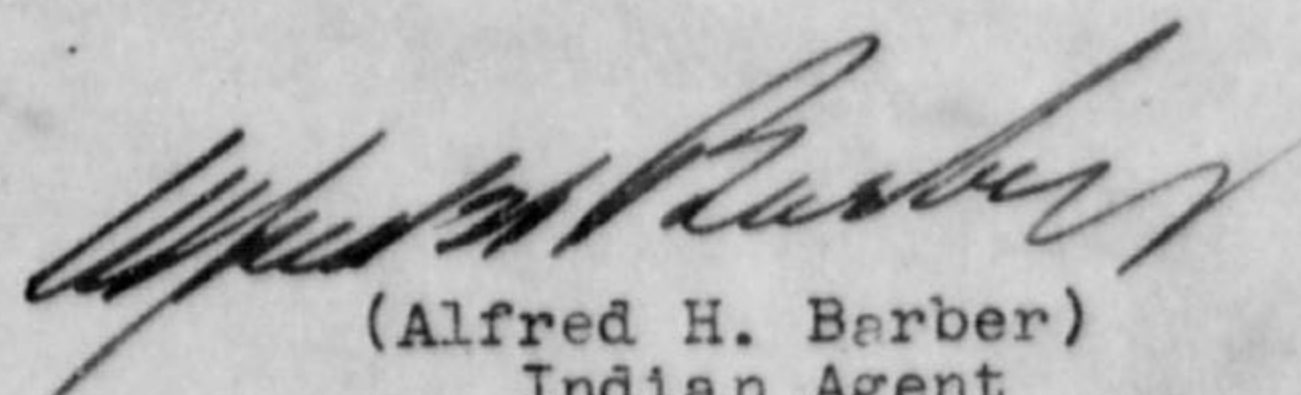

Bertram Alex, is the child of a Pentiction woman married to a United States Indian, who claims to have been born on the Pentiction Reserve. Although he has never been entered as a member of the Pentiction Band, a brother and sister of the same parents were. He is entered on the rolls of the Colville (U.S.) Agency.

This child's mother died during its infancy, since when he has been brought up by Mrs. Holding, who lost her Indian Status on her marriage to a white man, a sister of Angus Alex, the child's father, living in the city of Pentiction. She is a decent and respectable woman and has the child's welfare at heart. She had him attend the Pentiction Public School for two years. However, the boy is much undersized and handicapped by badly crossed eyes, and has had a pretty rough time and does not fit in with the white boys at all.

In the interest of the child and in consideration of Mrs. Holding, who is very cooperative with this office and the church, I would recommend that Department authorise this child's admission to the Residential School, on condition that he is not to be considered as a member of the Pentiction Band at this time.

This child also attended the Pentiction Day School for a time but only as a favour on the part of the teacher who was aware that he was not on the Band Roll. He is, of course, Indian in every way and I expect, legally is an Indian of the Colville (U.S.) Agency, where his father belongs. However, it will be much in the child's interest if the Department will approve the attached application.

Ottawa, 12 November 1946.

Mr. Alfred H. Barber, Indian Agent,
VERNON, B.C.

With reference to your letter of the 31st ultimo, the Department approves the admission of Annie George, Yvonne Ethel Bailey and Bertram Alex to the Kootenay Residential School.

The last two named children are border line cases and although we are approving their admission, it must be distinctly understood by all parties concerned that their admission is not to form a precedent for other children similarly situated.

Philip Phelan,
Chief, Training Division.

ADMISSION OF PUPILS AT Kootenay Indian SCHOOL DURING June -September QUARTER, 1921

Ottawa, November 28, 1946.

Rev. G. Kelly, O.M.I. Principal, Kootenay Indian
Residential School, Cranbrook, B.C.

With reference to the September Quarter
Return, it appears that the pupils numbered hereunder
were shown on the June Return but omitted from the
September Return:

No. 255
262
259

No. 264
266
297

No. 0261
0271
0298

There does not appear to be any record on file
regarding a request from you for the discharge of these
pupils and it would be appreciated if you would advise
us whether or not these pupils have been discharged.

Philip Phelan,
Chief, Training Division.

Dec. 12 /46 .

Mr. Philip Phalen , Chief ,
Training Division ,

Der Mr. Phalen : Re : I55 - 0 - IO (WT7)

I am in receipt of your letter of the 28th last regarding certain pupils names being omitted from the September Return . With the exception of No's 297 and 0298 , I feel sure that the usual form re. discharge was filled in with the June Quarter . However in case it was overlooked I am attaching a letter requesting the discharge of those who on that date were of age to be discharged .

In regard to the two numbers mentioned above , No. 297 failed to return to school after the Summer Vacation. As he is from Penticton district I understood that he was this year attending a day school. As regards No. 0298 , her name was overlooked when making the Sept. quarter. She is here at school and will appear on the forthcoming report.

Trusting this will clear up any difficulty in the matter,

I remain,

Truly yours ,

G. F. Kelly O.M.I.

G.F. Kelly O.M.I.

Ottawa, 19 December 1946.

Rev. G. Kelly, O.M.I.,
Principal,
Kootenay Indian Residential School,
CRANBROOK, B.C.

Dear Father Kelly:-

With reference to your
letter of the 12th instant, the Depart-
ment approves the discharge of the
pupils numbered as follows from the
Kootenay Residential school:-

255 262 259 264
266 0261 0271.

Yours truly,

Philip Phelan,
Chief, Training Division.

Indian Affairs (RG 10 Volume 6454, file 884-10, part 6)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

155-0-10 (WT1).

Ottawa, January 31, 1947.

Dear Father Kelly:

The Auditor has reviewed the September Quarterly Return, 1946 and has questioned the number of days the under-mentioned pupils are entitled to:

Luke White,
Albin White,
Jacob White,
Augustine White,
Lawrence Jacobs,
Isaac McCoy,
Bertha McCoy.

With reference to circular letter 150-87 of December 29, 1944, it is pointed out that pupils attending School during the September Quarter are entitled to sixty-two days grant for summer holidays, plus the actual number of days the pupils are in school during September.

Ex. If a pupil returned to school September 15th he is entitled to sixty-two days plus sixteen, thus seventy-eight.

In the "Remarks" column of the September Quarterly Return, it is noted that you have made an entry opposite the names of the above mentioned pupils "Returned Late". In order to adjust this return, it will be necessary for you to forward the exact date on which the pupils returned to school.

Incidentally, the December Grant will go forward this week and any adjustment arising from the above will be deducted from the March Quarter Return.

Yours truly,

Philip Phelan,
Chief, Training Division.

Rev. G. Kelly, O.M.I.,
Cranbrook, B.C.

Dear Mr. Phalen :

I am in receipt of yours of the 31st regarding further information as to the exact date of returning to school of certain of our pupils . I am sorry that I overlooked putting this information on the Quarterly Return for September . I was of the impression that absence in Sept. was considered on the same basis as hospitalization , that is , thirty days were allowed before subtracting from the grant, hence I granted them the ninety days .

9 Luke White returned Sept. 10th/46
9 Albin White " " "
9 Jacob White " " "
9 Augustine White " " "

13 Lawrence Jacobs returned Sept. 14 th /46

20 Isaac & Bertha McCoy returned Sept. 9th but were allowed out
20 to assist their parents in harvesting potatoes . They have not
yet returned to school . I guess the potato harvest must have
been quite extensive . They were in residence eleven days in
Sept.

89 I trust this information will clear up any misunderstanding in
the matter .

Sincerely yours ,

G.F. Kelly O.M.I.

_C_O_P_Y_

Kootenay Indian School,
Cranbrook, B. C.
September 6th, 1947.

Mr. J. S. Dunn,
Indian Agent,
Cranbrook, B. C.

Dear Mr. Dunn:

Re: Children of Douglas Phillips,
Tobacco Plains.

Mr. Douglas Phillips of Tobacco Plains has requested the admission to school of his two children, Sally May Phillips and Sadie May Phillips, aged seven and eight. Though not full blood Indians both he and his wife, the former Mary Gravelle, were accepted as pupils at this school some twelve and fifteen years ago. They are not living within reach of a day school and if accepted by the Dept. they would be glad to send their children here. From present indications our enrollment will fall short of our quota this year and I would be willing to have these children with us. Would you mind taking the matter up with the Dept. so that we may have their ruling on it as soon as possible.

Sincerely yours,

(sgd) G. F. Kelly, O.M.I.

Principal.

Cranbrook, B. C.,
Sept. 10th, 1947.

W.H.I.
Indian Affairs Branch, Dept. of Mines and Resources,
Ottawa, Canada.

I am enclosing herewith a copy of a letter from the Rev. Father Kelly, Principal of the Kootenay Indian Residential School, requesting authority to admit Sally May Phillips and Sadie May Phillips of Flagstone to his school.

The father of these children, Douglas Phillips, is part Indian, was born adjacent to the Tobacco Plains Reserve and attended our Residential School some fifteen years ago. The mother, formerly Mary Gravelle, is the daughter of Ambrose Gravelle, a member of the Tobacco Plains Band, Kootenay Agency, who also attended our Residential School some years past.

W.H.I.
As these children are more Indian than white, and as school facilities are not readily available to them and there is room for them at the Kootenay Indian Residential School, I would recommend that their admittance be authorized if at all possible.

Encl.

J. S. Dunn,
Indian Agent.

AIRMAIL:

Indian Affairs Branch, Department of Mines and Resources,
Ottawa.

Your File 155-0-10(W.T.1)

Replying to your letter of the 26th inst., with respect to the admission of the children of Douglas Phillips to the Kootenay Indian Reserve School, I would advise that this matter was discussed in the status investigation of the Tobacco Plains Band recently submitted to the Department, in which it is shown that Douglas Phillips is not an Indian within the meaning of the Indian Act, and his wife Mary Gravelle is a daughter of a United States Indian, although it was recommended that she be considered entitled to share in the funds of the Band.

Under the circumstances I am at a loss to know why Indian Agent Dunn should have recommended the admission of these children as grant-earning pupils, as, in my opinion, they are definitely not entitled to same.

D. M. MacKay
D. M. MacKay
Indian Commissioner for B.C.

Mr. J.S. Dunn, Indian Agent,
Cranbrook, B.C.

On receipt of your letter of September 10th, file 0-11-1, regarding the request for the admission of the Phillips children to the Kootenay Residential School we wrote to Indian Commissioner MacKay.

We are now informed that the father of these children is not an Indian within the full meaning of the Indian Act and that the mother is the daughter of a United States Indian.

Under the circumstances the Department does not consider these children as eligible for admission as grant earning pupils to a residential school.

Philip Phelan
Chief, Training Division.

KOOTENAY INDIAN SCHOOL
CRANBROOK, B. C.

Sept. 30 /47 .

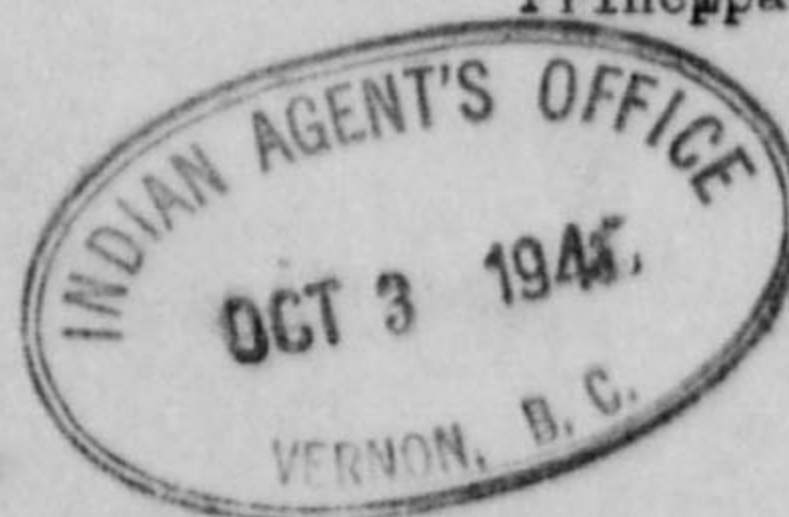

Mr. AH. Barber , Indian Agent ,
Vernon , B.C.

Dear Mr. Barber :

Please find enclosed application for admittance to this school of two children from your agency , ~~Don~~ Fredrick Swite and Wilfrid Squakim . Would you please complete these and send them to Ottawa .There is a rather queer circumstance regarding Wilfrid Squakim. As you will notice he is not yet six years of age but his mother was very anxious to have him come . I understand that the grandmother of some of the relatives have been taking care of him. While she was pleased to have him come and asked me personally if we could take him she was reluctant to sign the admission papers so Father Collins sent them to me as is . Perhaps you could add a note to this effect or if she is within contact explain the necessity of having these papers signed.

Sincerely yours ,

G. F. Kelly

Vernon, B. C.
October 17, 1947.

Department of Mines and Resources, Indian Affairs Branch, Ottawa.

With reference to the attached application for admission to the Kootenay Residential School of Wilfred Squakim and Frederick Alfred Swite.

The application of the former, Squakim, is unsigned by the parent, Rachel Squakim, widow, who is a peculiar woman, very stubborn and afraid of signing any papers and very difficult to deal with. She is in very poor health and it is in the interest of the child that she be admitted to the Residential School and approval is recommended.

Mr. Bernard F. Neary,
Supt. of Indian Education,
Indian Affairs Branch,
Department of Citizenship and Immigration,
Ottawa.

With reference to your letter of October 12, your file 884-10 (E6), No. 329, Howard Mission, age 10, St. Mary's Band, is shown among discharges.

Our September Quarterly Return indicates request for discharge of this pupil. However, this is a typographical error and it is, therefore, respectfully requested that Howard Mission be retained on the roll as in residence.

J. S. Dunn,
Superintendent.

MEMORANDUM - Mr. W. S. Arneil:

Re: Admissions to Residential Schools.

I refer to Mr. Sampson's letters of December 5 and 7 concerning the above. You will note from his letter of December 5 that six children have been withdrawn from the Provincial School at Enderby and admitted to the Kamloops Residential School without reference to the office of the Superintendent of the Okanagan Agency. The home conditions of these children do not require their enrolment at a Residential School. In addition his letter of December 7 shows that children who should be attending the Inkameep Indian Day School have been admitted to the Kootenay Indian School without reference to him.

In the case of the six children admitted to the Kamloops School, these admissions, in addition to involving an unwarranted expenditure of public funds, have denied accommodation to children who should be in the Kamloops Residential School either because home circumstances require that the children be given institutional care or because there is a lack of Day School facilities on the Reserve.

In the case of the two children admitted to the Kootenay Residential School, you will recall an interview in your office with the Principal in which you specifically requested that he draw no children from the Inkameep Reserve as we were most anxious to get the Inkameep School running on a sound basis.

To my mind these are shocking examples of lack of co-operation on the part of the church authorities and I feel there must be a definite statement of policy by the Department with regard to the admission of children to Residential Schools if these institutions are to fill the function expected of them. These regulations should

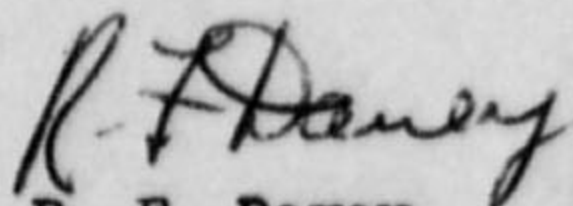

Indian Affairs (RG 10 Volume 6454, file 884-10, part 6)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

- 2 -

require that (1) no child shall be admitted to a Residential School without reference to the Superintendent of the Agency in which the child resides and (2) should a child be admitted without reference to the Superintendent no per capita grant will be paid for that child.

In addition to the above statement of general policy, in these two cases I recommend that these pupils be discharged from the Residential Schools at the close of the present term and be re-admitted to the schools they should be attending, effective January 1, 1951, and that no per capita grant be paid to Residential Schools for these children for the current quarter.

Re: Admissions to Kootenay Indian School.

Admission forms for Dorothy and Albert Louie of Osoyoos Band are attached hereto, for forwarding to the Department.

These admissions have been recommended only because the children have already been in school for most of the term so far, and it is impractical to transfer them to the local day school mid way through the term. It would also deprive the School of the grant for these pupils.

The children should be attending the Inkameep Indian Day School on Osoyoos I.R. No. 1. The parents asked me during the summer if the Inkameep school would be open and said it was their intention to send them to that school. I assured them it would be operating and we were anxious that the children attend. The first word I had of their admission to Kootenay Indian School was the arrival of the admission forms in late November.

R.H.S. Sampson,
Indian Superintendent.
Okanagan Indian Agency.

Re: Admissions to Residential Schools

I attach hereto a memorandum dated December 8th from our Regional Inspector of Schools, Mr. Davey, together with a copy of a letter dated December 7th from Indian Superintendent Sampson, with application forms attached for admissions to residential schools.

It will be noted from Mr. Davey's memorandum that the eight children affected were admitted to residential schools without reference to the Agency office and further that it is considered the home conditions of these children were satisfactory and that adequate provision existed for their education locally. In the case of the five Jones' children and the Beatty boy from Enderby Reserve, it will noted that they have attended Enderby Public School for periods ranging from three to nine years.

Leaving the financial aspect aside, I feel perhaps the most regrettable feature is the fact that eight other Indian children are being at present deprived of any education at all. I have in mind that we could readily have supplied eight other pupils to these residential schools from Douglas Lake, Fountain or other Reserves where the children have at present no opportunity to attend any school. I concur with Inspector Davey in his recommendation and should appreciate advice concerning this matter at your convenience.

The other applications attached are recommended for approval.

P.A.

Mr. W.S. Arneil,
Indian Commissioner,
P.O. Box 70,
Vancouver, B.C.,

We have the Auditor's report for the Kootenay Indian Residential School which shows that the average enrolment at the school for the period November 1, 1949 to November 30, 1950 was 99.4 pupils, while the authorized enrolment is 120.

Is it not possible that there are pupils who are not receiving education and can be admitted to this school.

You are probably aware that the Kamloops school is over the authorized pupilage.

It would be appreciated if this information could be kept in mind when new applicants for institutional care are considered during the summer.

Philip Phelan,
A/Superintendent of Education.

Re: Kootenay Residential School

I have your letter of the 8th instant with reference to Reverend Father Kelly's communication of the same date concerning pupil Agnes McCoy, #0397.

When preparing the Return for the quarter ending March 31, 1952, the Principal should ask grant for the number of days the girl is in residence during the March Quarter as well as the number of days she was present in the school during the December Quarter. A note should appear opposite her name on the return, quoting the date of this letter.

Philip Phelan,
Superintendent of Education.

APPLICATION FOR ADMISSION

To the

Director of Indian Affairs,
Ottawa, Canada

Sept. 2, 1945

Sir,—

I hereby make application for admission of the undermentioned child into the Kootenay Residential Residential School; to remain therein under the guardianship of the Principal for such term as the Minister of Mines and Resources may deem proper:

Indian name of child.....
English name..... Willard Pascal
Age..... 7
Name of Band..... Columbia Lake
No. of ticket under which child's annuity is paid.....
Father's full name and No..... Gus Pascal
Mother's full name and No..... Josaphine Paul
Parents living or dead..... Living
State of child's health..... Good
Religion..... R. Catholic
Does applicant speak English?..... Yes
Previously attended..... None school for..... years

G. Pascal

(Signature of father)

NOTE—If mother or guardian signs, agent must forward full explanatory note.

I recommend the admission of the above child, who is of good moral character and is eligible to be admitted as a grant-earning pupil.

I hereby certify that the above application for admission has been read over and interpreted to the parent or guardian and that the contents were understood by him or her and that I witnessed his or her signature to this document.

* L. Agnellus Rickard, Sr.
Signature of Missionary or other Witness

[Signature]
Agent

*Principal or other official of the school must not sign as witness.

NOTE—All the above particulars must be fully given, especially the "Name of Band," "No. of ticket under which child's annuity is paid" and "Religion." The minimum age for admission is seven (7) years, except in the case of an orphan, destitute or neglected child. When application is made for the admission of such cases, full particulars should accompany the application.

INDIAN AFFAIRS

Mr. Philip Phalen, Supt.
Education Division,
Indian Affairs Branch,
McFarland Bldg.
Ottawa, Ont.

Dear Mr. Phalen:

Michael Stanley (#299), is a former pupil in this school. He left the school two years ago and now wishes to resume his studies, and if possible, go on the High School next year. He is one of our better characters, and his behaviour was excellent during the two year's absense form the school. He is of average intelligence. On the advice of Father Kelly, I took him back. In cases like this is it necessary to submit a new "Application for Admission"? The same holds for Merle Gravelle (#0370), except that she attended public school during her absense.

With kindest personal regards, I am,

Sincerely yours,

G. P. Dunlop *cm*

Mr. J.S. Dunn,
Supt. Indian Agency,
Cranbrook, B.C.,

With reference to the September Quarterly Return for the Kootenay Indian Residential School we have not received the necessary application for admission for pupil # 371 Felix Abel consequently his admission to the school has not been approved. The Principal has claimed twenty-six days grant for this boy, however as his admission to the school has not been approved the per capita grant on the September Quarterly Return for him is being disallowed. It would be appreciated if you would arrange to have the necessary application prepared and forwarded to this office for consideration and advise the Principal that it will be in order to include this boy's name on the December Quarter claiming per capita grant for the December Quarter and twenty-six days for September. The necessary explanation should be shown in the Remarks Column.

The Principal has shown # 0345 for Margaret Jack. Our records indicate that this pupil's number is 0343. The Principal has shown 0353 for Martina Pierre. Our records indicate the register number for this girl is 0355. Please advise the Principal to amend his copies of the Return.

The Principal has claimed fourteen days grant for pupil # 0370 Merle Gravel and indicated that this girl was admitted to this school on September 4th. It is evident that either she entered the school late or was truant, consequently we are disallowing any grant for her until the matter is clarified. Please instruct the Principal that it will be in order to claim fourteen days grant or whatever grant is entitled to the school on the December Quarterly Return indicating in the Remarks Column

Indian Affairs (RG 10 Volume 6454, file 884-10, part 6)

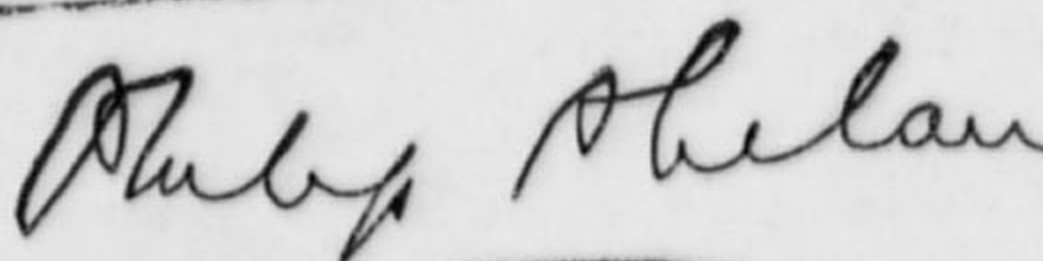

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

oor-copy

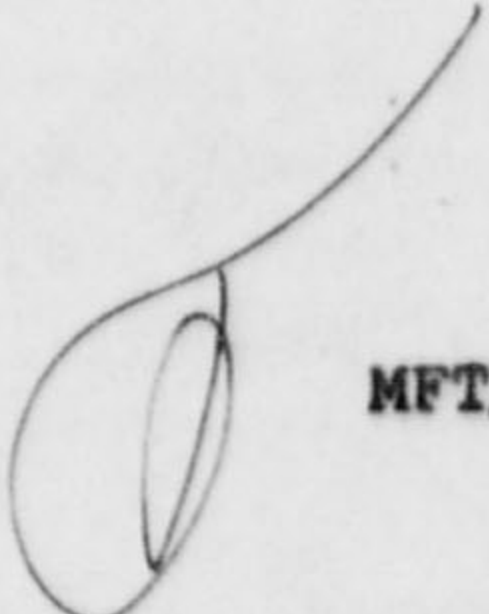

the exact date for claiming the number of days. It will be in order for the Principal to claim the usual per capita grant for the December Quarter on the same Return.

The Principal has claimed seventy-two days for pupil # 348 indicated in the Remarks Column that she was admitted to hospital on September 10. Please bring to the Principal's attention our circular stating that the school is entitled to hospital grant of thirty days in such cases. We are allowing the school ninety-two days grant for this pupil. The Principal has neglected to show the dates pupils 355 and 356 returned from their vacation and hospital respectively and claimed less than the prescribed number of days in the quarter for each of the two pupils. Please secure this information from him and advise.

Pupil # 367 was shown on the June Quarterly Return but is omitted on the September Return. Please advise.

Philip Phelan,
Superintendent of Education.

Re: Kootenay Indian Residential School

In reply to your letter of October 7th, in connection with the September Quarterly Return for the above mentioned School. The admission of pupil #371 Felix Abel having been approved, your letter of October 14th, your file 884-10 (E6), the Principal has been requested to include this boy's name on the December Quarter claiming the December quarterly grant and twenty-six days for September with note of delayed approval of admission in the Remarks Column.

Father Dunlop has also been requested to amend the typographical errors in his September Return to show #0343 Margaret Jack and #0355 Martina Pierre under their registered numbers.

With reference to #0370 Merle Gravelle, the Principal requested payment for fourteen days which is apparently justified. A former pupil who has been attending Flagstone Public School Merle requested re admission to enable her to attend the Cranbrook High School. Scheduled to open September 2nd, the Cranbrook Public Schools remained closed for two weeks due to the prevalence of Polio. Merle entered Cranbrook High School in Grade 9 on September 17th.

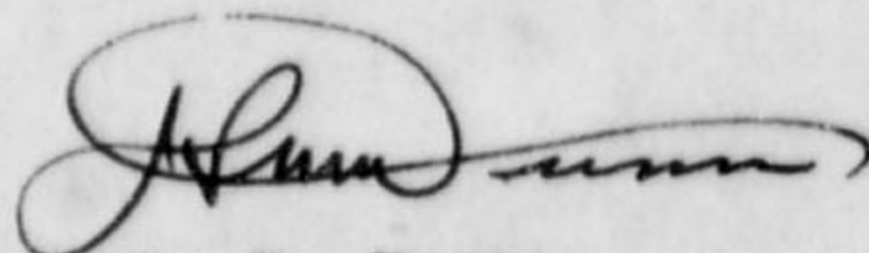

No. 355 Donald Williams was truant September 2nd - September 22nd inclusive, being stranded at the coast with his mother during that period.

Indian Affairs (RG 10 Volume 6454, file 884-10, part 6)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

No. 356 Allan Andrew, a patient in Nanaimo Indian Hospital, for several months, was recently discharged and transferred to our Residential School arriving September 19th.

No. 367 Charlie Alexander, a pupil from outside this Agency, failed to return and the Principal overlooked entering his name and requesting discharge in the Remarks Column. I presume it will be in order for the Principal to request payment, 62 days in December Quarterly in this case.

J. S. Dunn,
Superintendent.

Supt. Indian Agency,
Cranbrook, B.C.,

With reference to your letter of October 20th regarding pupil # 367 Charlie Alexander in the Kootenay Indian Residential School, please advise the Principal that it will be in order for him to claim grant for this pupil on the December Quarterly Return.

When claiming this grant the Principal must indicate in the Remarks Column the circumstances for claiming it. This information will be required by the Treasury officials who will be checking the Return for payment.

Philip Phelan,
Superintendent of Education.

Mr. W.S. Arneil,
Indian Commissioner,
P.O. Box 70,
Vancouver, B.C.,

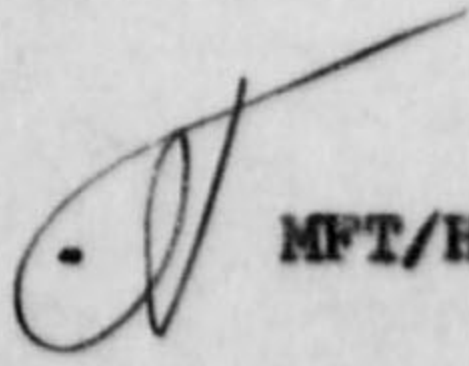

With reference to your letter of October 24 regarding the admission of Ronald Benjamin Baker to the Kootenay Indian Residential School, the Department approves his admission to this school.

With reference to the admission of Sebastian Jack to the Kootenay School, the Department approves his admission, however, it will be necessary for you to have the necessary application for admission for this boy completed and forwarded to this office for consideration. As you are aware, the school will not be able to claim Per Capita Grant for this boy until the necessary application is received and the admission officially approved.

It is noted that the Department will be obliged to pay air transportation charges for this boy from Vancouver to Cranbrook. You may arrange for this type of transportation.

Philip Phelan,
Superintendent of Education.

Re: Sebastian JACK — Penelakut Band

Enclosed please find application for the admission of the above-named boy to the Kootenay Residential School. It has not been possible to have the physical examination form signed by a physician as Sebastian is in the Industrial School at Essondale, B.C. However, he has been physically examined by Dr. Schrieber, Coquitlam, and the report on file in the school indicates that he is physically fit and has no disabilities.

A medical report from the Industrial School will be submitted upon receipt of same.

Re: Sebastian JACK -- Penelakut Band

Further to our correspondence pertaining to the above-named boy who was to be sent to the Kootenay Residential School at the same time as Ronald Baker of the Squamish Band, it has been necessary to cancel the arrangements for Sebastian as well as for Ronald.

Sebastian was not physically examined for purposes of school admission by Dr. Coddington, Indian Health Services, but a fairly recent medical report on file at the Boys' Industrial School indicated no physical disabilities and that the boy was in good health. A reservation had been made for Sebastian to leave Vancouver via C.P.A. on November 5th, but on the afternoon of November 4th, we received a telephone call from the Boys' Industrial School advising that a routine examination prior to discharge from the school indicated that Sebastian had an enlarged heart, and the doctor recommended specialist treatment and advised again transporting the boy by airplane to Cranbrook. The Industrial School had no explanation for the fact that this condition had not been diagnosed on previous occasions, but we did not feel that he should be sent to the Kootenay School until such time as further examinations can be made by a heart specialist. Consequently, it was necessary to cancel arrangements made for the admission of Sebastian to the Kootenay School.

Re: Ronald BAKER -- Squamish Band

With reference to our correspondence pertaining to the above-named boy, arrangements were made for his admission to the Kootenay Residential School, physical examination completed and air transportation reservation made. These plans had all been undertaken with the full co-operation of Ronald's grandparents, Mr. and Mrs. William Baker, who have cared for the boy since infancy.

The family was visited yesterday and advised at that time that they had changed their minds about sending the boy to Cranbrook as they felt it was too far for him to go. They seemed quite aware of the consequences that they would have to take if the boy became ill, but they still continued to refuse to carry out the plan of school admission; consequently, this boy will not be admitted to the Kootenay School as previously arranged.

W.S. Arneil

APPLICATION FOR ADMISSION

To the
Director of Indian Affairs,
Ottawa, Canada

November 21 195²

Sir,—

I hereby make application for admission of the undermentioned child into
the Kootenay Residential School; to remain
therein under the guardianship of the Principal for such term as the Minister of Citizenship
and Immigration may deem proper:

Indian name of child.....
English name..... Harold Squakim
Age..... 12
Name of Band..... Lower Similkameen
No. of ticket under which child's annuity is paid.....
Father's full name and No..... Ignace Squakim, No. 33
Mother's full name and No..... Harriet Daniel, No. 33
Parents living or dead..... Living
State of child's health.....
Religion..... R.C.
Does applicant speak English?..... Yes
Previously attended..... school for..... years

Ignace Squakim
(Signature of father)

NOTE—If mother or guardian signs, agent
must forward full explanatory note.

I recommend the admission of the above child,
who is of good moral character and is eligible to be
admitted as a grant-earning pupil.

I hereby certify that the above application for
admission has been read over and interpreted to
the parent or guardian and that the contents were
understood by him or her and that I witnessed his
or her signature to this document.

* [Signature]
Signature of Missionary or other Witness

[Signature]
Agent

*Principal or other official of the school must not sign as witness.

NOTE—All the above particulars must be fully given, especially the "Name of Band," "No. of ticket
under which child's annuity is paid" and "Religion." The minimum age for admission is seven (7) years,
except in the case of an orphan, destitute or neglected child. When application is made for the admission
of such cases, full particulars should accompany the application.

APPLICATION FOR ADMISSION

To the
Director of Indian Affairs,
Ottawa, Canada

Nov. 25.

195 2

Sir,—

I hereby make application for admission of the undermentioned child into the Kootenay Residential School; to remain therein under the guardianship of the Principal for such term as the Minister of Citizenship and Immigration may deem proper:

Indian name of child.....
English name Ralph Bent
Age 7
Name of Band Similkameen
No. of ticket under which child's annuity is paid.....
Father's full name and No. James Bent
Mother's full name and No. Emily
Parents living or dead living
State of child's health good
Religion Catholic
Does applicant speak English? yes
Previously attended High school school for 1 years

J. G. Bent
(Signature of father)

NOTE—If mother or guardian signs, agent must forward full explanatory note.

I recommend the admission of the above child, who is of good moral character and is eligible to be admitted as a grant-earning pupil.

I hereby certify that the above application for admission has been read over and interpreted to the parent or guardian and that the contents were understood by him or her and that I witnessed his or her signature to this document.

* Paul G. Clarke
Signature of Missionary or other Witness

John
Agent

*Principal or other official of the school must not sign as witness.

NOTE—All the above particulars must be fully given, especially the "Name of Band," "No. of ticket under which child's annuity is paid" and "Religion." The minimum age for admission is seven (7) years, except in the case of an orphan, destitute or neglected child. When application is made for the admission of such cases, full particulars should accompany the application.

Re: Kootenay Residential School

With reference to your letter of January 14th, your file 884-10 (E6), requesting dates of arrival or discharge of pupils #0303 and #0408. Annie Jean Francis, No. 0303, left the School October 16th, 1952. Jean Parker, No. 0408, did not arrive at the School until October 12th, 1952 and payment was requested starting October 13th.

I trust the above information meets your requirements.

J. S. Dunn,
Superintendent.

Rev. Father G.P. Dunlop, O.M.I.,
Principal,
Kootenay Indian School,
CRANBROOK, B.C.

Dear Father Dunlop:-

The Department has recently instructed that the enrolment of Indian children at residential schools be reviewed. In looking over the list for Kootenay School, I find that there is no justification for the following children to be attending:

Jean and Arthur Parker
Violet, Winifred, Ethel & James Thomas
Grace, Margaret, Clementine & Roy Jack.
Arbelle Felix.

The parents of these children have been informed that you are being asked to discharge the children as of June 30th, 1953. Arrangements are being made to send them to local day and public schools.

Yours very truly,

R.H.S. Sampson,
Superintendent,
Okanagan Indian Agency.

Mr. Philip Phalem Supt.,
Indian Affairs Branch,
McFarland Bldg.,
Ottawa, Ont.

Dear Mr. Phalen:

Please find enclosed a letter I received from Superintendent Sampson a few weeks ago.

May I point out that with the exception of the Parker children, there is no justification for holding back the other children listed. The Thomas children and Arbelle Felix are from Enderby. This Reservation has no Catholic day school. It is true that the Jack family belong to the Penticton Band where there is a Catholic day school. However, Mr. Jack has had steady employment elsewhere for several years. It seems unreasonable to ask him to give up steady employment and return to the Penticton Reservation in order that his children attend the day school there.

I have a letter from Mr. Jack in my files specifically asking me to take this matter up with the Department on his behalf. In this letter he explains his situation, and is most anxious that his children return to this school.

I am most anxious to have these children attend this school again. Anything you can do concerning this matter will be greatly appreciated.

Yours truly,

G. P. Dunlop
G. P. Dunlop, O.M.I.
Principal.

Mr. W.S. Arneil,
Indian Commissioner,
P.O. Box 70,
Vancouver 2, B.C.

Re: Kootenay Indian Residential School

Further to my letter of August 24th concerning the discharge of certain children belonging to the Okanagan Agency from the above named residential school, I have now received a letter from the Principal with which he encloses a letter he has received from Mr. Sampson. I am forwarding herewith copies of these two letters.

In view of the concern which you have had about the enrolment at the Kootenay School, and the correspondence which you have had with Mr. Sampson concerning this matter, I feel that Mr. Sampson's action in writing to the Principal without consulting you was unnecessarily hasty.

I shall appreciate having your recommendation as to what action should be taken with regard to the discharge of the children who Mr. Sampson feels should be released. It is felt that you should also inform Mr. Sampson that he should not arrange for the discharge of children unless he has departmental approval for so doing. In this connection, you might draw Mr. Sampson's attention to Section 10 of the regulations with respect to residential schools. The use of Superintendent in this section refers to the Superintendent of Education, as indicated in the definition given in Section 2.

C.A.M.

Ottawa, February 28, 1934.

Rev. Sir:

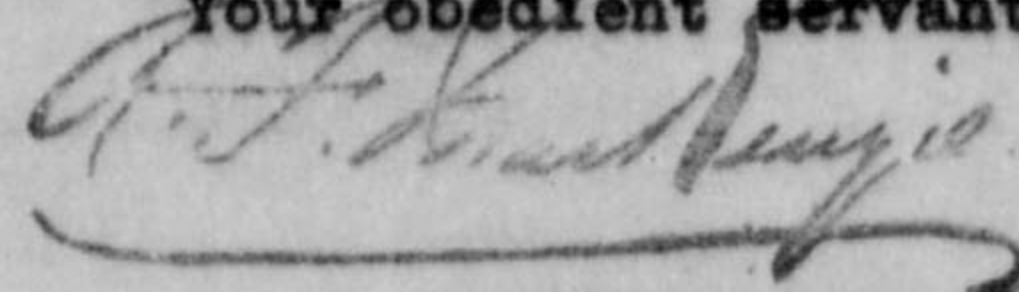

As soon as possible after March 31st next, you should forward to the Department a detailed report regarding the vocational training that is given at the Kootenay Residential School. This report should contain the following information:

- (a) Instruction: Name, age and qualifications of instructor or instructors.
- (b) Industries: Under this heading you should specify the industries taught, the number of pupils in each industry, number of hours weekly that each pupil is engaged, and list of work accomplished during the period April 1, 1933, to March 31, 1934.
- (c) General Remarks: Under this heading you should state if the pupils are interested, and if you consider the results that are being obtained justify the expenditure that is being made.

If you feel that the value of the course could be improved, you should state in what manner you believe this could be done.

In addition to the above, you should let me know what is being done at your school to carry out the instructions contained in circular letter of March 18, 1931, a copy of which is enclosed.

Your obedient servant,

A. F. MacKenzie,
Secretary.

Mr F.S. Ryckman,
Indian Agent,
Cranbrook, B.C.

Dear Sir:

I enclose vouchers covering course in carpentry for the boys for the December quarter. You will note that these vouchers are made out in favor of J. Cullen instead of F. McGourty as formerly. John Cullen has had over sixteen years training boys in different mechanical trades and is considered a very good instructor for carpentry, having formerly supervised this work in Ireland. Trusting this meets with the approval of the Department, I remain,

Yours faithfully,

J. M. Patterson, O.M.I.

Sir:

I beg to enclose herewith a letter received from the Reverend J. M. Patterson, Principal of Kootenay Indian Residential School, dated January 4th, 1935, with reference to the employment of Mr. J. Cullen as Manual Training Instructor instead of Mr. F. McGourty.

I beg to submit that Mr. Cullen appears to be quite proficient as an Instructor in carpentry, and I trust this change in the staff will meet with approval.

Respectfully submitted.

I have the honour to be,
Sir,
Your obedient servant,

F. S. Ryckman

Sir:

With reference to your letter of the 8th instant, I beg to say that the Department allows a grant of \$40 a month towards the salary of the manual training instructor at the Kootenay Indian Residential School. The selection of the instructor, in the past, has been left to the discretion of the Rev. Principal. In paying the grant, the Department requests you to sign the vouchers, for the purpose of certifying that manual training is being given and that the Department is obtaining adequate return for the money expended.

Ottawa, December 11, 1935.

Reverend Sir,-

The Department is in receipt of Inspector Barry's report regarding his visit to the Kootenay Indian Residential School on the 21st ultimo.

It appears from this report that Mr. Barry discussed with you the qualifications of the present manual training instructor. He further reports that you told him you might be able to obtain the services of a trained manual training instructor from the Cranbrook Provincial Schools.

The Department considers that this latter arrangement would be preferable to retaining the present manual training instructor, who appears to be insufficiently qualified for the position.

Mr. Barry also reports that there is a possibility of obtaining the services of a blacksmith to instruct the boys in general farm blacksmithing, including the shoeing of horses. The Department considers that instruction of this kind would likely be very useful to the boys attending the Kootenay School.

I would appreciate hearing from you what action you intend taking in connection with the above matters.

Yours truly,

A. F. MacKenzie
A. F. MacKenzie.
Secretary.

R

E X T R A C T from Inspector Barry's Report on his visit to the KOOTENAY INDIAN RESIDENTIAL SCHOOL on November 21st, 1935. - Original on File 155-0-6.

The Manual Training is at present under the care of a young man, Mr. Patrick Grant. The only qualification that Mr. Grant would appear to have is the fact that he was for four years at the Vancouver Technical School. He is certainly not the kind of Instructor we require in the Indian Residential Schools. I understand that he wants to leave, does not care for the work, etc., or at least so I am informed by the Principal.

The Manual Training Shop has been previously reported upon by me. It is some 24 feet by 36 feet with six large double benches. There is a good blackboard, and the building is heated by a wood burning stove. It was not very tidy when I visited the place. I suggested that the shavings and small pieces of waste wood be burned and not left about on the floor. I made a point of asking the instructor about the condition of the tools. He was not very definite but appeared to consider them in a satisfactory state. I consider that they are in anything but a satisfactory state, and I suggested that he have the boys learn to keep the tools properly, and now proceed to sharpen them Etc. The three or four tools that I examined at random were in a very bad state indeed, half moons out of chisels, etc. It would appear that twenty-one boys in two classes of twelve and nine are taught for two half days from November to March.

I expressed the fact that I was not very well satisfied with this work and the Principal told me that there was a chance that they might obtain the services of the TRAINED MANUAL INSTRUCTOR from the Cranbrook Provincial Schools for a weekly visit on Saturdays. This would be a splendid arrangement, and I would ask that the Department insist on some such change at the earliest possible moment. The Indian Agent would no doubt be able to arrange this matter for the Department. He is I believe in agreement with me in the matter, which I have talked over with him in broad outline.

There also appears to be the possibility of obtaining the services of a Blacksmith to instruct the boys in general farm blacksmithing, including the shoeing of horses. I certainly agree with the Indian Agent that this is the sort of instruction which would be of the very greatest use to the boys when they leave school. I would ask the Department to also communicate with the School and the Indian Agent with regard to this activity, which I wish to very strongly recommend at this school. The question of the starting a shoemaking shop is being left to next year, as I wish to have the boys instructed in the above first.

THE KOOTENAY INDIAN RESIDENTIAL SCHOOL
CRANBROOK, B.C.

Dec. 23rd, 1935.

Dear Mr. MacKenzie,

Your letter of ~~December~~ 11th-(155-0-11), came to hand in due time.

Re Manual Training : We shall make arrangements at once with the Instruction of Manual Training in Cranbrook Provincial Schools, to take charge of our class of Manual Training immediately after the Christmas holidays.

Re Blacksmithing : We have among our hired men, a man of expert blacksmithing experience and we shall see to it that our boys are instructed in general farm blacksmithing and horse-shoeing in particular, during their residence at our school.

In general we shall make every effort to carry out in our school the aim of the Department. We shall make it a point to give the boys experience along every line that may be of service and of benefit to them later on. We are giving them experience in dairying, in cattle-raising for beef, in hog-raising, and in general farming (irrigating included) and so forth.

Yours truly,

Michael Murphy *M. S.*

EX'D.

Ottawa, November 6, 1936.

Dear Sir:

The Department is in receipt of Inspector Barry's report regarding his visit to the Kootenay Indian Residential School on the 22nd ultimo, and it appears that when he visited the manual training shop it was very untidy and there were shavings on the floor. It is considered that the manual training instructor should have the pupils clean up the room previous to dismissal of the class.

The Inspector also comments as follows regarding the work of the manual training class: -

"There are dozens of places in the school where the Manual Training Class could carry out repairs, mending floors, fixtures for the classrooms, etc. I suggested to the Principal that the boys, under their Instructor could carry out numerous repairs without cost to the Department. If they are unable to do this the present system had better be changed. I think there has been too much time spent in foolish little models like the work done in Provincial Schools."

The Department agrees with the above remarks, and the matter should be drawn to the attention of the Principal.

Please let me know the name of the manual training instructor at the Kootenay School. In Mr. Barry's report he states the name is J. S. Manson, but it is noted that the voucher forwarded monthly from your office shows the manual training instructor's name as J. Cullen.

Yours truly,

A. Irwin, Esq.,

2 R*

EXTRACT from Inspector Barry's Report on his visit to the KOOTENAY INDIAN RESIDENTIAL SCHOOL on October 22, 1936 - Original on File 155-0-6.

R

The Manual Training is now under the care of J. S. Manson, the Manual Training Instructor of the Cranbrook Schools. This is in accordance with my own recommendations as stated in my last report.

The Manual Training Shop is some 24 feet by 36 feet with six large double benches. There is a good blackboard. The building is heated by a wood-burning stove. When I visited the shop it was very untidy, shavings on the floor. I am certainly very surprised to find that any trained teacher of Manual Training would leave the place as I found it. The Principal explained that the school was at fault and that the shavings should have been gathered up in the afternoon following the class. I do not agree and consider that the Manual Training Instructor, or in fact any teacher, should have his class clean up the room previous to dismissal. As this matter of an untidy Manual Training Shop was reported last year, I would ask that the Department take the matter up through the Indian Agent, who will of course have a copy of this report. It was not mentioned to Mr. Irwin at the time, owing to the fact that there were so many other points to be discussed. The tools, reported in poor condition last year, have been, I understand, overhauled and repaired. Numerous missing parts have been replaced. They were locked up and I was unable to see them.

I am not very well satisfied with the work being done here in Manual Training, though I admit it is an improvement on that of last year. [There are dozens of places in the school where the Manual Training Class could carry out repairs, mending floors, fixtures for the classrooms, ETC.. I suggested to the Principal that the Boys, under their Instructor could carry out numerous repairs without cost to the Department. If they are unable to do this the present system had better be changed. I think there has been too much time spent in foolish little Models like the work done in Provincial Schools.] This is clear from the attached Manual Training Report handed to me at the school.

OFFICE OF
INDIAN AGENT

Cranbrook, B. C.,
December 4, 1936.

Dear Sir:

I wish to acknowledge receipt of your letter No. 155-0-11 of November 6th and in reply to state, as I did in my report for the month of October, that I am in full accord with Inspector Barry's report regarding his visit to the Kootenay Indian Residential School and have brought the subject matter of your letter before the principal, who has promised to see to it that more work of a practical nature such as referred to in your letter will in future be undertaken by his boys under the guidance of their manual training instructor.

There is no doubt that quite a lot of the repair work around the buildings might be handled in this way, which would have the worth while effect not only of saving money for the Department, but of giving the boys the practical training they require.

The name of the Manuel Training Instructor is Brother J. Cullen and the Mr. J. S. Manson referred to by Inspector Barry is supposed to take the classes on Saturdays only for which he is paid at the rate of \$5 per day from Mr. Cullen's cheque.

Your obedient servant,

Andrew Irwin,
Indian Agent.

The Secretary,
Department of Indian Affairs,

Dear Sir:

Reverend Father Murphy, Principal of the Kootenay Indian Residential School, has supplied me with quotations on Lumber requested by the Instructor of Manual Training for the shop of the Kootenay Indian Residential School which I herewith enclose.

The Principal is seeking approval from the Department to purchase the same. The material is necessary in the interest of Manual Training at the school and I would recommend that if at all possible the order be approved.

Your obedient servant,

Ottawa,
April 21, 1938.

Dear Sir:

I am in receipt of your letter of the 22nd ultimo requesting authority to expend \$100.00 for lumber and nails for the manual training class of the Kootenay Residential School.

As you have already been advised articles involving an expenditure as large as that mentioned in your letter are now secured through our Purchasing Branch. It is, therefore, necessary for you to supply specific information regarding the lumber and nails that are needed. Please let me have these details in order that I may submit same to the Purchasing Agent.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

Ottawa,
May 17, 1938.

Dear Sir:

With reference to your letter of April 30 the Purchasing Agent approved of your making local purchase from firms on the approved list of the material required for the manual training class at the Kootenay Indian Residential School. I enclose the list which you forwarded with your letter and it is noted that the cost of the material will not exceed \$100.00.

When you forward the account I will arrange with the Purchasing Agent to approve the purchase.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

L.H.
EXD.Ottawa,
December 14, 1938.

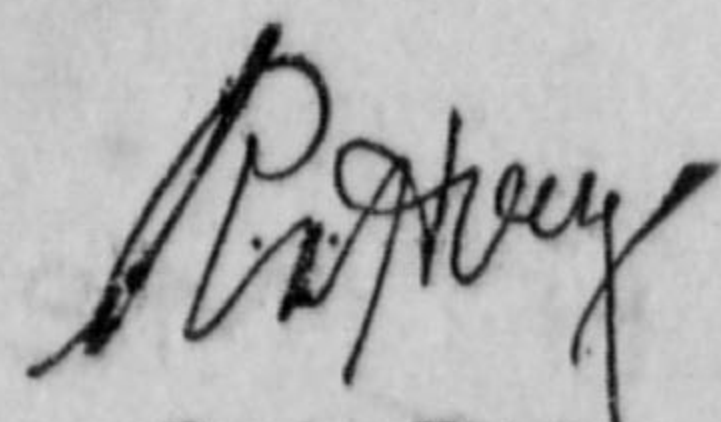

Dear Sir:

Reporting on his inspection of the Kootenay Indian Residential School on November 9 and 10 Inspector Barry writes as follows:

"I believe that it would be better to dispense with the services of Mr. J. S. Manson who is the Provincial manual training instructor in Cranbrook and comes out to the school each Saturday. The Principal complains about the trouble of transporting the instructor to and from Cranbrook weekly. I believe the Department's grant for manual training at this school is being wasted."

Please discuss the above report with the Reverend Principal and let me know what steps you consider could be taken to make the manual training more effective. Is it possible to secure a qualified manual training teacher to replace Mr. Manson? It is understood, of course, that his services should be retained until you have reported further to the Department and our decision has been given.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

A. Irwin, Esq.,

Kootenay Residential School,
Cranbrook, B.C.
7th January 1939

Mr. A. Irwin,
Indian Agent,
Cranbrook, B.C.

Dear Mr. Irwin:

I was very much surprised at the rather severe criticism of our Manual Instructor by the School Inspector, Captain Barry.

Mr. Manson has been for years the Instructor in the Public School of Cranbrook. As such he is thoroughly qualified, and were he not, it is surprising that the Provincial School authorities have been satisfied during all this time. Mr. Manson has been carpentry instructor here in the Kootenay Residential School for many years. Is it only now apparent that he is useless and that the money paid by the Department for a Manual Instructor is being wasted?

Captain Barry considers this money as being wasted. I wonder if the following construction works by the Indian boys of this school testify to waste. They have been and are still being taught the correct handling of tools. They have been and are still being taught blackboard drawing. During the past two and a half years they have repaired many articles of furniture; they have made several cupboards, and a few farm gates. They have constructed snow shelters on the girls' side and the boys' side of the school to protect the children from falling icicles from the roof. Moreover the boys have been the main workers in the erection of a three car garage last year, and at present are constructing a new poultry house. They are also engaged in making two fire doors on the stair-way landings leading to the dormitories.

No doubt it would be far better and more convenient if we had a resident manual instructor. I fail to see how we can do better, or how we can obtain a first class manual instructor on \$400.00 a year. No doubt there are a few carpenters around who might do, but who have no technical school.

Indian Affairs (RG 10 Volume 6455, file 884-11, part 2)

[Handwritten signature]

Dear Sir:

I wish to acknowledge receipt of your 155-0-11 of December 14th, with reference to a statement by Mr. Inspector Barry in his School report of November 9th and 10th, to the effect that the services of Mr. J. S. Manson, as Manual Training Instructor at the Kootenay Indian Residential School, should be dispensed with.

It is, doubtless, true that a full time resident Manual Training Instructor would be preferable to a part time Instructor. If, however, financial limitations make this hope impossible then, in my own humble opinion, we are extremely fortunate to have Mr. Manson and, if any doubt is entertained by the Department as to what the Reverend Principal thinks of the man and his work, the enclosed letter, with which I fully agree, speaks for itself.

Yours faithfully,

[Handwritten signature]
Andrew Irwin,
Indian Agent.

Feb. 1, 1939.

Dear Sir:

I enclose herewith a letter received today from the Reverend Principal of the Kootenay Indian Residential School together with a list of tools and materials required by the Manual training instructor, Mr. J. S. Manson, for the current year amounting to \$181.25.

Kindly advise if it will be possible to supply Mr. Manson with these urgently needed tools and materials with which to carry on his regular classes at the School and oblige.

Your obedient servant,

Andrew Irwin,
Indian Agent.

Ottawa,
February 10, 1939.

Dear Sir:

I am in receipt of your letter of the 1st instant enclosing list of tools and materials required for the manual training class at the Kootenay Indian residential school. It is noted that the estimated cost of the tools is \$181.25 and the estimated cost of the material is \$100.00.

As the letter from the Principal states that these tools and materials are required for the academic year 1939-40, which does not commence until September 1, 1939, no order is being placed at the present time. However, as soon as our appropriation for the fiscal year 1939-40 is available the Purchasing Agent will be requested to secure the materials and tools that are required.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

Ottawa,
April 15, 1939.

Dear Sir:

With your letter of February 1 last you enclosed a requisition for tools and materials required for the manual training class at the Kootenay residential school.

The first item on the requisition read "Lumber and nails\$100.00". You also forwarded detailed information regarding the lumber required but you did not give any information regarding the size and quantities of nails. This information will be necessary.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

Memorandum

Mr. R.A.Hoey

I have your requisition of the 10th instant, File 155-0-11, for tools and lumber for the Vocational Training purposes at the Kootenay Indian Residential School, Cranbrook, B.C.

I have arranged to ask for prices on the various tools and hardware required. These will be ordered in due course from this office.

With reference to the eight items of lumber included on Page 2 of the requisition, commencing with the item "300 ft. B.M. $\frac{3}{4}$ x 12 clear pine" and ending with the item for "200 ft. B.M. 2 x 4 #1 Dim.", I would suggest that this lumber be purchased locally from approved sources of supply under the direction of Commissioner MacKay. I might add that we have three sources of supply on our approved list, including- The Invermere Contracting Company, Invermere, B.C., Mr. Letcher, and Canada Western Lumber Company, both of Flagstone, B.C. These firms are, however, some distance from Cranbrook. It may be possible to secure the small quantity required from a local mill.

W.M.Bailey
Departmental Purchasing Agent.

Ottawa, July 5, 1939.

Dear Sir:

Last February Indian Agent Irwin forwarded a requisition for tools and materials required for the manual training class at the Kootenay Indian Residential School. Funds for the purchase of these were not available at that time. The Department has recently requested the Purchasing Branch to secure the equipment required. The requisition included the following items:-

300	ft. B.M.	$\frac{3}{4}$ x 12	clear pine,
294	" " "	$\frac{3}{4}$ x 12	" "
90	Lin. ft.	$1\frac{3}{4}$ x $1\frac{3}{4}$	" "
108	" "	$1\frac{3}{4}$ x $1\frac{3}{4}$	" "
6	sheets	4 x 7	- $\frac{1}{4}$ " firply,
500	ft. B.M.	1 x 6"	- 1" shiplap,
150	Lin. ft.	4 x 4	com. pine,
200	ft. B.M.	2 x 4	#1 Dim

Please arrange for the purchase of these from firms on the approved list. The Purchasing Branch suggests the names of the following firms:-

The Invermere Contracting Company, Invermere, B.C.
 Mr. Letcher, Flagstone, B. C.,
 Canada Western Lumber Company, Flagstone, B. C.

but, as these firms are located some distance from Cranbrook, it is possible you may be able to secure the quantity of lumber required from a mill closer to the school.

Yours truly,

R. A. Hoey,
 Supt. of Welfare & Training.

EXD.

Dear Sir:

The Department is in receipt of a voucher for \$130.00 covering the cost of material for the vocational training class at the Kootenay Residential School. Purchase of this was authorized in official letter addressed to you on June 11. In order to permit us to pay the account it will be necessary to have your purchase order. The account shows that the material cost \$130.00 and was purchased from the Cranbrook Sash & Door Co., Cranbrook, B. C.

Yours truly,

[Handwritten signature]

R.A. Hoey,
Supt. of Welfare & Training.

Dear Sir:

I have to refer to your letter of October 16th, your file 155-0-11, regarding the purchase of material for the Manual Training class at the Kootenay Indian Residential School.

In this connection I beg to advise that there is no record here of any application having been received from the Indian Agent for these materials nor the authority from the Department to which you refer to make the purchase. It would appear that instructions were issued direct by the Department in this connection as no order was passed through this office to the Cranbrook Sash & Door Company for the supplies in question.

Under these circumstances, I will await your further instructions before issuing a covering purchase order.

Yours faithfully,

D.M. MacKay,
Indian Commissioner for B.C.

EXD.

Dear Sir:

I have your letter of the 21st instant with reference to the purchase of material for the manual training class at the Kootenay Indian Residential School. I enclose, for your information, copy of official letter of June 11, also copy of requisition received from Indian Agent Irwin. The only letter written regarding the requisition was the letter addressed to you on June 11. We did not write to Indian Agent Irwin direct. You will note that the voucher covers the cost of shelving pine requested on the requisition copy of which is attached.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

FILE 5-10

Dear Sir:-

I beg to submit herewith, a List of the Tools lost, and those saved, in the recent fire at the Kootenay Indian Residential School:-
Also, copy of Principal Forbes letter accompanying the above list:

"Dear Sir:-

As I pointed out in my report on our recent fire, at great risk to themselves, our Carpenter, Toby Morigeau, and Father Murray, saved a number of Tools from the burning Carpenter Shop. It was impossible to save anything, from the Blacksmiths Shop. We certainly could have saved more tools and Flooring, had I allowed the boys to enter the burning Building (they volunteered to do so) but I knew that the Department would dis-approve of my taking a risk in this matter. Those men named, have brought the Tools out of the Building, and some of the Boys carried the tools to safety.

A fact which I would ask you to draw to the attention of the Department is, that while he could have saved tools belonging to himself, and to the Oblate Fathers, our Carpenter left them in order to save all tools possible belonging to the School.

Another point is, that immediately after coming here, I had the Blacksmith Shop cleared of a number of cardboard boxes, papers and rags. I also had a large pile of rubbish burned or removed from within fifteen feet of the Carpenter shop."

The Tools Saved:

1 Figure 4 Miter Box.
1 only. Steel Framing Square.
1 " " Common Square.
1 " Wood Rasp.
1 " Saw Set
2 " 6 point. 25" Rip Saws.
2 " 8 " 25" Cross Cut Saws.
1 " 9 " 20" Ditto.
1 " Key Hole Saw.
2 " Iron Clamps.
4 each, 8" and 12" wood clamps.
80 Lbs. approximately, 2 1/2" Finish nails.
3 Auger Braces.
2 only. 30/36 window sashes 2 lt.
2 only. Draw Knives.
1 " Halround 2" Chisel.
1 " 1" Chisel.

2 only. 12" Back Saws
13 only. Jack Planes.
1 " Jointer Plane.
1 adjustable 45" Plane.
1 only. Yankee Drill.
4 " Nail Hammers.
1 " Wood mallet.
6 " 6" Try Squares.
1 " Large Screw-driver.
1 " Small Ditto.
1 " Oil Stone.
1 " Grind Stone.
28 only. 1/2" Chisels.
17 " 3/4" Ditto.
3 " 1" " "
2 " 1 1/4" Halround chisels.

Tools Lost:

3 only. Coping Saws.

Dear Sir:-

So that we can carry on our Manual Training, would you please ask the Department for about \$100.00 to buy Lumber of various kinds, and sizes and nails. Classes are being held in a former chicken coop, but there is not sufficient light and there are various other disadvantages as you know.

It is unfortunate that the Blacksmiths Shop was burned at this particular time, as the boys could have learned a good deal of useful blacksmithing during seeding operations, mending broken implements etc., All this work has to be done in Town.

Would you please ask the Department for materials to re-build both Shops? With their Instructor, the boys can do the building as part of their training.

The Carpenters shop measured 38'x28' and had as foundation a cement wall rising 3' above the ground. The walls, lumber, ran up another 3' to the roof which had an 8-12 pitch. A building of the same dimensions would be very acceptable; an earthquake some years ago damaged part of the foundations, but this can be repaired and the same foundations can be used.

Materials required to re-build the Carpenter Shop:

132 Lineal Ft. 2x6 (Sills)	10 sacks cement (repr. foundation)
152 " 2x4 (Plates)	2000 sq. ft. common (1x6 braces)
21 Pieces 2x4-10 Studs.	200 " " 1x12 shelves
14 " 2x4-12 (End studs)	600 Bricks. (chimney)
14 " 2x4-14 " "	1 Barrel Lime.
40 " 2x6-16 Joists.	9 rolls tar paper.
40 " 2x6-20 Rafters.	For Benches, dressed Lbr.:
1200 Sqr. ft. Shiplap (sides.) X	12 Pcs. 2x8-14
1200 " " " " X	6 " 2x10-14
1100 " " Rough Lbr. (Roof)	3 " 2x10-12
2600 " " Siding.	6 " 2x4-12
1200 " " 6" Flooring.	10 Lbs. 5" Common Nails.
9 Squares Shingles	200 " 2 1/2" Do.
1600 V. Joint (sides, cupboards)	100 " 3 1/2" "
1500 " (Ceiling)	30 Lbs. Shingles Nails.
12 only. Window Sashes. 8x10-9 lt.	20 " 2 1/2" Finish Nails.
	10 " 2" Do.
	10 " 1 1/2" "
	2 " 1" "

X X Rough boards would be cheaper and would do.

The Blacksmiths shop was not much better than a shed, but it served the purpose, and enabled the boys to learn as much blacksmithing as they would need later on, as Farmers. It measured 26'x16' Materials required for a new shop which would be built by the boys as part of their training, would be as follows:-

168 Lineal Ft. 2x6;	2 Rolls Tar Paper
32 Pcs 2x4-8	6000 Shingles
40 " 2x4-12	4 only. Sash 8x10-9 light.
14 " 2x4-16	200 Sqr. ft. 1x6-16
1540 Sqr. Ft. Rough Boards	336 Lin. Ft. 2x4
968 " " Siding.	50 Lbs. 3 1/2" Nails.
	100 " 2 1/2" Do.
	18 " Shingle Nails.

As the Blacksmiths shop is used chiefly for repairing Farm Implements, and as part of the farm is owned by the Oblate Fathers, I feel that

Mr. A. Irwin.
Ozanbrook, B.C.

I should mention, that, while no rental (other than taxes) is charged by the Oblate Fathers for the use of this land, the produce is used directly and indirectly, for the benefit of the School.

The Dormitory floors are, with the exception of one, in the state reported by Inspector Barry and yourself. One floor was laid before the fire occurred. The Flooring for the other Dormitory and the Scutan paper were lost. Only the nails were saved. The Flooring was stored in the Carpenter Shop, which seemed a safe place.

Yours very truly,

Signed..... G. Forbes.

AIR MAIL

Dear Sir:

With reference to the fire at the Kootenay Residential School we have received a request for funds to provide new tools, also a quantity of lumber for vocational training purposes.

Funds to the amount of \$200.00 are available in the B.C. Special appropriation for the purchase of tools and I am instructing Indian Agent Irwin to consult the Principal and forward a list of tools required to you in order that you may arrange purchase.

Instructions are also being issued to forward you a list of material required for vocational training purposes and you may purchase material at a cost of approximately \$100.00.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

Major D.M. MacKay,
Indian Commissioner,
P.O. Box 70,

AIR MAIL

Dear Sir:

Referring to your letter of the 16th instant in which you enclosed lists of the tools destroyed in the recent fire Indian Commissioner MacKay is being authorized to expend an amount of \$200.00 in the purchase of new tools. Please consult the Principal at once and forward to Commissioner MacKay a list of the tools that are most necessary.

Authority is also being given to the Commissioner to expend an amount of \$100.00 in the purchase of lumber of various kinds for the manual training class. Details regarding what is needed should be forwarded to him.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

IN YOUR REPLY REFER TO

NO 15/5/2397.

ALSO TO DATE OF THIS LETTER

June 4, 1941.

Dear Sir:

I beg to quote the following from a recent letter received from the Rev. Principal of the Kootenay Indian Residential School regarding the tools owned by the Manual Training Instructor and the Oblate Order lost when the Manual Training shop was destroyed by fire:

" I do not know whether you saw my report on the fire. In this report, I pointed out that, in order to save as much of the Government owned tools as possible, tools belonging to the carpenter and to the Oblates were deliberately sacrificed. As it was the carpenter, Father Murray and an Indian who were in the building and saved the tools, they could easily have saved the carpenter's and the Oblates' tools. If it is at all possible, Mr. Reifferscheid and Father Anthony would greatly appreciate being reimbursed for their loss. I enclose a list of these tools. Would you please return it as it is the only one I now have? "

It is highly doubtful if the Department would accept responsibility in a case of this kind because of the principle involved, nor am I prepared to recommend replacement of personal property from public funds. The matter, however, is being referred to the Department, as the Rev. Principal would no doubt wish me to do so.

Yours faithfully,

Encl.

Dear Sir:

I am in receipt of your letter of the 4th instant with reference to the request of the Principal of the Kootenay Indian Residential School for reimbursement for the tools owned by the carpenter and the Oblate Order which were destroyed in the recent fire at the school.

This request has received very careful consideration but I regret that owing to present regulations it is not possible for us to give a favourable answer.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

DEPARTMENT OF MINES AND RESOURCES REQUEST FOR QUOTATION

Alberta Lumber Company Ltd.,
790 West 6th,
Vancouver, B.C.

P.O. Box 70, Vancouver, B.C.

Req. File

Tenders are hereby invited for the supply of the goods specified below; prices to include Dominion Sales Tax and be f.o.b.

CRANBROOK, B.C. Goods required are for Government use and are not for resale. The right is reserved to accept or reject quotations on any item separately or on the tender as a whole. **two copies**

Please prepare your tender in duplicate on the enclosed form, being careful to fill in all blanks, sign properly and return on the accompanying addressed envelope. Quotations should be fully extended and checked and extensions totalled. In case you do not care to submit a tender you are requested to return both copies of the form.

All material furnished must conform with accepted tender. Shipper must pay transportation charges both ways on all rejected material. Failure to deliver all materials within the time given on the order may cause refusal to accept material delivered after that date.

Tenders will be received until 12 o'clock noon, **noon 12th June, 1941.**

D.M. MacKay, Indian Commr. for B. C.

Indian Commissioner for B.C.,
To the Purchasing Agent, P.O. Box 70,

TENDER

Date **June 12th, 1941.**

Department of Mines and Resources, **Ottawa, Vancouver, B.C.**

We beg to quote you the following prices f.o.b. **CRANBROOK, B.C.** on goods listed below. If our tender is

accepted in whole or in part we will ship within **10** days after receipt of your order.

Are goods of Canadian or British Empire Manufacture? **Canadian Alberta Lumber Co. Limited**

NOTE:—Spaces marked (a), (b), (c), must be filled in as otherwise the tender is incomplete.

Dear Sir:

Please inform the Principal of the Kootenay Indian Residential School that from September 1, 1941, the Department will make an allowance of \$50.00 a month for the services of a vocational teacher. When forwarding the voucher for this allowance at the end of each quarter you should mark on this voucher -- "Pay from B.C. Special".

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

DEPARTMENT OF MINES AND RESOURCES
REQUEST FOR QUOTATION

McLennan, McFeely & Prior Ltd.,

P.O. Box 70, Vancouver, B.C.

99 East Cordova St., Vancouver, B.C.

Req..... File.....

Tenders are hereby invited for the supply of the goods specified below; prices to include Dominion Sales Tax and be f.o.b.....

CRANBROOK, B.C. Goods required are for Government use and are not for resale. The right is reserved to accept or reject quotations on any item separately or on the tender as a whole. **two copies.**Please prepare your tender in duplicate on the enclosed form, being careful to fill in all blanks, sign properly and return ~~copy~~ in the accompanying addressed envelope. Quotations should be fully extended and checked and extensions totalled. In case you do not care to submit a tender you are requested to return both copies of the form.

All material furnished must conform with accepted tender. Shipper must pay transportation charges both ways on all rejected material. Failure to deliver all materials within the time given on the order may cause refusal to accept material delivered after that date.

Tenders will be received until 12 o'clock noon..... **12th June, 1941.****D.M. MacKay, Indian Commissioner for B.C.** *Purchasing Agent***Indian Commissioner for B.C., TENDER**Date **June 12, 1941.**

To the Purchasing Agent, P.O. Box 70, Vancouver, B.C.

Department of Mines and Resources, Ottawa

Cranbrook, B. C.We beg to quote you the following prices f.o.b. (a) on goods listed below. If our tender is accepted in whole or in part we will ship within **at once** (b) days after receipt of your order.

Are goods of Canadian or British Empire Manufacture? (c)

NOTE—Spaces marked (a), (b), (c), must be filled in as otherwise the tender is incomplete.

EXD.

Dear Sir:

The Department is returning the attached voucher unpaid. It has been the custom at the Kootenay School to only pay the manual training instructor for a period of 10 months. The Department cannot understand why you have issued a voucher for 3 months.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

Dear Mr. Irwin:-

You greatly surprised me when you told me that Mr. Hoey had pointed out to you that the grant for the Manual Trainer could not be paid to the Kootenay Indian School for the holiday months, as the Department had not done this in the past. The clue to the mystery appears to lie in the word Kootenay. In the other schools of which I have been in charge, the grant is paid for the twelve months, and so, naturally I expected that the case was the same here. I would submit that there are very good reasons either for the grant to be given for 12 months, or that the Department pay a Carpenter to make necessary repairs during the holidays. Naturally, if the Manual Trainer or the Carpenter did not work during the entire two months, the grant would cover only the days he worked. Last summer, the Manual Trainer worked steadily. You will recall that the Department supplied us with Flooring for the four dormitories, and that just before the floor was laid in the first dormitory, fire destroyed the rest of the lumber. The Department kindly supplied more flooring, but this did not come in time for the boys and their Instructor to lay the remaining floors before the holidays. There were holes in the floors, nails sticking out, splinters etc, so that especially if one had to get up at night, there was danger of injury. During the holidays the Manual Trainer did this, and other work.

When the Commissioner was here, I took him around to show him some urgently needed repairs. I forget the expression he used before we started out, but it indicated that he had inspected the school before, and knew how poorly it had been constructed. I showed him the basement floor (dining room for employees and children, long corridors recreation halls, kitchen, pantries, etc, which sinks and rises as you walk

on it, bulges in places etc. It should all be taken up and re-laid. Most of the flooring could be saved. The metal roof. (to save money for the Contractor I suspect) was put on with 1" nails instead of $1\frac{1}{2}$ " nails and part of it is loose. All should be re-nailed. I thought that it was due to the building settling, but am told that it was due to an earthquake some years ago; that there are cracks in the cement walls of the building as well as in the foundation of the barn. There are also crevices between the cement walls of the main building which let in the cold and draughts. You, Mr. Doucet, and the Inspector and Commissioner agreed that the barn should be re-shingled. Then, I do not think that I exaggerate when I state that practically all the windows of the building are loose and let in the cold. We have also a Black-smith shop and a Pig Pen to build, the Carpenter shop and two buildings occupied by employees and their families to complete, besides ordinary repairs.

In a word, we cannot catch up with the repairs during the school year, although the Manual Trainer with some boys and Father Anthony, an expert Carpenter, with boys, are busy during the year. May I point out that Father Anthony receives no pay for his work? I might add that I have been unable to pay the Sisters since June, 30th and that the Auditor remarked that I and the Disciplinarian had taken no salary.. If the Department would agree to put this building and other buildings into shape so that the Manual Trainer would have only manual training and ordinary repairs, I would be quite satisfied with a grant for ten months.

Another point. Our pupilage has been cut from 90 to 83. This is only one of the things which, as I see it, hits a smaller school much harder than a larger one. Recently, someone said that compared

with the Kamloops school I was lucky; they had to maintain such a large staff, had lost the grant for so many more pupils than I etc. Well, suppose that the Kamloops school or any School of its size has a staff of 18, then, as they have at least three times as many pupils as I, I should have a staff of 6. Neither the Department nor I would be satisfied with that. We have seven Sisters, not to speak of the Principal, Boys' Disciplinarian, Mechanic, Manual Trainer, Farming Instructor and Father Anthony. A big school needs one Disciplinarian for the boys and so does a small one. The same is true with regard to a Manual Trainer, Mechanic, Farm Instructor, Disciplinarian for the girls, Matron, Nurse Principal etc.,

It will now be realized why I inherited a debt of about \$5200.00 and why I was not the first to be in the same boat. Thanks to \$3500.00 from the Oblate Fathers I can carry on. As you know, the Oblate Fathers' farm is used for the benefit of the school. I cannot pay them for the hay, grain, vegetables etc.

Yours truly,

Signed. G. Forbes... O.M.I...

IN YOUR REPLY REFER TO
NO 15/5/5473
ALSO TO DATE OF THIS LETTER

Dear Sir:

I beg to advise that application has been received from Mr. Indian Agent Irwin for the purchase of two Singer Sewing Machines at a total cost of \$106.60 for use in the Kootenay Indian Residential School, Cranbrook. There has been some discussion between this office and Mr. Irwin as the school already had two machines, but it is reported that as one of these was a Tailor's machine and somewhat heavy for use by the pupils and that the additional light machines are necessary for the school.

I would recommend approval of the application if funds are available.

Yours faithfully,

D.M. MacKay,
Indian Commissioner for B.C.

Dear Sir:

I have your letter of the 3rd instant with reference to the manual training services at the Kootenay Residential School.

It has been decided to pay this grant on a twelve-month basis. You may, therefore, re-submit the voucher for the months of July and August, 1941.

In making this allowance it is understood that the instructor's spare time will be devoted to making repairs required at the school.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

Extract for

Original on 155-0-1

[Handwritten signature]

Extract from letter from Rev. G. Forbes, O.M.I.,
Principal, Kootenay Indian Residential School,
dated December 19, 1941.

It seems to me that, in comparison with some other schools, the pupils are not as bright as we would like to have them. Perhaps it would be truer to say that we seem to have a larger percentage of dull pupils than some other schools have.

The Department sent a Mr. Doucet here and we were under the impression that a course in manual training was to be sent us. We waited for this and, as it did not come, we have had the boys work with the manual trainer and with Father Anthony, an expert carpenter, building a carpenter shop, remodelling and repairing a dwelling house, laying floors and making odd repairs.

EXD.

Ottawa, December 26, 1941.

Dear Father Forbes:

In your letter of the 19th instant you refer to manual training at the Kootenay Residential School. While it is true that Mr. Doucet visited your school some months ago, it was only with the intention of ascertaining what was being done. May I point out that the residential schools in British Columbia have received preferred treatment in regard to vocational training as compared with other Indian residential schools throughout Canada. With the exception of British Columbia, no funds are available either for paying for manual training instructors or providing tools and materials. We have to depend on the schools themselves to do this.

The vocational training plan which Mr. Doucet has outlined is being tried in residential schools in the province of Alberta for the current academic year, and it is not our intention to introduce this into British Columbia schools at the present time.

Yours very truly,

Philip Phelan,
Chief, Training Division.Reverend George Forbes, O.M.I.,
Principal,
Kootenay Indian Residential School,
Cranbrook, B. C.

KOOTENAY INDIAN SCHOOL
CRANBROOK, B. C.

55-0-11

Dear Mr Phelan:

Thank you for your letter of Dec. 26th. From its contents it seems to me that you understood me to be making a complaint. Such was not the case. I meant simply to state that I had understood Mr Doucet to say that his covers would be used in this school. I realize that special consideration has been given to B.C. schools in this matter and that, in my case, the Manual Training grant has not only been raised 20% but that a grant will be made for the summer months so that necessary repairs can be made.

Father Anthony, a competent carpenter, is building the carpenter shop with the help of some of the boys while the Manual Trainer is giving his attention to other boys. Fr. Anthony has just notified me that our former Manual Trainer ordered shingles for only one side of the roof & that he forgot 3500' of sheplap. This surprises me as the former Manual Trainer was a competent & conscientious man. It is true that he was quite ill when he made out the estimates (Dear, please)

and that, on that account, he had tendered his resignation.

There was no trouble with the Indians ~~at~~ Christmas. They had earned about \$7000.00 on this Reserve, St Mary's, cutting Christmas trees but they were paid a few weeks ^{or days} before Christmas and, so, all were without the wherewith to celebrate on Christmas eve.

I have just asked the Indian Agent to apply for the discharge of a girl admitted in September. She has been a very good girl, although coming here at 14 was hard, and we are sorry to see her go. It is a case of home conditions - I hope that her parents will profit by the lesson - with every best wish for the New Year,

Yours Truly,
G. F. Jones O.M.I.

Reverend Sir:

On December 30 purchase order No. 10581 was placed with the Singer Sewing Machine Company, 424 Portage Avenue, Winnipeg, for two sewing machines for the Kootenay Residential School. A copy of this purchase order was sent to you on January 5.

When the order was placed the firm was instructed to forward their account to you in order that you could certify it and return it to the Department for payment. We have not yet received this account and, as the end of the fiscal year is approaching, it would be appreciated if you would certify the account, if the machines have arrived, and send it here.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

Re 155-0-11

Dear Mr Haley: In reply to your letter of Feb. 2nd, which has just come, I beg to state that the Singer Sewing Machine Co's accounts have not as yet been received. Suspecting that they might have been sent to Mr Indian Agent Irwin, I have just telephoned to him - He has not received the accounts - I have tried to get in touch with the local Singer Agency but no one answers the telephone. I will call on them this afternoon -

I wish to take this occasion of thanking the Department for the two Singer machines which arrived about 3 weeks ago -

Yours Truly,

G. Jones S.M.I.

Under revision

The Society for the Furtherance of Indian Arts and Crafts

Windermere Hotel
Victoria, B. C.

A small Committee to advance the following objects was formed in Victoria, B. C. January, 1941

- (1) To arouse more interest in the Arts and Crafts formerly brought to great perfection by the Indian Tribes of B. C., which constitute a valuable background to Canadian Culture.
- (2) The utilisation of these noteworthy designs for Commercial purposes, and to promote their use for Tourist "Souvenirs" in place of the inaccurate articles now offered.
- (3) The encouragement in Indian Schools and among certain Tribal experts in the revival of their latent gifts of Art, Crafts and Drama, with a view of improving their economic position, of restoring their self respect and inducing more sympathetic relations between them and their fellow Canadians. Some encouragement in advancing these objects has been gained.

MEMBERS OF THE COMMITTEE

Major Bullock-Webster, *Director of Community and School Drama,
Department of Education, Victoria, B. C.*

Mr. Douglas Flintoff

Mr. A. E. Pickford, F. R. H. S., Etc.

Madame Sanderson Mongin

Miss Cave-Brown-Cave, *School of Music, New Westminster*

Miss Alma Russell, *former Asst. Librarian and Archivist, Prov. Library.*

Miss Betty Newton, *Vancouver Island Arts & Crafts Society*

Saanich A.R.P.**To Raise \$4,000
For Ambulances**

All Saanich will be house-to-house canvassed next week in a drive to collect \$4,000 to buy two A.R.P. ambulances. The drive will be launched at a 15-minute radio program Monday night.

Saanich A.R.P. has in mind two ambulances similar to those commissioned last week by Victoria A.R.P. The estimated cost of the panel delivery trucks and the rebuilding of them is \$1,500.

FLT.-SGT. C. H. BAVIS, son of Dr. and Mrs. W. E. Bavis, 1019 Richmond Road, is reported seriously injured on active service overseas in the latest R.C.A.F. casualty list from Ottawa. Flt. Sgt. Bavis is a graduate of Victoria High School. He entered the air force last year and has been flying Spitfires and Hurricane bombers (Hurricane fighters fitted with bomb racks). He was born on Saturna Island.

service for your family, yourself and your friends," the doctor said.

Chief of Police Josiah Bull said Saanich had only one police patrol fitted up as a police ambulance. With an area of 55 square miles and a population of approximately 22,000, more ambulances were urgently required, together with as many improvised ambulances as it may be possible to obtain, he said.

The campaign has also been endorsed by Maurice Atkins, president of the Saanich board of trade. He said the board realized the importance of being prepared for any eventuality and will do its share towards assisting in raising the necessary funds.

Chairman of the ward committees for the drive are: George Yardley, George Randall, Ernest Heybrook, John S. Humphries, George Maynard, W. O. Wallace and Frank Tupman.

KOOTENAY INDIAN SCHOOL
CRANBROOK, B. C.

Mr Philip Phelan,
Chief, Training Division,
Ottawa, Ont.

Dear Mr Phelan;
The Society for the Furtherance of Indian
Arts & Crafts recently invited 21 Indian Schools, Dept
Residential, to send drawings, hand. craft, etc, done in
the Schools, to an exhibition sponsored by the Society.
Like six other Schools, we complied with the request
but, as so many Schools did not, I wonder who was
right - Some Schools may have felt that this Society
was interfering with matters which are exclusively
in the province of the Department. As the exhibition
is to be an annual event, I would appreciate
your telling me whether the Department approves
or disapproves of our co-operation -

Mr Inspector Barry was greatly taken with
Miss Rosenhill's work, books, etc and strongly ad-
vised me to get some her books.

It was with real regret that I learned of
Mr Inspector Barry's ill-health. While it is true
that some did not completely agree with his

Indian Affairs (RG 10 Volume 6455, file 884-11, part 3)

ARCHIVES PUBLIQUES
CANADA

POOR-COPY

ideas and smiled at some of his doings, I believe that he has done excellent work & has raised the standard in all Indian Schools in B.C. He was deeply interested in his work & gained plenty of experience from his inspections, - experience from which all of us did or could have profited. Personally, I enjoyed his inspections and appreciated the pains he took to improve both teachers and pupils -

When I am in Ottawa, probably towards the beginning of June, I intend to suggest to Father M. Scannell that, as a token of our appreciation, we make a presentation to Mr. Barry.

The enclosed clippings may be of interest to you -

With kind personal regards,

Remain yours truly,

S. Jones Esq.

EXD.
Ottawa, May 28, 1942.

Dear Father Forbes:

Mr. Phelan has discussed with me the subject matter of your letter of the 22nd instant.

Miss Ravenhill writes almost continuously to the Department in respect to the work of the Society for the Furtherance of Indian Arts and Crafts in B. C. The officials here are at times inclined to become somewhat impatient with Miss Ravenhill's persistence and somewhat annoyed at the number of letters from her that they are called upon to answer. Nevertheless, I feel that on the whole the organization is doing good work.

I notice that the Minister wrote the President of the organization a letter a few weeks ago, congratulating the members on their year's work and expressing satisfaction at the knowledge that a voluntary organization, without assistance from the Government, was doing so much to advance the cultural interests of the Indian population of British Columbia. I am personally of the opinion that the schools should do everything possible to cooperate with this organization. This does not mean that you should seriously interrupt your own program or incur any unnecessary expense. It simply means that when an opportunity presents itself the Department will be pleased to learn of any measure of cooperation you can extend to the Society in the organization of art exhibits or work of this character.

We were all sorry to learn of Inspector Barry's resignation. I do feel, however, having read the Doctor's report on the condition of his health, that he has done the wise thing. He would simply have been

KOOTENAY INDIAN SCHOOL
CRANBROOK, B. C.

Sept. 24th, 1942

Mr. [redacted]win,
Indian Agent,
Cranbrook, B.C.

Dear Sir:

As the Department has a large sum of money invested in the buildings here, it naturally expects me to see that these buildings are kept in good repair. I think that I have tried to do even more than could reasonably be expected of me and, still, I find it impossible to catch up with necessary repairs. This is due, at least in part, to the fact that whoever built this school does not appear to have done as good a job as might have been expected. - A few days ago, a plumber had to tear a few boards out of a wall. I understood him to say that he found only two nails in eight pieces of V-joint. I can show you boards in a floor which appear never to have had a nail in them. Indians, who were pupils here when the school opened, tell me that the wooden floors in the basement were laid over the cement (which was to have been the floor) because the pupils dug holes in the cement floors with tin cans. It is due, also, to the fact, as it seems to me, that, realizing how pressed the Department was for money, the Principals did what they could with the money granted for repairs and with whatever other money they could scrape together and, then had to put off the rest of the repairs. I think that it is my duty to suggest what should be done to prevent further deterioration.

There is no use exaggerating and saying that, if repairs are not immediately made, the roof will fall on our heads because it won't. However, it is true that, unless we tackle the problem immediately, several buildings will rapidly deteriorate.

What should be done? As visitors come to the school or people pass by, they see the men's two buildings both of which are a disgrace. The foundations of one had rotted with the result that, although the building is only about 25 feet long, we had to raise one corner 18 inches. The shingles on this building need renewing, the building needs painting, the windows need attention, etc. A good deal of work has been done on this building already. The mechanic's residence is not finished. He and his family spent last winter in it although there is an opening, one inch or more by the width of the window, under each window. The building is not painted or finished inside or out.

As for the school, the stone steps leading to the main entrance (and used by all visitors) were not properly installed and, as a consequence, are broken, sinking, etc. As you enter the school, you notice that practically all the floors need varnishing. The treads on all interior staircases ~~are~~ are badly worn. In places, the wainscoting is torn. The windows do not fit, - green lumber having shrunk. Just how long the plumbing will hold out is hard to say. The floor in the boys' playroom needs renewing. Other floors need some repairing. Thanks to the lumber just given us by the Department, we shall have closets for the girls' clothes for the first time and partitions will be built between the Sisters' beds in their common dormitory. Other repairs are needed. When I have the facts, I will tell you of the need of replacing a rather dangerous makeshift. Before leaving this building, I should mention the two long cement sidewalks

Indian Affairs (RG 10 Volume 6455, file 884-11, part 3)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

00R-COPY

leading from the gate to the main entrance. I do not know whether the Department or the School had the work done, but the job was a poor one. The walks were laid on the top of the ground and cracked and broke with the heaving of the earth due to frost. The walks do not make a favorable impression on visitors.

Then, there is the barn. The two main doors in the loft, about 20 feet by ten, have been battered by the wind and only fragments remain. They and smaller doors need renewing. So do the planks on the floor of the section in which the horses are kept. As for the window panes missing, a rough guess of the number would be 100. The barn urgently needs reshingling and repainting.

And the pig pen. - We have none. There are four hovels built of rough lumber and these do not make a favorable impression on those who come to see the pigs, buy them or have sows bred.

We have no blacksmith shop since ours burned. I once saw a letter in which it was stated that the Department did not believe the teaching of blacksmithing was practical. I believe it is. I forget the man's name, he is Isidore Dick's father-in-law, but he, who learned this trade at the Cariboo School, was blacksmith at the largest ranch in the Cariboo. I employed several graduates, when I was in charge of the Cariboo School, and their training in blacksmithing came in very handy.

As I stated, none of these repairs is desperately urgent--except, perhaps, the one I will mention in a future letter---but, if we let things go, the problem will be greater.

What do I suggest? A roundabout way of telling you is this. - When, some years ago, I told an employee of the Department that \$50.00 per month was hardly a just living wage for a manual trainer (provided that he was competent), I was rightly told that the Department was paying for an instructor in manual training and that, as the School used him as a carpenter, the School should pay the balance of his wages. That is reasonable. However, I do not feel that the Department can ask that I pay the balance of this man's wages and, in addition, have another carpenter on the staff when that is necessary for the maintenance of a Government-owned building. The Oblate Fathers understand our difficult position and they have done their share. In order to let the manual trainer devote his spare time to repairing the buildings here, they gave me a qualified carpenter to rebuild the carpenter shop and to build a piggery. I believe that they will supply most of the lumber as they did for another building. I nominally pay him a small salary (\$40.00) and turn it back to the School. I would ask the Department to reciprocate and to pay the manual trainer a just living wage (he has two dependents, is exempt from military service and has two sons in the Canadian army, - one in Alaska and the other on final leave before leaving for an undisclosed place) as I do not think that, in so small a school the Department can ask me to supply two carpenters. Of course, I could let repairs go but that is not my wish - nor that of the Department. Our manual trainer is not afraid of hard work or of long hours. Some material will be needed to put this place in shape but he will save money for the Department by turning the stair treads over, etc. I understand that he has asked an employee of the Department for \$100.00 per month (not too much when local Indians are making four or five dollars a day) but I think that I could keep him for \$75.00. If I lose him, I cannot get another man for his present salary. Formerly, until Inspector Barry had a change made, a man came here for \$20.00 per month. He stayed from 9 a.m. until 11 a.m. once a week. The resident manual trainer teaches the boys 5 days a week twice a day. It would be to my interest and to the far

greater interests of the Dept. To pay Barry 75.00 or 100.00 per month.

PLEASE QUOTE
FILE 1-10

Dear Sir:-

I beg to enclose herewith, a letter received some days ago from the Rev. Principal Forbes of the Kootenay Indian Residential School-which explains itself.

The present would probably appear to be an inappropriate time to hope to secure repairs on so large a scale. If, however, anything can be done to increase the wages of the Manual Training Instructor, it would be appreciated.

Kindly advise to what extent the Principal's requirements may be acceded to, and oblige.

I/L

The Secretary,
Indian Affairs Branch,
Dept. Mines & Resources,
Ottawa, Canada.

Yours faithfully,

Andrew Irwin.
Indian Agent.

Dear Sir:

With reference to your letter of the 10th instant, it has been decided to increase the grant for the manual training instructor at the Kootenay Residential School from \$50.00 a month to \$75.00 a month, effective October 1, 1942. You may so inform the Principal.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

P.O. BOX 20
VANCOUVER, B.C. 15th Oct., 1942.

Dear Sir:- Your File 155-0-11 of Aug. 21/42.

I am enclosing herewith Kootenay Agency Voucher No. 983, dated October 5th, 1942, for \$190.30 in favour of the Cranbrook Sash and Door Co., Ltd., Cranbrook, B. C., for material supplied for work benches, cabinets, etc. in new carpenter shop, and to finish said shop, at the Kootenay Indian Residential School, together with Purchase Order No. 7708-A.

I wish to state that the reason for the difference in the amount of the Purchase Order and the invoice attached to the Voucher is that the Company supplied more material in a few cases than the amount quoted on, and also the Company supplied a better grade on a quantity of the flooring than was shown in their quotation.

Yours faithfully,

D. M. MacKay.
Indian Commissioner for B. C.

Dear Mr. [unclear]

Oct. 7/42

ENAY INDIAN SCHOOL
PRANBROOK, B. C.

Mr. Indian Agent Irwin has just informed me that you have told him that, in view of the work he has to do to try to look after the maintenance of the Govt.-owned buildings here, the Manual Trainer's Salary has been increased to \$45.00. While I sincerely thank you for this, I think that I should add that the Government will not fare by this act of generosity - The man will do his work well & he will work overtime - Of his three sons, one is teaching for the Dept. (and doing well) & two are in active service.

Heavy rains have made me again thankful - The Dept. recently had the roof over our premises & inquiries renewed - If that had not been done, our inquiries would have been flooded -

Kindly overlook my forgetting your official title - I am under doctor's care (various veins) & no one seems able to find your letters -

Yours very truly,
G. W. [unclear]

Health here, good - a few Townsdomies (12) are expected. My letter to Mr. [unclear] will explain need of bringing dental work up to date.

x

Kootenay Indian Residential School.

EX'D
This School was inspected on Friday the 28th, and as usual was found to be in perfect condition. Basement, Dining Room, Kitchen, Sewing Room, Dormitories, Class Rooms etc., all were spotlessly clean.

Under the direction of Sister Henry, excellent progress is being made in the Sewing Room. Many useful pieces of clothing are being made. It is a training that should mean a great deal to these Indian girls in future years.

The same is true of the training received from the Dietitian in the preparing of meals; vegetables, meats, pastries etc., an excellent training that they will later need to know.

During the past month, the boys have been busy with Father Anthony, shingling the School Barn. It is the largest barn in the Kootenays, and their job is almost completed. This is the kind of practical manual training that should prove to be very useful.

Vocational Training;

A very fine example of the ability of our Indian boys to absorb practical and lasting benefits from their Manual Training course, is amply demonstrated in the completion of the shingling of the roof of the school stock barn. It is perhaps the largest building of its kind in the East Kootenays. It is a job well done, for which much credit is due to the Reverend Father Anthony, and his Indian boys. EX'D A

The girls too, are being well and carefully taught in the art of fashioning and carrying on to completion the the greater part of their own wardrobes as well as many other indispensable articles for home use.

Sept 6/43
KOOTENAY RESIDENTIAL SCHOOL
GRANBROOK, B. C.

Dear Mr. Barrett:

Mr. A. Barre', employed here as instructor in Manual Training & Carpenter, has asked me whether I had any objection to his writing to you personally with a view to his getting a higher grant from the Department. (at his request, I wrote Mr Barre's views to the local agent some time ago). I told him that I had no objection.

The following, sent Confidentially, may give you a clearer view of the situation - To others, Mr Barre' does not appear to have given the whole story.

Two years ago, in May or June, I asked his son (who had done very good work for me in another school) to come here as carpenter & instructor - He replied that he would gladly come but was under contract & requested that I give a chance to his father who, as he said, was not a first class carpenter but was a good second class one without, however, any experience in manual training. I mentioned that the salary would be \$50.00 per month together with board, etc.

The father came, while I was away, & brought his wife and daughter although nothing had been said of these two. Instead of giving him a room here, the person who was taking my place had to let him use, for himself & family, an Oblate-owned house which they still use. His

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

DOOR-COPY

have needed repairing - I paid for the material & Mr B., with some help from the boys, did the work. He has been given some land for a garden, - & he has used it to add. Outage. The family is supplied with fuel & milk (with cream, also, during the holidays) - Mr. B. has his meals at the school except when, as on Sundays, he prefers to eat at home. After these details were given to the Inspector, the latter (who had heard only of the salary, \$75.00 per month, - 12 months in the year) was of the opinion that, with no taxes to pay & the use of deer skins together with free lessons to the daughter, the man was not badly off.

The salary was \$50.00 per month but the Dept. raised it to \$75.00 per month when I pointed out the urgent need of repairs to his Govt-owned school & suggested that Mr Barre could do most of them for an additional \$25.00 per month for 12 months or that, with no increase in Mr Barre's salary, the Dept. might prefer to have the repairs done at its expense. The Dept. raised the grant & has been paying the man for 12 months' work whereas the former instructor was paid for only 10 months.

Among those to whom Mr Barre spoke was, unfortunately, a man employed, some years ago, as instructor in manual training. (I understand that the Inspector was not satisfied with him). This man is said to have told Mr. Barre what a soft job he had at the Department's expense: the school can wait to get him from town on Saturday mornings, after breakfast, & took him home at 11.30. For the "work" he did between these hours, he got \$5.00 per very short morning plus transportation to and from work. Why, Mr Barre naturally asks himself, should he get less?

One answer might be that the former instructor got more than he deserved. Another might be that Mr. Barre' has no papers or no training as an instructor. At the time he accepted the work, he seemed glad to get the \$500, plus house, etc and he seems to have been able to pay off some small debts (\$186.00, for instance, loaned him upon his arrival by the person taking my place). I should add that a less economical family could not have done this.

With the present stipend & per capita grant, I do not see how the School can raise his salary. In a little over 2 1/2 years, my predecessor went into debt to the extent of \$5200.00, - a few years before that, the Oblates had to assume a debt, here, of just over \$11000.00. - This in spite of the fact that the Oblates here taken & take nothing for the farm produce none of which is sold & all of which is donated to the School.

I do not wish to imply that Mr Barre' is not worth \$75.00 to the School or that he is incompetent either as a Carpenter or an instructor - It is possible that he might earn more, at least during the war, elsewhere - It would be difficult & perhaps impossible to get as good a man at present and he has certainly done a lot of work re-paving this building for the Department. It might be to the Department's advantage to increase the grant as, if we let the building deteriorate, it will cost a good deal more than what Mr. Barre' asks (I think that he asks \$100.00 per month) to put it in the condition it should be in -

I would like to start the course in Manual Training, which you kindly sent us, towards the end of this month. I have suggested to Mr Barre that he let you know what tools will be needed - or, perhaps, you will prefer to send what your experience suggests should be sent.

— A week ago tomorrow, I married a widower to a widow. His great grandchildren are in their 20's. Last Spring I was called to administer the last Sacraments to him. They removed his eye and appear to have made a new man of him.

— With kind personal regards,

Yours Truly,
G. Forbes Ouel

Dear Father Forbes:

I have your letter of the 6th instant, addressed to Mr. Doucet, and, as he is absent from the office on business and will not return for another week or so, I thought it advisable to reply.

Very careful consideration has been given to the contents of your letter, but, taking everything into consideration, I feel that the present manual training instructor is being adequately paid. With the other advantages he has, as outlined in your letter, it would appear that we would hardly be justified in granting him any increase at the present time. After all, if he endeavours to secure a job outside, he is going to be under many expenses which he is not subject to at the present.

Yours truly,

Philip Phelan,
Chief, Training Division.

Chez Monsieur Doucet, voici au-delà de deux ans que je travaille ici avec la Kootenay Indian School, je désirerais ardemment que vous puissiez venir faire une visite à l'école; il y a bien des choses qui nous seraient nécessaires pour équiper l'école pour le Manual Training alors vous pourriez juger pour vous-même.

J'aimerais aussi vous demander si vous voulez bien faire quelque chose pour moi vis-à-vis le département, comme vous savez je suis payer \$75.00 par mois depuis un an, eh bien! il m'est pratiquement impossible de vivre et de faire vivre ma famille convenablement sur ce montant ou le haut coût de la vie. Je dois avoir et entretenir une auto en marche étant à 6 miles de distance de la ville etc; si vous pouvez me faire obtenir \$100. par mois

Translation

Dear Mr. Doucet:

It is over two years since I have been teaching Manual Training at the Kootenay Indian School. I ardently wish it were possible for you to pay a visit to the school. There are many things that would be necessary to equip the school for Manual Training. Your visit would enable you to judge for yourself.

I would greatly appreciate your support for a request to the Department. As you know, I received \$75.00 a month for a year. Well, it is practically impossible for me and my family to live on this amount, considering the high cost of living. I have to use a car being six miles from the school. If you could obtain for me \$100.00 a month, I would be greatly thankful and I can state that my services would be satisfactory as in the past.

In the hope that I may receive a favourable reply. I remain.

Yours truly,

A. Barre.

Dear Father Forbes:

Mr. Barre, the manual training instructor, has written a letter to Mr. Doucet again urging that he be granted an increase in salary. You will recall that you wrote about this matter in September and I replied in a letter dated September 9.

While we feel that he is receiving a reasonable salary at the present time, in view of the many other advantages that he has, at the same time I realize that if he left it would cause considerable disruption in the vocational training work and, due to present conditions, it would no doubt be difficult to replace him. Under the circumstances it has been decided to allow him \$90.00 a teaching month from November 1, 1943. If you approve of this action you may so advise him. We are not writing to him direct.

Yours truly,

Philip Phelan,
Chief, Training Division.

Monsieur.

Je tiens d'abord à vous remercier pour la
haussement de salaire que vous avez eu
l'amabilité de me faire avoir et partir du
1er Nov.

Maintenant j'ai demandé au Rev Pere
Principal Le Forbes pour avoir un garage 12'x20'
sur la propriété tout près de la maison où
je demeure, alors le Rev Pere Forbes me dit qu'il y
voit aucun inconvénient si le département est
consentant de faire la dépense pour le matériel
je pourrais construire ça avec l'assistance de
mes élèves ça leur servirait d'étude pratique.

Je dois vous dire que si moi et ma famille de-
meurent dans une maison appartenant aux Oblats
c'est que la place manque à l'école pour loger
le personnel, si vous désirez des détails sur ce projet
le Rev Pere Forbes se fera un réel plaisir de vous les
donner.

Bien à vous P. Barré.

Extract from Inspector Frederickson's Report
on his visit to the Kootenay Residential School.

Vocational Training:

Possibly the term "vocational" is a misnomer as the use of the expression implies the possibility of a variety or choice of variety of future vocations. This, unhappily, does not apply to the eventual pursuits of Indian boys and girls whose opportunities appear distinctly limited.

The "manual training" programme is not being applied with effectiveness. It appears that there is little planned organization for the use of the "shop" and such facilities as it offers. The building itself is very well planned and constructed but is poorly equipped. While the poor equipment is a handicap it should be utilized more completely than is apparent. The manual training instructor is untrained and not well informed as to the purposes of his position. He is a "practical" man who spends too much of his time doing odd jobs and too little instructing the boys. Very little has been done to follow the vocational programme as outlined and no badges have been awarded.

Some effort has been made to interest and instruct some of the boys in the care of poultry and some badges have been awarded. Possibly this enterprise has not reached full effectiveness as the general conditions of the poultry pens is not good.

Scientific and organized interests in swine and cattle has not progressed very far. While the boys are good milkers most of their work appears to consist of chores.

A garden plan has been made and the garden planted but the boys seem to have had little share in the planning. There is no pride of ownership or possession - an educational necessity.

The girl's courses are better planned and organized. Various groups rotate monthly in the sewing-room, laundry-room, kitchen, etc. The girls work well and

Indian Affairs (RG 10 Volume 6455, file 884-11, part 3)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

POOR-COPY

cheerfully but, unfortunately, have to spend too much time in performing institutional chores such as mending, washing preparing vegetables, etc. under conditions which do not approach home experiences. While instruction is given in sewing and dress-making the instruction is severely limited and is not calculated to create interest and knowledge in desirable dressing habits. Although kitchen and laundry experiences are gained there seems to be no direct progressive teaching of nutrition, textiles, etc. As almost one hundred meals are served three times each day the difficulties in the way of tuition are apparent yet I think some directed effort could be made in giving the girls some responsibility in the planning of the meals and in teaching them food values. In fact, if the education, they receive is to possess any sustained interests this must be done.

The sisters are making a sincere attempt to institute the "badge system" but if this system were supplemented by a good professional library and, if possible by professional training the programme would be less mechanistic.

Both boys and girls should be encouraged to wear their badges which should be presented with proper ceremony in order to emphasize pride of ownership.

Too much of the so-called Vocational Training is devoted to repair and maintenance. While much of this is necessary, improved organization and professional knowledge would do a great deal to effect a progressive programme. While it is difficult to obtain skilled instructors, the teachers in charge should do more to acquaint themselves with professional objectives. Both boys and girls should have at least five hours a week of directed and objective vocational training and this should be rigidly adhered to.

A definite and aggressive policy to implement the Vocational Training plan as outlined should be effected. This plan can be modified to suit conditions but the mechanistic pursuit of it is not stimulating. The children should be encouraged to win and to wear their badges and these should be awarded at appropriate ceremonies. Pride of possession and a sense of "belonging to" are essential in motivation.

(Sgd) C.J.Frederickson.

Ottawa, July 14, 1944.

Dear Father Forbes:

We are in receipt of a lengthy report from Inspector Frederickson regarding his last inspection of the Kootenay Residential School.

For your information I inclose a copy of his remarks regarding vocational training and I would appreciate your comments.

We note with regret that the Inspector thinks that the badges are not given to the winners at a public gathering. I feel that he must be mistaken in this regard because definite instructions to this effect were issued to the Principals some time ago.

The Inspector also refers to the lack of tools. It is rather difficult for us to realize this statement. I inclose for your information a copy of a list of tools which are at Kootenay. We feel, that if these are in the vocational training shop there should be sufficient.

I presume that part of the difficulty is due to the fact that Mr. Barre is not fully qualified to carry out the work. I would appreciate any effort you make to have Mr. Barre consider our instructions and put them into effect more fully than he has been doing.

Yours truly,

Philip Phelan,
Chief, Training Division.

Rev. G. Forbes, O.M.I.

Major D.M. MacKay, Indian Commissioner, P.O.
Box 70, Vancouver, B.C.

I desire to refer to Inspector Frederickson's report on his last inspection of the Kootenay Residential School. He criticised the vocational training programme at the school and made several other comments. For your information I enclose a copy of the Principal's reply, which makes it difficult for us to understand where Mr. Frederickson obtained the information he placed in his report.

[Handwritten initials]

R.A. Hoey,
Supt. of Welfare & Training.

Mr. Philip Phelan,
Chief, Training Division,
Ottawa, Ont.

Dear Mr. Phelan:

I have just received your letter, of July 14th, here at Mission where I am attending the annual retreat.

Mr. Fredrickson kindly gave me a copy of his report. He was greatly misinformed on certain points. Take, for instance, the awarding of badges.

(1) The badges awarded to the girls were presented by Mr. Inspector Coleman in the presence of Mr. Indian Agent Irwin & of all the pupils. I was called out just as the badges were to be presented but I understood that Mr. Inspector Coleman made an appropriate speech.

(2) I myself awarded the badges to the boys, in the Senior Classroom, in presence of their Teachers & of the girls & boys in the higher grades. I did my best to say what I felt should be said.

Mr. Fredrickson was misinformed. By whom, I do not know. I have noticed the boys wearing

Indian Affairs (RG 10 Volume 6455, file 884-11, part 3)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

POOR COPY

their badges during the holidays & also one of the girls doing the same. This is the only girl I have seen.

As I am away from Cranbrook, I cannot say what tools we have in the shop. Unless I am mistaken, the Inspector's meaning is that, compared to public schools, in Cranbrook, for instance, which he inspects, our equipment is far below theirs. We have only Carpenter Tools (with a few blacksmith tools) whereas the public school has tools for other branches of manual training.

I do not expect to have Mr. Barrie at Cranbrook next term. I might add that he & the boys were doing a "practical" job (shingling a small cottage) during the Inspector's visit. While it is true that the Vocational Course has not been followed closely, I would like to stress the fact that, in four or five, about 20 boys have spent 3 hours or more per week in the shop.

With regard to the implications of the note on care of poultry, I cannot agree with the Inspector. In this & in all other matters I make no preparations or alterations for him. The poultry houses are cleaned on Saturdays & he did not come on a Saturday in so far as I can recall. The droppings are not removed daily by us or by many poultrymen I know.

ARCHIVES PUBLIQUES
CANADA

COPIES

(3)

With regard to the garden, I told the Inspector that I had planned it & that the pupils had not. I did not tell him that I had given letters to the pupils (in Grade IV & up) on the need of a garden for Indians; on the site of a garden; on what we were going to plant & why, etc... I do not find it practical to have individual plots for each pupil - This would be practical if they stayed at the school where the garden was growing in July & August. and so there may have been no pride of ownership - However, the Inspector failed to notice that there were two gardens - one looked after by the boys & one cared for by the girls - and there was plenty of real rivalry between the two, - and, in that sense, a sense of ownership.

Mr. Fredericksen is a well-qualified man & is interested in his work. He wants more modern methods & more books in the school.

A point to be ~~mentioned~~ noted is that, while there are a few exceptions, the Kootenays appear to be a good deal behind the Indians I knew at the Christie School, Kamloops, Williams Lake, etc.

Yours Very Truly, S. Forbes Duff

Gentlemen:

I have just been notified by Rev. Geo. Forbes Principal of the Kootenay Ind. Res. School at Cranbrook, B. C. that his Superior appointed Rev. Father Anthony as Manual Training Instructor for the above school consequently after Sept my services will not be required.

I wonder if anything could not be done while Father Anthony is one of my best friend he is a man with a good profession as a priest and of course single.

I might say that it is the first government job I ever had I have a family, two sons in active service and still one dependent, I supported this present government for over thirty years and I sincerely believe you can do something about this matter.

Awaiting a satisfactory reply at your earliest convenience.
I remain very truly yours
A. J. Bane

Dear Sir:

I have your letter of the 4th instant, in which you advise that the Principal of the Kootenay Residential School has notified you that he will not require your services as manual training instructor after September.

All members of the staff at an Indian residential school are engaged by the Church under whose auspices the school is conducted. The Department does not interfere with these appointments and under these circumstances I cannot see how we can take any action in your case.

Yours truly,

Philip Phelan,
Chief, Training Division.

Indian Affairs Branch, Dept. of Mines and Resources,
Ottawa.

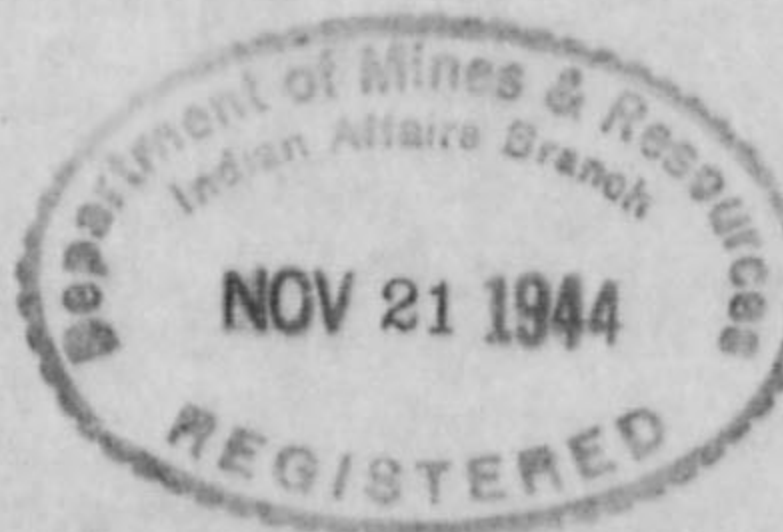

I enclose herewith a requisition dated
October 3rd covering the supply of manual training
tools and supplies for the Kootenay Indian Residential
School.

As in some instances the quantities asked
for appear excessive, I have reduced them and deleted
others which would more properly be charged to mainten-
ance rather than the B. C. Special Vote - Technical
Education.

Complete quotations have not yet been received
but it would appear that the total cost will be approx-
imately \$200.00. I would recommend that authority be
granted for purchase of the revised list.

D. M. MacKay.

With reference to your letter of the 17th instant, enclosing requisition for supply of manual training tools for the Kootenay Residential School, I am returning the list in order that you may purchase the articles that the Department is prepared to supply. In addition to the articles which you recommend, we feel that it would be advisable to supply the 5" jaw swivel base vise at a cost of \$21.45, also the two carpenter's pincers, 10", at a cost of \$2.40. Instead of supplying Le Page's glue we believe better results would be obtained if you purchased animal glue and casein.

Philip Phelan,
Chief, Training Division.

I enclose herewith a quotation from the
Cranbrook Sash and Door Company, Limited, covering material
required for the manual training classes at the Kootenay
Indian Residential School.

If funds are available, I would recommend that
authority be granted for an expenditure of \$84.00 for this
purpose as a charge against the technical education division
of the B.C. Special Vote.

CRANBROOK, B. C.

J. Doucet ,
Dept of Indian affairs ,
Ottawa .

Dear Mr. Doucet :

It was suggested to me by the former Principal, Rev . G. Forbes , that I contact you as regards the teaching of Agriculture in this school.

I have just been appointed Principal and I am interested in giving a course in Agriculture and Animal Husbandry to the boys of this school . I would be glad to receive any information you can give me in this matter . Is there a course of study outlined by the Dept. ? If so I would be glad to have it . Any books , or pamphlets which you can suggest as a guide will be most welcome .

Does the Dept give a grant to encourage the development of Vocational Agriculture among our Indians? If so , to what extent .

From my observations to date it would seem that there is a great need for more Agricultural development here . Anything you can do to aid us in this endeavour will be highly appreciated .

Trusting to hear from you at your earliest convenience ,

Sincerely Yours ,

G. G. Kelly
Principal .

POOR COPY

Ottawa, November 13th, 1945.

Dear Father Kelly:

Returning from an extensive trip to Manitoba and Saskatchewan I find your letter awaiting me.

We have as yet no special course in Agriculture and Animal Husbandry except the basic operations for gardening which, I believe, the school has. I am, however, enclosing another copy for your information.

You will be receiving in a short time some books dealing with Agriculture. I would suggest that you obtain copies of pamphlets issued by the Provincial Department of Agriculture. Although these books are coached in a language not readily understood by the pupils they contain valuable information.

There is no special grant given for the encouragement of Agriculture among our Indians. If, however, you have some special plan or some special recommendation I am sure that the Welfare Division would consider suggestions sympathetically.

Should there be any way in which I could serve you I will be only too pleased to do so.

Yours truly,

A.J. Doucet,
Training Division.

March 12 /46 .

Mr. Philip Phalen, Chief, Training Div.,
Dept. of Indian Affairs,
Ottawa .

Dear Mr Phalen :

Re: Mannual Training Grant .

I have not yet during this school year received any grant for mannual training . No doubt this ~~is~~ my own fault as I was of the impression that it would be paid without a separate application for it each year . However I enquired from Father Forbes and he said I should have written for it .

This year's course has been devoted for the most part to carpentry work in the school building . In accordance with the approved kindergarten program tables have been made for the juniors to use instead of desks. A number of easels have also been made for art work . A table and benches were made for the sewing room . New doors , a masonite backing for the basins , and other repairs ^{TO THE LAVATORIES} were done by the boys under the direction of the mannual trainer . Besides such activities they have been instructed in the basic operations as outlined for the various years in accordance with the directions supplied by the Dept. Shoe repairing , painting , and some blacksmith work have also been directed by the mannuaa trainer .

I hope that even at this late date you will be able to arrange for the usual grant so that these and further undertakings may continue to receive their proper attention .

Sincerely yours ,

G.F. Kelly

Ottawa, March 18, 1946.

Dear Father Kelly:

I have your letter of the 12th instant, with reference to manual training grant.

In the past, we have made an allowance of \$50.00 a teaching month towards the salary of the manual training instructor. If you have employed an instructor since September 1, 1945, you should request the Indian Agent to forward the usual voucher.

The only other grant we make in connection with manual training is for necessary supplies for the manual training class. Such grants are made on application from the Principal through the Indian agent.

Yours sincerely,

Philip Phelan,
Chief, Training Division.

Kootenay Agency,
Cranbrook, B.C.
October 5, 1946.

Indian Affairs Branch, Department of Mines and Resources,
Ottawa, Ontario.

I respectfully submit the following report on the general administration of the Kootenay Agency for the quarter ending September 30th, 1946, and have endeavored to cover all points of vital interest to the welfare of the Kootenay Indians and the Indian Affairs Branch.

WELFARE AND TRAINING

The manual training building is of good size and is well kept. The equipment here was in good shape, but as there is no power equipment of any kind such as lathes, power saws etc., this department cannot compare with the facilities as provided in our own public schools.

X

X

J.S. Dunn,

Dear Sir:

Your letter No. O-11-6 of April 13th
has just been brought to our attention.

You are authorized to obtain, by local
purchase, the quantity of lumber, etc., required by
the manual training class at the Kootenay Indian
Residential School, to the amount of \$230.00

Yours truly,

Bernard F. Neary,
Supt. of Welfare and Training.

Mr. J. S. Dunn,
Indian Agent,
Cranbrook, B.C.

Mr. J.S. Dunn , Indian Agent ,
Cranbrook , B.C.

Dear Mr. Dunn :

On January 6th of this year I had the good fortune of employing a man to direct manual training in our school .

Work has been progressing very satisfactorily considering the limited circumstances under which we are operating .

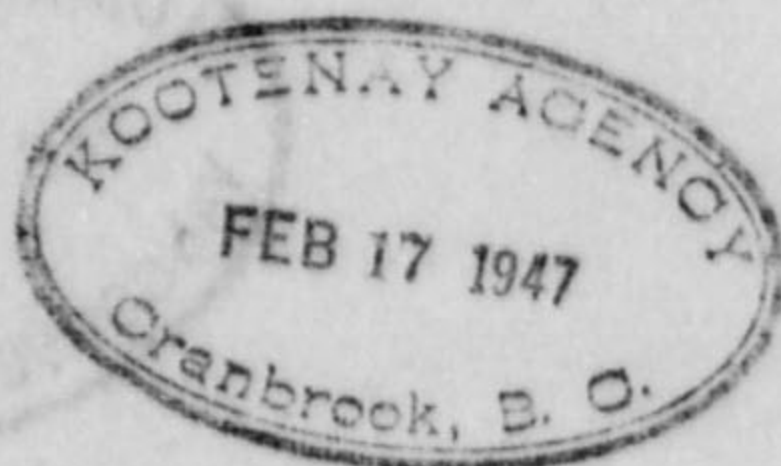

Please find attached a receipt for wages paid . In the past we were able to participate in a grant for the teaching of manual training and I trust the same is still in order . Formerly we received fifty dollars a month for a manual trainer . However employing anyone at that rate these days is quite out of the question . When speaking to Mr. Coleman on the matter last summer he assured me that if I could get a satisfactory instructor at a reasonable wage that the grant could be increased to meet the expenditure . I think I am very fortunate in getting a man at eighty-five dollars a month and I trust the Dept. will see it in the same light .

Thanking you ,

I remain ,

Sincerely yours ,

G. F. Kelly
G.F. Kelly O.M.I.
Principal.

*Mr. D. M. MacKay
Have you any
knowledge of
his qualifications?*

Major D. M. MacKay, Indian Commissioner for B. C.,
P. O. Box 70, Vancouver, B. C.

Please find enclosed two vouchers in account with the Kootenay Indian Residential School, each account accompanied by letters of explanation from the Rev. Father Kelly, O.M.I.

The manual training instructor has proven quite satisfactory, he is not young, but is a good carpenter in himself and has had the boys working on several woodworking projects that have proven quite satisfactory.

The practice of keeping a night watchman is very sound, particularly in the absence of adequate fire protection.

Considering the difficulties of obtaining suitable labour at present, the Rev. Father Kelly has done well to be able to hold these men at the wages he has paid, and I would recommend that the Department give all possible assistance in this matter.

J. S. Dunn,
Indian Agent.

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Ottawa, March 3rd, 1947.

Major D.M. MacKay, Indian Commissioner,
P.O. Box 70, Vancouver, B.C.

We are in receipt of your letter enclosing communication from Indian Agent Dunn regarding the manual training instructor at the Kootenay Residential School.

It is noted that the principal requests us to allow \$85. for the month of January. On reviewing our file we find that the last request for a grant towards the salary of a manual training instructor at this school was sent to us on April 13th, 1946 and covered the period ended March 31st, 1946. Up to that date we were allowing \$50. and we have not received any subsequent voucher until the recent one and consequently, it is presumed that the school did not have a manual training teacher from April 1st, 1946 to December 31st, 1946.

As you realize, the recent request is \$35. more than previously allowed. It is quite possible that we should allow an amount of \$85. a month but if we provide this sum at Kootenay we will receive similar requests from other schools where manual training instructors are employed.

We are allowing approximately \$85. and even more at some of the residential schools in Eastern Canada for a manual training instructor's salary and I am inclined to feel that the time has arrived to increase the amount allowed the manual training instructors in the British Columbia schools.

Before making a decision on the request from the Kootenay school, I would appreciate hearing

Indian Affairs (RG 10 Volume 6455, file 884-11, part 3)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

from you in regard to our proposal to increase manual training instructors' salaries. At the same time we would be glad to know by what amount you consider the manual training instructors' salaries should be increased.

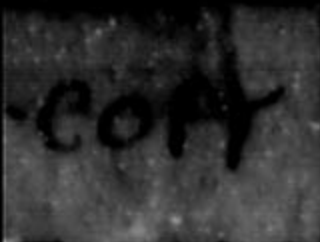

Enclosed is one of the usual forms which we have completed when engaging a manual training instructor. You might have the manual training instructor at Kootenay School complete and return this to us.

Bernard F. Neary
Supt. of Welfare & Training.

Re: Grant for Manual Training Instruction
Kootenay Residential School.

I have to refer to Mr. Neary's letter of March 3rd concerning the allowance for manual training instruction at the above school and forward herewith the completed form as requested.

I am not in a position to make a recommendation as to an increase in the allowance already made at this school as I have not visited it and do not know the number of pupils receiving manual training instruction, nor am I in a position to say what the calibre of Mr. McKinnon's instruction is.

Previous reports on this school indicate that in the past very little manual training instruction was given to the pupils and the greater part of the instructor's time was taken up with maintenance work about the building. However, it is understood that the Department has records which show the amount of time devoted to manual training and the number of pupils receiving this instruction.

With regard to a general increase in the salaries of manual training instructors I do not believe it is possible

Indian Affairs (RG 10 Volume 6455, file 884-11, part 3)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

to set out a policy which would be applicable to all schools as these vary greatly in size. For example, the Kamloops Residential School which has a school population of over 300 at the present time might use profitably a full time manual training instructor, whereas the Kootenay Residential School which has an enrolment of slightly over 100 can use a manual training instructor only part time. In the latter case the remainder of the instructor's time is usually devoted to maintenance work about the school.

It seems to me that in making allowances for manual training instruction at these schools the following factors should be taken into consideration:

- (1) Qualifications of the instructor.
- (2) His experience.
- (3) Number of pupils receiving instruction and the time devoted to this work.

In the absence of the Commissioner I have discussed this matter with the Inspector of Agencies, Mr. Coleman, and he is in agreement with me. However you will probably wish to discuss this with Major MacKay who is at present in Ottawa.

R. F. Davey

R.F. Davey,
Inspector of Indian Schools.

155-0-11 (WT 1)

Ottawa, April 29th, 1947.

Major D.M. MacKay, Indian Commissioner,
P.O. Box 70, Vancouver, B.C.

Attention: Inspector R.F. Davey

We are in receipt of your letter of the 23rd instant. Possibly you are aware that in the Eastern part of Canada we have revised the salaries of our manual training instructors. However, we have not dealt with the salaries of manual training teachers in British Columbia due to the fact that their salaries have always been paid from the B.C. Special Vote.

At the present time we are allowing the following amounts towards the salary of the manual training teachers at Indian schools in Alberta and the East,-

- (a) Fully qualified instructor (lay) - \$150. a teaching month.
- (b) Fully qualified instructor (religious) - \$125. a teaching month.
- (c) Partly qualified instructor - \$100. a teaching month.
- (d) Part time manual training instructors with some qualifications but not professional - varying from \$50. to \$90. a teaching month.

The Principal of the Kootenay Residential School has requested that he be allowed an amount of

Indian Affairs (RG 10 Volume 6455, file 884-11, part 3)

**PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA**

- 2 -

\$85.00 a teaching month. We feel inclined to allow this school an amount of \$85. a teaching month towards the salary of a manual training instructor. Please let me know if this suggestion meets with your approval.

Unless something unforeseen occurs, it is our intention to send Mr. Doucet to Vancouver early in September so that he can fully discuss with you the manual training programme in our schools in British Columbia.

We are forwarding circulars, basic operation sheets, report forms, badge charts, etc., that are being used in residential schools in the East. A review of these will familiarize yourself with the contents so that when Mr. Doucet meets you, you will be able to discuss the matter more adequately.

We are also enclosing a copy of a special form to be completed when a new manual training instructor is engaged.

Your file 155-0-11 (WT1)

I have to refer to Mr. Neary's letter of April 29th concerning the grant towards the manual training instructor's salary at the Kootenay Residential School. Inspector Davey is not familiar with the situation at this school and hesitates to make a recommendation as to the amount of grant that should be allowed in this case. However, in view of the need to arrive at a decision as soon as possible he suggests that an amount of \$85.00 as suggested in Mr. Neary's letter above mentioned be allowed for this purpose, at least until he has an opportunity to visit the school, when the amount might be revised.

Inspector Davey also intimated that the need for qualified instructors in the Residential Schools of this Province is a pressing one and that the upward revision of salaries in cases where the teacher's qualifications and the time devoted to this subject warranted would probably help considerably in overcoming the present deficiencies.

Wm AIRMAIL:

Indian Affairs Branch, Dept. of Mines and Resources, Ottawa.

I am forwarding Mr. Indian Agent Dunn's letters of April 8th and July 7th in connection with the proposed purchase of power tools for the manual training division at the Kootenay Residential School.

It will be observed from School Inspector Davey's Memorandum, dated July 21st, attached, that the equipment he recommends will cost approximately \$1000.00, which is quite a large expenditure for the purchase of such equipment for one residential school. The circumstances in this case are, however, somewhat unusual in that it is necessary to provide a source of power, as well as the power tools. The circular saw recommended by Inspector Davey is somewhat different from the type previously supplied to our schools, but is considered to be much safer for operation by the students in that the saw arbor has a positive tilting action which is preferable to the tilting table type.

Purchase of the items listed by Inspector Davey is recommended, but if the Department considers the expenditure too large for one year, I would suggest that the jointer and drill press be deleted, in that order.

D.M. MacKay

Re: Manual Training,
Kootenay Indian Residential School

With reference to the above mentioned vocational training branch of our school and its possible direct bearing on any future housing program in the Kootenay Agency, I have attempted to formulate some constructive plan of approach to the vital subject of providing adequate homes for the Indians of this Agency and respectfully submit the following suggestion.

I would concentrate on training the older boys at the school in manual training with a view to hiring a good carpenter to supervise several of these boys in a long term construction project, this trained group to build a house complete. The success of the first building project would determine the feasibility of continuing until adequate housing is provided over the entire Agency.

Power tools have become a necessity in modern construction. Practically all material used in a house can be cut accurately with these tools and I would suggest that such equipment be acquired at the school to be made available for construction on the St. Mary's Reserve.

I am enclosing an estimate on the cost of power tools as supplied by Parks Hardware Ltd., which in turn was supplied to them by their Vancouver Wholesale house.

Some direct method of approach to the housing situation will have to be arrived at and I would be pleased to have your views on my approach, or any other

suggestions you may have in this connection. My observations lead me to believe that the mere providing of building materials to individual Indians for constructing homes a waste of both money and material.

J. S. Dunn,
Indian Agent.

Re: Manual Training at Kootenay Indian
Residential School.

With reference to your letter of June 23rd regarding suggestions by Inspector Davey, that he is of the opinion that a circular saw with moveable blade is more suitable for instructional purposes than an 8" tilting table saw in respect to safety to student operators, that a jointer would possibly be of more use than a wood lathe and the possible use of electric motors in preference to the 2½ h.p. gasoline engine I recommended.

A Delta, tilting table saw with locking devices and saw guard should not present undue exposure to accident when set up properly.

In recommending a wood lather, I had in mind a tool that forms the most important factor in student interest in manual training. A jointer would undoubtedly be more practical and I had hoped to add this equipment at the first opportunity.

A jig saw is also important in student interest.

A deep forge for welding and hardening tools is another piece of equipment I had in mind; there are many uses for such around a farm, as repairing wagons and farm equipment, shoeing horses, etc.

The above tools should be of medium heavy quality as I have in mind heavier construction than ordinarily is met in a Public school manual training

Indian Affairs (RG 10 Volume 6455, file 884-11, part 3)

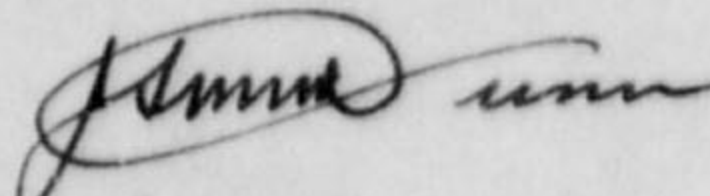

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

establishment.

The question of power has proved difficult to recommend. If hydro power becomes available in the future our problem is solved, at present additional wiring would be necessary to connect the manual training shop with the main school. This is not altogether practical either as the main school diesel would have to operate continuously to provide power and the power so provided would require D.C. motors, which are practically unobtainable at this time. A gasoline motor and line shaft would undoubtedly prove unwieldy, but would provide an independent source of power.

The Rev. Father Kelly has already applied for a fully qualified instructor for this coming term and it would be a great stride forward if some power machinery were made available.

The B. C. Equipment Co., Vancouver, have been giving satisfactory service to many manual training schools in B. C. and could probably supply sounder recommendations in this regard.

J. S. Dunn,
Indian Agent.

MEMORANDUM.

To: The Indian Commissioner.

From: Inspector of Indian Schools.

Re - Manual Training Equipment
Kootenay Residential School -

I refer to letters from Mr. Indian Agent Dunn's letters of July 7th and April 8th covering the above mentioned school. I recommend that the following equipment be supplied:

1 Delta Circular Saw - No. 34-405	\$215.00
1 Delta motor No. 85-010	86.50
1 Dado head No. 333	21.00
1 Rip saw No. 1017	6.00
1 Delta 6" jointer No. 37-207	121.35
1 No. 62-110 1/3 H.P. motor	39.20
1 No. 14-007 Delta Drill press	80.25
1 No. 62-110 1/3 H.P. Motor	39.20
1 No. 976 mortising attachment	9.20
1 - 1 K.W. Generator driven by Gasoline Engine	
A.C. Manual operated	275.00
Second-hand	382.50
New	
(Either available at B.C. Equipment Co. Vancouver, B.C.)	

The above, with exception of the generator, are as prescribed for the Provincial Schools of this province. If the Department feels this expenditure is too large for one year, I suggest that the Jointer could be cut out for this year and supplied later. This piece of equipment is of greater value than the lathe proposed by Mr. Dunn.

Ottawa, July 30th, 1947.

Major D.M. MacKay, Indian Commissioner,
P.O. Box 70, Vancouver, B.C.

We have your letter of the 24th instant with reference to proposed purchase of power tools for the manual training class at the Kootenay Residential School. Careful consideration has been given to the contents of your communication.

At the present time we are not prepared to make any definite decision.

We intend to send Mr. Doucet to British Columbia some time during September and at that time the whole question of power tools can be considered.

Bernard F. Neary
Supt. of Welfare & Training.

Mr. J.S. Dunn, Indian Agent,
Cranbrook, B.C.

We note from your report for the month of October that there is no manual training instructor at the Kootenay Residential School.

Please discuss the matter immediately with the principal and it is hoped that he will be able to secure a manual training instructor at an early date.

I enclose one of our regular forms which should be completed and return as soon as the manual training instructor is secured.

November 24, 1947

Indian Affairs Branch, Department of Mines & Resources,
Ottawa, Canada.

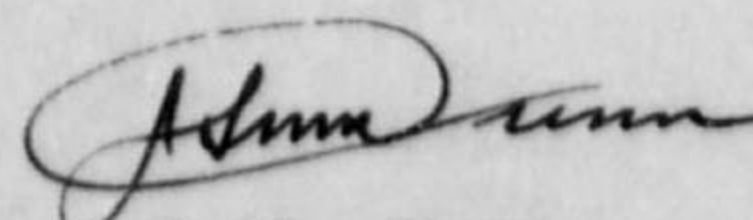

In reply to your letter of November 10th, your file 155-0-11 (WT 1) in connection with our lack of a manual training instructor at the Kootenay Indian School. We are still without the services of an instructor but are doing all possible to rectify this situation.

During the summer holidays, when it became apparent that we would lose the services of our partially qualified instructor, the Rev. Father Kelly advertised this position in Calgary and Vancouver papers. A suitable reply was received from Vancouver but accommodation was required for this man's wife and family. The Rev. Principal at that time was unable to provide this accommodation. Accommodation has now been arranged and the Rev. Principal has applied to Mr. Davey, our school inspector, for possible assistance.

The Rev. Principal and the school inspector discussed the way and means and need of a qualified instructor during a recent visit of the Principal to the inspector's office in Vancouver.

I will have the application for appointment in this connection completed as soon as a manual training instructor is engaged.

J. S. Dunn,
Indian Agent.

May 22, 1948.

Mr. W.S. Arneil, Indian Commissioner,
P.O. Box 70, Vancouver, B.C.

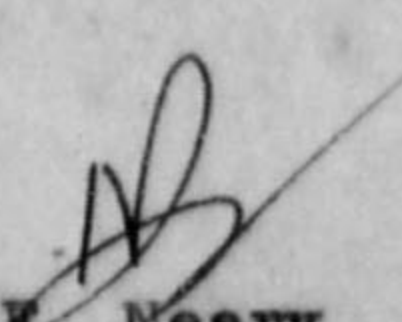

We delayed answering your letter of April 19th, file 5-11-6 (155) enclosing requisition for manual training and domestic science equipment at the Kootenay School until Mr. Doucet returned from an inspection trip.

Mr. Doucet visited this school some time ago and is under the impression that at that time the school had a reasonable supply of equipment for manual training. I note that Inspector Davey states that the five page requisition is in accordance with the suggested list published by the Department of Education in Victoria.

However, before authorizing the purchase, we would like to be assured that all the items are absolutely essential at the Kootenay School. We would also like to know the approximate cost.

Careful consideration has also been given to the request for material and other supplies for a domestic science course. Are we to understand that a special room is available so that unit instruction can be given to the girls taking the domestic science course at the Kootenay School? Has the school conducted a special domestic science course previously or are they just starting such programme. In either event we would like to know who is in charge and her qualifications.

Reverend G. F. Kelly, O.M.I.
Kootenay Indian School
Cranbrook, British Columbia

Reverend and dear Father,

It pleases me to hear that the necessary equipment for a pottery course is to be installed in the Kootenay Residential School, and at present I see no reason for transferring Sister Paul of the Cross from Cranbrook until the pottery work is well established there.

May I take this opportunity, Reverend and dear Father, of expressing our appreciation of your many kindnesses and very helpful co-operation.

Respectfully yours in Our Lord,

"Mother M. Evaristus"

Mother General

Cranbrook, B. C.

Dear Mr. Dunn:

Please find attached letters regarding the proposed pottery course for this school. I thought it best to write to the Mother General of the Sisters for her assurance regarding the future of Sister Paul of the Cross. Her letter gives assurance that no changes will be made for some time so I trust we could get the pottery work under way for the next school term. The Mother General expresses her pleasure at the news that the pottery work is to be started and I'm sure nothing would be done by way of appointments that would render its future untenable.

I trust you will forward this reply to the proper authorities.

Sincerely yours,

"G. F. Kelly, O.M.I."

Principal.

Kootenay Indian School,
Cranbrook, B. C.,
March 20, 1948.

Mr. J. S. Dunn, Indian Agent,
Cranbrook, B. C.

Dear Mr. Dunn:

Please find attached a requisition for material to begin our course in pottery. This is a course I have been anxious to begin for the past two years as I feel it would be very profitable to the children and can be developed into a paying industry after school days. We have on the staff, Sister Paul of the Cross, who taught this course in the Shubenacadie Indian School in Nova Scotia. She is fully competent to handle such a course as she has had many years of experience in the work as well as having received instruction from professionals in the art of pottery making.

I understand that our Indian Commissioner, Mr. Arneil, is familiar with the type of work she was doing in the Shubenacadie School and any further references which the Dept. wishes regarding her ability can be obtained from that Institution. I feel that we should be making use of her ability to teach this course while she is here rather than having her talents remain unused. Last year, at the instigation of School Inspector Fredrickson, she lectured during the Teachers Convention on this subject and following that the High School in Kimberley took up the work. She has been giving them some assistance and direction. I feel that it is too bad to let another school take our rightful place in this art when we could be doing so much with it.

clay
Our local clay has been tested and found suitable for this work. You are probably aware that the Post Office building and the Hanson Block in Cranbrook are built from brick made quite near our school. There is no doubt that we have an ample clay deposit for this work and should with time build this course into something definitely worthwhile culturally and financially.

Sincerely yours,

(sgd) G. F. Kelly, O.M.I.
Principal.

Re: Proposed Pottery Course,
Kootenay Residential School.

I am enclosing herewith copy of a letter and a requisition for supplies submitted to me by the Rev. Father G. F. Kelly, Principal of our Residential School, relative to inauguration of a pottery course for the Indian pupils.

With but few exceptions our Kootenay Indians have been unable to successfully compete with white labour in local industry, being confined to farming their land on the reserves, engaging in a little trapping and, only when other help is scarce, working in the woods.

Their natural ability in arts and crafts is of a high caliber with local buckskin work recognized by expert dealers as the finest on the North American continent. It would, therefore, appear that every effort to enlarge on their natural talent should be encouraged. And if the school can assure us of the services of Sister Paul of the Cross as an instructor over a necessary period of time, I would respectfully recommend that consideration be given toward inauguration of this pottery course for the school pupils.

J. S. Dunn,
Indian Agent.

July 29, 1948.

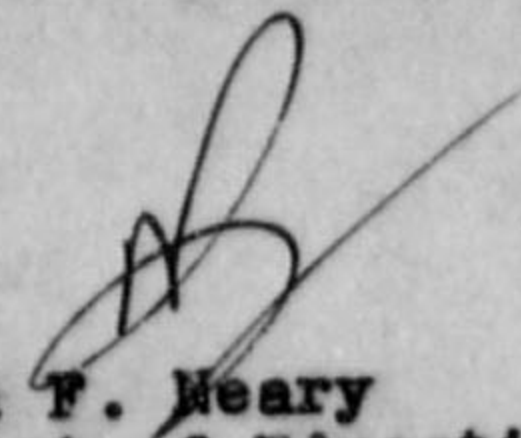

Mr. W.S. Arneil, Indian Commissioner,
P.O. Box 70, Vancouver, B.C.

We have your letter of the 21st instant, file 5-11-6, with reference to starting a pottery class at the Kootenay Residential School. We have considered the contents of the different letters which you forwarded and we feel it should be possible to start a pottery class on a smaller scale than that outlined. The beginners would not need to glaze their articles at the start but could learn to handle the clay with inexpensive tools and we believe that the articles could be left to harden naturally.

It should be possible to obtain or to make small pottery wheels so that one would be available for each pupil taking the course. This would be very inexpensive.

We are inclined to favour the establishment of the course suggested, but as intimated above, the expenditure should be kept to a minimum and if the preliminary work appeals to the pupils, we would then feel more justified in making a heavier expenditure.

If you feel that our suggestions can be carried out, I suggest that you revise your list along the lines outlined above and forward same to us for further consideration.

Bernard F. Heary
Superintendent of Education.

Re: Manual Training and Domestic Science
Equipment - Kootenay Residential School

With reference to Mr. Neary's letter of May 22nd, an amended requisition for manual training tools for the above mentioned school is enclosed together with a memorandum from District School Inspector Davey in connection with domestic science equipment.

You will note that the manual training equipment now requisitioned will cost approximately \$170 and I would recommend that an expenditure of this amount be approved. With regard to the domestic science equipment I have not yet secured prices but estimate the cost of this equipment will not exceed \$150, apart from the three bolts of dress material and the kitchen cabinet, the supply of which is not recommended.

I am writing to Supt. Dunn for information with respect to the person in charge of the domestic science instruction and I am asking him to secure a tender on the construction of suitable cupboards.

MEMORANDUM

To: Indian Commissioner for B. C.
From: District School Inspector.

Re: Domestic Science and Industrial Arts,
Kootenay Residential School.

Mr. Neary, in his letter dated May 22nd, has requested information concerning the operation of the domestic science classes at the above-mentioned school.

About four years ago, unit instruction in domestic science was begun. On the occasion of my visit to the school, I encouraged the Reverend Principal to expand the school's activities along these lines. This has undoubtedly given rise to the requisition for additional equipment. With the exception of the request for three bolts of dress material, the items listed seem to be reasonable.

It will be noted from the attached pictures that the small room used for this instruction is not equipped with cupboards and is too small for the customary group work tables which contain equipment storage space. I therefore consider necessary the provision of cupboards, either made at the school or in the form of the kitchen cabinet requisitioned.

The Reverend Principal informs me that the utensils at present in use are borrowed from the school kitchen and that this interferes with the operation of the kitchen.

R. F. Davey.

R. F. Davey,
District Inspector of
Indian Schools.

C O P Y

Kootenay Indian School,
Cranbrook, B. C.

Mr. J. S. Dunn, Indian Superintendent,
Cranbrook, B. C.

Dear Mr. Dunn:

In reply to yours of the 17th inst. regarding the qualifications of the Instructress of Domestic Science in this school, I wish to report as follows. The Sister in charge of this course has not a certificate in this work but has had several years of practical experience. She was cook here for three years and in a boarding school in Nova Scotia for five. Since we are receiving no additional salary grant for her work in this course it hardly seems fair to expect us to incur the expenses of a degree or extra-curriculum studies in this matter. Previous to '44 Domestic Science was taught here, as in many other places, in the school kitchen, which as we all know has decided disadvantages. During the year '44 a room was set aside and equipped in so far as the school felt able to equip it. To my knowledge no grant or requisition for material was ever received towards this project. As a result the equipment is not up to what it should be nor is there sufficient of it. However if the Dept. feels that the expenditure requested cannot be allowed under the circumstances we can very easily revert to the former practise of having the children learn their lessons in cooking in the school kitchen though I feel it would be detrimental to them.

Indian Affairs (RG 10 Volume 6455, file 884-11, part 3)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

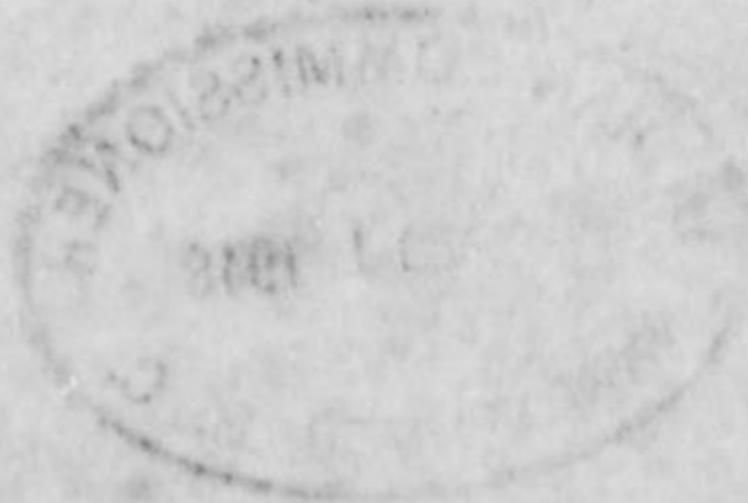

The girls have taken very readily to this course and already I have seen evidences of the use they have made of it at home during the summer vacation as well as in the housekeeping of some of the graduates.

As regards the building of cupboards instead of the kitchen cabinet I have tried in vain to interest any of the local contractors in the project due to over abundance of work. However I drew up a plan of what I felt would be suitable and discussed it with Mr. Linton Lundy, who is already employed to make certain alterations in a classroom and one dormitory here. He figured that about fifty-five dollars worth of lumber and material would satisfy our needs. If an allowance for this much would be granted by the Dept. I would personally arrange for the building of same.

Trusting this will clarify the matter and that we may have an early reply on our requested requisition, I remain,

Sincerely Yours,

(sgd) G. F. Kelly, O.M.I.
Principal.

CRANBROOK, B.C.

12th Decr. 1925.

Duncan C. Scott Esq.,
The Secretary,
Department of Indian Affairs,
OTTAWA, Ontario.

Dear Mr. Scott:-

I have spent the last week at the
Kootenay Residential School.

I find that we need some good Milch
Cows very badly there. The present stock seems to
be rather run down, and the Principal of the School
feels that the financial condition of the School will
not warrant them purchasing new stock.

I am therefore, making an appeal to
you for assistance in this matter. I can assure you
that both Inspector Col. Pragnell, and Mr. E.H. Small,
Indian Agent approve of this move.

In the past year there has been some
dissatisfaction among the parents of the school child-
ren, they claiming that the children do not get enough
milk, and I feel that the purchase of about twelve cows
will eliminate this difficulty.

Trusting that you can see your way to
authorize the purchase of this stock, and so assist us
in this matter.

Yours very truly,

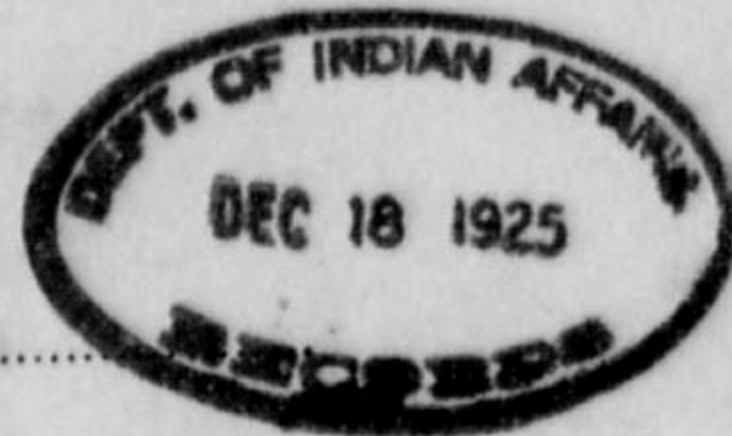

J. Welch. D.M.S.

12th Decr. 1925. 19

Sir,—

Enc.

I beg to enclose you a letter from the Reverend Father Welch referring to Milch cows for the Kootenay Residential School.

If the Department can see their way to purchase this stock, I believe it will go a long way in assisting us to satisfy the Indians, as well as being of great benefit to the children in the School.

I have discussed this matter with Inspector Col. Pragnell on his last visit of inspection here, and can assure that the Col. approves of this move.

On enquiry I find that dual purpose Shorthorn cows can be purchased through the P. Burns Co., or J. R. Walkley Co., of this City ranging from \$75.00 to \$100.00 per head.

I trust that you will give this your favorable consideration. I am.

Sir.

Your obedient servant.

E.H. Small,
Indian Agent.

Ottawa, December 19, 1925.

Sir:

I have your letter of the 12th instant, enclosing a communication from the Very Rev. Father Welch with reference to milch cows for the Kootenay Indian Residential School. The Department expects these institutions to make replacements to stock; but, in view of the representations of Father Welch and yourself, some assistance might be given.

The Department is prepared to grant five milch cows; but I consider that the school authorities should supplement this purchase. Please explain to Father Welch and the Rev. Principal and let me have a report. You should also intimate if you can secure the assistance of an officer of the Provincial Live Stock Branch or of an experimental farm, who could assist in the selection of the cows.

Your obedient servant,

J. D. McLean,
Asst. Deputy & Secretary.

Sir:

I am directed to acknowledge your letter of the 18th instant, with general reference to the Kootenay Indian Residential School. I am pleased to note that Father Welch is doing his best to make this institution as efficient as possible. Concerning replacements to the milch cows at the school, I wish to state that on the 19th instant I wrote to Mr. Indian Agent Small, in part, as follows: -

"The Department is prepared to grant five milch cows; but I consider that the school authorities should supplement this purchase. Please explain to Father Welch and the Rev. Principal and let me have a report. You should also intimate if you can secure the assistance of an officer of the Provincial Live Stock Branch or of an experimental farm, who could assist in the selection of the cows."

ALSO
TO DATE OF THIS LETTER

Sir,—

Re-- I55-0-14. Your lr. 29th Decr.

I have consulted with the Reverend Father Lepine, the Principal of the Kootenay Residential School, re supplementing the purchase of cows.

Father Lepine points out to me that they have at the present time eight very good milk cows, and if the Department will grant them five more, they consider it will be sufficient for the up-keep of the School. He pointed out to me that the School has not made any money in the last year, and it is almost impossible to get a grant from the School to buy any more cattle.

I can secure the assistance of Mr. A. G. Hay, the Provincial Agriculturist, and Live Stock Expert for this District, and feel sure that his examination of the cows will be satisfactory to all.

I can buy through Mr. J.R. Walkley, a Cattle Dealer here, whose price for the best milk cows will not exceed \$90.00.

OK. If the Department will consider the purchase, as intimated in your letter of the 29th December, I shall be very glad to get this underway and have Mr. Hay select the best cows he possibly can from this man's stock.

Your obedient servant,

E.H. Small,
Indian Agent.

The Secretary,
Department of Indian Affairs,
OTTAWA, Ontario.

Ottawa, February 13, 1926.

Sir:

I have your letter of the 6th instant, relative to the purchase of milch cows to supplement the number now at the Kootenay Indian Residential School. In reply I have to say that you may arrange for the purchase of five milch cows. You should secure the assistance of the Provincial Agriculturist and Live Stock Expert for the district in selecting the cows. We note that you state the cost will not exceed \$90 each. Please forward properly certified vouchers, in duplicate, covering the cost involved in the purchase.

Your obedient servant,

J. D. McLEAN

5th March 1926

Dear Mr Small,

I shall put the cows on rail this afternoon as arranged, and shall feed and milk them in the car.

They are all absolutely quiet, and, so far as I know, sound in every way. They were T-B. tested in July last.

I annex particulars for the guidance of the men who will look after them

Invoice in triplicate enclosed.

Yours faithfully
James Sinclair

Re: Kootenay Residential School
[Signature]
EXTRACT FROM INSPECTOR G. S. PRAGNELL'S LETTER
of May 11, 1926, re Kootenay Residential School.

Original on 155-0-5.

Beyond these criticisms, which I have just offered, and which are not the fault of the School Authorities, the only criticism I have to offer is that I found the cows, including those lately bought for the school by the Department, in very poor condition. They badly want feeding up and I examined the only stock of hay they have left on the premises, which is utterly useless for feeding purposes. I asked the Mother Superior to get some more hay in at once. I know, of course, that they are handicapped by the fact that the farm has been allowed to run down to the extent that they have practically no good hay to feed the stock from last year. I do not anticipate that this will occur again, and I sincerely hope it will not, but at the same time I drew their attention to the fact that it is necessary to keep the cows in good condition in the meanwhile.

Ottawa, May 27, 1926.

Sir:

I wish to refer to that portion of your letter of the 11th instant, concerning the Kootenay Indian Residential School, which relates to the poor condition of the institution's stock, including those cows which have been lately purchased by the Department. I should be grateful if you would inform the Rev. Principal that the Department takes a serious view of this matter and that, if further unsatisfactory reports are received, it will make it difficult for the Department to make replacements and improvements at the school.

Your obedient servant,

J. D. McLEAN

DEPARTMENT OF INDIAN AFFAIRS

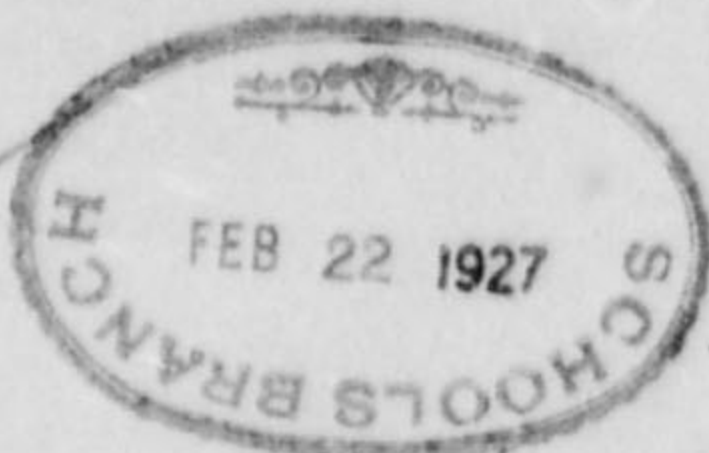

OFFICE OF
INSPECTOR OF INDIAN AGENCIES
BRITISH COLUMBIA

P.O. BOX 752
KAMLOOPS, B.C.

February 15, 1927.

Dear Sir:-

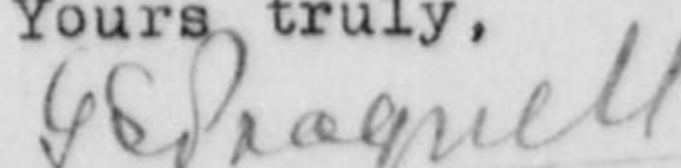

I beg to enclose copy of a letter I have just received from Rev. M. Lepine, Principal of Kootenay Residential School at Cranbrook. The letter is self explanatory, and the importance of having plenty of milk for the children is constantly in my mind.

As you know, until the arrival of the new Principal, there was considerable trouble over the food supply at this school, and I am given to understand that things are much better now. It, however, sticks in my mind that the Missionaries running this school should do something for themselves, and not depend entirely upon the good will of the Department. I may be wronging them, as they may be at considerable expense in straightening matters out there, but unless I see their books I cannot say. All I know is that other schools, as a whole, supply themselves with their own cows and the Department has already given this school five cows.

In order to initiate the idea of a little self help there, I think that, if I were the Department, I should be inclined to offer to give them a couple more cows if they themselves will also buy two equally good ones at the same time. It is with some diffidence that I offer this suggestion, as I do not want the school to slip back again into its old ways, as I have had trouble enough in straightening things out as it is.

Yours truly,

GSP/S.

Kootenay Residential School,

Cranbrook, B.C.

February 7, 1927.

Dear Sir:-

Last year you were so kind as to obtain five cows for the School, it has been of a great benefit to the School, we had milk all winter for the children.

Besides the 5 cows aforesaid we have 4 old ones, and very poor milkers.

I happened to know of some nice Jersey cows for sale in Wardner at A.B. Fleetwood, for about \$90.00 a piece. With five of them we would have a fine bunch and next year we could get a good bull to keep the milk strain flock.

Is there any hope of having the permission of the Department to buy these cows?

If the matter meets your approval, please kindly use your influence with the Department about this matter.

I remain, Dear Sir.

Your devoted servant,

(Sgd) Rev. M. Lepine,
Principal.

Sir:

I have your telegram of the 10th instant, relative to the purchase of seven registered young Jersey cows for the Kootenay Indian Residential School at a total cost of \$400. In this connection, I have to confirm our night lettergram of the same date, as follows:-

"May purchase Jersey cows for Kootenay School provided school authorities pay one-half cost and approve of this breed of milch cattle being supplied."

It is presumed you will see that these cows which you can obtain are free from tuberculosis and that they have freshened or will do so in a reasonable time, in order that the school can have an adequate supply of milk. As stated in our telegram, we will pay one-half the cost of the purchase of these Jersey cows, and you should prepare and forward properly certified vouchers for the Department's share of the expenditure.

Your obedient servant,

Ottawa.

R

Dear Mr. Scott:

Having already experienced how readily you come to the assistance of schools where any real want is felt. I take the liberty of making known to you to-day certain conditions which form a drawback in our work here.

Cranbrook, our nearest town is several miles from the Mission. The expense of having supplies hauled over this distance is considerable, and on the other hand, when the transport is done by our men, the work of the farm is interrupted. This difficulty could be overcome by having a "truck" in connection with the school, but our circumstances do not permit us to make such a purchase.

However if the Dept. would be willing to furnish the engine and frame, our foreman could construct the box and other parts, and it would be such a help.

I must state that I have not mentioned a word about that, to the Principal of this school, as the Sisters have to see about all.

Ottawa, March 25, 1930.

Sir:

Referring to your report on the Kootenay Indian Residential School for the month of February, last, regarding the milk supply for the use of the pupils and the request of the Principal for a herd of Shorthorn milking strain, I have to say that the inventory of the stock at this school, forwarded to the Department in December, last, states the following cattle were at the school:

14 Milch cows, of which 7 are Jerseys.
6 Heifers - 5 of three years; 1 of two years.
12 Calves.
1 Bull.

It is considered that the above number should provide an ample herd of milch cows for this school. Please state how many cows are giving milk at the present time or are likely to freshen in the near future. You should also report regarding the general condition of the cows, also the total quantity of milk obtained each day. You should also state whether all the milk obtained each day is supplied for the use of the pupils or what disposition is made of same. Your early reply giving the information asked for is requested.

Your obedient servant,

A. F. MacKenzie

EXTRACT TAKEN FROM/W. B. GRANT, O.M.I.
LETTER OF MARCH 29th, ORIGINAL ON
FYLE #155-0-5

Owing to the tubercular condition of the
children from this district, a plentiful
supply of milk is absolutely necessary.
Father Patterson suggests that if the
Department could enable him to buy ten
cows and a bull of the Shorthorn breed,
suitable for both milk and beef, he would
be able to do much towards restoring the
health of the children at the school.

Dear Father Grant:

I wish to refer further to your letter of the 29th ultimo, concerning the Kootenay Indian Residential School. Father Patterson suggests that the Department purchase a suitable milk herd; but I find that, in 1926, four grade Ayrshire and one Holstein and in 1927, seven Jerseys were secured for this school. If this stock has been well cared for, I am at a loss to understand why replacement must now be made. You might discuss this further with Father Patterson and let me have another report and recommendation.

Mission City, B.C., Sept. 18 1923 192

Duncan C. Scott Esq.,
Deputy Superintendent General of Indian Affairs,
Ottawa.

Dear Sir:

I am sending you under another cover two photographs of St. Mary's, one of the children and another of the little shrine on the hill. I hope that they will remind you of a beautiful spot on the Fraser and that they will bring back to your mind pleasant souvenirs. A few days ago the play of colors on Mount Baker was most beautiful and Rev. Father Welch, who was with me, remarked "Mr. Scott would like this". Your visit has not been forgotten. It has been *the* cause of great pleasure and encouragement. I can assure you that we are grateful.

Yours sincerely

John Bepland

Dear Father Duplanil, -

I am much indebted to you for sending me the interesting photographs of the children of St. Mary's Mission school and of the little shrine on the hill. I value them highly as a memento of my visit to the Mission.

I have seen many lovely views since I left you, but none ~~more~~ more beautiful than that from your terrace.

I had a very good trip after I left you. I took a short leave of absence and spent ten days in California.

I hope you have all been well since I saw you. I shall keep the interests of the school in mind, and, if there is anything I can do for you at any time, do not fail to let me know.

With kindest regards to the Reverend Sister Superior and yourself, I remain,

Yours very truly,

Oct

Dear Dr.Scott,-

I have written you an official letter with regard to the proposed temporary alterations at St.Mary's School, at Mission, but I think it advisable to drop you also a few personal lines on the subject.

Upon going to New Westminster last Tuesday, I found Rev.Jno. Welch there, as apparently he had been informed of my proposed visit, as I had written to Mr.Indian Agent Daunt on the 5th giving him the information that you considered it more preferable to construct outside class-rooms than dormitories. Not having the correspondence which had taken place with regard to the alleged dangerous situation at this School, I asked what changes had taken place there during the past few years and was informed that there had been very few with the exception of the creation of a small additional dormitory for the boys and an outside class-room for the girls, a number of additional female pupils now sleeping in the old sewing room in the main building, which, as reported, is heated by hot water from the central heating plant and lighted by electricity. In view of this information, I then asked in what respect the fire hazard was greater than it had been in 1911, when I inspected the building to see if this school complied with the regulations sufficient to warrant the increased grant payable at that time, as I had a suspicion that the School authorities had been endeavouring to make you believe that the fire hazard was much greater than it really is.. I pointed out to the Reverend Father and the Agent that though we knew very well that the buildings were old and ought to and would be renewed as soon as possible, but as the Department did not own the land, it would be impossible to put up new buildings at Mission until some definite arrangement had been made with the Order of Oblate Fathers about the site. I also endeavoured to get some information as to why the acclaim about the fire hazard, but could not get it. I then decided to visit the School to satisfy myself and the results of my investigation are contained in the official letter referred to.

On the way back to New Westminster, I interrogated Indian Agent Daunt as to what had taken place and he informed me that the Fire Marshall had made a very adverse report about the buildings, saying they were death traps, the fire hazard being great, and in general that they should be renewed. This report, I learned, was made by the Fire Marshall at the request of the Reverend Father Mailliard, the Principal, and I feel almost certain that this action was taken with the idea of stampeding the Department into building a new school at once.

Of course

Indian Affairs (RG 10 Volume 6455, file 884-14, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

POOR-COPY

(2)

Of course, I can not be certain on this point, but I have a very grave suspicion that such was the case.

As regards the site for the new School, Father Welch stated to me that the Oblate Fathers were prepared to deed over to the Department sufficient land for this purpose, about ten acres. I pointed out to him, however, that as our Department was paying about \$450.00 annually in taxes for Lot 2, which had been deemed necessary for the growing of products for the School, a fair and businesslike proposition would be for his Order to convey the whole of this Lot to the Department for the nominal sum of \$1.00, the conveyance being conditional when the land ceased to be used for school purposes, it would be reconveyed by the Department to the Oblate Fathers. By doing this, our Department would then be released from paying the taxes above mentioned.

*This would
not be right
R.W.S.*

I think Father Welch will be writing you on this subject at an early date and I am, therefore, informing you as to the discussion we had on the matter.

COMMISSIONER'S OFFICE,
P. O. BOX 666

VICTORIA, B.C. December 18, 1929.

Dear Doctor Scott,-

I have written you a full official letter in connection with the land at Mission, but there are some points in connection with this matter which I think it better that I should inform you on personally.

You will remember in 1922 we decided to assist the Oblate Order by the payment of taxes on Lot 2, Group 3, on which the School is situated and the whole area is used for the benefit of the School. Taxes at that time were \$468.60 per annum and a refund has been made to the Principal of the School annually ever since that time. The last voucher sent in by the New Westminster office was for \$445.90. While I was at Mission City recently, upon making investigations at the municipal office, Mr. Burr, the collector, informed me that the whole of Lot 2 had been exempted from taxation by the Corporation of the District of Mission ever since 1925, and he opened up his books to show that this was the case. I immediately produced the tax receipt which the Reverend Principal had forwarded to the New Westminster office, copies of which will be found on the vouchers at Ottawa, showing that they stated definitely that this receipt was for taxation on Lot 2. The assessor was immediately sent for and he concurred in what the collector had stated with regard to Lot 2 being non-taxable, but could not give a very satisfactory explanation as to why the tax receipt was marked Lot 2 instead of Lot 3. However, he stated very definitely that the officials at the School knew very well that this receipt pertained to Lot 3 and that there were no taxes collectible on Lot 2. I am surprised, therefore, that the Reverend Father Maillard, Principal of the School, has been forwarding these tax receipts on to the New Westminster office expecting the Department to pay the various amounts that we have been doing. I do not suppose you will feel like demanding a refund for these amounts and possibly it might be just as well to let the whole thing go by the board. I have, however, notified Mr. Indian Agent Daunt that should any like receipts be received from the Principal of the School for reimbursement of the amounts paid, he should not forward them to Ottawa.

Yours respectfully,

Dr. Duncan C. Scott,

Kamloops Indian Residential School

KAMLOOPS, B. C.

March 26 1930

Very Rev. W. Byrne Grant, o.m.i.
Provincial,
59 Blackwood St.
New Westminster, B.C.

Very Rev. and dear Father,

In compliance with your request of the 16th inst. I beg to submit the following statement regarding taxes paid by St. Mary's Mission, at Mission City, B.C. Part of these taxes were refunded by the Indian Dept.

The first and second year I was in charge of Mission School I paid over \$1100.00 in taxes, i.e. 10 % of all our revenue. The Deputy Minister called on me during the second Summer of my incumbency. He agreed to refund part of the taxes. On the same occasion it was agreed that the Oblates were to give five acres of land for building purposes, and the Dept. was to buy some 135 acres. The Deputy Minister insisted in securing not less than 140 acres. A board of arbitration was to be appointed to set value upon the buildings, the land, the implements and the live stock. The Oblate Provincial did not know the most suitable location for school work. Later on I succeeded in getting exemption of part of the property. I fought the case with the Municipality for over a year. The taxes were such that I could not carry on the work. Then the school received only \$140.00 per head, i.e. 40 cents per day per child. Food and clothes were dearer than at present and I had some ten non-paying children. After obtaining exemption of part of the school property, I continued sending the tax bill to the Indian Dept. at Ottawa, though I knew very well that taxes had been refunded on the other portion of land. We must remember that the land to be donated and to be purchased by the Dept. had not been agreed upon. Moreover the whole property was used for school purposes. We were cutting our wood on the portion of land taxes on which were refunded by the Dept. Raspberries, strawberries, loganberries and other products came from the same land. We never sold anything and we used everything for the school children. The Dept. was getting the full use of the land. There never was any kind of collusion. And no matter what may be said, there was no act of dishonesty on ^{part} my nor the slightest thought of defrauding the Indian Dept. which I have served faithfully and quite successfully.

Yours sincerely

John Dufour

Re. Taxes at Mission City School

Dear Mr. Scott,

I am enclosing two documents, a letter from Rev. Father Duplanil, the Principal at Kamloops Industrial School and one from the Tax Assessor of Mission City which explain the misunderstanding with regard to the refund of taxes on some of the Oblate property now being used for the benefit of the Indian School there.

I have looked into the matter carefully and have discussed it thoroughly with Rev. Fathers Rohr, Duplanil and Maillard and I think it is quite clear that they were under the impression that the Department had agreed to refund part of the taxes on the school. They considered that the fact that they had succeeded in persuading the authorities of the Municipality to exempt part of the land in no way affected this arrangement and that the tax receipts sent to the Department happened to be marked for property already exempt was due to a clerical error at the Tax Office.

It is quite clear therefore that there has been no collusion of any kind or any attempt to deceive the Department.

Yours very sincerely,

W. Byrne - Provincial

Dear Father Grant:

I have your letter of the 29th ultimo, with reference to taxes at the St. Mary's Indian Residential School at Mission, B. C. The Department's intention in 1922 was to relieve the school authorities of the taxes on Lot No. 2 - which lot was used solely for the purposes of the Institution. I have always understood that part of the other parcels was rented and, of course, taxes on these cannot be paid by the Department.

I note the explanation which you have forwarded and I think that no further reimbursement on account of taxes at this school can be made.

Yours very truly,

Duncan C. Scott

Ottawa, April 10th. 1930.

Dear Mr. Hanbury,-

I have your letter of the 3rd of April in which you draw my attention to the condition of the Indian Residential School at Mission.

I regret that it was not possible to include an item for this school in the main estimates and I am not at all certain that we are to have any items for new Indian school buildings in the supplementary estimates, if any are presented to Parliament, but I shall look into your request and give it the best possible consideration. I will ask my Deputy for Indian Affairs to get a report on the condition of the laundry.

In our new type of residential school buildings the laundry is located in the rear portion of the main building and, therefore, your suggestion that a permanent one story building might be constructed which could afterwards be attached to the main building is hardly feasible.

I thank you for drawing my attention to these matters which will be sympathetically considered.

Yours faithfully,

Your file 455-0-14

Dear Mr. Scott:-

CONFIDENTIAL.

I beg to acknowledge receipt of ^{your} April 11. My delay in answering it is due to the fact that I had already left for the east before it reached New Westminster.

I am very glad to think that the matter of the taxes at Mission School has been settled satisfactorily, at least insofar as concerns the past. After discussing the matter with the Reverend Fathers Rohr, Maillard and Duplanil, I am firmly convinced that there was no attempt on the part of the principal of the school to deceive the Department in this matter.

I may point out in passing that none of the land now being used at the Indian School there has been leased to outside parties for a number of years. The three sections as shown on the map in your files are being used for the benefit of the school. No doubt it will be possible to carry on the work of the school with less land, though I am given to understand that the wonderful health record of Mission School is due to a large extent to the fact that the children are given all the milk they can drink and the school is in a position to do this because of the extensive grazing grounds and extensive hay fields used for the benefit of the children.

Yours very sincerely,

Wm. Byrne Grant O.M.I.

C O P Y

Kootenay Indian Residential School,
Cranbrook, B.C., April 16th, 1930.

The Indian Agent,
Cranbrook, B.C.

Dear Sir,

In reference to your recent request for particulars relating to the milk supply of the school, I beg to submit the following details.

Of the fourteen cattle listed as milch cows on the December inventory, two were too old for further use and were butchered during the winter months, one of the heifers has freshened and the others are supposed to freshen soon. Nine of the cows have freshened this spring.

At the present time ten cows are milking and we receive approximately twenty-five gallons of milk per day. This will be increased considerably when the pasture becomes good shortly.

All the milk is used in the school and all milk products are used in the school. The general condition of the cows is good, although they were in very poor condition when we took charge of them in December.

Owing to the general ill-health of the school children it is desirable that they have all the milk that they need all the year. During the winter months we received only about four gallons per day, which was inadequate for a school having a very high percentage of tubercular children. I would like to have ten to fifteen cows milking at all times of the year. I think that if we could do this we would see a remarkable improvement in the health of the children.

I would recommend the heavier variety of cattle because when the smaller Jerseys are too old they are very light for beef purposes, nor are their steers heavy enough, which is an important consideration for the school. Moreover, unless these Jerseys are fed concentrated milk producing foods they produce very little more milk than the heavier varieties.

Trusting this will give you an explanation of my request, I remain,

Yours faithfully,

(Signed) J. M. Patterson, O.M.I..

Principal.

INDIAN AGENT

155-0-14
Cranbrook, B.C.,
May 7th, 1930.

[Signature]
Sir,

I beg to enclose herewith copy of a letter received from the Reverend Father Patterson, Principal of the Kootenay Residential School, in connection with the application made by him for milking shorthorn cows to supplement the school dairy herd, as requested in your letter No. 155-0-14 and dated March 25th, 1930.

I beg to report that I have examined the school dairy herd and that the cows are in good condition. The total quantity of milk obtained each day is, as stated by the Principal, about twenty-five gallons, and this is supplied for the use of the pupils in the school.

I regret to say that the percentage of tubercular children in the school is very high, and I feel that if a few more cows were supplied it would assist materially in combating the disease.

The above is respectfully submitted.

I have the honour to be,
Your obedient servant,

[Signature: F. S. Ryckman]

F. S. Ryckman,
Farm Instructor.
For E. H. Small,

Ottawa, May 14, 1930.

Sir:

I have your letter of the 7th instant, enclosing a communication from the Principal of the Kootenay Indian Residential School in connection with the request made by him for the supplying of a number of milking Shorthorn cows to supplement the herd at present at the school.

In reply I have to say that the Department has no funds available at the present time for this purpose. Next Fall, if the milk supply becomes inadequate, the Principal should renew his request, furnishing full particulars as to the extra number of milk cows required. In the meantime, the Department advises that the school make no butter so that the children will get whole milk. The quantity of milk now being obtained has been noted and is considered satisfactory for the use of the school at the present time.

A. F. MacKenzie
Your obedient servant,

A. F. MacKenzie,

EXTRACT. FROM ASSISTANT COMMISSIONER PERRY'S
REPORT ON CONDITIONS AT KOOTENAY INDIAN
RESIDENTIAL SCHOOL, FORWARDED UNDER COVER
OF COMMISSIONER DITCHBURN'S LETTER,
No. 15/5/17999, dated June 16, 1930.

 Original on 155-0-5.

In order that a continuous supply of milk and eggs for the use of the children may be assured, the Principal has asked that the Department provide the School with ten cows of Shorthorn variety of milking strain, also one bull to take the place of the present scrub animal; also about 150 head of good laying and table strain of poultry. At present there are 17 cows and one bull at the School. Eleven cows are at present being milked yielding 12 pails which aggregate about from 28 to 30 gallons of milk per day. In order to meet freshening and other conditions, the Principal thinks that if the animals asked for can be provided, there will be fifteen cows being milked throughout the year. There would also be beef food available, which the School has not now on hand. The 80 poultry produce about 50 eggs per day. There is accommodation for from 200 to 300 birds. Barred Rocks or Rhode Island Reds are asked for.

Reverend Sir:

Among the many items in Assistant Commissioner Perry's report, there is the suggestion that 200 young chicken be supplied for the Kootenay Indian Residential School. You may make purchase of either Barred Rocks or Rhode Island Reds and forward the account, in duplicate, properly certified, direct to Ottawa for payment. No unnecessary expense should be incurred. If the supply of milk becomes inadequate at any time in the near future, please inform the Indian Agent without delay.

Your obedient servant,

A. F. MacKenzie

F.S. Ryckman Esq.,
Cranbrook B.C.

Dear Mr Ryckman;

the following in the breeding and particulars
of the young Ayrshire bull you looked at yesterday; Name, Grace's
Provost -138270- Sire, Glengarry Kathy Provost-90428

Dame, Springbank Grace 4th -95249.

His Sire is a double A bull whose dam, Chapelhill Kathy 2nd, an
imported cow has a three year old record of 15012 lbs of milk and
565 lbs of fat this calf's dam made between ten and eleven thousand
last year the ^{Official} report on her production has not yet come to hand,
however she has made this period from the tenth of April to date,
8689.3 lbs of milk so that she looks like making a very good record
this year. Her dam, Rosebank Grace 2nd -75236- the gr. Dam of the calf
has a mature record of 12209 lbs of milk and 505 lbs of fat, further
I might mention that she is a half sister to Rosebank Pride whom
at one time held the record for ayrshire cows in Canada. So that
this calf has good backing on both sides and should do well.

The price on this calf is \$100.00 and he should be a
good buy at that money.

Yours very truly,

August L. Hay
Farm Manager.

Kootenay Indian Residential School,
Cranbrook, B.C. September 30th, 1930.

The Indian Agent,
Cranbrook, B.C.

Dear Sir;

In a letter dated June 26th, 1930, File No. 155-0-14, Mr A.F. Mac-kenzie mentioned that if the milk supply for the school is inadequate, I should inform you without delay. Although the herd that we have at present has been given good care I find that they cannot produce nearly sufficient milk for the children. Five of the cattle now milking are really beef cattle and produce very little at all. Although the milk from the Jerseys is rich there is not enough to supply the school.

I find that the children are much improved in general health this year and I am very anxious to maintain a standard as high as possible throughout the year. I would recommend to the Department that a suitable number be purchased to ensure a good supply of fresh milk throughout the year.

Trusting that this request will meet with the approval of the Department, I remain,

Yours faithfully,

J. M. Patterson, D.M.S.
Principal.

splendid opportunity to supply the School with cows that will not only provide the milk needed for the pupils, but will enable the school to eventually have an all registered herd.

I also beg to enclose herewith a letter received today from Mr. Angus Hay, Manager of the Consolidated Mining & Smelting Company's dairy farm near Marysville, giving particulars as to breeding and purchase price of a particularly fine young Ayrshire bull which I examined yesterday. I would respectfully recommend that if the Department look with favour on the purchase of the eight cows from Mr. Ogilvie-Wills, that this young bull also be purchased for the school herd.

In the event of the purchase of these cows, I beg to state that Mr. Hay, who was Resident Agriculturist in East Kootenay for several years and is an authority on dairy cattle, has very kindly offered to accompany me to Mr. Wills farm and assist in choosing the cows for the school.

The cows in Mr. Wills herd have all been bred to a bull from a very high producing strain, and at least six of his cows will freshen during the winter months.

As Mr. Wills has agreed to hold his offer open to the Department for tendays only, I would respectfully suggest that the Department telegraph me at an early date as to their decision in the matter.

All of which is respectfully submitted.

I have the honour to be,
Sir,

Your obedient servant,

DEPARTMENT OF INDIAN AFFAIRS
CANADA

155-0-14
Cranbrook, B.C.,
October 2nd, 1930.

Sir,

Departmental letter No. 155-0-14,
dated May 14th, 1930.

I beg to enclose herewith a letter received from the Reverend Principal of the Kootenay Residential School, requesting milch cows to supplement the herd at present at the School.

When application was made to the Department early last spring, it was thought that milking shorthorn cows would best suit the needs of the school. It has been found since, however, that it is very difficult to obtain good cows of this breed, and as there are no good sires in this district, they would have to be brought in from a considerable distance.

There are a number of very fine herds of registered Ayrshire cattle in East Kootenay, and both the Reverend Principal and myself are strongly of the opinion that if additional cows are to be purchased it would be much better to have Ayrshires than any other breed. The big Consolidated Mining & Smelting Company's herd at Marysville consists principally of registered and grade Ayrshires, and the herd at the Dominion Experimental Farm at Windermere is also composed of registered Ayrshires. In purchasing Ayrshires, therefore, no difficulty would be experienced in obtaining good sires at reasonable cost.

Mr. Ogilvie-Wills, near Fairmont Springs, B.C., has a herd of splendid registered Ayrshires and, owing to lack of winter feed, has decided to dispose of eight cows. I beg to report that Mr. Inspector Pragnell and myself examined this herd on September 24th last and also the registration certificates, and found that the cows are all of exceptionally good breeding and in good condition. Mr. Wills offered to allow the Department to choose any eight cows from his herd at a price of \$150. each. I would respectfully suggest that as good grade cows are selling for the same price in this district, that this is a

The following is a list of the cows selected by
Mr. Hay:

Culdares Buttercup # 98740, born 1925. Will
freshen December, 1930.

Culdares May # 134930, born 1926. Will freshen
January, 1931.

Culdares Lassie # 134931, born 1926. Will freshen
January, 1931.

Culdares Brownie # (Registration certificate
applied for and should be received within week)
Born 1926. Will freshen late November, 1930.

Culdares Poppy (Registration certificate applied
for) Born 1926. Will freshen December, 1930.

Culdares Pansy # 141025, born 1928. Will freshen
January, 1931.

Culdares Snowdrop (Registration certificate
applied for) Born 1928. Will freshen November, 1930.

Culdares Bluebell (Registration certificate applied
for) Born 1928. Freshened June, 1930.

All these cows are bred to Marysville Lassies Provost
129056, a young bull with an advanced A Certificate.

The Registration Certificates applied for should
reach Mr. Wills within a very few days and will be forwarded
to the Department with the vouchered account.

The above is respectfully submitted.

RECORDS

1/32.

SCHOOL
OCT 22 1930

Cranbrook, B.C.,
October 14th, 1930.

Sir,

I beg to acknowledge receipt of your telegram dated October 8th, 1930, authorizing the purchase of eight registered Ayrshire cows from Mr. Ogilvy-Wills of Fairmont Springs at \$150.00 each, and one registered Ayrshire bull at \$100.00 from the Consolidated Mining & Smelting Company, to supplement the dairy herd at the Kootenay Indian Residential School.

On receipt of the telegram, I notified Mr. Hay and Mr. Ogilvy-Wills and, on my return from Invermere on October 11th, visited Mr. Wills' farm to arrange to have the cows shipped to Fort Steele, but found that there would be some delay as a chute would have to be built at Radium siding by the Railway Company in order to load the cattle. Dr. J.W. Rutledge, the only Veterinary Surgeon living in the district, has promised to examine the cows before shipment is made, but will not be able to do so for several days. In the meantime, the cows are being well cared for and the Department is assured of delivery shortly.

I beg to report that Mr. A. L. Hay telephoned me on the evening of October 3rd that he would be at liberty to examine the cows at Fairmont Springs the following day, but if he did not do so then he did not think he would be able to spare the time until quite late in the fall. As I did not have time to obtain authority from the Department, I took the liberty of taking Mr. Hay to the Ogilvy-Wills farm on October 4th, and he made a careful examination of the herd and chose eight animals for the School herd. These cows are all registered and of very good breeding, and all have been tuberculin tested. I trust that my action in taking Mr. Hay to Fairmont Springs before I had authority to do so will meet with the approval of the Department.

Cranbrook, B.C.,
October 25th, 1930.

The Acting Indian Agent,
Cranbrook, B.C.

Dear Sir:

As requested by you, I visited the Ogilvy-Wills farm near Fairmont Springs on October 24th and examined their herd of purebred Ayrshire cows with a view to selecting eight animals to be purchased for the Kootenay Indian Residential School.

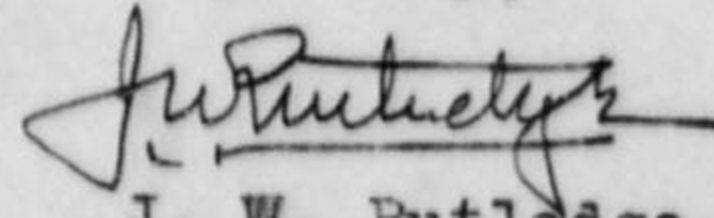

I consider these cows are of very fine type, and should develop into good animals. As they are young, the oldest one being five years of age, many of the younger heifers, with proper care, should make good sized and most useful matured cattle as foundation stock to eventually develop for the school an all registered herd. Their breeding shows that they are from a good milking strain and should be very suitable for the purpose aimed at in furnishing rich and wholesome milk for the school children.

I have been very particular in examining these cows for anything in the way of disease or defects in their udder, and I find they are in good health and apparently free from all contagious disease and udder defects. I am informed that the tuberculin test has been applied within the past year with no reactors in the herd. Their condition as to flesh at the present time is fair, and with ordinary care these cows should winter in good condition.

When making the examination I noticed the heifer "Culdare's Bluebell", that is suckling a calf at present, is in rather poor condition, and would strongly recommend that "Culdare's Holly", another purebred heifer some months younger and also suckling a calf, should be substituted, owing to the fact of her being in much better condition and larger, with the calf superior to that of Bluebell, indicating that she is feeding the calf either a greater quantity of milk or milk of better quality. This is the only change I would recommend in the eight cows previously selected by Mr. A. L. Hay.

Trusting the above will meet with the approval of the Department, I am,

Yours very truly,

J. W. Rutledge, V.S.

1/61.

Cranbrook, B.C.,
October 27th, 1930.

Sir,

I beg to report that following instructions contained in your telegram dated October 8th, J. W. Rutledge, Veterinary Surgeon, accompanied me to the farm of Mr. Ogilvy-Wills near Fairmont Springs on October 24th and thoroughly examined the eight registered Ayrshire cows purchased for the Kootenay Indian Residential School.

In the report submitted by Dr. Rutledge, which I beg to enclose herewith, you will note that he strongly recommends that the cow Culdare's Holly be purchased instead of Culdare's Bluebell, owing to the latter being in poor condition. This was done, and I trust the action taken will meet with the approval of the Department. I beg to state that the cow Culdare's Bluebell was in much poorer condition when examined on October 24th than when Mr. Hay examined the cows on October 4th, and I am of the opinion that Dr. Rutledge acted very wisely in recommending the purchase of Culdare's Holly in her stead.

I also beg to report that Dr. E. L. Stone, when visiting this Agency on October 25th, advised that the tuberculin test be applied to the school herd of cattle and that the barn be examined and thoroughly cleaned and disinfected. Arrangements have been made with Dr. J. W. Rutledge to have this done within a day or two.

The above is respectfully submitted.

I have the honour to be,
Sir,

155-0-14.

Ottawa, November 4, 1930.

Sir:

I have to acknowledge receipt of your letter of the 27th ultimo, relative to the purchase of eight registered Ayrshire cows for the Kootenay Indian Residential School, and enclosing copy of a communication from Dr. Rutledge who accompanied you and inspected the animals. It is noted that these cows are of a fine type, and should prove good foundation stock to eventually develop a registered herd at the school. It is also noted that they are in good health and apparently free from all contagious disease, having received the tuberculin test within the past year. In view of Dr. Rutledge's recommendation, the Department approves of the purchase of the cow, Culdare's Holly.

I have also your letter of the 28th ultimo, enclosing the registration certificates for five of the eight cows purchased. It is considered that these certificates should be kept on file by the Principal of the school, and they are returned herewith. You will be good enough to hand them to him. When the certificates for the other three cows are received, they should also be handed to the Principal.

The Department is pleased that a good selection of cows has been made. It is hoped that the school staff will take proper care of them. As soon as you have received accounts covering the cost, you should attach them to proper voucher forms, certify in the usual manner and send to the Department, in order that payment can be made.

Your obedient servant,

T. R. L. MacInnes,
Acting Secretary.

EXTRACT FROM DR. STONE'S REPORT

on

KOOTENAY RESIDENTIAL SCHOOL

CATTLE:

The old herd is worthless and will be eaten during the coming winter. Eight new cows are on their way to the school, approved by the Veterinary Surgeon, and mostly expected to freshen between now and the new year. There will be a good milch supply this winter. The school has sufficient feed. I warned the Agent to have the barn and old herd inspected before putting the new ones in and saw the V. S., who undertook to do it and to direct any measures necessary to prevent possible contamination of the new cows. The stable will probably have to be disinfected and whitewashed. The stockman looks good and the Principal is interested. I do not look for any difficulty along this line.

Cranbrook, B.C.,
November 2nd, 1930.

F. S. Ryckman, Esq.,
Acting Indian Agent,
Cranbrook, B.C.

Dear Sir:

As requested by you, and also being directed by Doctor E. L. Stone when in Cranbrook, I visited the Kootenay Indian Residential School on October 30th and again on November 2nd, to apply the Tuberculin Test to the herd of twenty-eight cows at that place. I am pleased to say that the test showed the herd to be free from tuberculosis, there being no reactors.

I also examined the barn and premises, and would recommend a few alterations. I have suggested that the yard be cleaned up and the manure drawn away.

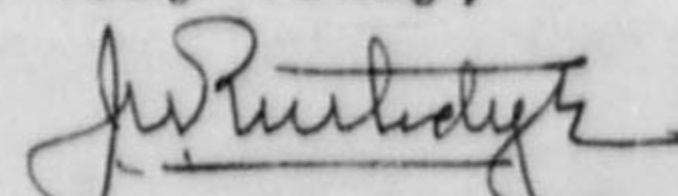

The barn, which was painted inside a number of years ago, should be repainted, as it would be much better than to apply whitewash. Also, there are some alterations that are necessary in the barn, as they are short of stall room for the cows. There are six box stalls situated at one end of the barn where pigs and young calves are now being kept. I would suggest that these be removed and cow stalls put in their place. This would be more satisfactory as it is most unsanitary to keep pigs in a cow barn. I would also suggest that if pigs are to be kept a piggery should be built that would be suitable for the purpose.

The fencing around the barn is in bad shape; the posts are rotten and the wire is down.

I am pleased to say that the live stock at the School farm is in very fine condition, the pigs, poultry and cattle are thrifty and in good health, and the new cows add considerably to the appearance of the herd.

Trusting this will meet with the approval of the Department, I am,

Yours very truly,

J. W. Rutledge, V.S.
